THIS IS VOLUME FIFTY-THREE

FOREWORD

FOR the members of the Class of 1937 there will be no more "out on the esplanade." Forever behind us are the happy days we have spent in Lawrenceville. That the memory of these happy days of our youth might not be dulled by Time as this year recedes into the past, members of the graduating class have published this book.

In it are recorded for posterity the events of an important year in Lawrenceville history, a year of particular importance because it has witnessed the introduction of the new Conference system, made possible by the gift of Mr. Harkness, and ours is the first Class to graduate under the new plan of teaching.

We realize that as historians of our Class we have been under a number of obligations. It is our duty to put out a book that may serve as an everlasting record and picture of this one hundred and twenty-seventh year of Lawrenceville history. Our book must be one which has kept abreast of progress, and at the same time hold true to tradition. But most of all, it must measure up to the standard set by a long line of splendid OLLA PODRIDAS. This annual, with several innovations we hope can be considered improvements, is presented with the fervent hope that it may be lacking in none of these requirements.

If we can be sure that the 1937 edition of the OLLA PODRIDA is worthy of its ancestry, worthy of its Class, and worthy of the Lawrenceville School, then we will feel well rewarded for our efforts. With these thoughts in mind, we present in behalf of the Class of Nineteen Hundred and Thirty-Seven, the fifty-third edition of the OLLA PODRIDA.

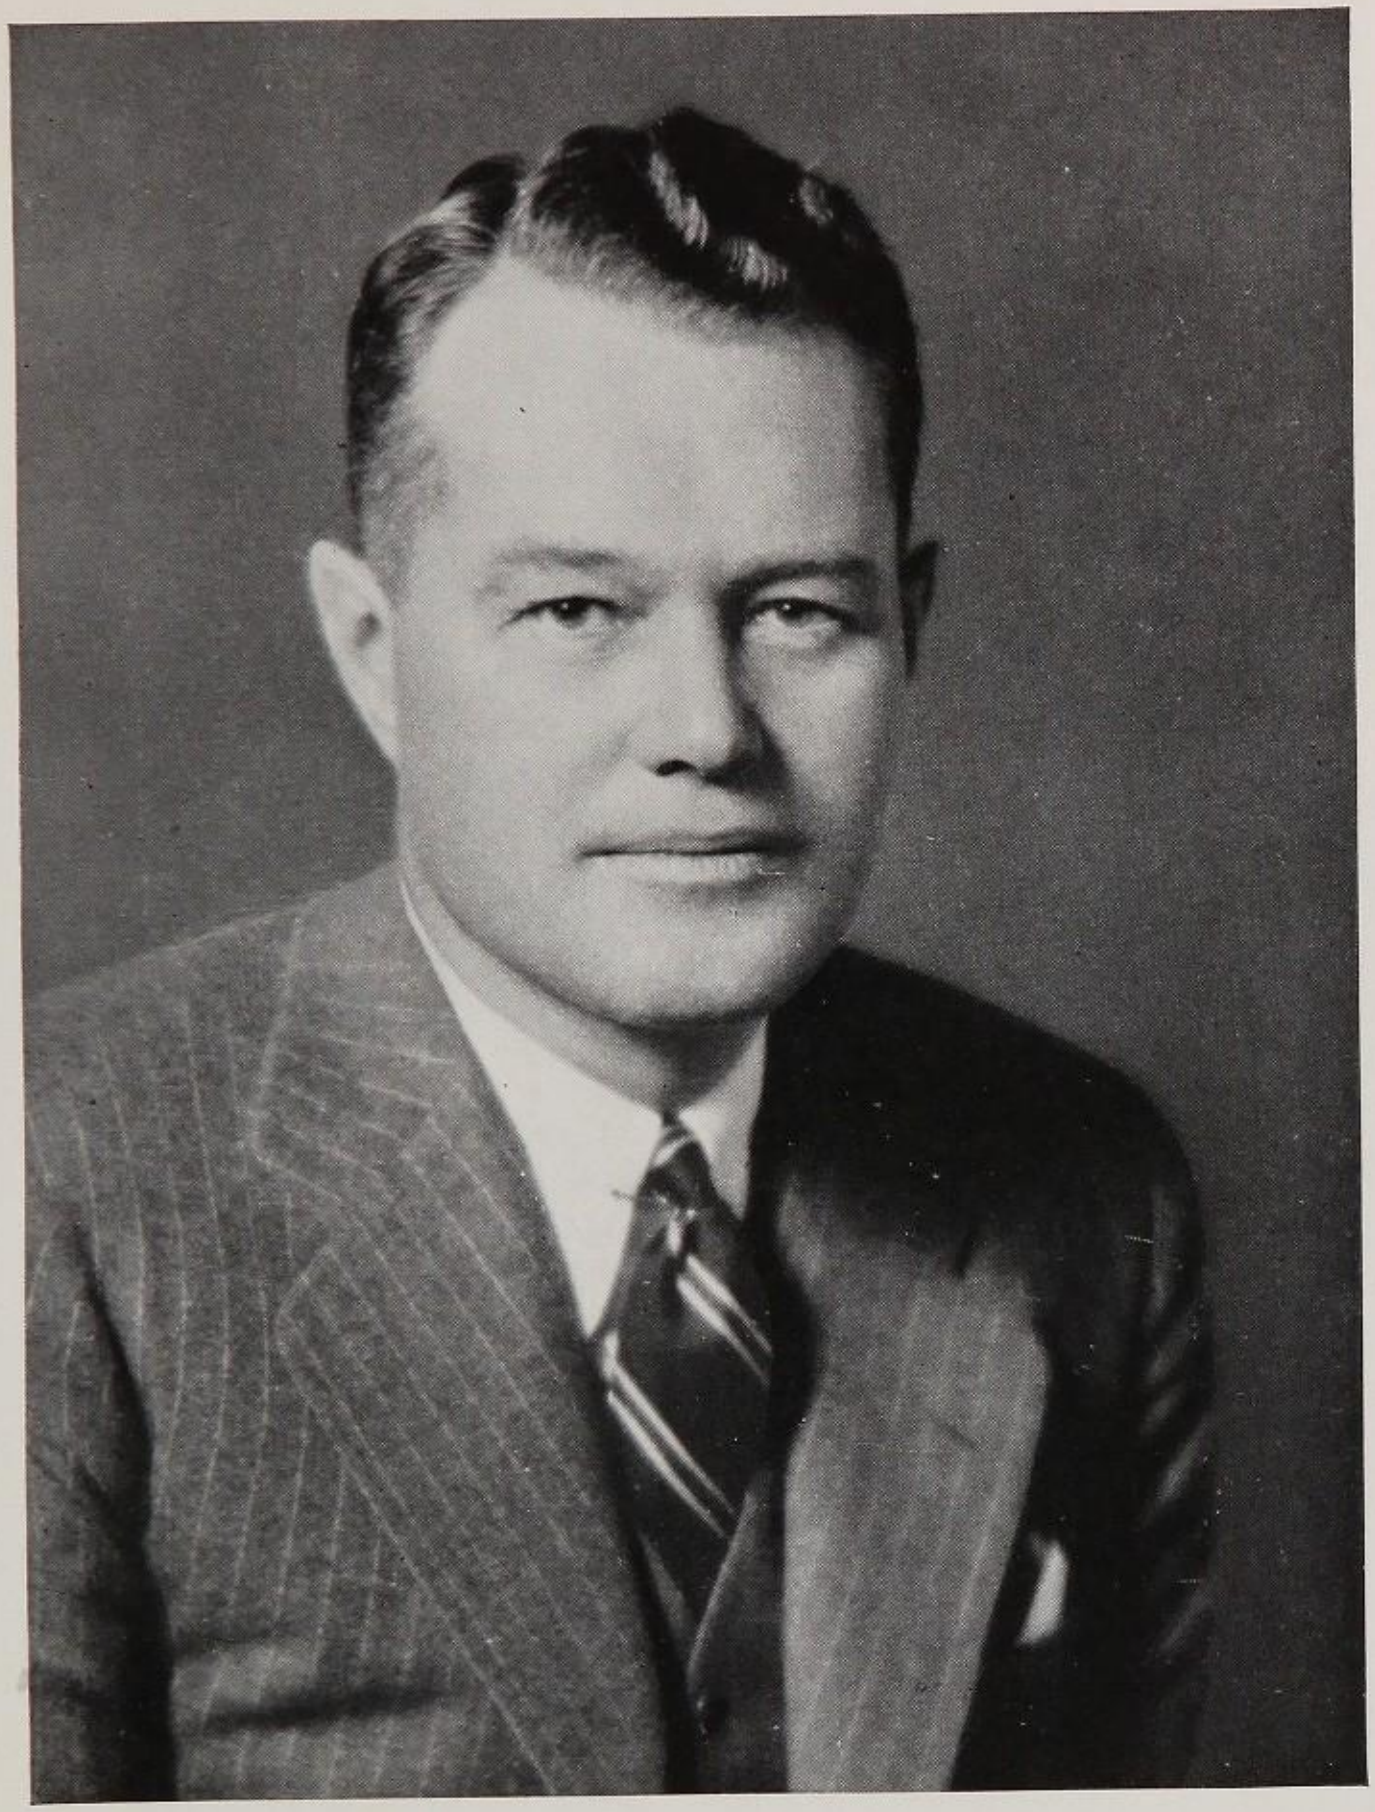
DEDICATED TO

SIDNEY MORGAN SHEA

Who, by his sincere devotion, his sound advice, and his constant and earnest efforts on behalf of the Form, has won our respect and friendship, do we, the Class of Nineteen Hundred and Thirty-Seven dedicate this

FIFTY-THIRD EDITION OF THE OLLA PODRIDA



ACKNOWLEDGMENTS

ON behalf of OLLA PODRIDA boards of the past eight years, and on behalf of this board, the editors wish to express their sincere appreciation and profound thankfulness to DR. A. LUCIUS LINCOLN, who, during these past years has given unstintingly of his time and effort as faculty adviser to the successful publication of OLLA PODRIDAS. This will be the last edition to benefit from his excellent and understanding advice, because other mounting duties necessitate his retirement from that position. So it is with deep regret that we extend Dr. Lincoln our thanks for all he has done for OLLA PODRIDAS, past and present.

The editors of the OLLA PODRIDA desire to express their gratitude to all those who have given their time and effort to aid in the compilation of the data that makes this book an everlasting record and souvenir of the Class of 1937. In addition to Dr. Lincoln, the editors are particularly indebted to:

MRS. ALLAN V. HEELY, whose excellent advice has been of considerable assistance to the board in planning this annual.

MR. LLOYD W. ROBERTS and the PHOTOGRAPHY CLUB, whose cooperation and assistance have made it possible for this book to have many fine photographs, particularly in the Rotogravure section, which appear for the first time in any School publication.

MR. FREDERICK J. V. HANCOX, who whenever consulted has given thoughtful and helpful advice to the editors.

The LAWRENCE, from whose files we have acquired much necessary information.

MR. ORREN JACK TURNER, who is responsible for nearly all the photographs appearing in this book, and whose cooperation at all times has been a tremendous aid.

MR. WILLIAM VAN SYCKLE, who as usual has aptly managed the financial end of this yearbook.

The PRINCETON UNIVERSITY PRESS, and MR. NORVELL SAMUELS of that organization, whose help and suggestions have been of invaluable aid to the board.

OLLA PODRIDA

HEAD MASTER'S MESSAGE

MY year with the Class of 1937 began prematurely at the final Conference last June, when the unhappy announcement clashed upon your ears that radios and phonographs had no future at Lawrenceville. To be sure, I was protected from your fury by an intervening phalanx of outgoing fifth formers, to whom the news could make no difference. Nevertheless it was clear that my statement did not receive what is sometimes called a "good press," and the later announcement of the Harkness gift, which I had hoped would rouse the student body to a joyful outburst, was received in grave silence. Now the memory of that occasion is one of "old, unhappy, far-off things and battles long ago." By September you found it possible to sustain life without a dial at your elbow. It seemed for a while, indeed, that the radio had so lost caste that it would be difficult even to introduce one into the precincts of the House of Lords. The ultimate arrival of a machine for the Common Room marked a return to stability.

Your fifth form year has witnessed a number of innovations and new departures. Perhaps because of the absence of radio, or perhaps, more flatteringly, because of the presence in the form of a group of gifted songsters, you have sung more and better than any fifth form in the past twenty-five years, which is a short period in the memory of Woodie. To be sure, some of you demonstrated in Conference a tendency to sing an octave lower than the proper pitch, but even so, you have given us good singing and it has added to the gayety and pleasure of life at Lawrenceville. You have been the first fifth form to study under the Conference Plan, and have exhibited an almost superhuman power of self-restraint in failing to carve on the fresh maple surfaces of the tables your names or the names of others dear to you. You have been the first fifth form to enjoy the liberalized smoking rules, which have made the "beer-garden" an incredible memory and have caused the esplanade to sprout a row of sturdy urns, which even now you do not fully understand are intended as receptacles for butts and matches. You have been the first to play fifth form games with the senior teams of other schools, by means of which you have, we hope, cemented rather than destroyed our friendly relations with our chief rivals. You are the first fifth form which has danced till four o'clock in the morning and has indulged itself at the same time in the magnificent gesture of employing the great Hal Kemp to submit his genius to your approval at 2 a.m. You are the first fifth form which has seen the discontinuance of day as well as evening study, a loss which you have borne with fortitude. You are the first fifth form which has seen the Periwig connive in the production of a play with actual girls in the female parts, and thus destroy a bugaboo which has for generations given the head mistresses of America unquiet slumber. You are the first fifth form to enjoy the so-called leisure provided by advancing the time of daily chapel to eight o'clock, an action which, it is hoped, will have a civilizing and otherwise salutary effect upon you and your successors.

In summary, it would seem that your life has consisted of one shattering of tradition after another, and that you have shaken Lawrenceville life to its deepest foundations. Indeed the contemplations of your extravagant iconoclasm is a little awe-inspiring. It is comforting, therefore, to observe that your devotion to the Lawrenceville traditions of throwing chewing-gum and peanut shells on the gymnasium floor at the movies,

and of chinning yourselves on the awning bars on the esplanade at Prom time marks you as essentially normal fellows, to whom progressivism is not an inward passion but something you can take or leave, as you please.

For myself you are unique in the fact that I had known some of you for two years before you became the Lords of Lawrenceville. My ripening acquaintance with you while you were still in the Circle has made my contacts with you particularly rich and gratifying. You have been a pleasant company to live with and to live next to, the latter always an important attribute in any fifth form. I have greatly enjoyed, and so has Mrs. Heely, talks with you and tea with you, and various other unpremeditated pleasures which the year together has brought forth. We shall look long for better neighbors and more satisfying friends.

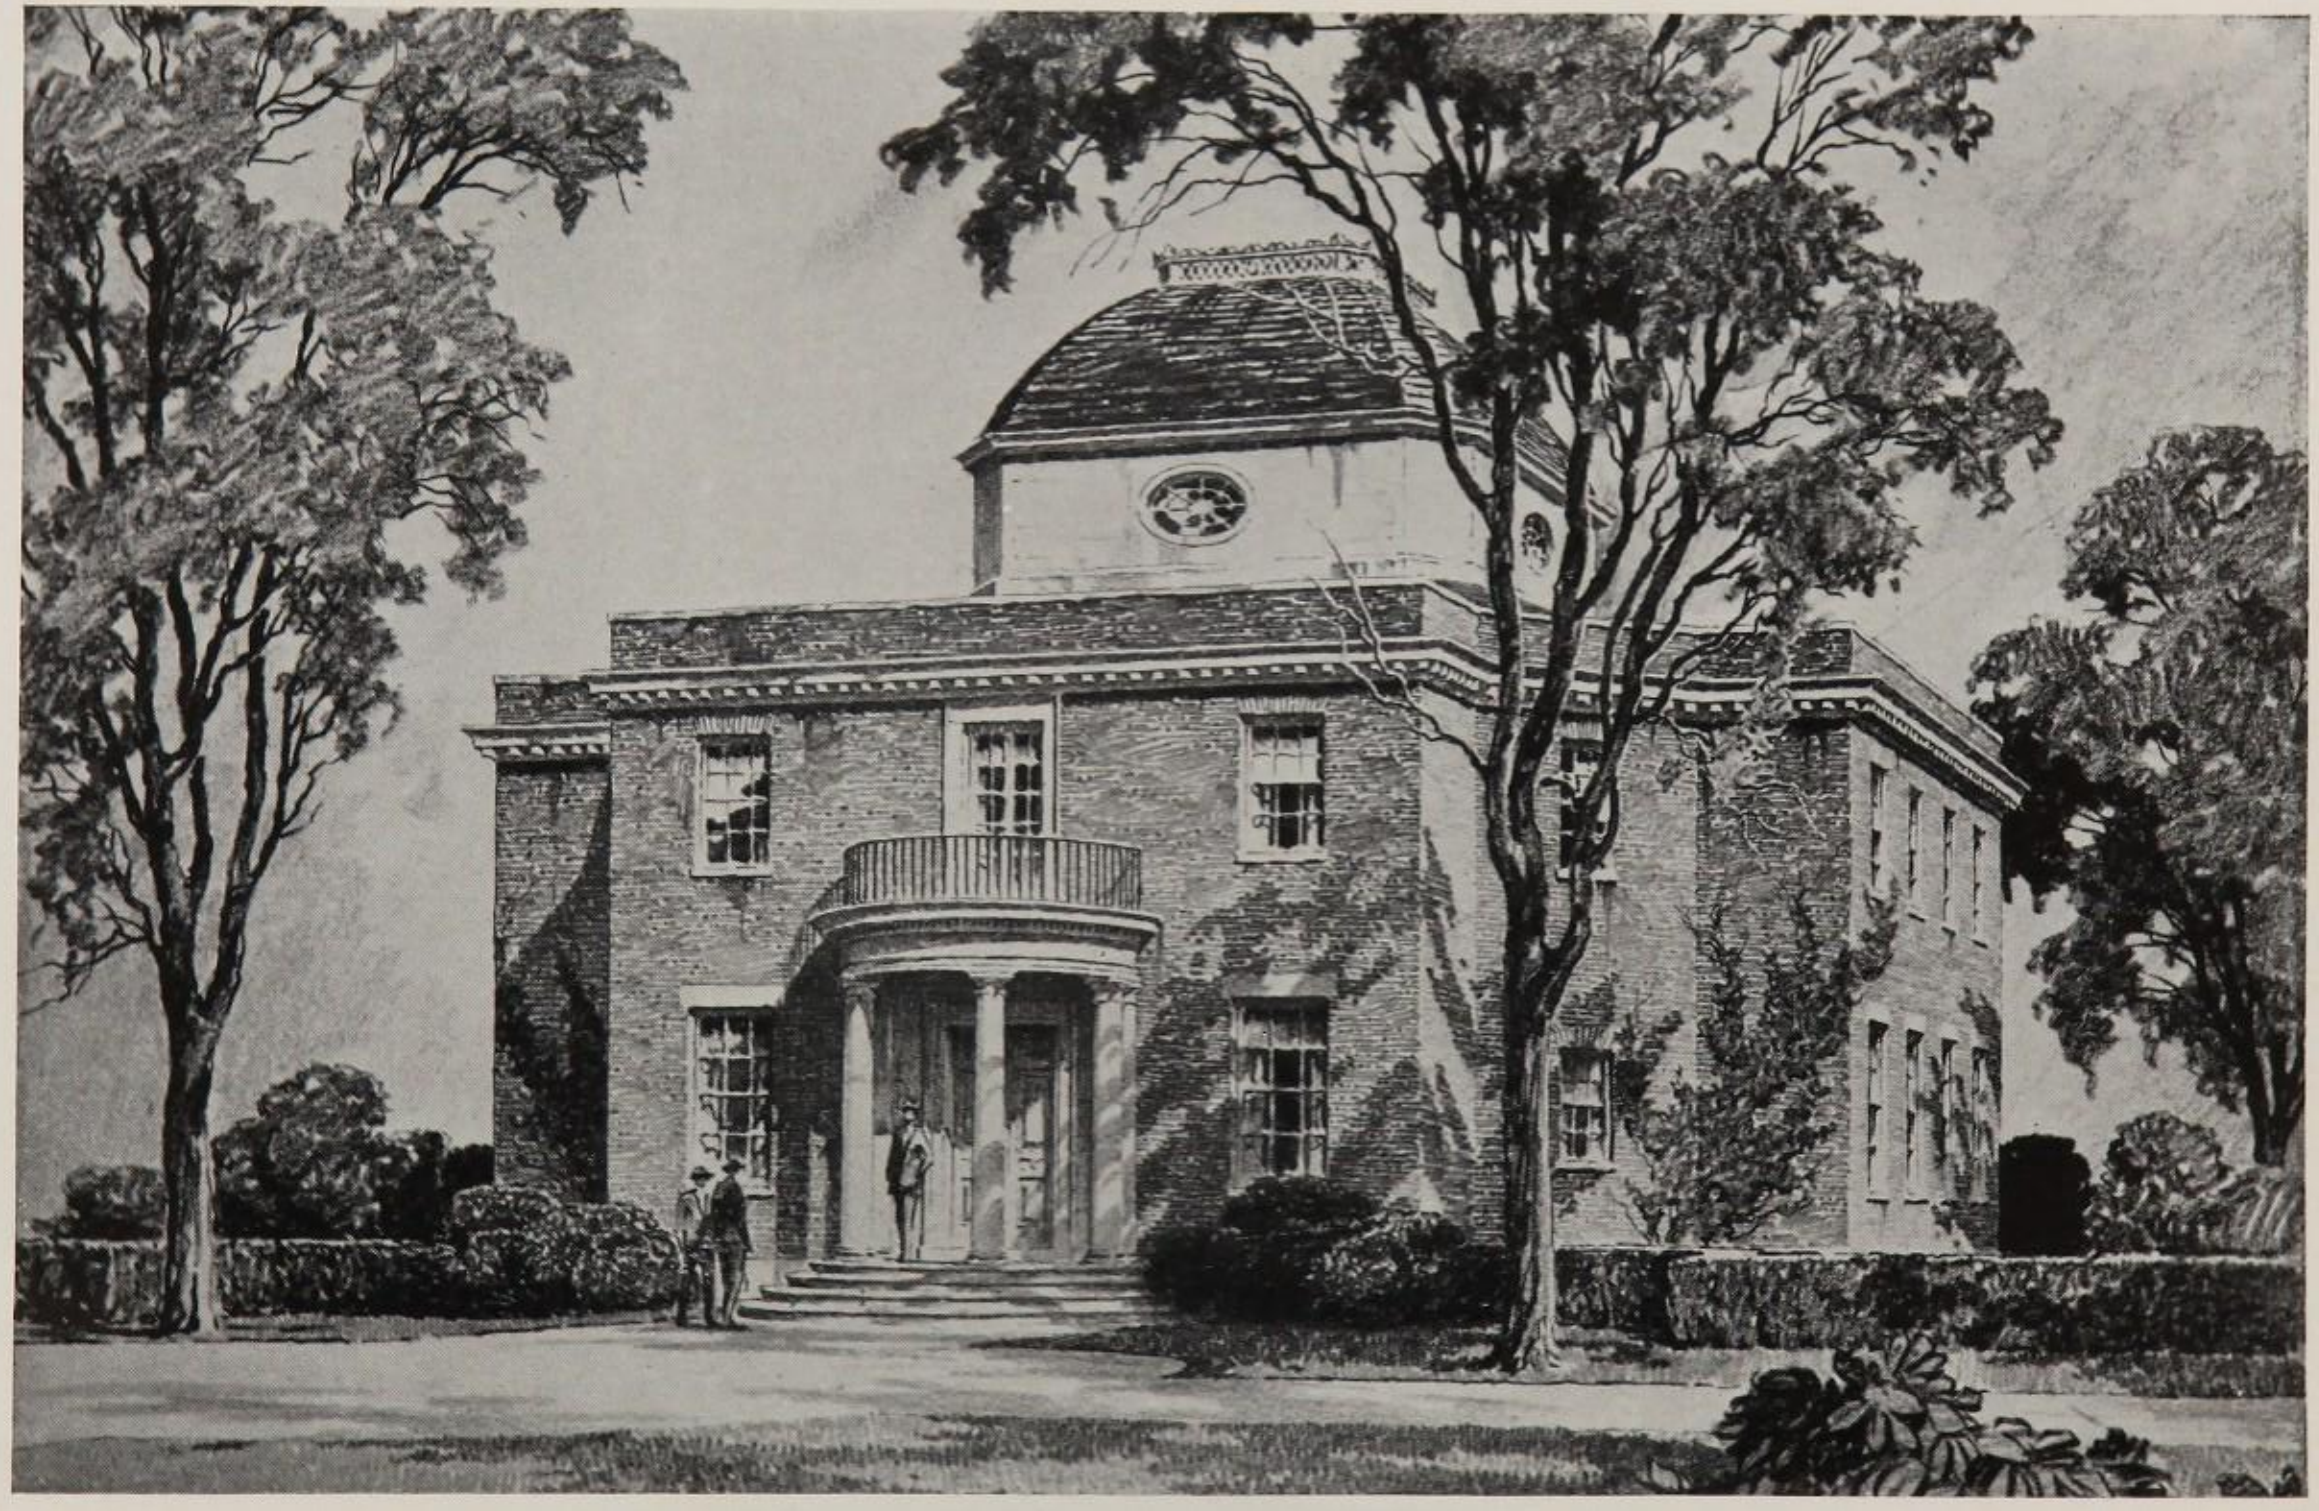
It has meant much to the School as a whole that you have been cooperative, intelligent, and responsive. It is an old Lawrenceville saying, reminiscent of unhappy Republican memories of the last national election, that "as goes the fifth form, so goes the School." The saying is no less true because it is old. The problems of administration and morale in a school of this size are difficult, subtle, and intangible. That they have been on the whole so seldom troublesome and so happily solved is largely due to your performance. For this the School is sincerely grateful.

But it is not with gratitude that I am mainly concerned in this brief valedictory which you have courteously permitted me to make. What I want to say finally and with full emphasis and sincerity is that you have left your imprint not only on the history of Lawrenceville, but on our hearts. We shall follow your progress with an interest which you will discover to be sympathetic and inexhaustible. Under the necessary artificiality of barriers and regulations which school life is bound to represent, we have come to look upon you as our friends. It is the faith of schools that they may make some permanent contribution to the lives of their students; that they may have some hand in the great job of making boys into men. I hope, therefore, that part of you is imperishably Lawrenceville, and I hope it is the best part. Do not, we beg of you, let your affection for this place grow cold. You can mean much to it in the future, as it has meant much to you in the past. We hope you will keep coming back to us, for the School lives only in the lives of its sons. Whenever you come we shall welcome you with warmth and affection.

May all good fortune go with you!

ALLAN V. HEELY

THE
HARKNESS GIFT



The New Administration Building

OLLA PODRIDA

THE CONFERENCE SYSTEM

THE graduating class of 1937 has seen one of the greatest innovations at Lawrenceville since the John C. Green foundation years ago.

The name of Harkness will be a magic one in years to come, for it is this name which made possible the doing away with the old stiff-backed desks and formal atmosphere. It made possible the shiny new conference tables and comfortable chairs in which we have reclined for the past year; it made twelve-in-a-class the mystic

number here. The type of education for which Lawrenceville has ever been striving has at last been achieved.

This system may no longer be spoken of as an experiment. It has been put to use in such great schools as Exeter and Lawrenceville; it is a definite success. Both masters and boys have benefited from the great change. These two bodies may no longer be looked upon as opposing factions with a heavy and definite line between, but rather as a single unit striving for the same end. Lawrenceville is better for the unity.

* * * * * * * *

We find, as we walk into one of the new classrooms, an entirely different atmosphere reflected. All of the classrooms have curtains hung, all contain some favorite books of the master in charge, usually on some subject pertinent to the one which this master teaches. In addition to this, we notice that the master sits around the same

table as the boys, sharing with them the very place where in other days he used to seal their doom. The digressions which so rarely used to visit a classroom are now welcomed and discussed, and no one suffers from the discussion. Thus, at the point which the Conference System most touches, we are impressed by the completeness and entirety of its success. It is the natural "way for teacher and pupil to get together, and bring out the best in each."

Continuing our walk through the buildings, we are next struck by the beauty of the exalted Memorial Hall and the Fathers' Building. The interior of the revered

Mem Hall looks far different from the once austere and forbidding edifice which used to frown down on the School. Pop Hall looks as it always has, only more so: new, dapper, and efficient.

We stroll out of spotless Pop Hall, feeling as though we had seen all there was to see, and there before us we behold the foundation which will eventually support the Administration Building. Here the faculty will be housed, apart from the noise of period changes and exuberant Laurentians. This building will be modeled after the style of the John Dixon Library, virtually becoming the library's twin sister; and so popular a pair of twins will in all probability never again come to the little town "about five miles away from anywhere."

OLLA PODRIDA

Someone in the party questions the number of students in a class. "Why, she says, was twelve the number selected?" This question can best be answered by handing the inquisitive person a copy of the LAWRENTIAN for January, and pointing out just a few lines set down by F. J. V. Hancox, of Lawrenceville English Department and Chairman of the Secondary Education Board: "The question of the proper number of persons in a school class . . . is a matter of keen debate. Many schools, in an attempt to rationalize necessity, argue that twenty-five is the ideal. Many others, realizing the advertising value of 'opportunity for concentration' announce that four

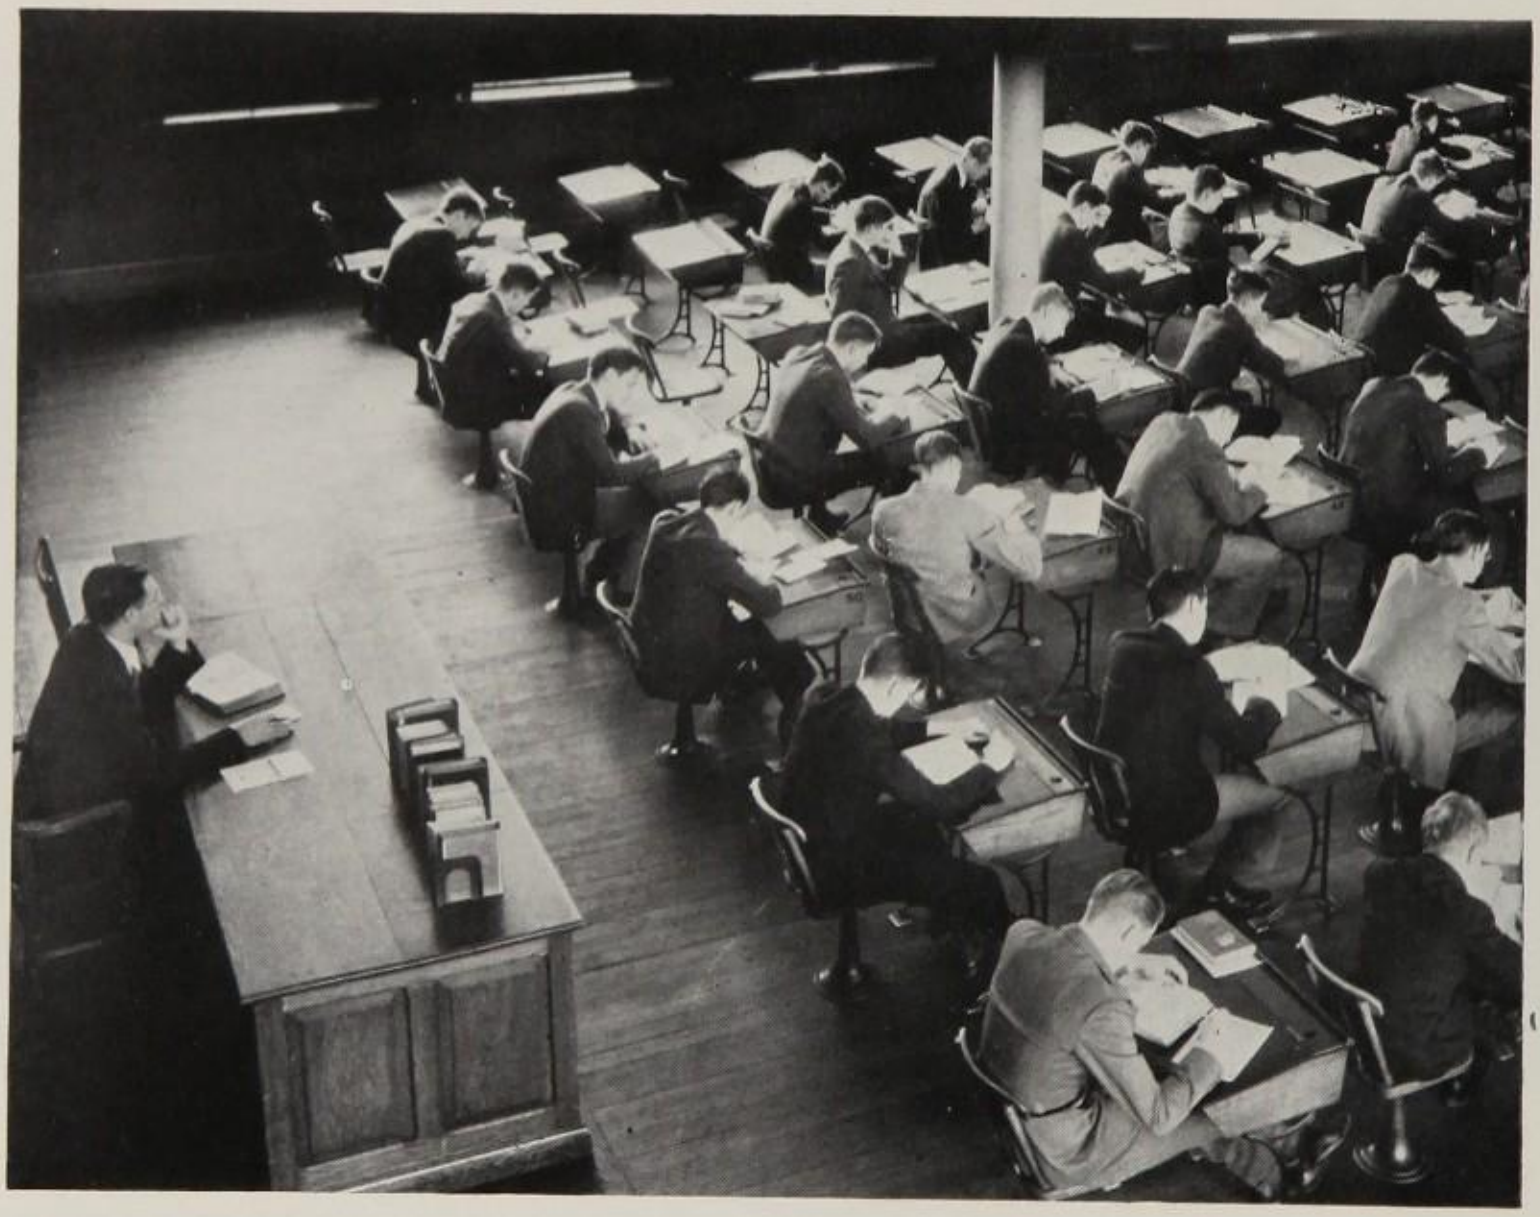
and no more is the magic number. But the middle of the road is always safer and saner than either curb; and so Lawrenceville has adopted a twelve-in-a-class policy." Also Mr. Hancox adds, twelve-in-a-class gives a variety to the discussion, and still permits this discussion to take place. Therefore, it is the logical number, just as the Conference System is the logical system. And logic is what governs the School. Lawrenceville's carefully selected number of an even dozen is heartily approved of and may be easily defended. We accept it, and for a moment we look toward the thirteenth chair.

To understand the feeling of the masters, we go to the logical man, and find Mr. Heely buried in a mass of papers in his office. We manage, with considerable difficulty, to extract him for a moment, and he expresses his sentiments and those of the entire faculty:

OLLA PODRIDA

"The Conference System is not an experiment. A half dozen years of use at Exeter have proved its potency in increasing student interest and in raising scholastic performance. There is every reason to believe Lawrenceville's experiment will be the same.

"Here the system is too new for final judgment. But already it has produced desirable results. The beauty of the conference room is a constantly influential atmosphere. Teachers have decorated their rooms to express their tastes and personalities. As for the students, they have felt and enjoyed the informality, responded to the new relationship of common effort. They have taken part more freely in group discussions,



BEFORE

have asked more questions, have carried discussion more frequently beyond the classroom walls. And they have been stimulated to wider reading, a result of the new technique which is leading also to the building up of departmental libraries. The value they set upon the scheme is evidenced again in the extraordinary care they have taken of rooms and equipment.

"The Harkness gift has given Lawrenceville a limitless opportunity. It is gratifying to see that boys and masters are so fully responding to its stimulus."

OLLA PODRIDA

Impressed, we leave the office and wander aimlessly about the campus. We even stop to question some of the fellows who are scurrying past us. This is an interesting pastime, and we are not long in discovering that the student body is with the system to a man. Never was more whole-hearted approval lent by any group so large, and certainly never by such a discriminating group as 494 Lawrenceville students; when they consent, it means something.

On our way across the Circle, we are given a few moments to think on our own, and we find the answer obvious. Even if we had not seen and been impressed by the

During

new classrooms, building, and method of instruction, we would certainly have been swayed by the fact that student and master both unite in approval of the system; and this union leads to others. Chief among these, outside of the common aim for scholarship, is the relationship between master and boy, of which Lawrenceville has more reason now than ever to be proud. The boys are no whit awed by the faculty, for they have been seated around a table with the gods and found them human. They fearlessly ask questions and express opinions, and find themselves receiving counsel which has definite value. Boys and masters laugh and joke, the system has accom-

plished the impossible. We see ahead a long string of years stretching out before us; we see Lawrenceville climbing to even greater scholastic heights than before; and we see more boys, in unbelievable number, coming and going until the new polished tables are mellowed, and glow with age, and the chairs are long since replaced. And, seeing this, we do not feel sad, for all the boys we see are friendly with their masters, and are learning how to learn here in a way that few other schools can teach.

To Edward S. Harkness—the collective thanks of Laurentians past and present.

GENERAL AWARDS

Awarded at Commencement, 1936

THE TRUSTEES' CUP

A silver cup given by the trustees of Lawrenceville School to that member of the School who in the opinion of the Head Master has had the best moral influence on the School during the year. Awarded to William Calder McGibbon, III.

THE EDWARD SUTLIFF BRAINARD MEMORIAL PRIZE

A prize consisting of the interest on one thousand dollars awarded to that member of the Lawrenceville School of at least two years' residence who by his high ideals and faithfulness in performance of his daily duties, and by his sterling character and earnest endeavor, has made the cleanest and most praiseworthy record of the School. Awarded to Frank Andjez Parker.

THE MARCUS D. FRENCH MEMORIAL CUP

A cup at Commencement of each year to that boy who, in the opinion of the four Alumni War Memorial Masters and the Head Master, shall, during a residence of at least one year in the Alumni War Memorial Building, have best shown the manliness and integrity of high character and the modesty, fairness, and courage of true sportsmanship. Awarded to Darwin Whitcomb Heath.

THE ELSIE TWINING ABBOTT PRIZE

A silver cup presented in commemoration of her devoted and inspiring service to the School. Awarded annually to the Fifth Former of highest scholastic rank who has obtained that rank while extensively engaging in athletic and extra-curricular activities and who shows qualities of character which mark him as an outstanding product of the School. Awarded to Harry Cushing Piper, Jr.

THE ALL-ROUND TROPHY

Awarded annually to that house whose members score the largest number of points in all lines of School activities. Won by Dickinson House.

THE AURELIAN CUP

A cup presented by the Yale Aurelian Honor Society to a member of the Fifth Form for scholarship, leadership, and character. Awarded to William George Larsen.

ALLAN VANDERHOEF HEELY, M.A.

Religion

Head Master; Chairman of various School Committees, *ex officio*. B.A., Yale, 1919; M.A., Columbia, 1934. Studied at Oxford University, 1929-1930. Second Lieutenant, F.A., U.S.A., 1918. Taught at Phillips Academy, Andover, 1924-1934. Came to Lawrenceville, November 1934.

CHARLES HARLOW RAYMOND, M.A.

English

Head of English Department; Master of Cleve House; Athletic Committee. B.A. Wesleyan, 1899; Phi Beta Kappa; Captain of Football Team; Letter in Baseball and Tennis; Psi Upsilon; M.A. Harvard, 1904. Taught at Hill School, 1899-1900; Assistant Master of Woodhull House, 1900-1903; Head Coach of Baseball, 1900-1903; Master of Rosehill House, 1907-1911; Head Football Coach, 1911-1921; Master of Davis House, 1911-1920; Alumni Secretary, 1911-1919; President of New Jersey English Teachers' Association, 1925-1927; Supervisor of "Lit" until 1933. Came to Lawrenceville September, 1900.

HOWARD ROE WOOD

Music

Instructor in Voice, Mandolin, and Banjo, Director of Glee Club; Chairman of Entertainment Committee; Supervisor of School "Bulletin"; Choir Master. New England Conservatory of Music, 1899; Choir Master at Trinity Church, Boston, Mass., 1899-1900; Director and Organizer of Glee Clubs, Camp Green, Charlotte, N.C., 1917-1918. Came to Lawrenceville September, 1900.

ERNEST ELKANAH RICH, B.S.

Mathematics

Head of Mathematics Department; Supervisor of Commencement Arrangements; Entertainment Committee. B.S. Worcester Tech., 1899; Salisbury Prize in Mathematics. Taught at Columbus Latin School, Columbus, Ohio, 1899-1901; Study of Art, Europe, 1901. Taught at Cascadilla School, Ithaca, N.Y., 1902-1906; Assistant Master of Hamill House, 1906-1907; Assistant Master of Fairfax, 1907-1909; Master of Kafer House, 1909-1911; Master of Lawrence Lodge, 1911-1914. Came to Lawrenceville September, 1906.

OLLA PODRIDA

OSCAR HARMON McPHERSON, M.A.

Librarian

Librarian since 1923. Graduated from Lawrenceville, 1901; Class Historian, 1901; Editor-in-Chief of the "Lit," 1900-1901. B.A. Princeton 1907-1908; Columbia, 1913-1914. Taught American History, Civics, Bible, and English; Master of Maple House, 1916-1918; Assistant Master of Upper, 1918-1919. Absent on Sick Leave, 1920-1923. Came to Lawrenceville September, 1906.

ALBERT RAYMOND EVANS

Business Manager

Business Manager since July, 1923. Syracuse University; Assistant Secretary, 1908-1917; Registrar, 1917-1920; Registrar and Secretary 1920-1923. Came to Lawrenceville August, 1908.

HARLEY WILLIS HEATH, M.A.

Chemistry

Senior Master; Head of Science Department; Master of Kennedy House. B.S. University of Vermont, 1905; President of Senior Class; Kappa Sigma Fraternity; Senior Society. Taught at Goddard Seminary, 1905-1910; Assistant Master at Hamill House, 1910-1917; Assistant Master of Upper House, 1917-1920; Master of Lodge, 1920-1921. Came to Lawrenceville September, 1910.

The Class of 1937

OLLA PODRIDA

CLASS HISTORY

THE which being the history of the graduating class of Lawrenceville in the year of our Lord one thousand, nineteen hundred and thirty-seven.

And it came to pass that in this year a great blight fell upon the crops, and woe was the lot of the farmers and peasants in all the outlying provinces, because there was a blight upon the crops. And it befell that wherever the seed of grain, or cabbages, or beets, or things, was planted in the fields, there sprang up nothing but pumpkins, through a sad error on the part of the chief rulers and governors in the fair city of Washington, District of Columbia, who appointed a plumber, who was fond of pumpkins, to the office of Chief Scribe in charge of the growing of things, commonly called agriculture. And this unfortunate one, out of his weakness, fixed things so that nought but pumpkins would grow, anywhere, and things were in that bad a strait that people were starving, for they could not eat pumpkins for breakfast, and lunch, and dinner, as in most cases they were not accustomed to such diet.

And so it befell that a large group of young farmers, ranging in age from sixteen to twenty, moved into the fair town of Lawrenceville, which is between Princeton and Trenton, so that they might not starve, but rather outlive the blight.

But it happened that already in the town of Lawrenceville there were several worthies known variously as experienced scribes, doctors, masters, and instructors, who resented the intrusion. And it happened that these gentlemen would ring bells, starting in the dead of night, and continuing ad infinitum, throughout the day, in an effort to drive the young farmers off the premises. And, not contented with that, each day they would collect about themselves small groups, around tables, and harangue them upon such subjects as Chemistry, History, Mathematics, and Languages, concerning which the farmers knew less than nothing, nor cared to know more. But even these measures failed, and the farmers remained for a full year, living in the halls, and passing off the lectures with philosophical shrugs.

And it happened that the horde of intruders assembled one day, after having passed but a week in the town, and held an election, and chose one named William Larsen, an upright youth and likely, to guide them during the days of their occupation. And they chose also others, subordinate to the aforementioned, to assist him. And these, all upstanding youths and intelligent, called themselves Reynolds duPont, Ned Parke, Dick Williams, Hank Ahlers, Tom Noonan, Dave Wolcott, Red Smith, and Barr, also known strangely as The Giff.

But before the year was very old it became apparent that there were among the farmers ones with voices for singing, such as Dave Lake, John Wilson, Jim Hanan, and others called "The Boys," who would assemble each night on the esplanade and sing such ditties as "Cocaine Bill and Morphine Sue" into the darkness and fog over the Circle. And it befell that with practice these became expert, so that it was almost a thing of beauty to hear them in their chants.

And among those who dwelt in the great hall known as the Caleb Smith there were many who became adept at sundry unprofitable pursuits, such as George Lewis, master at bridge and the wielding of a golf club, and Toad McCarty, who consumed whole one cubic foot of tobacco hourly, and Messrs. Eisner and Maass, beaters upon the piano, and Frank Mackey, who could tell a taller tale than Munchausen with

OLLA PODRIDA

facility, and Bus Fleming and Bob Proctor, who were no mean hands at transporting themselves from here to there, commonly known as "Getting around."

Some there were who preferred to become known upon the field of broken shins and bone bruises, namely Stan Pearson, Ned Chase, and the representatives of the Smith Tribe, Howie and Red, all of whom became conspicuously expert at the breaking of opponents' limbs, and at carrying the skin of an animal with rapidity up and down a long field with stripes upon it.

And others, more specialized than the last, played at soccer in a welter of mud each day, and bruised one another with spiked feet. Chief among these were Cobb, Carnill, and Carnrick, who grew strangely to resemble horses toward the end of the season, and one Steamer Walsh, with a frustration complex, who spent his days in seeing that a leathern ball did not pass unmolested through a framework of bars.

Some became proficient at the understanding of the daily lectures, there being one Biss Moore, another Dick DeCou, a Hugh Stone, and a Ray Mount who excelled exceedingly.

A few turned their hand to the field of literature, as Malcolm Forbes, Horace Graham, Roger Williams, and some others, who turned out journals, as the Lawrence, and tomes, as the Olla Pod.

And Ted Ill, of the Blazer Committee, who at last was driven to hand-stitching blazers for the entire class, and Les Myer, of the Ring Committee, both hard-working gentlemen and conscientious, were assailed concerning the dispatch of the companies with whom they dickered for official baubles for the farmers.

And there were those also that turned to dramatics, as Walter Reed Beck, Devil's Disciple Cumbler, and George Harper, who was voted as the outstanding actor of the year for his Carroll in *Yellow Jack*.

And some gained fame by throwing themselves and others about the wrestling mat, as Joe Conneen and Wayne Palmer, while others, chiefly Harmon Ashley of the accent, and Pratt Phillips of the leathern lungs, gained fame in oratory.

Bill Shepherd and Harry Bill fought manfully against absorbing opinions foisted upon them by the elder scribes concerning Mathematics, Science, Languages, and History.

A few turned in the cold season to a game played in a building, consisting of throwing a ball through a

OLLA PODRIDA

hoop, and Frank Browne and Jack Hartman thus became known.

It befell also that in the spring of the year many turned to the weird practice of contacting the *Manes* of their ancestors through table-tipping, and many brothers spent long and harrowing hours in dark rooms lifting furniture about, among these last being Dave Campbell, Walter Guzzardi, Hugh Stone, Tris Johnson, and Jack Barker.

And so the year passed, and now in this month of June the farmers depart and return to the fields, having been bought off by the original inhabitants of the town with scraps of white paper, with the word "DIP" thereupon written, and it is with regret now that they go. There are those, especially Messrs. Churchill and Shea, who dwelt in the center of the building, who became respected friends and advisers.

And the head elder and his fair lady will be remembered long and with sincere affection. Indeed, the entire form cannot doubt that this has been one of the most enjoyable years of their lives. It may be forever that they will remember the song and the laughter, and the sun and the winds, and the green trees of the Circle, and the friends and the old buildings, and the long days beneath a young sky with a light and laughing heart.

CLASS POEM

I

The dusty tangles of dim moonlit hills
Far-lost, wild crags against a frozen sky,
Light-scented winds upon Elysian rills,
The weedy-brooks, the fierce-winged hawks that fly
Half-hurtful, half-repiercing fragile hearts,
All cry "Abide!" They too would have thee thrall,
Emprizon all thy song,
Hold for their own music and the arts,
And still for thee the rude presumptuous call
That clamorous wooded slopes and vales prolong.

II

A generation gone, hands red with war
Clutched at the heart of Beauty, made it dust.
Now, with the grim infection mirrored o'er,
You give us still the sword that cannot rust.
We have not asked this fearsome heritage,
This mockery, this inward-rotting peace,
This guilty cross, with palling shame upon it.
The crime against our age
Is no less black because *you* lent increase
To that grim pyre, with Light and Life set on it.

III

You leave us black clouds brooding in the hills,
You leave us ghosts that will not own the grave.
You leave us fear, that vague unrest distills;
Brand us your hope, and call on us to save.
You fought with men, and we must fight machines
That, grim-derisive, dare the heart to live.
The time is not long dead
When tissue chained the willing world with dreams—
Not long dead, but forever. Now you give
Your battle o'er, your helmet to our head.

IV

Behold us here, and mark the scholar's scope.
We are the fatalists that build with stone
Dry-rotted, unresponsive, reft of hope,
A crumbling, loose-knit wall that stands alone,
Weak-willed, with haunting doubts attenuate,

OLLA PODRIDA

Half purposeless, length upon weary length,
And waits the stroke of dull predestiny.
Such is our learnéd state.
We put no shallow trust in passing strength,
Nor hope beyond where clouds bend to the sea.

V

We are all things. The avid cynic's mind
In us rides post through dusty corridors
With shifting eye, afraid to turn and find
That all is not disproved. To the grey shores
That know the prow of Charon's craft, we fly
In quest of earthen roots, and idols crushed.
We know the world too well,
And not enough the heart which lights the eye
That scorns to bend. Unheard, unknown, its hushed
And solemn surge tolls soft its only knell.

VI

We are the impractical ones, who dream
And let the fire burn lower in the grate.
We build a song of moonbeams, with the scheme
Of Orpheus, to melt the heart of hate.
We are the stupid men. We are the wise.
Ours is the great mind that fills with light
The dark and empty channels of the years.
And yet, within our eyes,
And stamped upon our brow you see the blight,
The blind, wild fury, and the nameless fears.

VII

But with the faults the virtues swing the scale.
Ours is the brain, the courage, and the heart . . .
What though this will is weak, this arm is frail,
And wit unproven in its subtle art.
You give us all these things . . . the right . . . the wrong,
The fight unfinished, and the half-won goal
That decks the daily treadmill, shining lie!
The shouting hills prolong
Your whispered question. . . . "What?" . . . The echoes roll.
WHAT IS THIS VOICE, THIS VOICE THAT ANSWERS. . . . "WHY?"

OLLA PODRIDA

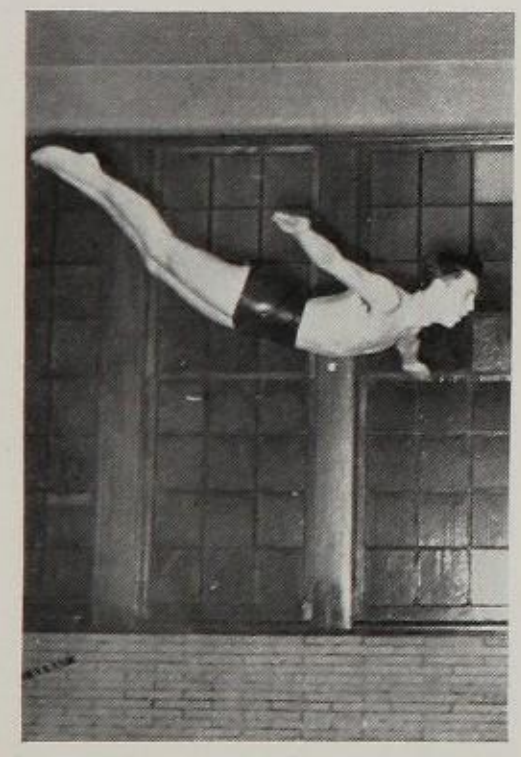
WARREN ACKERMAN, JR.

"Ack"

"My life is just one damned hard grind!"

Rumson, New Jersey.
Born at Panama Canal Zone, April 2, 1918.
Swimming (L) '35-'36, (L) '36-'37.
Came to Lawrenceville September, 1933. Former Houses, Dawes, Upper. Preparing for B.A. course at Princeton.

In his three years at Lawrenceville Warren has tried his hand at almost every sport and entered into various other fields of activity. As a member of the Dawes House he held down a backfield position on the football team and played baseball during the spring. In the winter term he went out for swimming and has held first place among the divers for two years. We're looking forward to seeing Ack on the track team this spring since he proved his ability at pole vaulting last year.



Another of the Kinnan pranksters, he and his colleagues are continually cutting up and playing practical jokes on anyone and everyone. His perennial smile and perpetual chuckle keep everyone in as good a humor as he himself always seems to be. Warren has been greatly admired for his nerve. Many times he has continued athletics in spite of an injured ankle or leg. With his striking personality and his handsome physique it is no wonder that he receives so many letters a day.

Warren needs no help in future life and we rest assured that his willingness and cheerfulness will lead him to success.

OLLA PODRIDA

HENDRIK CHRISTIAN AHLERS

"Hank" "Farb" "Hen"

"Unc, tell us another."

167 Boulevard, Summit, New Jersey.

Born at Summit, New Jersey, December 28, 1917.

Director of Upper; Fall and Winter Prom Committees; President of Hamill; Spring Prom Committee '36; Lawrenceville School Camp Committee '35, '36, '37; Second Photography Prize '35; Glee Club '35-'36; Choir '36-'37; Photography Club '33-'34, '34-'35, '35-'36; Soccer (Numerals) '37.

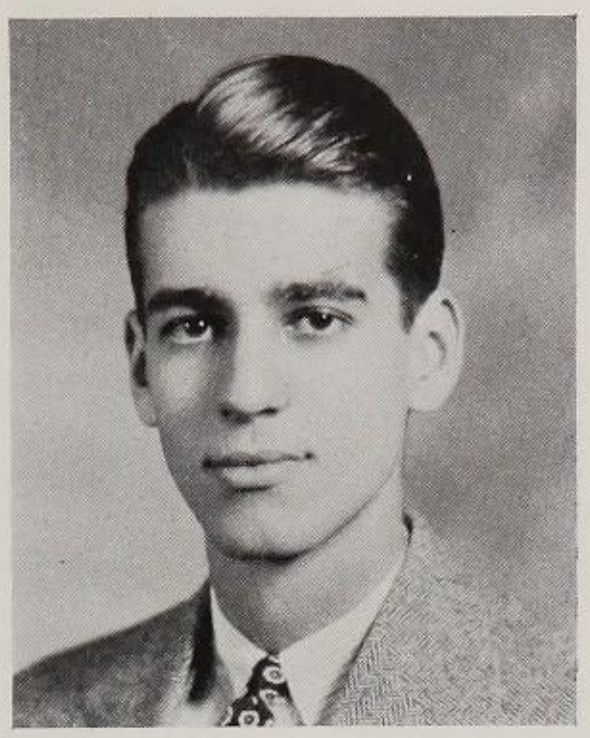
Came to Lawrenceville September, 1933. Former House, Hamill. Preparing for B.A. course at Dartmouth.

On your right, ladies and gentlemen, one Hank Ahlers is smiling out at you. Hank's achievements have been too many to set down in so brief a biography. In his four-year stay at Lawrenceville he became president of the Hamill House and a member of the Student Council. He did not even limit his activities to the ordinary school year for he has been on the Lawrenceville School Camp Committee for the last three years.

As a member of the fifth form council this year Hank was on the fall and winter prom committees helping to pick the orchestras which hit the highlight of social entertainment. On the esplanade Farb has been surrounded by admiring listeners as he blends his pleasant bass with Willie Wilson's piping soprano. When he was not busy with aforementioned activities Hank found time to play fifth form soccer and was awarded his numerals in that sport. He is also a member of the Photography Club and won second place photography prize in 1935.

Hank's congeniality and good humor have established him as one of the form's best known and likeable characters. May good fortune dog his footsteps!

OLLA PODRIDA



ROBERT HATCHER ALLEN, II

"Bob"

"The night with southern music pealed, the stars with southern odor reeled."

136 Kenesaw Drive, Knoxville, Tennessee.
Born at Vicksburg, Mississippi, February 9, 1919.
Periwig Club; Fifth Form Basketball.
Came to Lawrenceville September, 1936. Preparing for B.A. course and Law at Princeton.

THIS cheerful southern boy from the wilds of Tennessee came to Lawrenceville this year as a rhinie and has taken up his residence in George House. Bob's southern drawl has already won him fame and he established himself by an excellent performance in the winter presentation of the Periwig Club, *Yellow Jack*. As a result of this performance Bob was elected a member of the Club.

Bob played golf early in the year and later on took up fifth form basketball. For his successful endeavors on the court he was awarded his class numerals.

Often he stops over at Upper for a butt and a bull session where he expresses willingly enough his views on any subject from politics to the amazing southern belle with whom he passes his time "down home."

From Lawrenceville Bob plans to go to Princeton where he will prepare for law school. The fifth form rather regrets that he did not come to school here sooner so that the entire class would have been given a better chance to know this likeable fellow. We know that Bob will enjoy success in his four years at Princeton if his too-brief stay here is any indication of his future.

TALIAFERRO ANDERSON

"Speed" "Joe"

"Step right up and call me 'T. (Speed) Anderson.'"

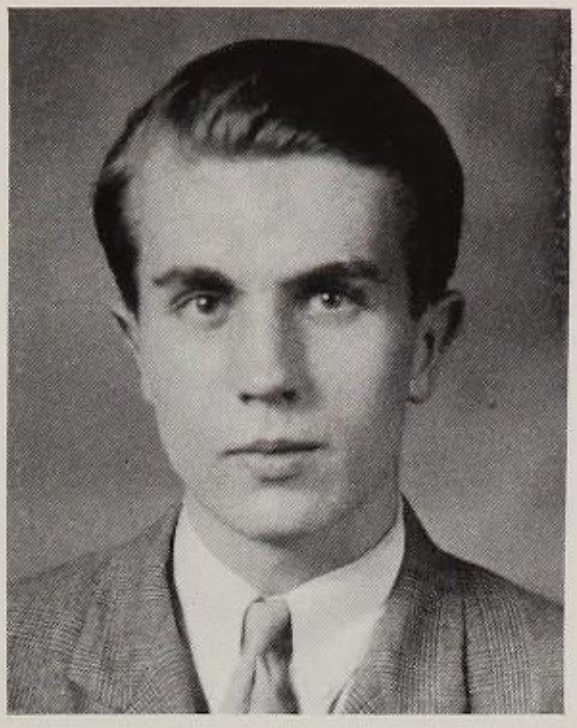
1627 Broadway, Galveston, Texas.
Born at Galveston, Texas, May 20, 1919.
Fifth Form Football Squad; Wrestling Squad.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

THOUGH this was only his first year in Lawrenceville Speed soon became acclimated to the School. Taking up his residence in that select abode of some of the lordly fifth form, the Club Kinnan, he straightway formed many close friendships with his housemates. He is eternally a good-humored and a good-hearted fellow, and on account of his genial personality, all those who have him as a friend are fortunate.

Speed is another of those westerners who believe that there is no other place on earth like the West. He hails from Galveston in the Lone Star State of Texas, and has many of the traits of a typical cowhand. Despite the fact that he has the customary obstacle of physics to surmount, he overcomes this by setting the pace of hard labor for the Club.

Speed is a member of the wrestling squad and has distinguished himself in this manly sport. This gentle art is his favorite hobby, and though he is not as powerful as "Man Mountain" Dean, we have no doubt that he would give Dean quite a tussle. Like many other Laurentians, Speed is headed for Old Nassau and our good wishes for success there are with him.

OLLA PODRIDA



HARMON HADLEY ASHLEY, JR.

"Harmon" "Ash"

"Brevity is the soul of wit."

120 Mercer St., Princeton, New Jersey.
Born at Buffalo, New York, August 22, 1920.
Pipe and Quill.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

It is pretty safe to say that no one in the graduating class is as individual, as remarkable as Harmon. In what way is he remarkable, individual? He is remarkable in that, at the age of sixteen, his opinions and point of view are more profound and mature than probably anyone in the class. He is individual in that his ideas are his own absolutely. Really, Harmon smacks of the genius, though we know he won't like us to say this, being a paragon of modesty. Harmon has a tremendous reading background and an astonishing vocabulary. This, together with a fine ability to express himself and to think things through, has made him one of the School's best writers. But, after all, the most conspicuous thing about Harmon is the fact that he has many friends; practically everyone knows him and is interested in him. His friends know him to be a real fellow, friendly, a fascinating talker, keen listener and sincerely appreciative. Harmon belongs to the Pipe and Quill, where his pen, wit, and judgment are alike esteemed.

He usually procures a first-testy average. Here's one fellow it's hard to conceive could fail.

OLLA PODRIDA

GEORGE CRANE AYCRIGG

"George"

"No excellence without great labor."

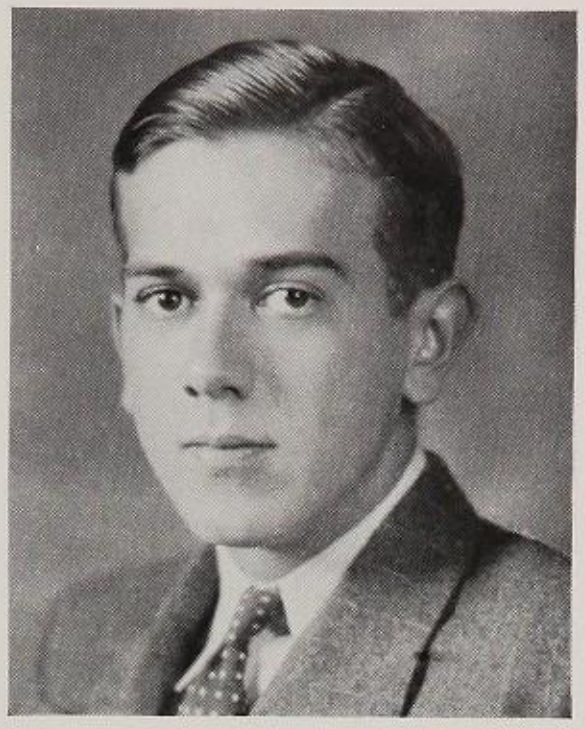
Winter Haven, Florida.
Born at Newark, New Jersey, January 3, 1919.
Glee Club '36-'37.
Came to Lawrenceville September, 1935. Former House, Dawes. Preparing for B.A. course at Princeton.

GEORGE, coming all the way from Florida, has been in Lawrenceville for two years. Residing in Dawes his first year he soon became well known and liked by his housemates. He played a prominent part in House athletics winning an important position on the football squad, retaining a first-string fullback stand on the soccer team, and being a mainstay on the basketball squad. This year he has figured prominently as an athlete also in fifth form sports.

This blond-haired youth is not only athletically minded, but has also proved his mettle in studies. He has very successfully managed to keep all of his grades well above board and to maintain a general average in the high seventies.

George is also popular in vocal circles for the harmonious blending of his stentorian voice with his fellow crooners. After dinner, besides during some of his free time, he is ever to be found in the center of a group of smokers. Whether plying the weed or the strings of his banjo, George is always the center of a group of friends. And so it is that we wish him the best of luck and good times at Princeton where he will try for a B.A. degree.

OLLA PODRIDA



JOHN BARKER

"Jack"

"Intelligence will eventually rule the earth."

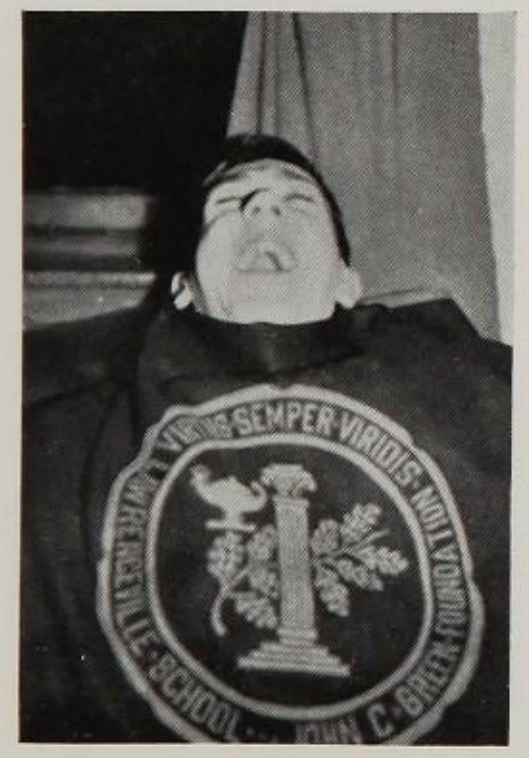
565 Mt. Prospect Ave., Newark, New Jersey.

Born at Bayhead, New Jersey, August 8, 1919.

First Scholar, Third Form '35; Third Form Latin Prize '35; Pipe and Quill; Herodotus; Bibliophiles; Lit '35-'36, '36-'37; Olla Podrida '34-'35, '35-'36, Co-Business Manager '36-'37; Publications Committee '36-'37; Permanent Member, Cum Laude Society.

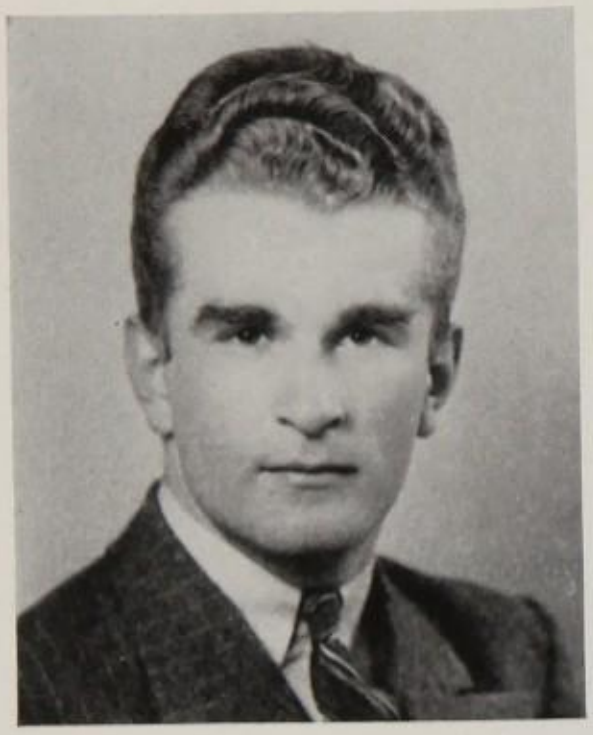
Came to Lawrenceville September, 1934. Former House, Dawes. Preparing for B.A. course at Princeton.

THE following is a brief résumé of a person who does everything within four points of perfect. That's a rather startling statement, but Jack is rather startling too. If percentiles mean anything we discover that Jack is scholastically better than ninety-eight per cent of the form. He was head boy of the third form, and was third in the fourth. Maybe Jack's best subject is Latin for the records show that he won the third form Latin prize and was just nosed out of the fourth form Latin Prize, won by Hugh Stone. And there's been a lot of loose talk going around to the effect that Hugh and Jack have been chatting in Latin. Thanks to his brain Jack is a permanent member of the Cum Laude Society.



But lest one envision Jack as being a studious hermit let it be noted that Jack is a member of the Pipe and Quill, Herodotus, and Bibliophiles. A more likeable, good humored fellow is hard to find. Somehow Jack has found time to become a member of the LIT Board and to become co-business manager of the OLLA PODRIDA, and a member of the Publications Committee in addition to keeping his average in the nineties. This totals brains, ability and something else—a resolute will.

OLLA PODRIDA



CHARLES JORDAN BARLOW

"The Major"

"Roll on, Jordan, roll on."

486 Riverside Ave., Trenton, New Jersey.

Born at Trenton, New Jersey, April 23, 1918.

Cast of Periwig Club's "The Devil's Disciple"; Member of Fifth Form Soccer Team.

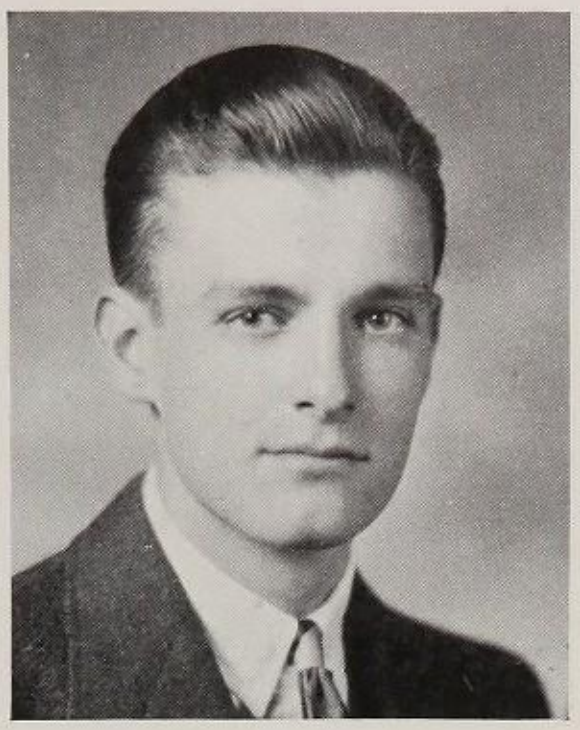
Came to Lawrenceville September, 1936. Preparing for B.A. course at Harvard.

JORDAN, although he was a fifth form rhinie this year, has become very well known about the campus. One of the main causes for this renown was his sterling performance given the first term in the play *The Devil's Disciple* in which he played the part of Swindon. Also, because of this play, he has earned the nickname of The Major which was the title of Swindon in the play. He was also cast in the mid-winter performance of the Periwig Club, *Yellow Jack,* but because of a lack of free time, he had to forego the appointment.

As an athlete The Major showed up very well on the first soccer team. Because this sport is not recognized as a varsity sport, major and minor L's are not given to the players; otherwise there is no doubt but that The Major would be on the receiving list. Jordan's favorite sport second to soccer is boxing and as a fisticuffer he has earned quite a reputation in the exercise room.

Next year Jordan will walk the halls of Harvard where he will work for a B.A. degree and those of us who know him tender him our heartiest good wishes for the best of luck and good times.

OLLA PODRIDA



GARLAND HALE BARR, JR.

"Colonel" "Giff"

"Pahdon mah southern drawl."

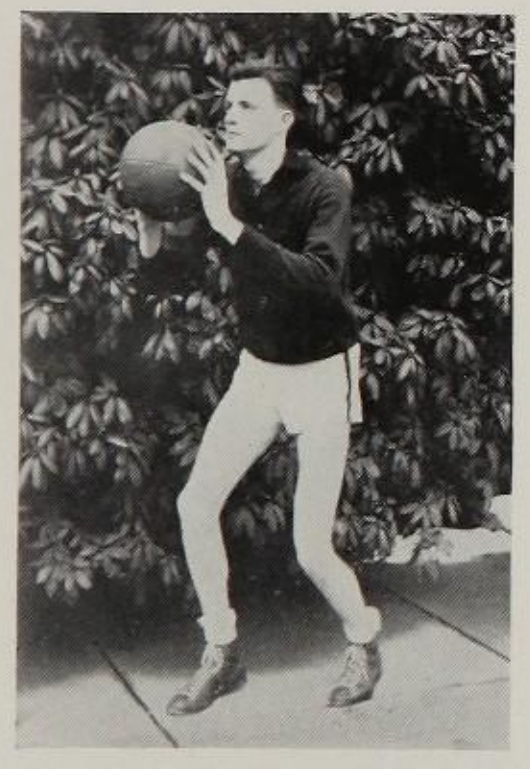
435 West 3rd St., Lexington, Kentucky.

Born at Lexington, Kentucky, November 5, 1916.

Fifth Form Council; President, George House, '36-'37; Co-Vice-President, Cleve House, '35-'36; Prom Committee '36-'37; Basketball Squad '33-'34, (L) '36-'37; Football B Squad, Captain, '35; Fifth Form Athletic Committee '36-'37; Usher, Sunday Chapel, '36-'37.

Came to Lawrenceville September, 1932; re-entered September, 1935. Former House, Cleve. Preparing for B.A. course at Princeton.

"Hey there, Colonel! How did Kentucky University come out in its ball game last night?" "Well," says the Colonel, in that southern drawl of his, "it happened this way." And there he goes, off on another yarn about those marvelous basketball teams from the Blue Grass State, the one state in the Union which, according to him, basks in eternal sunshine. But after all, if anyone is qualified to speak concerning the relative merits of basketball players and teams, the Colonel is that person, for he has played center three years on the varsity squad.



He is adept not only in the athletic line but also in the art of making friends. Everyone knows the Colonel and has a deep respect and affection for him. During his two years in the Cleve House he demonstrated his true worth to both his fellow students and to his masters and the second year was elected to the house council. Now he is a member of the student council and is continuing his good work in preparation for future years at Princeton.

His departure upon graduation will leave a vacancy not easy to fill, for there is but one Colonel Barr. Let us say in parting, "Au revoir, bon ami."

OLLA PODRIDA

HARRY BROOKS BECK, JR.

"Brooks"

"All the world's a stage."

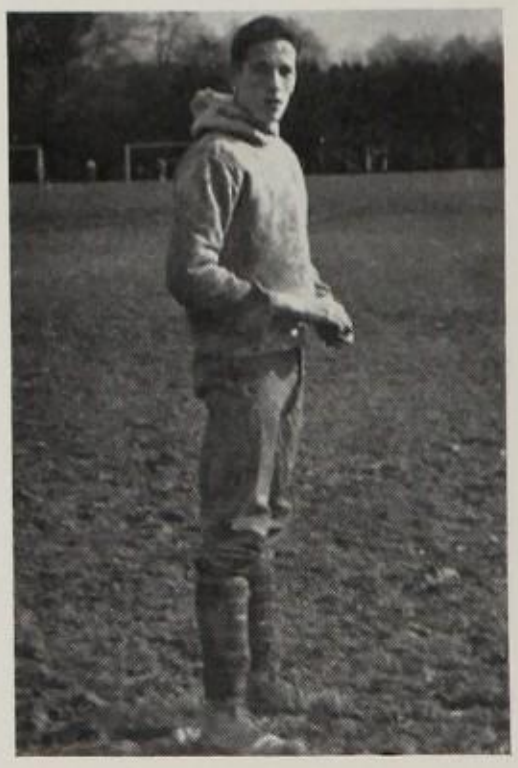
234 Hollywood Ave., Douglaston, Long Island, New York.

Born at New York, New York, February 4, 1918.

Secretary-Treasurer Dickinson '35-'36; Best Speaker, Lower School, '33; Bibliophiles (President, Fall Term); Pipe and Quill (President, Winter Term); Herodotus '36-'37; Periwig '33-'34, '34-'35, '35-'36, '36-'37; Lit Board '36-'37; Choir '32-'33; Olla Podrida '35-'36, '36-'37.

Came to Lawrenceville September, 1932. Former Houses, Cromwell, Dickinson. Preparing for B.A. course at Princeton.

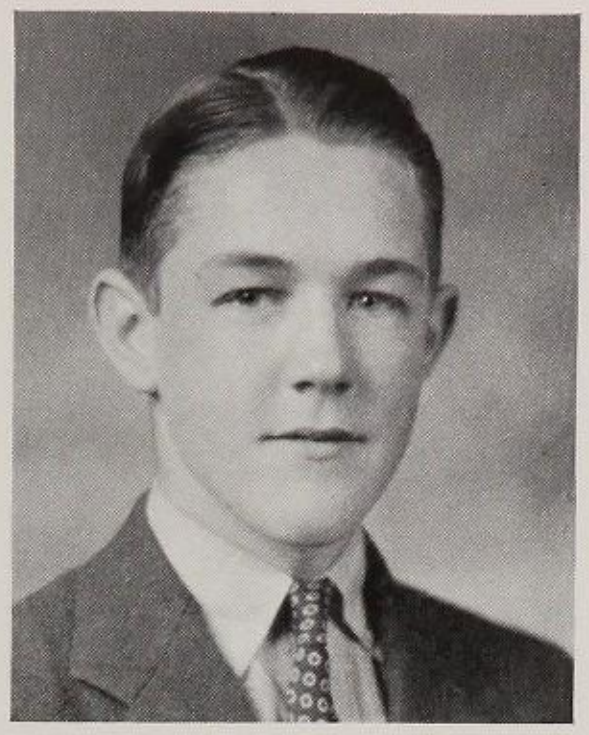
To give an idea of what sort of a person Brooks is in such a short space is quite a problem, for few have such a diversity of interests and such a wealth of pursuits as he. Primarily, Brooks is the perfect clubman, widely read, friendly, well mannered, a fine conversationalist, enthusiastic and interesting. These qualities and numerous friends have made him president of both the Pipe and Quill and Bibliophiles Clubs, and a member of the Herodotus Club.



In Brooks, too, we have a student who can usually keep in the eighties with a minimum of trouble. This ability has gained a place on both the Olla Podrida and Lit boards for him. On the soccer field Brooks is really in his element. Woe betide the enemy shin and goal! But Brooks can skip easily from the playing field to the stage, such is his versatility. He is one of the School's best actors and as a member of the Periwig has taken leading parts for the last two years.

So, in a word, you see that Brooks is one of those rare specimens who may be termed "all-around," versatile, gifted—a person who will go far.

OLLA PODRIDA



WILLIAM ARTHUR BETZ

"Art" "Betzy"

"He doth not live in the land of scholars, yet he is one."

415 South Garth Ave., Columbia, Missouri.

Born at New Haven, Connecticut, April 7, 1920.

Science Club '36-'37; Associate Member Cum Laude Society '37; Fifth Form Basketball (Numerals).

Came to Lawrenceville September, 1936. Preparing for B.S. course at Harvard.

THIS year in that last outpost of Lawrenceville civilization known as George House resided quite a remarkable fellow who has continually refused to live according to the George House tradition. For at mid-year Art gained the coveted honor of Cum Laude, a difficult task for a fifth form rhinie to accomplish, especially in the hilarious Georgian atmosphere.

Besides his ability in mental gymnastics Betzy turned in a good performance as an athlete. Last fall he showed flashy form on the tennis courts, sometimes even throwing a scare into some of the so-called expert players. Art, however, showed his greatest athletic prowess on the basketball court. He was a member of the fifth form basketball team and earned his class numerals in that sport.

Betzy's scholastic interests are chiefly scientific. He may often be found in the lab frightening Al Blake with some evil-looking mixture and at the same time trying to figure out what it is. Because of his interest in chemistry he was made a member of the Science Club. Art expects to continue his scientific career at Harvard where he will work for his B.S. degree.

OLLA PODRIDA

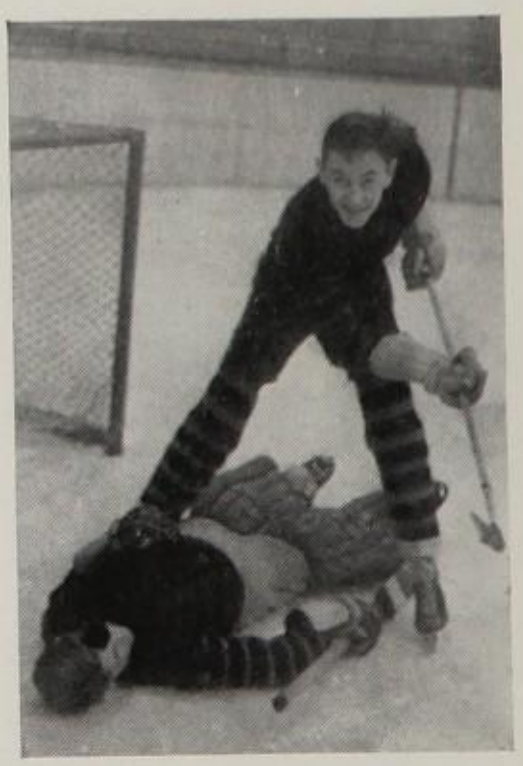
HARRY LEON BILL, JR.

"Harry" "Bill" "Trooper" "House-Boy"

"I have held a candle to this thing called Woman, and I disbelieve."

8 East 96th St., New York, New York.
Born at Cleveland, Ohio, February 27, 1919.
Hockey (L) '36, (L) '37; Golf Squad '36.
Came to Lawrenceville September, 1935. Former House, Dawes. Preparing for B.S. course at Yale.

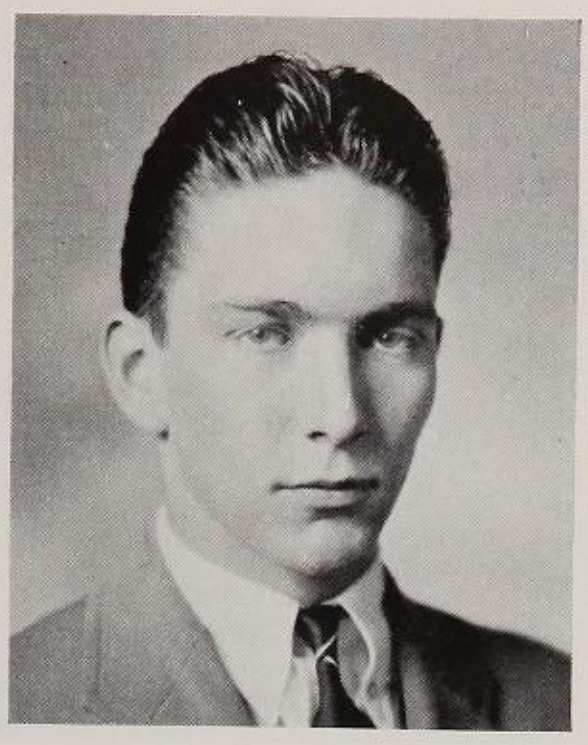
THE little man who is frequently seen dashing down the ice toward the opposing goal is none other than Trooper himself. Although this is only Harry's second year at Lawrenceville he has quickly made a name for himself. An outstanding figure on the hockey team for two years, a bright prospect for varsity golf, and a versatile house athlete, Bill is always occupied. As a Dawes rhinie he made himself known in basketball and baseball. Due credit ought to be given to Harry for his athletic achievements since he is much smaller than his competitors.



Scholastically he may not be outstanding but he deserves praise for his admirable effort. In the midst of a group of the "Sons of Bacchus" he may be seen relating his exploits in the big city on some previous week-end. He has never as yet missed any part of a prom.

As acting house-boy of the Lodge, Harry divides his time between fighting with his roommate and turning down the beds. His personality, wit and unique humor are offset only by his unbearable crooning. With his personal interest in achievement Bill needs little support in future activities.

OLLA PODRIDA



WHITNEY BOWLES

"Whit"

"Oh little brown jug how I love thee."

Newfoundland, New Jersey.

Born at New York, New York, October 11, 1918.

Lawrence '35-'36, '36-'37; Polo Squad '35-'36, '36-'37; Olla Podrida '36-'37; Herodotus.

Came to Lawrenceville September, 1934. Former House, Griswold. Preparing for B.A. course at Princeton.

"SAY, my good friend, how about subscribing to the *Tribune* for the next term? It's only $2.42 for the dailies alone." Everybody is sure to recognize this fellow as Whit. His face is familiar to everyone on the campus who might want the *Tribune*.

Whit started his career at Lawrenceville three years ago as a rhinie in the Griswold House. There he distinguished himself on the football and soccer teams during his first year and later gained a berth on the School polo squad. This last season he has continued his polo and has played in all of the second team games.

For the last two years we have noticed Whit's name on the masthead of the LAWRENCE and, if we were to inquire about the authorship of a majority of the polo articles, we would find that our friend is frequently responsible for them.

Needless to say we have little reason to worry about the prospects for Whit's future success at Princeton for we all can vouch for his ability to take a job in hand and master it. He is a hard, earnest worker who is friend to all and we wish him great good fortune in the years to come.

OLLA PODRIDA

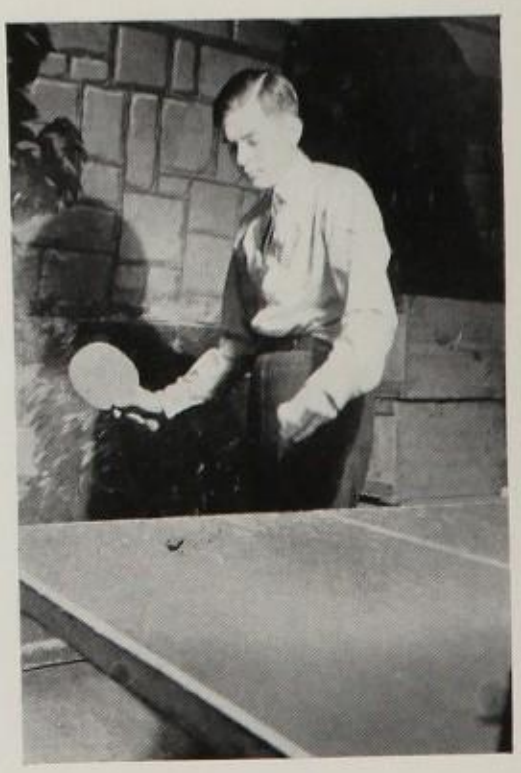
EPHRAIM TAYLOR BROWN, JR.

"E. T." "Brownie"

"The farmer in the dell."

824 Linwood Road, Birmingham, Alabama.
Born at Birmingham, Alabama, August 31, 1920.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

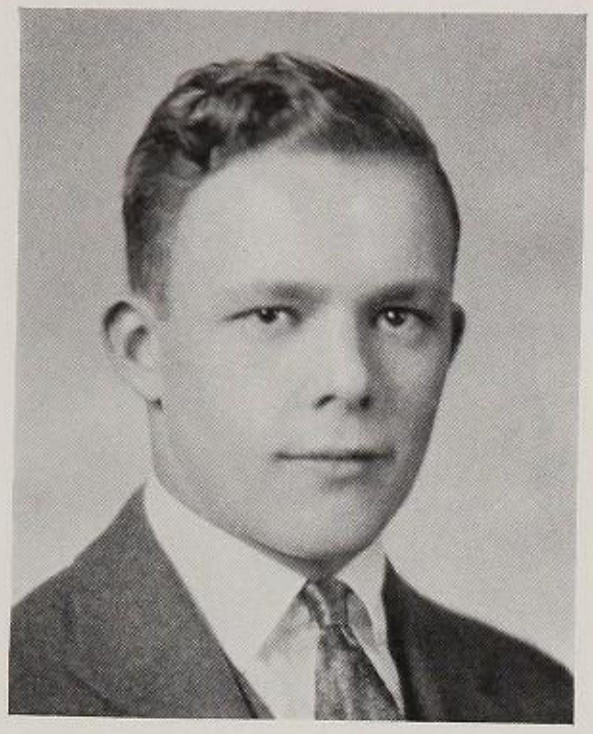
E. T. came to Lawrenceville as an inconspicuous fifth form rhinie but he soon made a name for himself by being the instigator of most of the crimes perpetrated in the Lodge from September until January. Toward the middle of the year E. T. decided that the Lodge was too small a stamping ground and so moved to Upper. Here in the Big House he still kept up his average, the only bugaboo being his English grade, which E. T. struggles to keep in the black.



Just where to look for this first of the Lawrenceville Browns has become another problem. He may be at his desk, but this is so doubtful that no one tried there after his first short week in Caleb Smith. He may be found lashed to a post on the second floor, playing the part of a booby prize in the eternal cowboy-and-Indian feud which has been waging with more and more fervor as the months pass. Or, most likely of all, he may be located trotting aimlessly up and down the stairs. But, at any rate, his popularity is proven by the fact that someone is always looking for him.

E. T. is headed for Princeton, where he hopes to earn a B.A. degree.

OLLA PODRIDA



MILTON HAY BROWN, JR.

"Milt" "Brownie" "Farb"

"All the world loves a lover."

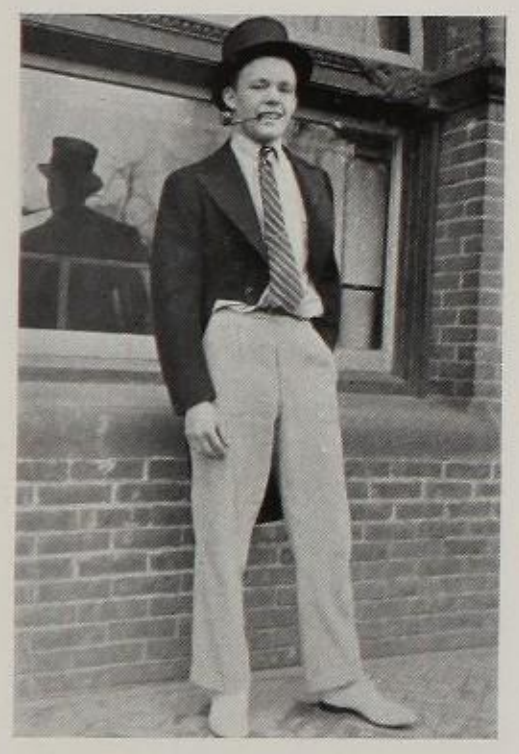
1405 South Douglas Ave., Springfield, Illinois.

Born at Springfield, Illinois, June 7, 1919.

Fourth Form Literary Comprehension Prize '35; Best House Athlete, Griswold, '35-'36; Herodotus Club '36-'37; All-House Football '35; All-House Soccer '36; Fifth Form Football Team (Numerals); Polo Manager; Athletic Committee '36-'37; Cum Laude Society.

Came to Lawrenceville September, 1934. Former House, Griswold. Preparing for B.A. course at Princeton.

MEET Milt Brown, an admirable character if there ever was one. Milt has achieved much in his three-year stay here at Lawrenceville. While a denizen of the Griswold, Milt enjoyed the honors attributed to an athlete and a scholar. He earned a steady first testimonial, and was awarded the fourth form prize for literary comprehension.



Athletically Milt was all-house end and on the ill-fated Griswold football team, and later on in the year became Griswold's all-house goalie. As a result of all these achievements, Milt was voted the Gris' best all-around athlete.

This year in Upper Milt became a member of the Cum Laude Society early in the year and has maintained this position throughout the year. Also, his high grade in history was responsible for his being elected secretary of the Herodotus Club. Again, Milt did not let his athletics fall down while he was hitting social and scholastic heights. He was stalwart on the fifth form football team, managed the polo team and was a member of the athletic committee.

Milt is going to Princeton next year where he will prepare for the degree of Bachelor of Arts.

OLLA PODRIDA

FRANK STUART BROWNE

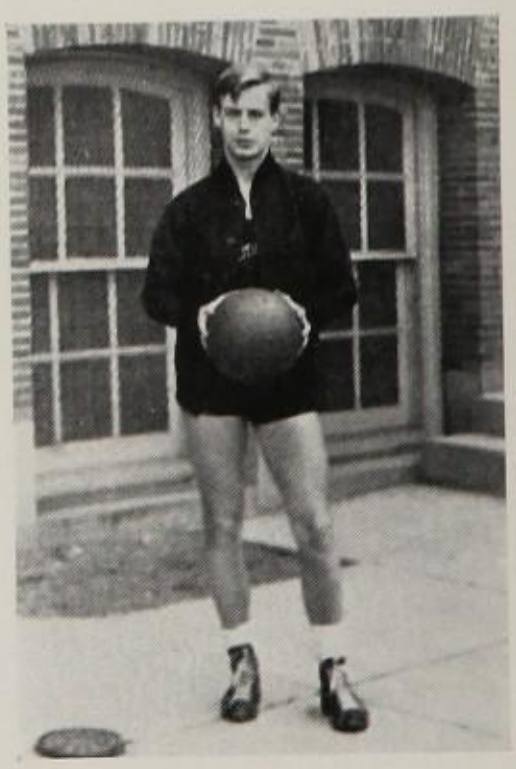
"Brownie"

"Swish!—two more points!"

153 Sycamore Ave., North Plainfield, New Jersey.
Born at Plainfield, New Jersey, January 31, 1919.
Basketball (L) '36-'37.
Came to Lawrenceville September, 1936. Former House, Dickinson. Preparing for B.A. course at Williams.

If you were a basketball and found yourself hurriedly propelled down the floor of the Lawrenceville gymnasium and violently pushed into the basket, thus being responsible for two points, the chances are that the man behind you would be Frank Browne.

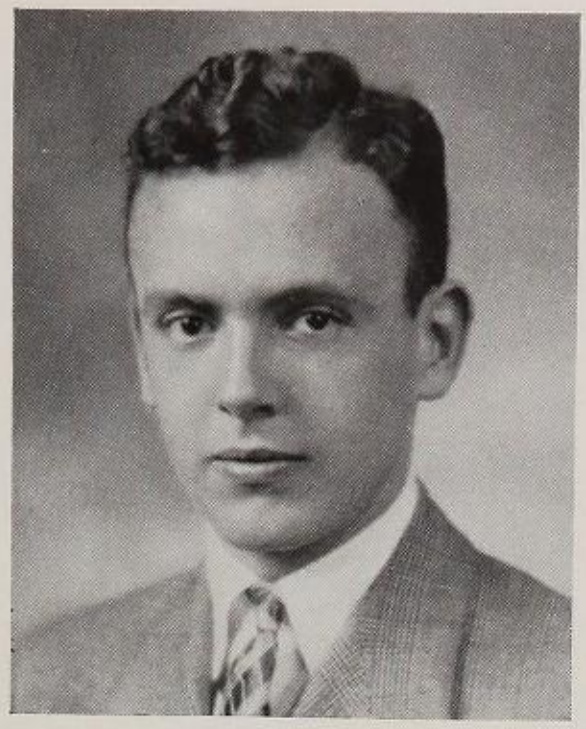
Frank, although a rhinie this year, has won for himself a fine reputation here at Lawrenceville. He exhibits greatest prowess on the basketball court and distinguished himself as the spark plug of the team and a leading contender for high scoring honors.



Because of his fine scholarship Brownie was transferred from Dickinson to Upper. Ever since coming to School he has maintained a high average but he still has plenty of time to engage in a rough-house in any of the various rooms along the second floor corridor.

It is, however, his cheerful and sunny disposition which has won him a place in the hearts of his friends. He is always ready to smile and say hello to fellow students. Along with this cheerfulness is a will to win which we think will take Frank a long way both at Williams and in later life. So here's to you, Frank. May you score many points in the game of life.

OLLA PODRIDA



DAVID ARTHUR CAMPBELL

"Dave"

"Throw physics to the dogs—I'll have none of it!"

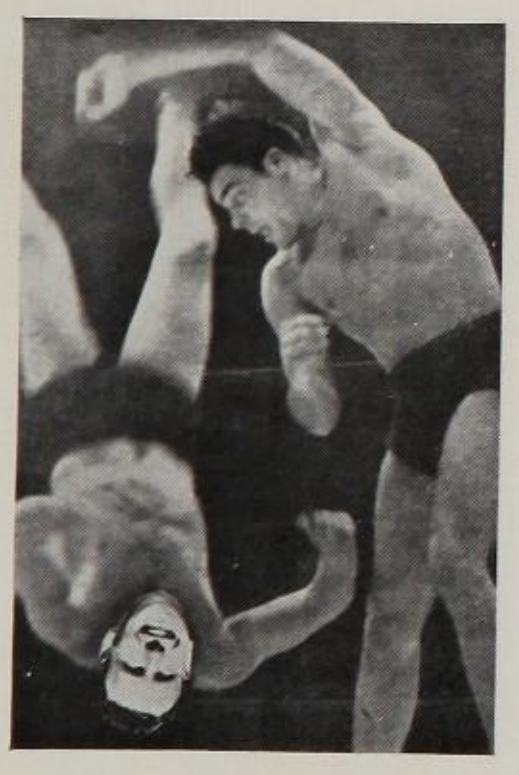
6 North Drive, Great Neck, Long Island, New York.

Born at Detroit, Michigan, September 1, 1920.

Marcus D. French Cup '35; Pipe and Quill; Herodotus; Bibliophiles, President (Winter Term); Parlons Français '36-'37; Photography Club '35-'36, Secretary '36-'37; Olla Podrida '36-'37; Program '36-'37; Wrestling Squad '36-'37; Associate Member Cum Laude Society (Fall Term).

Came to Lawrenceville September, 1934. Former Houses, Davidson, Dickinson. Preparing for B.A. course at Princeton.

IF one were to take all the hours that Dave has spent helping other fellows throughout the three years he has graced the Red and Black campus, rest assured that it would be an astonishing total for few are as thoughtful and as willing as Dave. As a sort of token of thanks for his generosity his friends have made him a member of the Pipe and Quill, the Herodotus, and the Bibliophiles Clubs. Also he is the secretary of the Photography Club.



Dave hails from Davidson and Dickinson and while in Dickinson he played on the football and soccer teams. The debating team also found his services essential. From Dickinson he moved to the "House of Lords," Upper. But really one shouldn't say lord around Dave for he is a staunch liberal democrat and as such was co-leader of the School democratic party. Fall found Dave on the fifth form football squad, winter saw him on the varsity wrestling squad and in the spring his fancy turned to track. However, these activities still don't prevent him from receiving first testies and a position in the Cum Laude Society. Finally, Dave is the true gentleman through and through—thoughtful, good-natured, ingenuous.

OLLA PODRIDA

WILLIAM CARNILL, II

"Bill" "Willy"

"Frailty, thy name is woman."

15 Sellers Ave., Ridley Park, Pennsylvania.

Born at Columbus, Ohio, January 11, 1919.

Fifth Form Athletic Committee; Vice-President of Kennedy '35-'36; Crew (minor L) '36; Championship Kennedy Football Team '35, Soccer Team '36; Crew Squad '35-'36.

Came to Lawrenceville September, 1933. Former House, Kennedy. Preparing for B.A. course at Yale.

Big Bill has had a long and interesting career in Lawrenceville. For three years he graced the halls of Kennedy and became vice-president in his last year. He shared in the Blue and Gray's long-awaited athletic success in '36, playing on the championship football and soccer teams. This same year Bill added crew to his achievements and was awarded the minor L with an excellent possibility of earning his position in the first boat this year. So far in '37 he started off well by playing a sturdy halfback on the fifth form soccer team.

Bill has given a good account of himself scholastically as well. He often scores a testimonial and, at that, still seems to spend more time in bulling than in studying. At these bull sessions Bill is willing to match stories with the best of them. True or not, his tales are always entertaining, and Bill has backed them up with his performances at several Lawrenceville proms. At these social highlights he always favors the girls with the southern drawl. The South reminds Bill of a story. . . .

For his athletic ability, sensibleness, and good humor, Bill is admired and well liked. Not Old Nassau, but Yale, will be the university to receive Big Bill.

OLLA PODRIDA

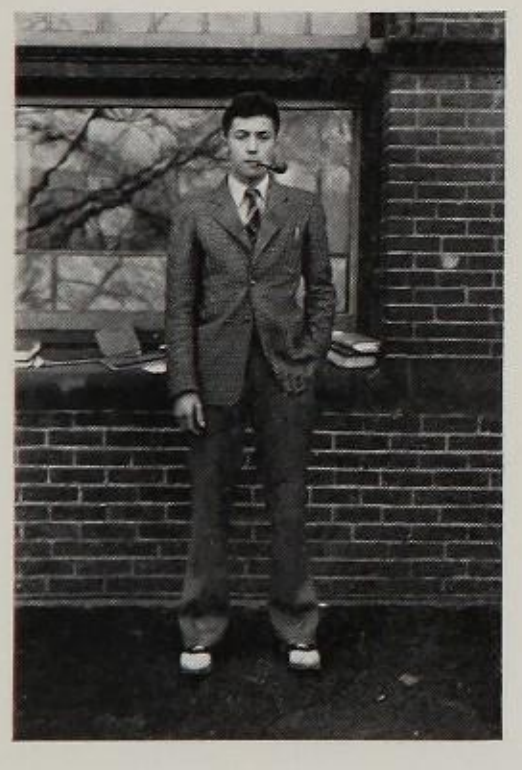
MILLARD CARNRICK, JR.

"Milt"

"I ain't lazy—I'm just dreaming."

55 South Mountain Ave., Montclair, New Jersey.
Born at New York, New York, March 12, 1919.
Lawrence '35-'36, Assistant Business Manager '36-'37; Fifth Form Football, Soccer; Band '34-'35, '35-'36, '36-'37.
Came to Lawrenceville September, 1934. Former House, Raymond. Preparing for B.A. course at Princeton.

MILT came to Lawrenceville three years ago, entering Raymond House. While a resident there he showed his housemates that athletically he was not backward by playing on both his house soccer and baseball teams. His activities spread into the scholastic field also. His grades were never very, very high, but on the other hand, were never extremely low.



Last fall Milt returned to School as a fifth former. He immediately took over the duties incumbent upon all members of the graduating class, the most important one of which is acting the part of Mr. Worldly-Wise Man in a manner which will impress the underformers. Besides becoming an accomplished hand at this art, Milt once more distinguished himself as an athlete, playing on the fifth form football and soccer teams. On the more aesthetic side, he became a member of the Band; while in the field of publications he rose to the assistant business managership of the LAWRENCE.

This coming June Milt will end a profitable three-year sojourn on this campus. We sincerely hope that his years at Princeton will be spent in the same worth-while fashion.

OLLA PODRIDA

EDWARD TINSLEY CHASE

"Ned"

"A man of parts and letters."

Woodstock, New York.

Born at Kingston, New York, April 19, 1919.

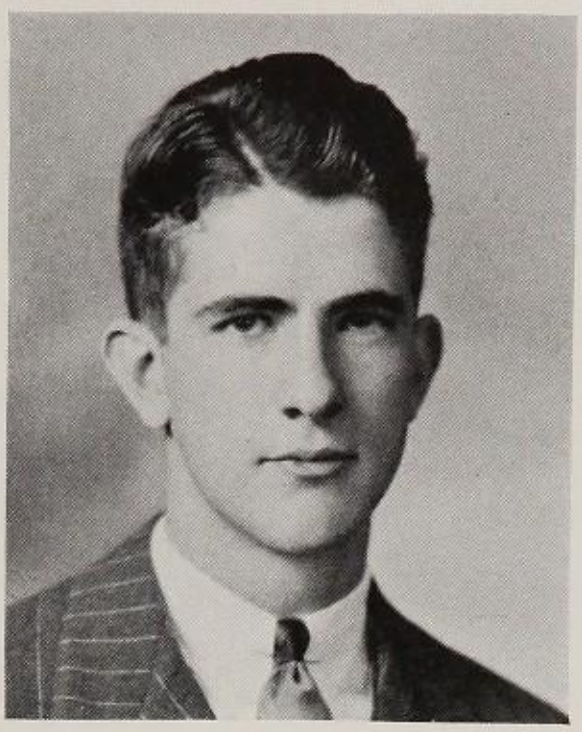
Cum Laude Prize '36; Herodotus; Pipe and Quill; Bibliophiles; Olla Podrida '36-'37; Football (L) '35-'36, (L) '36-'37; Track (L) '36; President of Herodotus Club; Secretary, Pipe and Quill; Permament Member of Cum Laude Society; Co-Chairman of Democratic Party; Chairman of Fifth Form Athletic Committee; Member, Tennis Umpires Association.

Came to Lawrenceville September, 1935. Former House, Dickinson. Preparing for B.A. course at Princeton.

In two short years here Ned has shown himself to be one of those fortunate few who have the ability to combine a great athletic skill with high scholarship and success in many diversified fields of extra-curricular activities. But perhaps the one thing which he can be most proud of is the host of devoted friends that a keen sense of humor and an understanding judgment have brought him.

Versatile and talented, Ned has been president of the Herodotus Club and a mainstay of the football team, an important member of the track team and an outstanding figure in both the Bibliophiles Club and the Pipe and Quill Club. In the latter he had opportunity during the winter term of making use of his ability to write, holding the position of secretary. And yet, with all these interests and many more not mentioned here, Ned has found time to gain a permanent membership in the Cum Laude Society.

In everything that he has entered into here at school he has brought an unerring sense of judgment, a keen wit and a willing spirit; his has been a worthwhile contribution to Lawrenceville.



FRANKLIN MORTON CIST

"Frank"

"Look here upon this picture."

Brewster, Massachusetts.

Born at Chicago, Illinois, November 11, 1918.

Radio Club '37; Photography Club '37; Cum Laude Society; Glee Club; Choir; Olla Podrida '36-'37.

Came to Lawrenceville September, 1936. Former House, Lodge. Preparing for B.S. course at Princeton.

As Frank stalks about the campus one is struck by the majesty of his stride. It isn't so much his six feet three inches but the way he does it. This fifth form rhinie also is tops in grades, earning an average in the high eighties. He was recently elected a permanent member of Cum Laude.

A late-comer, Frank was a member of the Lodge until after mid-years, when he moved to Upper taking the place of some of our less fortunate mates.

Along in November, Frank amazed all who saw him by wearing for a whole week a small bow tie made of pink ribbon—the result of an election bet. This is only one example of the unexpected things of which Frank is capable. One day he startled the fifth form by calmly climbing upon a table and just as calmly setting up his camera to take a flash picture of the Upper House dining room during lunch. Frank is the proud possessor of an extremely deep voice which has assured him a berth as second bass in both the Glee Club and Choir. His other interests run to photography, poetry, and tennis. He ranks about ninth in the School in the latter.

RICHARD LIVINGSTON CLARKSON

"Dick"

"Dicky-bird, why do you flit singing 'Willow, titwillow, titwillow?'"

36 Elizabeth Road, New Rochelle, New York.

Born at Bellerose, Long Island, New York, September 25, 1919.

Captain, Woodhull Tennis Team, '35-'36; Hockey (L) '35-'36, (L) '36-'37; Tennis Squad '34-'35, '35-'36, '36-'37; Crew Squad '35, Second Crew '36; Lit '36-'37.

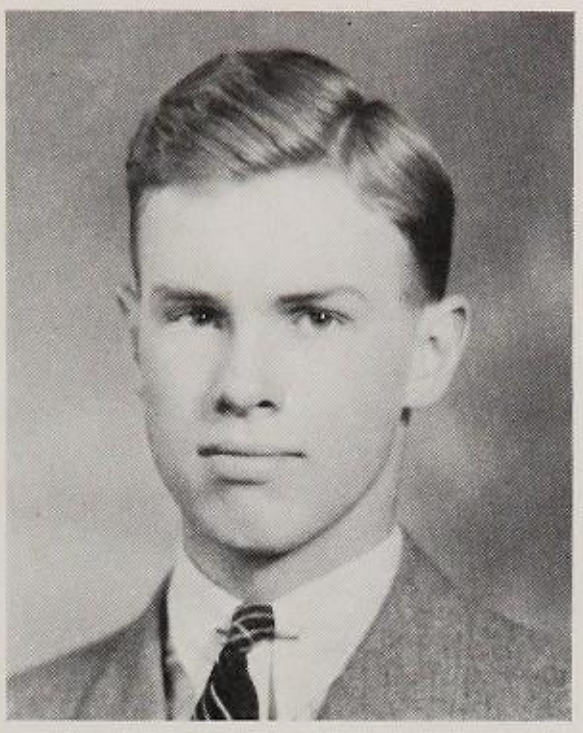
Came to Lawrenceville September, 1934. Former House, Woodhull. Preparing for B.A. course at Williams.

Dick came to Lawrenceville three years ago as a member of Woodhull. From the first he won a good name for himself in the hockey arena as well as on the crew squad. In both sports Dick has excelled. His merits as an unusually fine goalie could not have been overlooked by even the most casual spectator at any one of the numerous games in which Dick has participated since he came to Lawrenceville. The games of the past two seasons have been full of spills and saves and he is sure to continue on to a brilliant career in college.

Dick's good humor has put him in good favor with the brawn that tugs on the oars of the shell in which he is coxswain, and his fine performances last season definitely rank him as an able man for that position. On the tennis courts, too, Dick is exceptionally good and is a member of Beasley's crack squad.

Nor do Dick's abilities terminate on the athletic field. He has a knack for turning out some superb short stories that never fail to net him a fine English grade. In all, he is a fine fellow with a good sense of humor and a quiet manner that is sure to help him in going a long way.

OLLA PODRIDA



EDWARD SPRAGUE COBB

"Ted" "Ed"

"Ladies, as well as gentlemen, prefer blondes."

273 Tremont Ave., Orange, New Jersey.

Born at South Orange, New Jersey, July 16, 1918.

Herodotus Club; Lawrence '35-'36, '36-'37; Olla Podrida '36-'37; Fifth Form Soccer (Numerals); All-House Track '35; All-House Soccer '36; Tennis Squad '35; Track Squad '36.

Came to Lawrenceville September, 1934. Former House, Griswold. Preparing for B.S. course at Princeton.

TED has always shown himself to be a fellow of varied interests. Whatever he does, he does thoroughly. An exceptional soccer player, he was selected as all-house material last year and this fall won class numerals for his excellent playing as center halfback. But Ted does not confine his athletic ability solely to soccer. Last spring he was among those on the all-house track team.

Just when Ted gets his work done is somewhat of a mystery. Invariably he is an active participant in the numerous third-floor disturbances which rock the foundations of Upper and yet his marks never seem to suffer. In addition to holding down about a seventy-five average Ted has found time to delve into the field of publications and earn himself a position on two boards, the LAWRENCE and the OLLA PODRIDA.

In a quiet and unassuming way Ted has made a great many friends in Lawrenceville. Always considerate and always helpful he has gained the respect and admiration of all who know him. We feel that with his varied abilities and fine characteristics it is only natural that Ted will succeed. At any rate, we will join in wishing him luck at Princeton and in later life.

OLLA PODRIDA

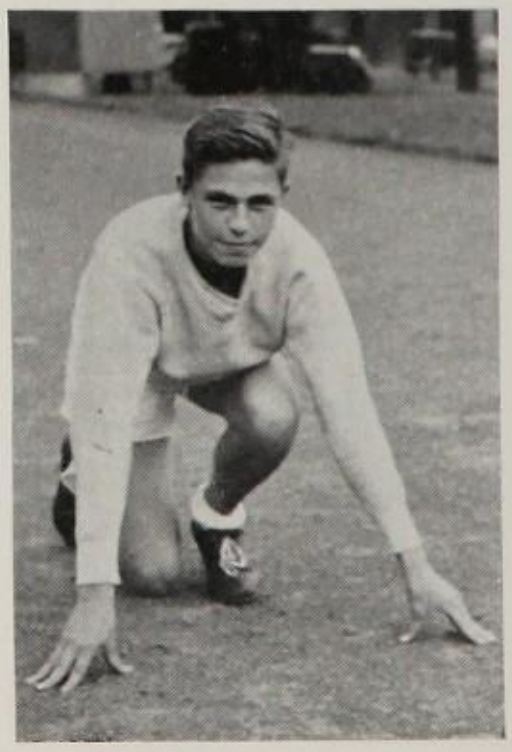
JEREMY ROSSINGTON COLPITTS

"Jerry"

"Actions speak louder than words."

75 Cleveland Lane, Princeton, New Jersey.
Born at New York, New York, February 21, 1919.
Track (L) '36.
Came to Lawrenceville September, 1934. Former House, Dickinson. Preparing for B.S. course at Yale.

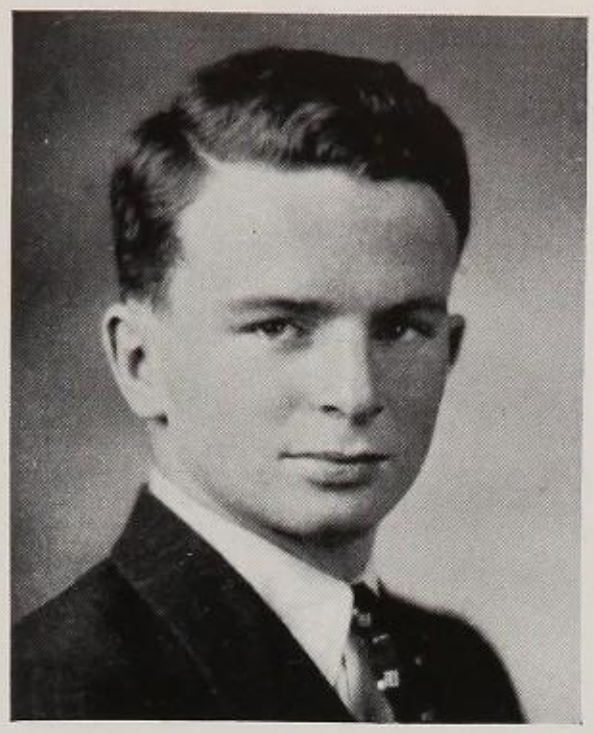
SINCE time immemorial people have liked the quiet person, the unassuming person who lets his virtues speak for themselves, who does not broadcast his merits. Perhaps this explains why those who know Jerry like and respect him. Unfortunately for us, Jerry is a day boy, and so we see less of him than we would like. When we do see him it's usually on the track for that's where Jerry is in his element. To be even more specific, Jerry's element is the mile. Now anyone who runs one mile is either crazy or else has the kind of spirit that won't be licked. Well, we can vouch for Jerry's sanity and his major L can vouch for his spirit. Soccer, also, is a punishing sort of sport and here, too, we find Jerry excelling.



An ace scholar Jerry is not; however, his judgment and common sense (which after all are more important) are certainly respected.

Jumping back to athletics again, it must not be omitted that Jerry is "handy with his mitts" as the boys say. Translating, he's no mean boxer and his wallop is most convincing. But 'nough said. You see the point. Jerry believes actions speak louder than words. At Lawrenceville, he proved it.

OLLA PODRIDA



JOSEPH LAWRENCE CONNEEN

"Joe" "Claude" "Clinker"

"It looketh more like dancing than wrestling."

380 Ravine Drive, South Orange, New Jersey.

Born at East Orange, New Jersey, June 19, 1917.

House Football Team '35; Baseball Team '36; Wrestling Squad '36, Team '37; Golf '36; Fifth Form Golf.

Came to Lawrenceville September, 1935. Former House, Raymond. Preparing for C.E. course at Lehigh.

ONE hundred and thirty-five pound Joe is the little demon you see each Saturday afternoon gracing the wrestling mats and upholding the sterling record of the wrestling team. A mighty man is he when he shuffles out of his corner and bares his teeth and growls at an opponent. Last year as a member of the Raymond he quickly earned the reputation of being a mighty atom when he was the only member of his house football team to play each minute of every game. In the spring he pitched for Coach Craig's nine.

This year he resides up the road in the George House where he has added to his already renowned reputation of joke teller *par excellence*. He claims that his brisk walk and the snappy breezes before breakfast are good for the lungs. We are not quite sure if he has set a record or not, but if he hasn't, he has come close for he has brought the same girl to each of the last three proms, a diminutive but very lovely blonde. Too, his feats on the dance floor are very highly admired as he is well trained in the enchanting terpsichorean art.

Joe leaves us to go to Lehigh where he will study for an engineering degree.

OLLA PODRIDA

JAMES WILLIAM COSTELLO, JR.

"Cos" "Costy" "Jim"

"Oh, the shamrock, the green, immortal shamrock."

632 Parker St., Newark, New Jersey.

Born at Newark, New Jersey, November 7, 1919.

Tennis Squad '34, '35, '36, '37; Swimming Squad '35-'36.

Came to Lawrenceville September, 1934. Former House, Kennedy. Preparing for B.A. course at Dartmouth

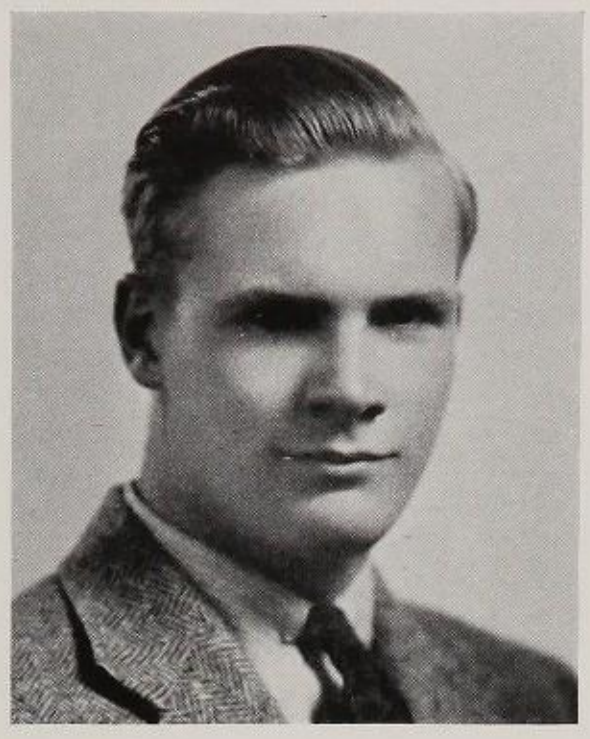
JIM entered Lawrenceville three years ago spending the first two in the Kennedy before emigrating to Upper. He is endowed with a ready sense of humor which is frequently appearing in the form of practical jokes. Offered in the spirit of good fun these jokes have kept the third floor laughing during many a long evening. Jim is one of those rare individuals who can take a joke as well as play one. The spontaneous laugh with which he accepts a joke played on himself has earned him many friends.

Exactly when Jim does his work nobody has yet been able to discover. It is not too frequent a sight to see him bent over his books, yet with no difficulty he obtains grades which many an upperclassman would be glad to have. In every bull session, in every uproar of any kind, Jim is always present playing a prominent part.

In athletics Jim is an outstanding tennis player and swimmer, having held positions on the varsity squads in those sports.

Jim is headed for far-famed Dartmouth and a B.A. degree, and needless to say, our best wishes accompany him.

OLLA PODRIDA



JOHN TAYLOR CUMBLER

"Jack"

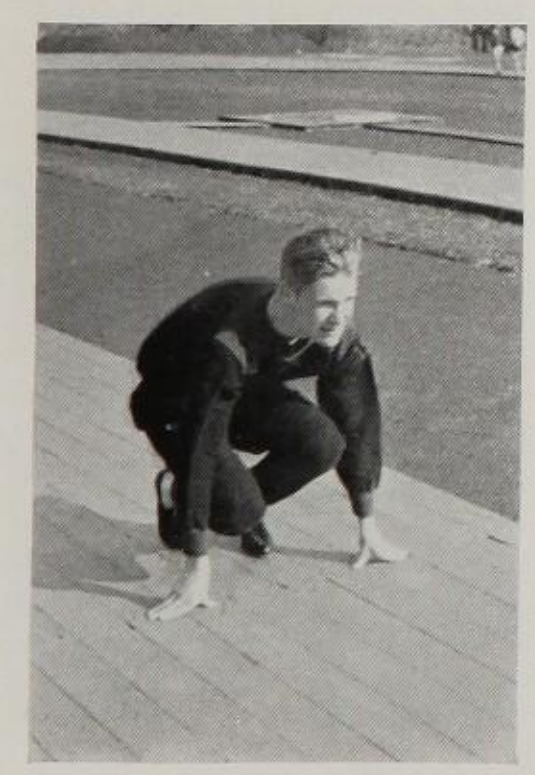
"I am the Devil's Disciple."

3525 78th St., Jackson Heights, Long Island, New York.
Born at New York, New York, April 25, 1918.

Herodotus Club; Bibliophiles; Periwig Club '36-'37; Track (L) '36; Winter Track '36-'37; B Football Team '35; Tennis Umpires' Association '36-'37.

Came to Lawrenceville September, 1935. Former House, Cleve. Preparing for B.S. course at Pennsylvania.

A STAR performer on the boards (both theatrical and athletic), John has earned in his two years here a place as one of the School's best runners and one of its better actors. His prowess in track is legendary; it is with a certain amount of fear that his name is mentioned in the athletic bull sessions of all the circle houses except Cleve.

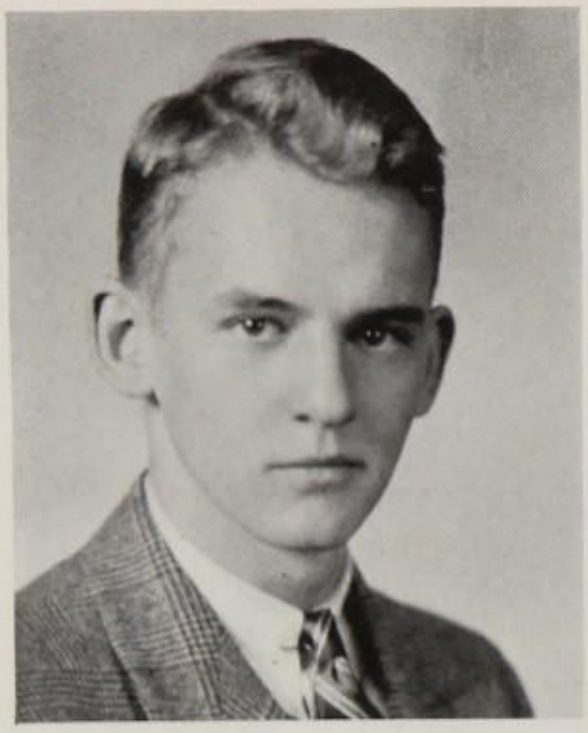


His last-second spurt won the relay last year after the Cleve had been in second place all through the race. As a member of the varsity track team he has had opportunity to use this to advantage.

A member of the Herodotus Club, the Bibliophiles, and the Periwig, Jack has been able to diversify his interests in an amazing fashion. His performance as Dick Dudgeon in the Periwig presentation of *The Devil's Disciple* in Princeton was a fine piece of acting. In the forthcoming production of *Journey's End* in Bermuda he is taking the part of Captain Hardy, yet another opportunity to display his ability in this line.

A member of the George House contingent and therefore more or less isolated, Jack has made his presence felt way down "hyar" in Upper; he will be as welcome, we are sure, everywhere he goes.

OLLA PODRIDA



JOHN WARREN DAVIS, JR.

"Farmer" "Jack"

"Certainly my right arm is insured."

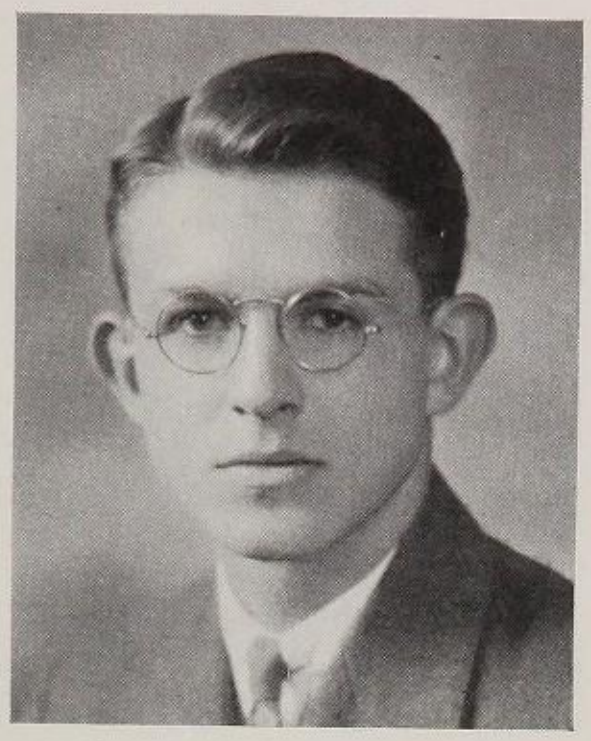
Lawrenceville, New Jersey.
Born at Trenton, New Jersey, July 30, 1918.
Baseball Team (minor L), '34, (L) '35, (L) '36.
Came to Lawrenceville September, 1932. Former Houses, Thomas, Dickinson. Preparing for B.A. course at Princeton.

In the spring John can usually be found on the varsity diamond practising his hook. He is the varsity pitcher on the ball team and plays in the outfield in the games where he doesn't pitch. He has been pitching on the varsity for three years and is scheduled to go places this year. He came to Lawrenceville five years ago and was on the Thomas House ball team in Lower School. When he came to the Circle he went to Dickinson and proved himself of great service to the house. In 1936 he was soccer captain and received an all-house selection at fullback.

As a fifth former one can always find the "Farmer" in Room 47 Upper every second period telling everybody how hard Mr. Mikesh's math assignments are. His amiable disposition and generosity have earned him a host of friends who won't be quick to forget him.

His exaggerated stories of the Trenton "hot spots" have been the envy of all Upper and many are the bull sessions that he amuses by his tales, and many are the rhinies who have looked with envy at the "big shot" who rides regally around the campus in his Ford. We wish him luck in Princeton.

OLLA PODRIDA



RICHARD WILLIAM DECOU

"Deak" "Deacon" "R. W."

"Who thinks to live, must live to think."

Crosswicks, New Jersey.

Born at Philadelphia, Pennsylvania, October 20, 1918.

Librarian, Kennedy, '34-'35; Third Form Short Story Prize '34; Science Club; Pipe and Quill; Photography Club '35-'36; Chairman, Program '36-'37; Business Manager, Lit, '36-'37; Cum Laude Society.

Came to Lawrenceville September, 1933. Former House, Kennedy. Preparing for B.A. at Dartmouth.

IN case you don't know, Dick DeCou is that serious looking person who is occasionally seen darting about the campus. We haven't seen much of Dick this year because he has become a day boy and dashes home soon after classes are over.

The Deacon never seems to be able to hand his work in on time but that doesn't stop him from getting good grades. He was elected to a permanent membership in Cum Laude back in November, and he has continued to get high marks. It takes him about two minutes flat to figure out an answer to the problems he gets in mathematics. He seems to like all branches of science for he has taken both physics and chemistry and has passed them with flying colors.

We don't want you to get the wrong impression of Deak, however. He isn't a grind. He spends a great deal of time working about the PROGRAM, of which he is chairman. Besides his literary activities, Deacon is a member of the very exclusive Pipe and Quill Club and is in the Science Club. Yes, Deacon's is the familiar story of "local boy makes good" and he leaves us for Dartmouth with our best wishes.

OLLA PODRIDA

JEAN VICTOR DEPLANQUE

"Jack" "Dupy"

"The earth loveth a shower—but not I."

237 Prospect Ave., New Brighton, Staten Island, New York.

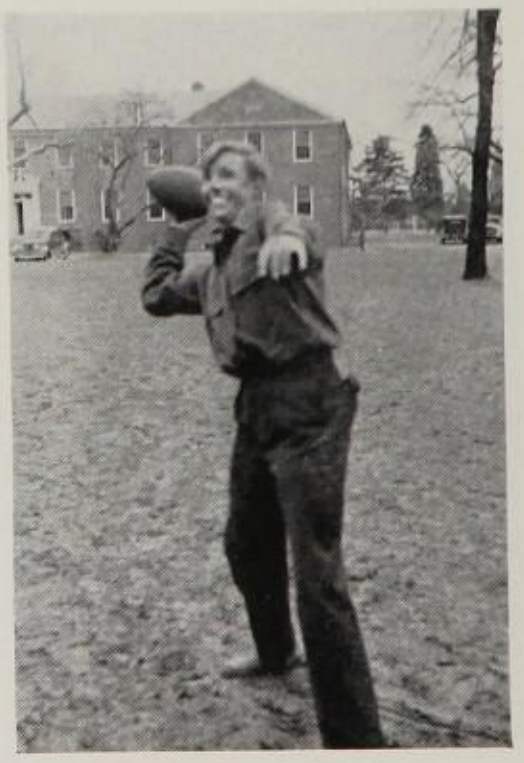
Born at Staten Island, New York, November 16, 1918.

First Form Spelling Prize '32; Dawes Most Improved Boy '36; Band '32, '33, '34, '35; Choir '32, '37; Glee Club '37.

Came to Lawrenceville September, 1932. Former Houses, Davidson, Dawes. Preparing for B.A. course at Yale.

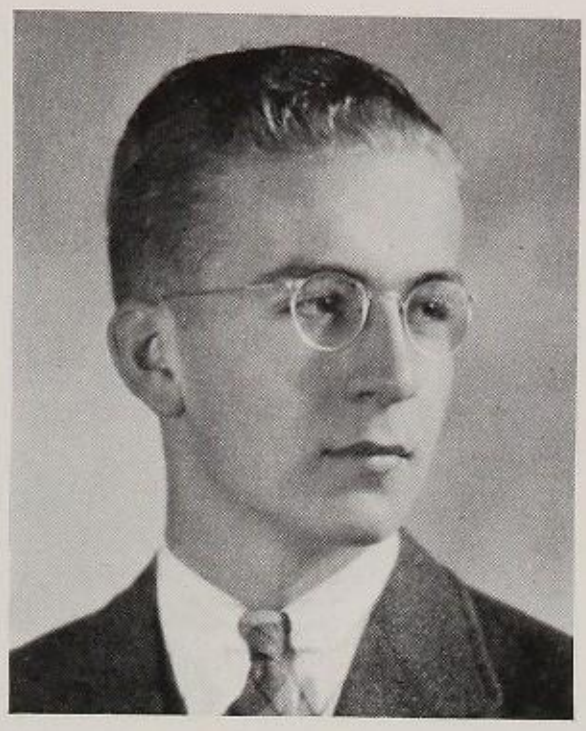
JACK started his Lawrenceville career five years ago in Davidson House. Here he consistently had high grades and was a member of four Davidson championship teams that year. A year later he became an inhabitant of the Dawes House where he further distinguished himself in studies and athletics.

Now that he has reached Caleb Smith he is recognized as one of the form's most brilliant loafers. Without doing an excessive amount of work he manages to get consistently high grades. This leaves him free to participate on the form's numerous athletic teams. Furthermore, he lends his vocal talent to the Choir and the Glee Club.



Dupy is one of our most avid butt fiends and one is usually sure of finding him in the common room poking one of the vile weeds. How he manages to keep in good physical condition is a mystery to most of us. Jack has been interested in debating for some time and he will argue with anyone, anywhere, at any time on any subject with which he disagrees. These impromptu debates will sometimes last an entire evening. Jack is one of the few who will represent Lawrenceville at Yale.

OLLA PODRIDA



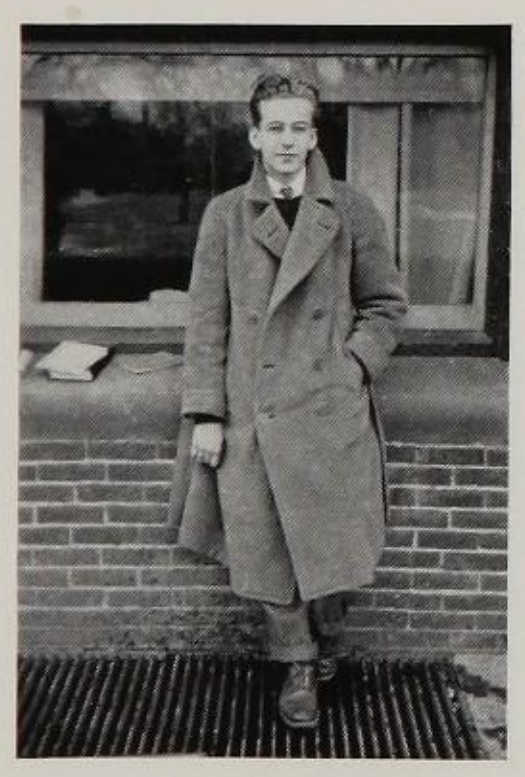
DONALD DUNLOP DINGMAN

"Don"

"Let's be men about the whole thing."

Wearimus Road, Hohokus, New Jersey.
Born at Paterson, New Jersey, June 29, 1920.
Crew Squad '37.
Came to Lawrenceville September, 1936. Preparing for pre-medical course at Princeton.

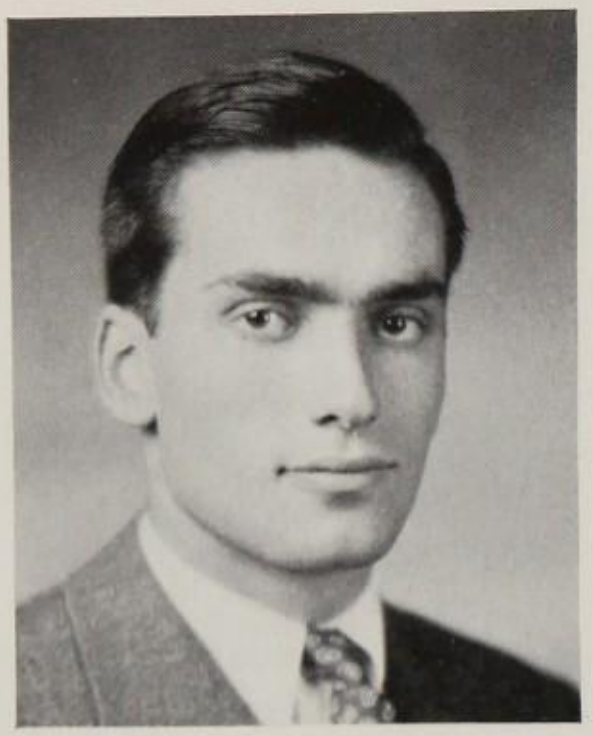
DON came to Lawrenceville this fall as a fifth form rhinie. He is on his way to Princeton where after leaving Lawrenceville he will prepare for a medical career by taking a pre-medical course. Don has supported the athletic activities of the fifth form this year as a member of both the fifth form soccer and touch football squads. In the fall Don could be found every afternoon out on Green Field doing his part for the Reds in touch football. And later on in the season Ding could again be found quite often out on Green Field giving his bit for the form's soccer team. After the football and soccer seasons had passed Don went out for crew and became a member of the School crew squad.



In spite of the fact that he is continually searching for his books, which inevitably find their way to Upper, he manages to keep his grades above the scholarship waterline, despite Trigonometry and Advanced Algebra.

Don leaves us one of the best-liked George delegates and we sincerely hope that he continues his successful career in Princeton, where he is trying for a B.A. degree.

OLLA PODRIDA



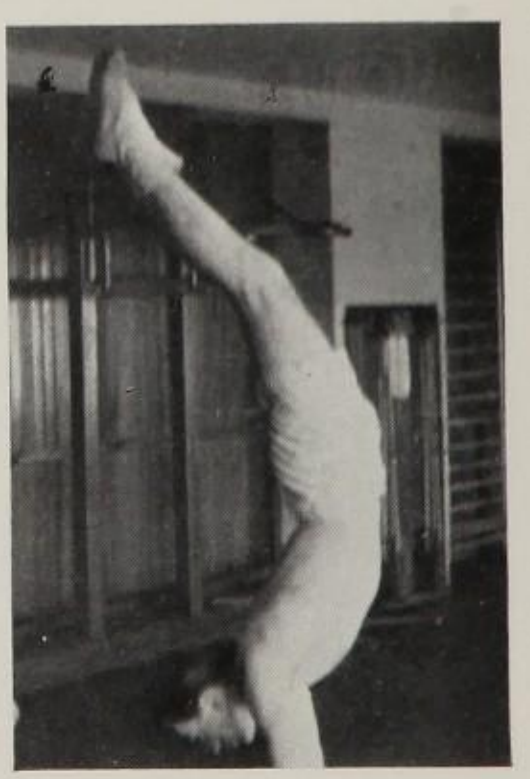
CHARLES MASON DOW

"Charlie" "Farmer"

"An Atlas every inch."

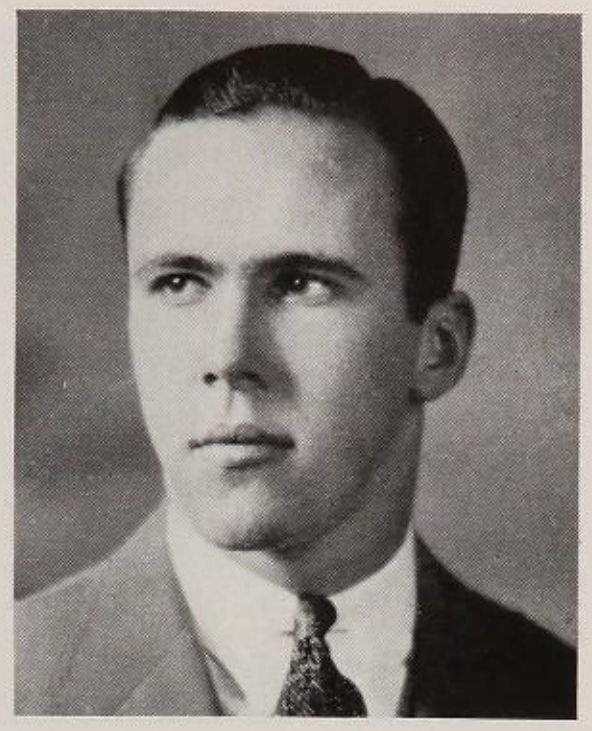
16 West 5th Street, Jamestown, New York.
Born at Jamestown, New York, May 11, 1918.
Crew Squad '37; Cross Country Squad '36.
Came to Lawrenceville October, 1936. Preparing for Yale.

CHARLIE only came to Lawrenceville this fall but in the short period of one year he has made many friends among the members of the fifth form as well as the rest of the School, and is everywhere recognized as a swell fellow. He came to Lawrenceville from Hill with a fine athletic record behind him and has continued it here. This fall he was a member of the cross country track squad, and, in addition to running, Charlie also throws the hammer. Many are the afternoons that he could be seen practising down on lower field. Charlie is also quite a crew man. After he became a member of the crew squad, it was not long before his ability was recognized. Always interested in improving his physique, Charlie is often to be found in the exercise room at the gym. His admirable build is the envy of all those interested in body building.



Charlie was not fortunate enough to be able to get into Upper; so he did the next best thing and became a member of Club Kinnan. Charlie is known as something of a humorist. A favorite sketch is the dialogue between two farmers; hence the nickname Farmer. A good friend, we wish Charlie all possible luck.

OLLA PODRIDA



THOMAS NEWSAM DOYLE, III

"Derle" "T. N." "Padidle"

"I never felt the kiss of love,
Nor maiden's hand in mine."

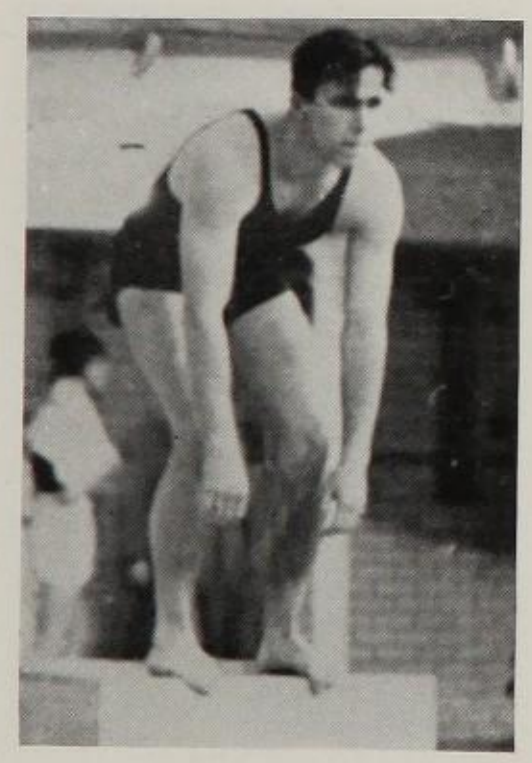
10 Millard Ave., Bronxville, New York.

Born at Scranton, Pennsylvania, June 26, 1918.

Elected President, Dickinson, '36-'37, Historian '35-'36; Band '35-'36; Swimming (L) '34-'35, (L) '35-'36, (L) '36-'37; Baseball (minor L) '35-'36; All-House Baseball '34, '35; House Championship Teams in Swimming '33-'34, Basketball '34-'35, Baseball '35, '36.

Came to Lawrenceville September, 1933. Former House, Dickinson. Preparing for B.A. course at Princeton.

FOUR years ago Tom entered Dickinson and settled into the routine of the School with apparent ease. In the three years he spent in Dickinson he became one of the most popular boys in the house. It was not long before he had impressed everyone with his ability in the field of athletics, and he now boasts three major L's and a minor L. Ever since his second year here he has been one of the leading members of the swimming team, and he also played on the baseball team last year. He received an all-house selection in baseball for two years in succession, and played very good football at center for Dickinson in 1934. His likeable nature has won for him many close friends throughout the School.



Tom can play a fine game of ping-pong, and can hit a golf ball farther than anyone in School. In spite of all these achievements he still finds time to study and one can often find him at his desk.

Last year he was elected by members of the house to be president of Dickinson for the year '36-'37 after a successful year serving in the capacity of historian, but he made the fifth form and now resides in Kinnan.

OLLA PODRIDA

RAYMOND WADE DRAKE, JR.

"Duke" "Ray"

"Short, but to the point."

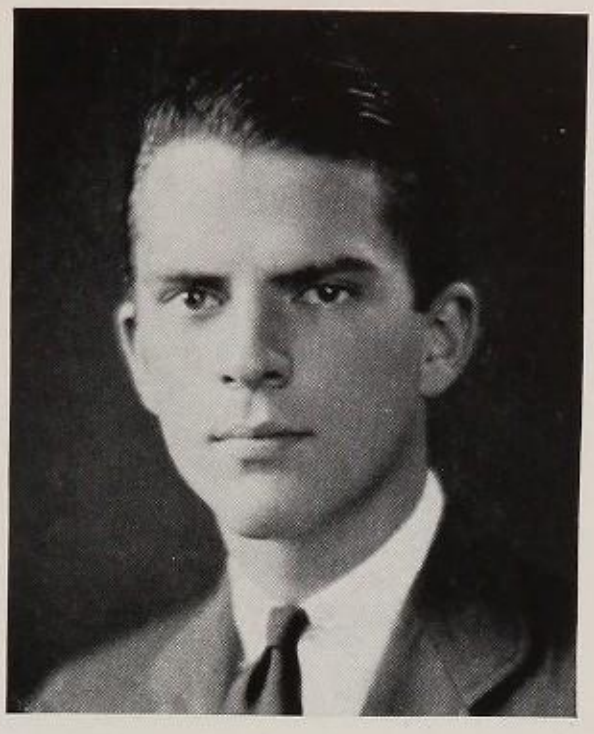
431 Parker St., Newark, New Jersey.
Born at Newark, New Jersey, June 30, 1918.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

COMING to Lawrenceville this year as a rhinie, Ray has distinguished himself in the fifth form by accomplishing the most difficult task of a senior. Although he came directly from another school he set to work and has been retaining a first testimonial average throughout the year.

Unfortunately Ray has been with us only a short time, but his character is such that he immediately became one of the most popular boys in the fifth form. Ray's week-ends are not only filled with startling episodes but his escapades are revealed to the public. During a recent visit to the big city he was caught unaware and his picture published in a well known magazine while he was visiting one of New York's hot spots.

Ray may be small in stature but he is by no means lacking in physical strength. Often he can be seen on the top of a pile of the boys who find their pleasure in mixing it up. One of the notorious first-floor flits, he is constantly thinking up new schemes for tricking someone into being the victim of a playful prank. With the scholastic record Ray has acquired at Lawrenceville, he cannot help but be successful in the future.

OLLA PODRIDA



REYNOLDS DUPONT

"Duco" "Dupe"

"What charm hath the sunny disposition."

Saint Amour, Wilmington, Delaware.

Born at Wilmington, Delaware, March 25, 1918.

Director of Upper; President of Kinnan; President of Raymond '35-'36; Periwig '34-'35, '35-'36, '36-'37; Flag Lieutenant '34-'35, '35-'36, '36-'37; Olla Podrida '35-'36, '36-'37; Manager, Crew, '35, '36, '37.

Came to Lawrenceville September, 1932. Former Houses, Thomas, Raymond. Preparing for B.S. course at Massachusetts Institute of Technology.

It seems as if it took Dupe a while to get started here at Lawrenceville as we hear very little from back in '32 and '33 when he was a bewildered rhinie member of Thomas House. He certainly must have been full of potential possibilities, however, as we find him now, after a lapse of three years, holding one of the most important positions in the School.

The Raymond House recognized his ability when he was elected all in one year to the Flag board, the Periwig, and the Olla Podrida. They found that he was not interested only in one type of activity when he went out for house football and soccer and gained the managership of the crew. They elected him president of the house.

At present we find him still holding his position as manager of crew, advanced to captain of the Flag board, elected to the presidency of Kinnan and to a directorship of Upper. His constant genial manner, his keen sense of humor, and his ability to serve in executive positions are certain to make him well liked and successful not only in college but all through life. The best of luck, Duco, at M.I.T.

OLLA PODRIDA

JACK RODNEY EISNER

"Baron"

"For thy sake, tobacco, I would do anything but die."

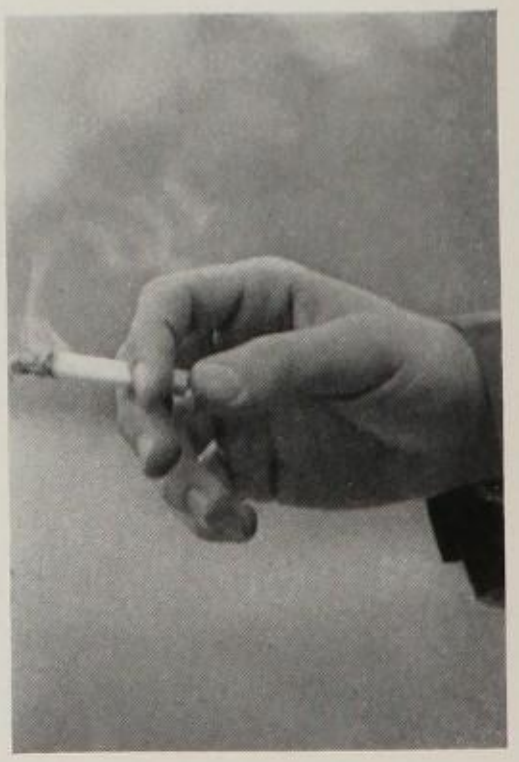
Red Bank, New Jersey.

Born at Red Bank, New Jersey, July 25, 1918.

Choir '32-'33.

Came to Lawrenceville September, 1932. Former Houses, Perry Ross, Dawes. Preparing for M.D. at McGill University.

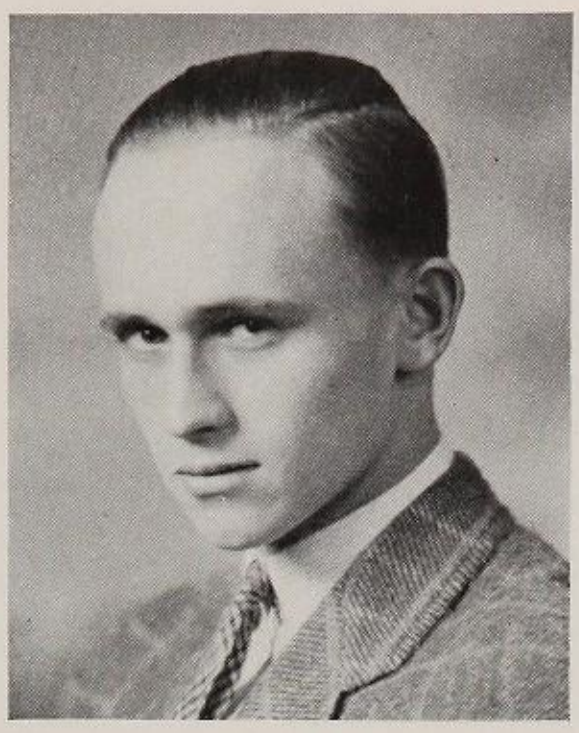
LAWRENCEVILLE School is no new experience to the Baron; this is his fifth year here climaxing three spent in Dawes and one, his first, in the Lower. Thus far he has succeeded in keeping his work well under control with a minimum of effort. Most of his free time he devoted to reading, recreation (not reading), girls, and smoking. This last is the one thing that consumes a good percentage of the Baron's time. He is an inveterate smoker and yet his technique in this, his favorite indoor sport, is such that a cigarette seems almost as though it were a part of the natural contour of his features.



No social recluse the Baron has an enormous amount of mail awaiting him every day. The volume received by him one day last year came very close to some kind of a record. What is more important, this postal deluge represents the offerings of female admirers, not those of soliciting business firms. It is the envy of many fifth formers.

An individualist in that he is breaking away from the usual choice of colleges, Jack is headed for McGill and a career in medicine. We have confidence that he will be a good doctor, though a hard-smoking one.

OLLA PODRIDA



NATHAN ANTHONY ESTES, JR.

"Nate" "Ant"

"What's this talk about evolution?"

130 Touro St., Newport, Rhode Island.
Born at Nashua, New Hampshire, March 16, 1920.
Championship Kennedy Swimming Relay Team '36.
Came to Lawrenceville September, 1935. Former House, Kennedy. Preparing for B.A. course at Princeton.

NATE entered Kennedy House two years ago where he soon became famed for his mania for moving furniture. Regularly twice a week he could be heard decorating his room to suit his own changing taste.

He took an active part in athletics, winning his house letter as a member of the victorious Kennedy swimming relay team. But Ant's forte is baseball. No one will forget his sensational one-handed catches in center field accompanied by Fuzzy Craig's fervent prayers of thankfulness.

This year Nate has also shown up well on the gym floor playing Red and Black basketball. Nate has never been known to study while the sun shines but by extensive burning of the midnight oil has been able to keep his grades above the danger line. He has tried hard to convince us that he takes no stock in the fair sex but the flock of letters he receives every day written in various feminine hands disproves that fact, for in reality he is the Casanova of Newport.

Nate is heading for a pre-medical degree at Princeton and it may not be long before we can boast a molar extraction at the able hands of the eminent Estes.

OLLA PODRIDA

JOHN LESLIE FERGUSON

"Fergie" "Red" "Ferg"

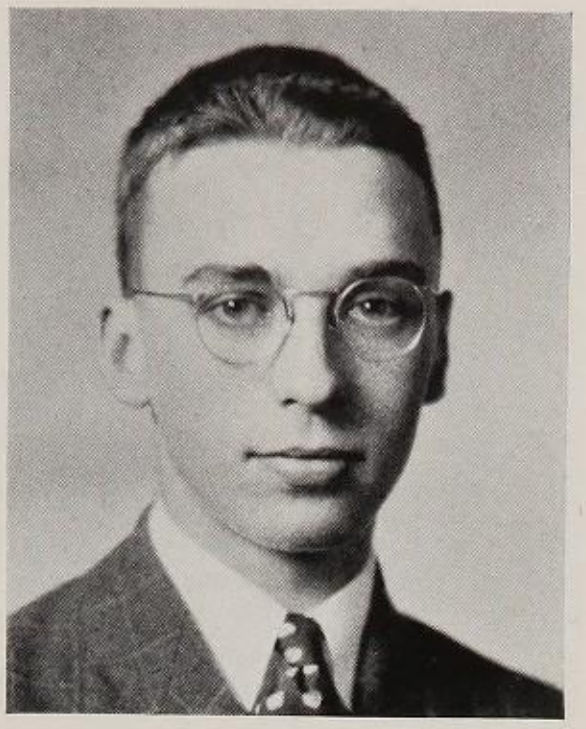
"Let my lamp, at midnight hour, be seen in some high, lonely tower."

315 East 34th St., Paterson, New Jersey.
Born at Paterson, New Jersey, January 2, 1918.
Olla Podrida '35-'36, '36-'37.
Came to Lawrenceville September, 1935. Former House, Dickinson. Preparing for B.A. course at Williams.

In September two years ago the returning old boys of Dickinson House along with the rhinies were floored by the appearance of a jovial red head. Fergie immediately began, in his unique manner, to accumulate many friends and now is one of the best-liked fellows in the form. In his room on the second floor one could always find a group of second floorers attracted by his generosity. He always seemed to be plentifully supplied with food and never hesitated to give it to anyone who happened to be around. At the dinner table his jovial wit was always appreciated and he never failed to make some sad person laugh.

In addition to these good qualities, Fergie has the ability to concentrate and few work harder than does Red. This year he was in George House for the first part and earned himself, by continuous effort, a place in Upper. In Room 20 one can usually find him burning the midnight oil to good advantage, for Fergie is a veritable whiz in mathematics. He works hard as a member of the Olla Podrida board. He will be making some new friends next year at Williams and we know they will find him as enjoyable a comrade as we have.

OLLA PODRIDA



FREDERICK LUM FERRIS, JR.

"Fred" "Astronomer"

"The stars are in the quiet skies. . . ."

10 East Welling Ave., Pennington, New Jersey.

Born at New York, New York, September 25, 1919.

Third Form French Prize '34; Photography Club '34-'35; Science Club '36-'37; Band '33-'34, '34-'35; Cum Laude Society '36-'37.

Came to Lawrenceville September, 1933. Former Houses, Davidson, Hamill. Preparing for B.A. course at Princeton.

FRED is, we suspect, somewhat of a genius. His hobby is astronomy and once you get him on this subject he is likely to talk the legs off the proverbial iron pot. But he does not stop at mere talking. Last year Fred spent all his spare time constructing an eight-inch telescope with which to further his star-gazing activities. There may have been another reason in our hero's head, however, for we remember that several members of the faculty received invitations to view his instrument—especially around exam time when some fellows were worrying about being exempt. In spite of the allusions just cast, scholarship has never been a bugaboo to Fred. He maintained a fine average all year, and was a member of the select Cum Laude Society. But have no fear; Fred is very far removed from being a study hound. Most any time, if one took the trouble to go to the library they'd discover him off in a corner pestering a schoolmate with puns and tall stories. His take-offs on several of the faculty members generally kept the day boy table at the Lodge well supplied with laughter.

Fred is a swell fellow to know and we wish him all kinds of luck at Princeton.

OLLA PODRIDA

ROBERT WRIGHT FLEMING

"Bus" "Buster" "Bob" "Farb"

"Washington, Lincoln, and Wilson have died; I don't feel so good myself."

2200 Wyoming Ave., Washington, D.C.

Born at Washington, D.C., August 26, 1918.

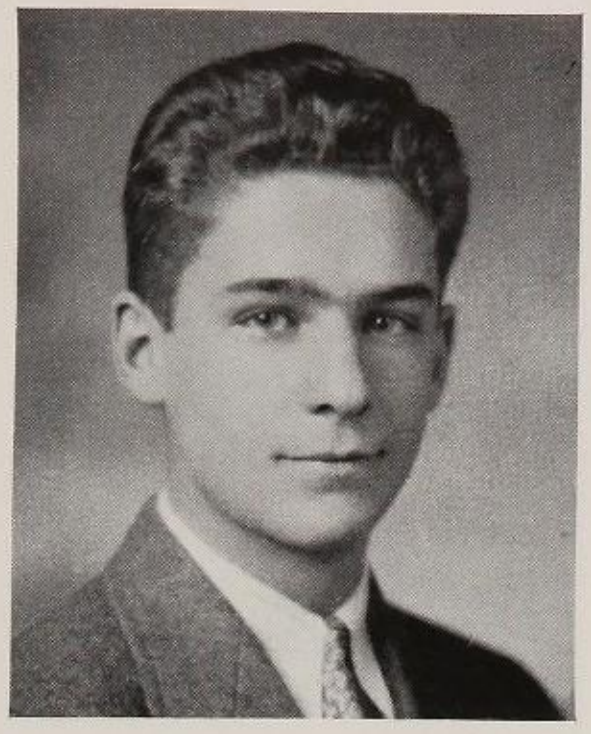
Lawrence Board '35-'36, Advertising Manager '36-'37; Baseball (L) '36; All-House Soccer '35-'36; Championship Cleve Soccer Team '35; Championship Cleve Tennis Team (Fall and Spring) '33-'34, '34-'35; All-House Baseball '34; Baseball Squad '35, Baseball Team '36; Fall Tennis '34, '35; Cheer Leader '36-'37.

Came to Lawrenceville September, 1932. Former Houses, Davidson, Cleve, Upper, Lodge. Preparing for B.A. course at Princeton.

FIVE years ago from Washington, D.C., came Bus as a Lower Schooler. In these years his accomplishments at Lawrenceville have been numerous. In the line of athletics he was not only captain of both the tennis and soccer teams of Cleve, but also a member of the all-house teams in baseball and soccer. Although the only third former to be elected as all-house in soccer he proved his ability by being reëlected the following year. In the fall of the successive year he was a member of the tennis team as well as an earner of a major L in baseball in the spring. His abilities are not limited to sports alone since he is at present a School cheer leader and advertising manager of the LAWRENCE. Yet he easily maintains a favorable average scholastically.

Bus has become one of the best-liked fellows in the School because of his congenial spirit, his willingness, and his unique humor. It isn't seldom that he is found "wise-cracking" to a group of the boys or masters in his own original style. No topic of conversation would be complete without the Farb's humor and we realize that his winning personality will make him a great success throughout life.

OLLA PODRIDA



JOHN FRANKLIN FORBES

"Jack"

"Untwisting all the chains that hide the hidden soul of harmony."

8 Woodland Road, Maplewood, New Jersey.
Born at Rochester, New York, June 26, 1918.
Herodotus; Science Club; School Orchestra '35-'36, '36-'37; Jazz Orchestra '36-'37; Lit '36-'37.
Came to Lawrenceville September, 1935. Former House, Dawes. Preparing for a B.A. course at Princeton.

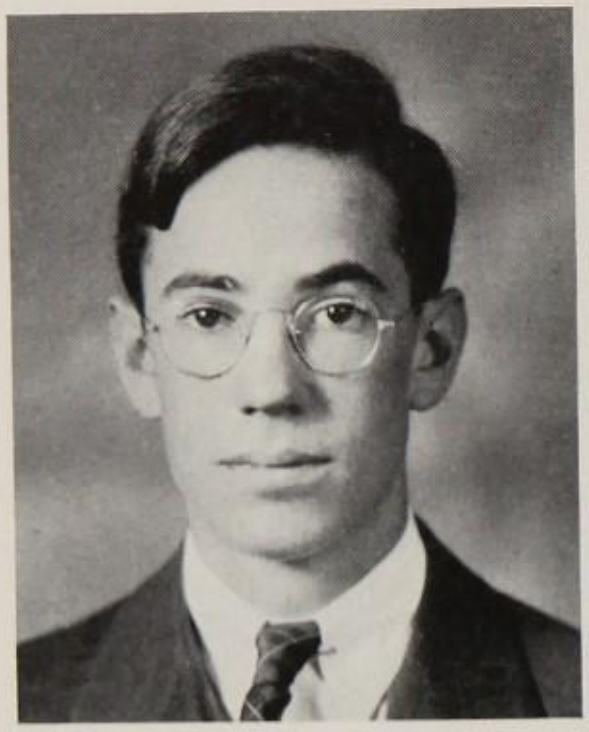
JACK came to Lawrenceville last year as a Dawes House rhinie. Because of his friendly attitude and hard work he was able to enjoy a very successful year in the house.

Jack's interest in the piano has been a source of much enjoyment to him as well as to others. He could often be seen playing surrounded by a group of ardent singers who were doing their best to do justice to his talent. He is a well rounded pianist as may be shown by the fact that he played in both the jazz and the School orchestras.

His achievements in athletics are chiefly in the field of golf and tennis. Jack's ability to wield the racket, and to send the small white pill soaring down the fairway, is by no means poor. He has been on both the golf and tennis squads and has played a part in the circle house matches. Jack was recently elected to the LIT business board.

Jack is one of those fortunate few who, in his school days, have definitely decided what careers they will follow. He is studying to be a doctor and with his intense interest in medicine we believe that he'll not be long in achieving his goal.

OLLA PODRIDA



MALCOLM STEVENSON FORBES

"B. C." "Malc" "Sofa"

"That's my Pop!"

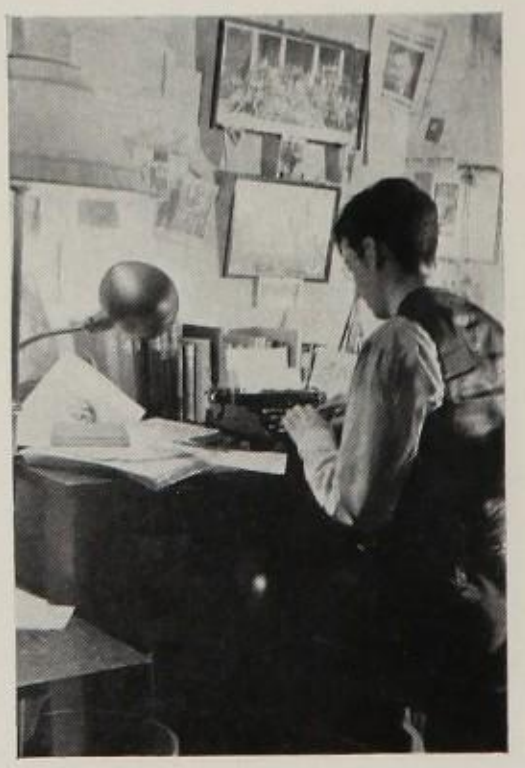
Fountain Road, Englewood, New Jersey.

Born at New York, New York, August 19, 1919.

Kennedy Rhinie Representative '35-'36; First Prize in Time Magazine Current Events Contest '35-'36, '36-'37; German Prize '36; Essay Prize, Fourth Form, '36; Permanent Member Cum Laude Society; Bibliophiles; Vice-President, Herodotus; Pipe and Quill '36-'37; Publications Committee '36-'37; Editor-in-Chief Olla Podrida '36-'37; Editor Kennedy Eagle '35-'36; Lit '36-'37; Kennedy House Debating Team '35-'36; Chairman, Republican Committee, '36-'37; Flag Speaker.

Came to Lawrenceville September, 1934. Former House, Kennedy. Preparing for B.A. course at Princeton.

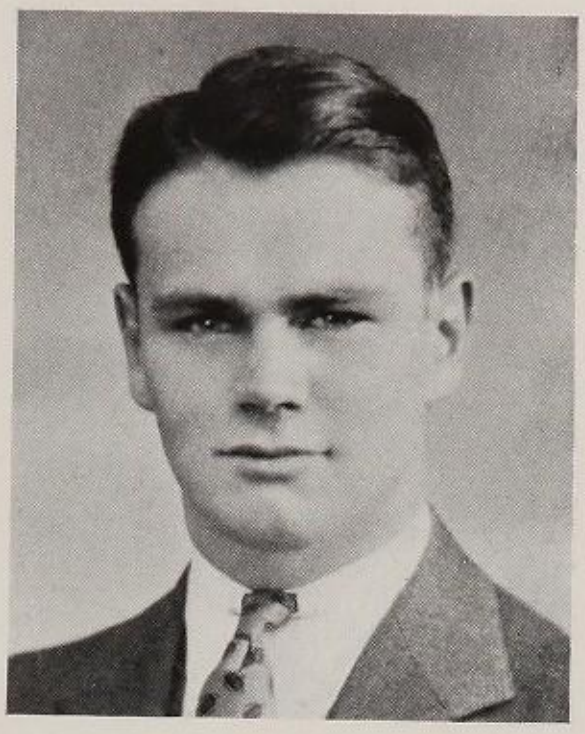
LAST year an unobtrusive rhinie entered the vaunted halls of Kennedy and promptly won his first but not last political campaign. B. C. endowed with true political blood was elected rhinie rep, and soon established himself as a humorist, a gentleman, and a scholar. Under his guidance the KENNEDY EAGLE was nourished from a cheeping eaglet to a powerful bronze ruler of the skies.



A permanent Cum Laude member this year, Editor-in-Chief of the OLLA PODRIDA, a member of the Herodotus and Bibliophiles Clubs and the esteemed Pipe and Quill, B. C. has more than proven his intellectual abilities. But it is as a generous friend that we like him most. His unselfish devotion to this edition of the OLLA PODRIDA is an excellent example of his industry and capability. Even at that B. C. is no grind. His ability to understand "book larnin'" is as deep a mystery as why he persists in wearing "Canal Boats."

But for so talented a youth we forgive nonconformity and high shoes. We have ample guarantee that B. C. will follow in his father's footsteps. We do not shout "good luck" for luck will have no share in B. C.'s assured future success.

OLLA PODRIDA



JOSEPH EMERY GARDNER

"Joe"

"But God, who is able to prevail, wrestled with him; marked him for his own."

1477 Maine St., Quincy, Illinois.

Born at Quincy, Illinois, October 13, 1918.

Blazer Committee; Vice-President Dickinson '36; Football Squad (Numerals) '36; Wrestling Squad '35-'36, Wrestling Team '36-'37.

Came to Lawrenceville September, 1933. Former House, Dickinson. Preparing for B.S. course at Stanford.

FOUR years ago Joe came to Lawrenceville and took up his residence in Dickinson. He quickly adapted himself to the ways of the School and soon became known and liked by everyone. He always has a genial smile and kind greeting for everybody. In Dickinson he became vice-president and captain of the football and baseball teams, as well as getting an all-house selection in baseball.

On his coming to Upper he was elected to the blazer committee and has very diligently discharged the duties of his office. He is on the wrestling team this year and proved himself to be one of the most valuable men on it. Besides being an adept grappler he is an able footballer, playing in the backfield on the squad during the fall.

His ability to "sling it" on most any question makes him desired in all the too-numerous bull sessions throughout Upper but he seems to resist the temptation to bull and can usually be found at his desk in the evening. He hails from the small mid-western town of Quincy, Illinois, and he defends it vehemently whenever he gets the chance—which is, indeed, often enough.

OLLA PODRIDA

WALTER LESTER GLENNEY, JR.

"Walt" "Les"

"There is no wisdom like frankness."

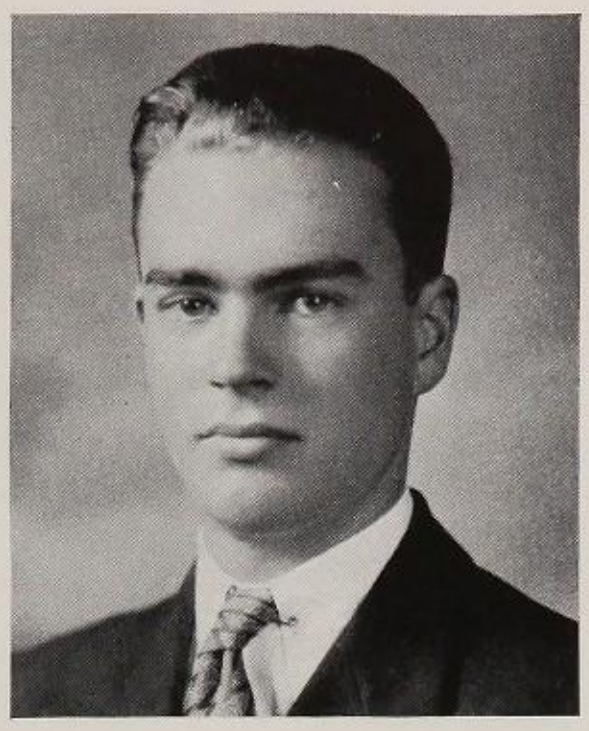
916 Madison Ave., Plainfield, New Jersey.
Born at Plainfield, New Jersey, August 25, 1919.
Herodotus; Cum Laude Society.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

In the first place Walt is a fine student. His interests in the sciences are certainly something which no one can overlook. Walter's ability to reason out the hard ones has always netted him an excellent grade in physics as well as in advanced algebra. Besides being a wizard in these subjects, Walt is also an outstanding member of Mr. Corlies' Herodotus Club. His interest in all types of histories has won him a place in that exclusive organization which is functioning for the first time since 1935.

When you wish to find Walt you can frequently do it by going to his room where he is sure to be diligently at work. Nor are his efforts fruitless for Walt's name can always be found on the honor roll at every report of the year and he was recently elected to the Cum Laude Society.

Walt may often be seen in the common room where he frequently enjoys the pleasures of the well known "butt." He is going to college next year and with his quiet conservative manner and his scholastic ability, we are certain that he cannot fail to enjoy a fine future.

OLLA PODRIDA



FRANK THORPE GORMAN, JR.

"Frank" "Kenneth"

"Good talkers are only found in Paris."

142 Hodge Road, Princeton, New Jersey.

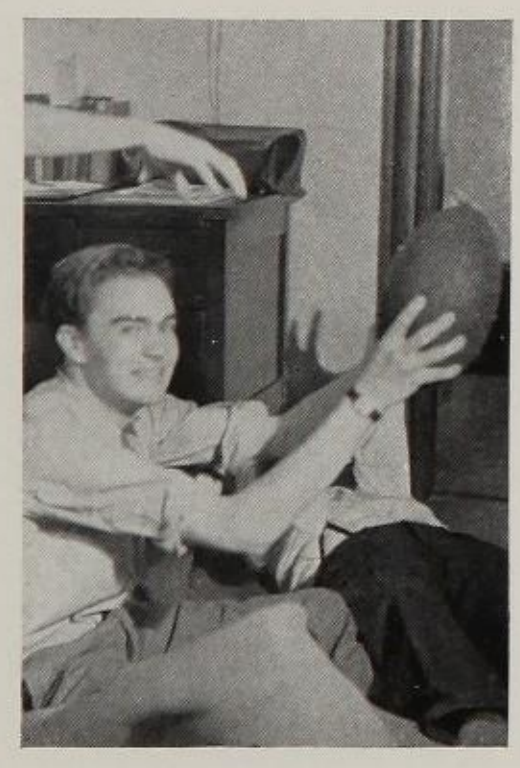
Born at New York, New York, September 24, 1919.

French IV Prize '36; Parlons Français '34-'35, '35-'36, Secretary '36-'37; Program Committee '37; Manager of Football (minor L) '36; Manager of Fifth Form Soccer (Numerals); Cum Laude Society.

Came to Lawrenceville September, 1934. Former Houses, Dawes, Upper. Preparing for B.A. course at Princeton.

FRANK has been a Lawrenceville student for three years. During this time he has been not just another fellow but one who has participated in every phase of school life.

Frank spent his first two years in the Dawes House. His quiet manner and eager mind soon earned for him a position of respect in the eyes of his associates, and since then he has retained their confidence. Now, a fifth former, he seems to have redoubled an apparently limitless energy. A glance at his fine record illustrates this. Last fall he won his L as manager of the football team. The diligence with which he executed his tasks may be summed up in the statement Mr. Tiihonen made regarding his manager's work. He said that Frank was the first manager he had ever known who went through an entire season without misplacing a single article. In November Frank became a member of Cum Laude and was elected secretary of Parlons Français. In short, his has been a job well done.



Frank has chosen Princeton. We are sure that if he does as much for Princeton as he has done for Lawrenceville, the college of his choice will be the better for his having been in it.

OLLA PODRIDA

HORACE REYNOLDS GRAHAM, JR.

"Chile" "Cookie"

"Labour conquers all."

Care of Lautaro Nitrate Company, Casilla 96D, Santiago, Chile.

Born at Sewell, Chile, May 23, 1918.

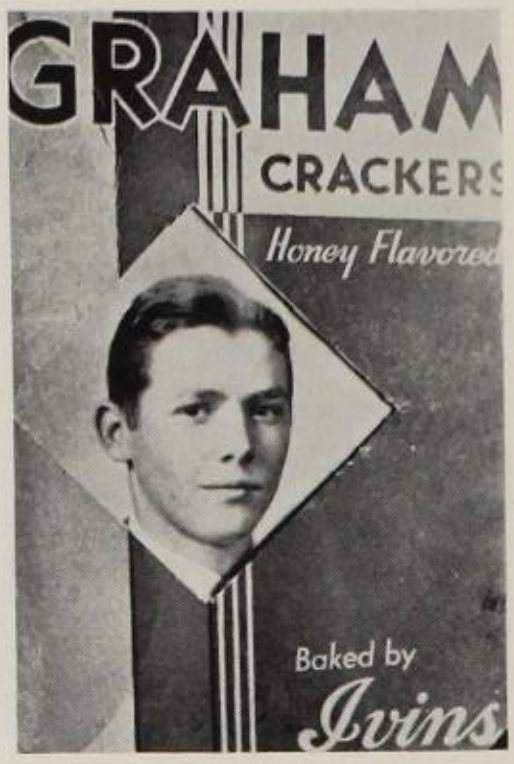
Historian Perry Ross '33-'34; Pipe and Quill; Bibliophiles, Secretary (Winter Term); Herodotus; Periwig '36-'37; Lawrence Board '35-'36, Managing Editor '36-'37; Press Club '35-'36, Secretary-Treasurer '36-'37; Fifth Form Football (Numerals) and Soccer (Numerals).

Came to Lawrenceville September, 1933. Former Houses, Cleve, Perry Ross. Preparing for B.A. course at Princeton.

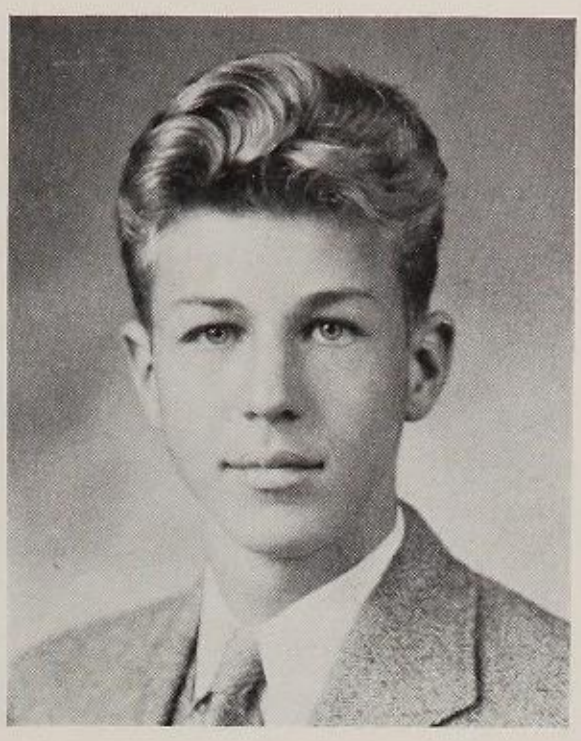
CHILE's four-year career in Lawrenceville has been one of successive triumphs in every field. He is a member of four clubs, managing editor of the LAWRENCE, secretary of the Press Club, maintains a consistently good scholastic average and has been an all-around athlete both in the Cleve and on the fifth form teams.

After leaving Perry Ross where he was a member of the house council and a prominent figure in Lower School athletics, Chile appeared in the Cleve. In two years there he made a record enviable from every standpoint. His activities in every field present a well rounded portrait of a likeable, talented fellow. In his fifth form year he was a member of both the Pipe and Quill and the Bibliophiles Club. After *Yellow Jack* he was elected to the Periwig. He was a charter member of the 1937 Herodotus Club. He won numerals on both the football and soccer teams.

A mortal enemy of standardism and clichés, Horace would be offended if we were to "wish him luck." Far better to say that he will succeed in anything he does after graduation, if for no other reason than his personality, his brain, and his ability to use it.



OLLA PODRIDA



ARNOLD HERBERT EDWARD
GRANDAGE

"Grundy" "Doc"

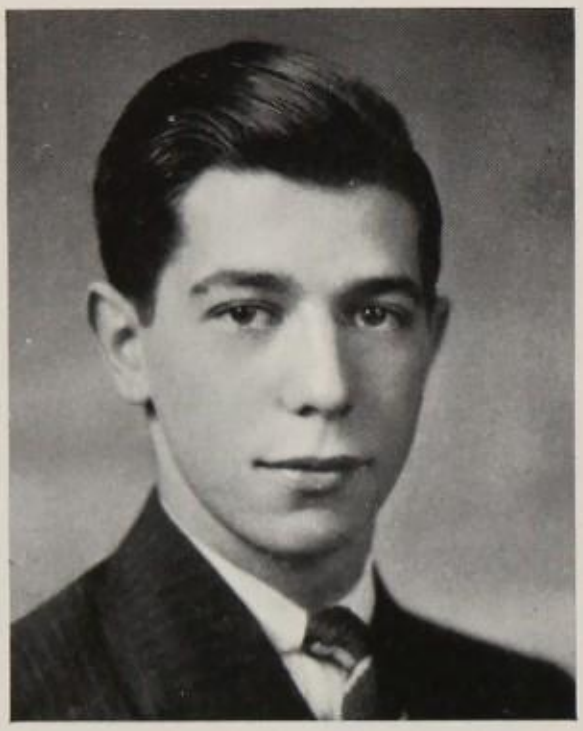
"This rough exterior hides a heart of gold."

631 Grove St., Upper Montclair, New Jersey.
Born at Springfield, Massachusetts, November 12, 1918.
Science Club '36-'37; Photographic Club '35-'36; Photographic Editor, Lawrence, '36-'37, Olla Podrida, '36-'37.
Came to Lawrenceville September, 1934. Former House, Woodhull. Preparing for B.S. course at Lehigh.

THIS young man entered Lawrenceville four years ago in the second form and by some miracle or other the next year was in the fourth form. Grundy spent his first two years at Lawrenceville in Woodhull where he soon developed his favorite hobby, photography, setting up his own dark room in the cellar of the house. By virtue of his photographic skill, Arnold found himself at the beginning of this year in the post of photographic editor of the LAWRENCE and in charge of the informals for the OLLA POD. The work demanded by these two posts grieved Arnold greatly for it hindered him in the pursuit of his favorite occupation—loafing.

Grundy is of a mathematical turn of mind. He is a member in good standing of the Science Club. In his stay here he has taken courses in both chemistry and physics and has generally found them pretty much of a snap. Almost every night someone is in Room 19, seeking aid in a science subject from the Doc. Needless to say this aid is always cheerfully granted.

Grundy is headed for Lehigh where he intends to become involved in still more formulas, etc. If he displays there the ability he has here, he's "set."



WALTER PETER GUZZARDI, JR.

"Walt" "Guzz" "Spic" "Pete"

"A steel sword in a velvet scabbard."

Larchmont, New York.

Born at Flushing, Long Island, New York, February 19, 1919.

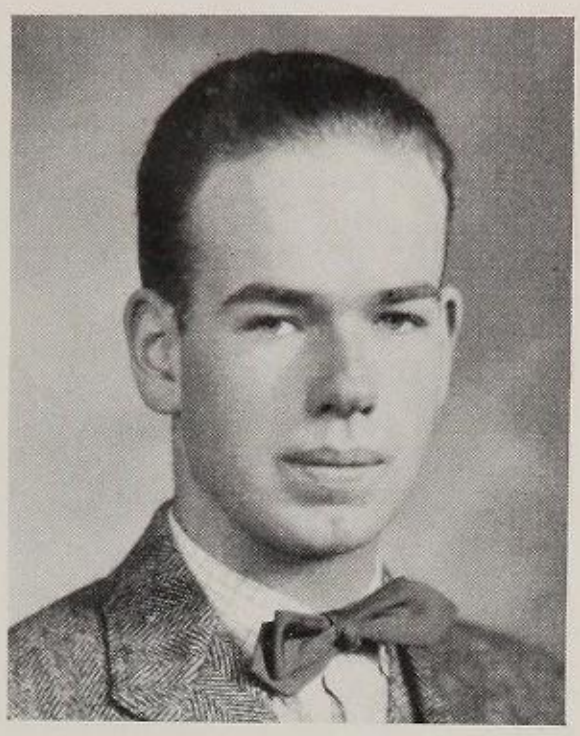
Herodotus; Bibliophiles; Associate Editor, Kennedy Eagle, '35-'36; Olla Podrida '36-'37; Kennedy Soccer Champions '35-'36; Substitute, House Debating Team, '35-'36; Member, Republican Committee, '36.

Came to Lawrenceville September, 1935. Former House, Kennedy. Preparing for B.A. course at Princeton.

A MONTH after School opened last year word went round the Kennedy that a new rhinie was coming. So it was not unobserved that Guzz entered the Heath abode. Soon after his entrance this noble descendant of a noble house perched on the wings of the KENNEDY EAGLE and from this vantage point recorded in his own witty, pithy style the achievements of Kennedy sportswise and otherwise. As associate editor of this superior house news organ, he was frequently obliged to record that one Walter Guzzardi ably substituted on the championship football team and that he was the winner of his K as a member of the championship soccer team.

In Upper, a valued member of the OLLA PODRIDA, he was responsible for many of its wittier pages. Nor do Walt's studies slide any way but upward. His average is well into the first testimonial strata. His English grade ranks with the highest and he is a frequent contributor to the LIT. Because of his history grades Guzz was selected as a charter member of the Herodotus.

Friendly, merry, humorous, they all apply to Guzz. Plain is it to all who know him that his achievements here are but a brief foreshadowing of a fine future.



DANE FRANCIS HAHN

"A mighty man was he with large and sinewy hands."

448 Spring Ave., Ridgewood, New Jersey.
Born at Glen Rock, New Jersey, May 1, 1918.
Glee Club '36-'37; Choir '36-'37; Lit '36-'37.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

Although he has been in Lawrenceville for only this one year, Dane has gathered quite a circle of friends. He is well liked both because of his enjoyable idiosyncrasies and because of his humorous disposition. Always he is the center of a group of smokers on the esplanade when he visits that revered spot. But one must not get the idea that Dane is a procrastinator. In spite of the fact that he is an inmate of that *far*-famed domicile, the George House, he is a very industrious worker. But, as he claims, "The fates are all against me," and his continued efforts have not been very fruitful.

Dane is also well known for his exceptionally low voice. Mr. Wood soon recognized his talent and placed him in a first-line station at the position of second bass both in the Glee Club and in the Choir. Nights and Sundays, Dane sometimes finds time for an illustration for the Lit.

We would like to follow Dane's actions in his yachting campaigns on Barnegat Bay where he has won many blue ribbons, but this publication is concerned only with his school life, so with the deepest sincerity we say, "good-by and good luck to you, Dane."

OLLA PODRIDA

JAMES HANAN

"Farb" "Jim" "Hanfarb"

"You look wise—pray correct that error."

Rensselaer Road, Essex Fells, New Jersey.

Born at Montclair, New Jersey, May 6, 1917.

Griswold House, Secretary-Treasurer, '35-'36; President, Glee Club, '36-'37; Choir '36-'37; Periwig '36-'37; Agapá Society '37; Ring Committee; Griswold House Football Champions '34-'35.

Came to Lawrenceville September, 1934. Former House, Griswold. Preparing for a business course at Babson Institute.

If one were to enter into a group of laughing fifth formers he would doubtlessly find Hanfarb in the midst of them. Jim has the best sense of humor in the form and his stories or jokes are unsurpassed. As a member of Griswold, Jim played on practically every athletic team and entered into innumerable outside activities. He was a member of the Griswold champion football eleven and a regular on the baseball team. This year he was elected to the senior ring committee.

It's often difficult to recognize Farb since he frequently decorates his upper lip with a unique mustache. The next day he discards the disguise and looks entirely different. We couldn't speak about Jim without reference to his voice. As a member of both the Glee Club and the Choir for quite some time, he has proved his ability by offering several solos. The singing on the esplanade is either brought on by or features Jim himself. His voice and wit are only two of the fine qualities that Farb possesses. With such a fine personality Jim is sure to carry his success into future life as well as into college; in spite of his departure in June we feel his popularity will remain at Lawrenceville.

OLLA PODRIDA

GEORGE BREWSTER HARPER

"Harpo"

"He doth both act and know."

370 Summit Ave., Hackensack, New Jersey.

Born at Hackensack, New Jersey, December 5, 1918.

Best Performance in Periwig Play '37; Periwig '36-'37; Herodotus.

Came to Lawrenceville September, 1936. Preparing for Princeton.

HARPO is one of those fortunate few who not only go to a New Jersey school but also live in New Jersey. He was born in Hackensack, raised in Hackensack, and educated in Hackensack except for this year at Lawrenceville and the next four at Princeton.

It's really a shame that Harpo could not have been a Laurentian more than one year for in that brief period he displayed a character of which we would like to have made the acquaintance sooner. A resident of the George House, he seems to find its quiet atmosphere conducive to good work which is up to testimonial standards. He is also a fine actor. His interpretation of the part of Dr. Carroll in the Periwig Club's presentation, *Yellow Jack,* earned him the prize annually given to that boy whose performance is adjudged the best in that year's plays. To top off his accomplishments he has taken up crew and from all indications is doing well.

Harpo is leaving Lawrenceville after one year with a splendid record behind him. We know that he will further his good work at Princeton and that we will be even more proud than we are now to say "He's a Lawrenceville boy."

OLLA PODRIDA

JOHN HOWARD HARTMAN, JR.

"Jack" "Long John" "Doc" "Lanky"

"The apparel oft proclaims the man."

420 Race Ave., Lancaster, Pennsylvania.
Born at Lancaster, Pennsylvania, October 20, 1917.
Ring Committee; All-House Basketball '35-'36, '36-'37; Varsity Track '35-'36; Basketball, Golf Squads '36-'37.
Came to Lawrenceville September, 1935. Former House, Raymond. Preparing for B.S. course at Yale.

Doc hails from Pennsylvania—specifically, Lancaster. In the fall of 1935 he emigrated eastward to Lawrenceville and settled down in the Raymond House. While a resident there he proved two facts most decisively; the first, that he is an excellent basketball and track man, and second that he is one of the most regular fellows to have set foot on this campus. Doc demonstrated his athletic ability by playing on Raymond's championship basketball team and by winning positions on both the varsity basketball and track teams. Doc's great number of friends speaks for itself in verifying the fact that he is a swell fellow.

This year Doc is one of the more famous members of the high and mighty fifth form. He resides in the Lodge and is again making a name for himself as one of Coach Gartner's cagers. It won't be long, though, before he will return to the cinder path. Doc has made application for Yale. It appears that the old maxim "One man's loss is another man's gain" will again manifest itself, but this time in regard to schools, for on Doc's graduation Lawrenceville will lose a marvelous fellow while Yale will gain one.

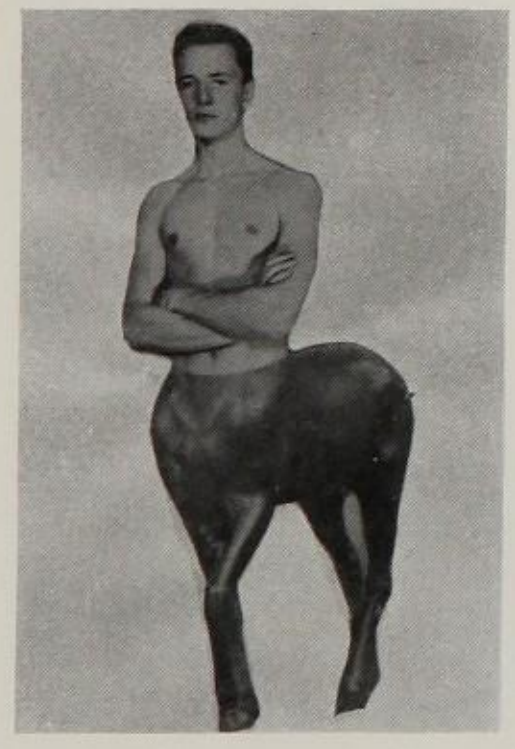
HOWARD BOYNTON HAYWARD

"Howie" "How" "Hay"

"When a lady's in the case, you know all other things give place."

160 Hartsdale Road, Hartsdale, New York.
Born at New York, New York, February 21, 1916.
Polo (L) '34, '35, '36, '37.
Came to Lawrenceville September, 1933. Former House, Dawes. Preparing for B.A. course at Princeton.

If you happen to see a tall slim blaze of multicolored checks stride swiftly along the campus you can make a pretty sure bet that it's Howie hurrying to a class, or to the bus taking the polo team to practice. For Hay's only loves are loud clothes, horses, and, for at least a few years, one girl. He can wear a coat that on the ordinary fellow would look like one of the more peculiar surrealist paintings and get away with it so successfully that he was voted the best dressed man in Dawes last year and is easily holding his own this year in Upper. He can ride a horse easier than he can walk and he can hit a polo ball with a facility that makes it look as simple as tiddly-winks. His room is one mass of polo mallets and sketches of horses.



But Howie is not entirely a one-sport man. Last year before polo started he played house football and in the spring captained the house track team. Howie is very quiet and retiring, not needing to make a lot of noise to succeed in what he wants to do when he wants to do it.

Hay is headed for Princeton where he hopes to obtain the coveted B.A. degree.

OLLA PODRIDA

THOMAS EASTMAN HUSTEAD

"Tom" "Shag" "Dude"

"The glass of fashion and the mold of form."

104 West Fayette St., Uniontown, Pennsylvania.

Born at Uniontown, Pennsylvania, September 6, 1918.

Dickinson House Council '36; Periwig Club '35-'36, Executive '36-'37; Football (Numerals) '36-'37; Chapel Usher; Upper House Committee; Ivy Committee.

Came to Lawrenceville September, 1935. Former House, Dickinson. Preparing for B.S. course at Princeton.

All Upper House knows the tall tales so seriously told by genial Shag. Nightly he will argue with anyone on any subject just for the sake of good argument. Last year, as a rhinie in Dickinson, he astounded the house by his tales of lumbering, and this year he continues describing to any listener the wonders of shagging, escalators, Uniontown, etc.

Aside from all this Tom is really a very conscientious worker. He can usually be found persevering in his room and he burns the midnight oil regularly as he slaves over English or that Waterloo-ian subject, physics. In Dickinson he played in the backfield on the football team and in the fall this year earned his class numerals in football. He excels on the basketball floor and was a renowned Red Terror winter evenings at the gym.

Last year in the Periwig show he starred in *The Royal Family* and this year he played in *The Devil's Disciple*. He is a member of the house committee in Upper, one of those who vainly attempt to keep the common room in shape. Needless to say we all wish our Shagger the best luck in Old Nassau.

OLLA PODRIDA

EDMUND WALDEMAR ILL

"Ted" "Ed" "Chuck"

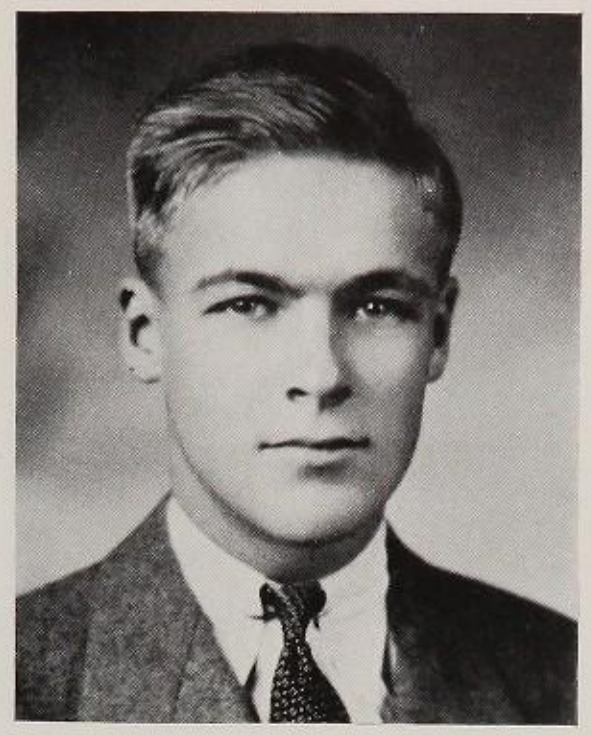
"Blazers, blazers, who's got the blazers?"

524 Ridge St., Newark, New Jersey.

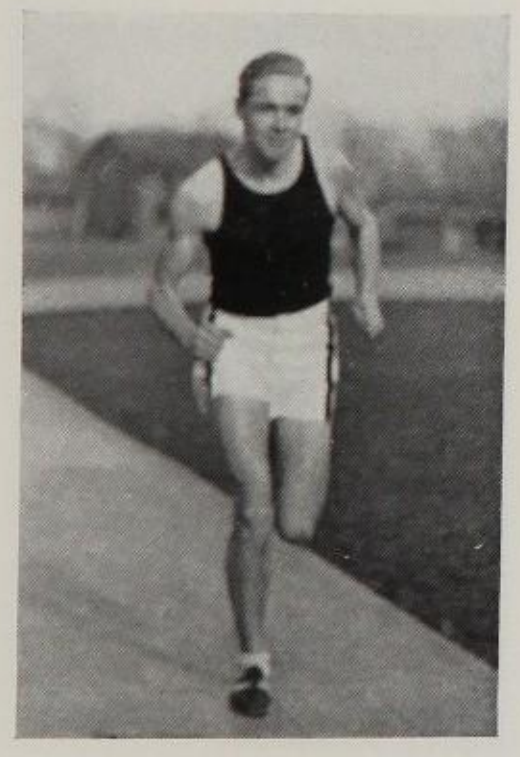
Born at Nutley, New Jersey, August 18, 1918.

Chairman, Blazer Committee; Vice-President of Cleve '35-'36; O'Fallon Medal '35; Second place, O'Fallon Medal, '36; Press Club '36-'37; Track (minor L) '35; Track (L) '36; Captain, Track Team, '37; Cheer Leader; Tennis Umpires' Association; Champion Cleve Tennis Team; Second place, State Half-Mile; Usher, Church; Third place, State Half-Mile; Sailing Team '36-'37.

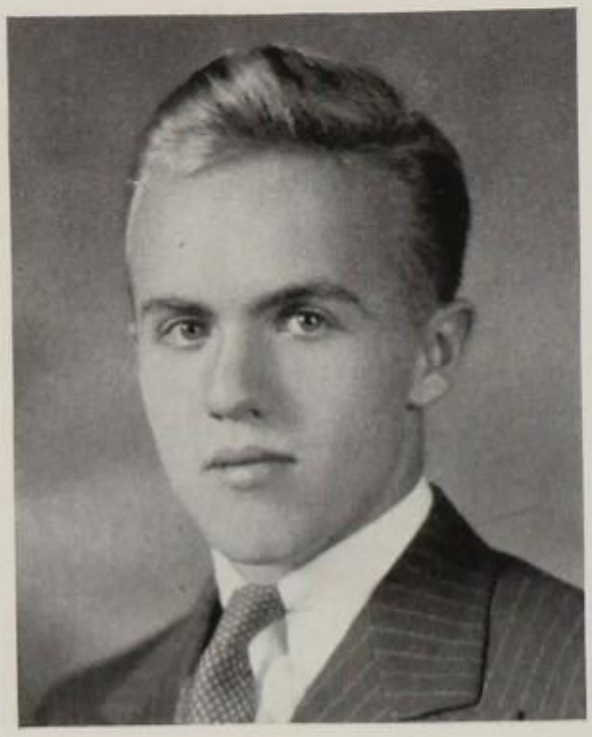
Came to Lawrenceville September, 1934. Former House, Cleve. Preparing for B.A. course at Princeton.



FOR three years Ted has been a student at Lawrenceville, and each year his accomplishments have increased. Although his main ability may be in track, since he has earned both a minor and a major L in it and has won the O'Fallon Medal as well as placing second in the New Jersey half-mile race, his activities extend much farther.



Not only was he a member of the Cleve football, basketball, tennis, and soccer teams, but he supervised the house as vice-president. Now he is an active member of the Press Club, a cheer leader, chairman of the blazer committee and captain of the track team. Scholastically, Ted is equally successful. He has been one of the most popular fellows throughout the School as well as in Upper because of his friendly spirit. His subtle wit and humor are only two of the many favorable elements in his striking personality. Probably the most entertaining characteristic of Ted's is his golden voice. Whenever he croons in his inimitable style, students have been known to flock in his direction—to shut him up. With his ability both in athletics and other activities, and with his strong character, Ted is sure to gain prestige both in college and in future life.



WILLIAM NEWTON JACKSON, JR.

"Newt" "Jack" "Pinky"

"The babe lies yet in smiling infancy."

300 Camden Ave., Salisbury, Maryland.

Born at Philadelphia, Pennsylvania, September 12, 1919.

Fifth Form Athletic Committee; Secretary-Treasurer Dawes '35-'36; Lower Floor Representative, Dawes '34-'35; Vice-President Davidson '33-'34; Best All-Around Boy Dawes '35-'36; All-House Soccer, Baseball, '36; Fifth Form Football Squad; Basketball Team.

Came to Lawrenceville September, 1933. Former Houses, Dawes, Davidson. Preparing for B.S. course at Yale.

COMING "from way down south" as he calls Maryland, Newt first stalked Davidson's halls four years ago. Although he was there only one year, his abilities were quickly recognized and he was elected vice-president of the house. He chose Dawes as his next abode and quickly distinguished himself by being elected to the house council both of his two years there, by gaining the captaincies of the house football and basketball teams, and by receiving all-house selection in both soccer and baseball, and he was voted the best all-around boy of Dawes in his last year there.

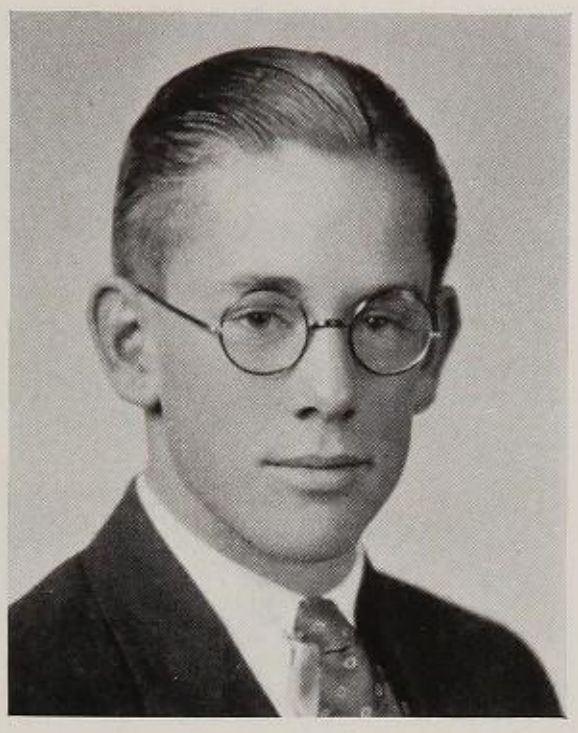
In the fifth form Jack is as active as ever. He is on the athletic committee, was on the fifth form football squad, has gained a position on its basketball squad and has been slugging out his yearly quota of homers this spring.

Newt is not given to talking about himself but from the regularity with which he brings forth trophies from the mail bag, we would deduce that his successes are not all on the athletic field. Quiet and unassuming, Newt has left an enviable record behind him here and we wish him the best of luck at Yale.

TRISTAM BURGES JOHNSON

"Tris" "Twist" "Johnnie"

"Who is America's greatest living soccer player, and why am I?"



3 Greenholm, Princeton, New Jersey.

Born at Princeton, New Jersey, August 17, 1917.

Sportsmanship Cup, Dawes '36; Periwig '34-'35; Head Electrician '35-'36, '36-'37; Olla Podrida '37; All-House Baseball '36; Fifth Form Football (Numerals), Soccer; Flag Lieutenant '34-'35, '35-'36, '36-'37.

Came to Lawrenceville September, 1934. Former House, Dawes. Preparing for B.S. course at Yale.

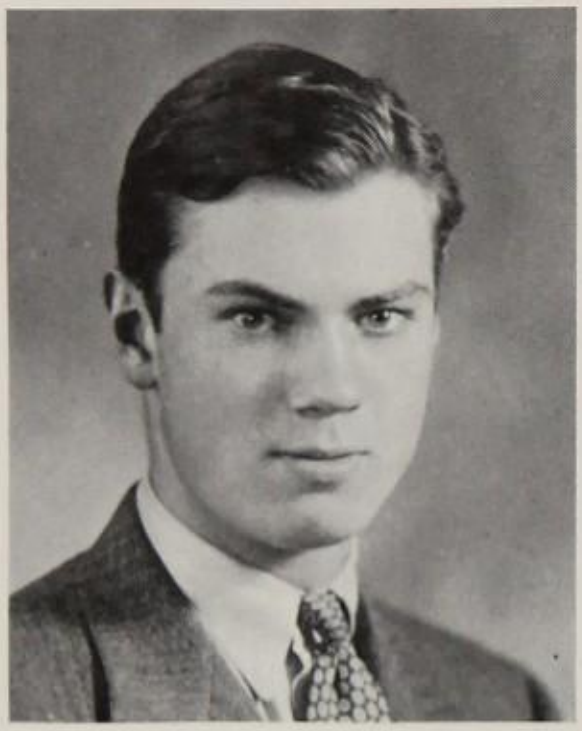
"Sorry, I can't, fellas, I'm busy" is Twist's usual answer to queries asking him to join in a bull session or a game of cards. And busy is no word for the pace that he keeps up day after day. The Periwig's numerous demands for his services, his work for the Olla Podrida, and his never-ceasing attempts to get all his grades in the eighties, place him among the hardest working boys in the form.

But don't get the impression that Tris spends all his time in this manner. In Dawes last year he received a place on the football team, was captain of soccer and gained an all-house outfield berth in baseball. This year he has gained his numerals for football and was a member of the fifth form soccer team. Besides starring in the playing of sports, Tris also won a medal in sportsmanship in 1936.

How he ever finds time, busy as he is, to keep up his tremendous correspondence with the fair sex is a mystery to everyone.

Tris has, though, that liking for hard work which insures success and though he may not need our best wishes we sincerely offer them.

OLLA PODRIDA



ROBERT ELWOOD JONES

"Jonesy" "Bob"

"Patience, and shuffle the cards."

Taylor Road, Short Hills, New Jersey.

Born at Newark, New Jersey, November 15, 1918.

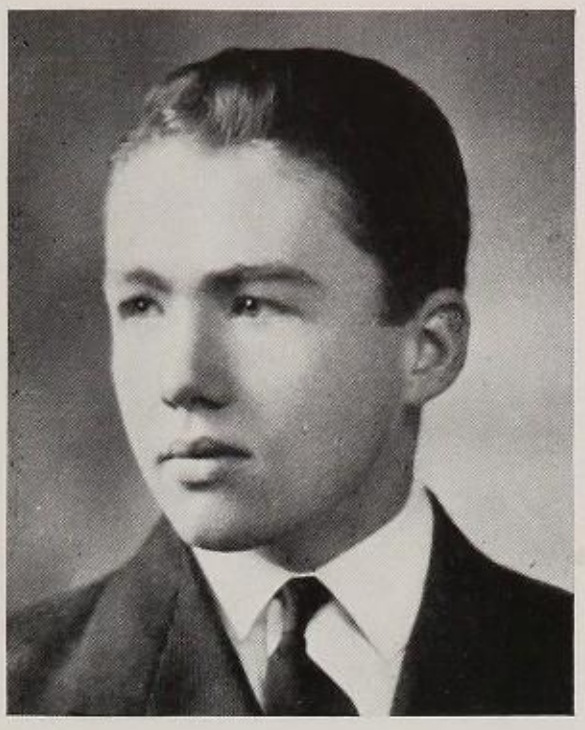
Cleve House Council; Periwig '36-'37; Crew (L) '36; Football and Crew Squads '35; Flag Lieutenant '34, '35; Cross Bearer.

Came to Lawrenceville September, 1934. Former House, Cleve. Preparing for C.E. course at Yale.

JONESY is a former Cleve boy, having been under the kindly eye of Mr. Raymond for two years. It didn't take him very long to establish himself among the wearers of the green for through his exploits on the gridiron he soon proved himself made of the right stuff. The fellows in the house rewarded his work by electing him a member of the following year's house council. Upon his return the next fall he went out for and made the varsity football squad as an end. Last spring he won a position in the first boat of Mr. Tiihonen's crew and was awarded his major L. This year one can usually find Jonesy either at the "Club" or out on the esplanade with his many friends. He is now a venerable fifth former, conducting himself in the fashion approved by that astute group, his classmates, smoking great quantities of cigarettes, maintaining a bearing worthy of a truly distinguished personage, making himself a shining example to awed lower formers, and speaking sagaciously concerning the wiles of the feminine heart.

Jonesy is headed for Yale. That we know he will do well goes without saying. That our best wishes accompany him is equally obvious.

OLLA PODRIDA



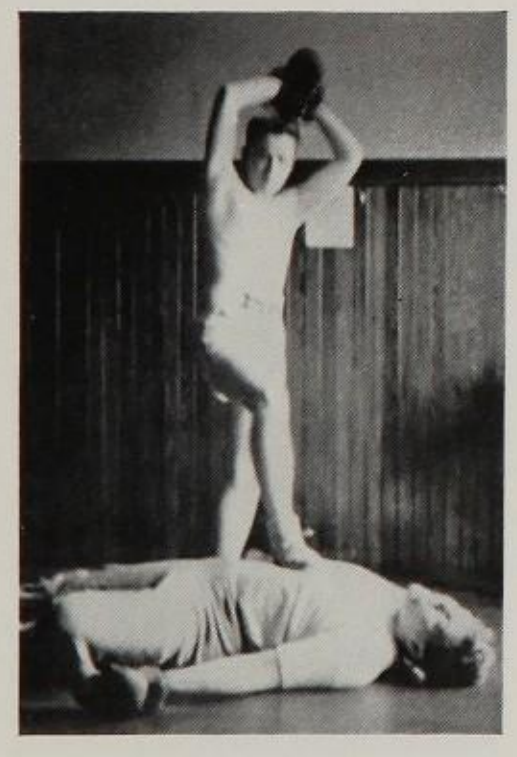
WICKLIFFE JONES

"Wick" "Red"

"A harmless flaming meteor shone for hair."

422 Wallace Ave., Covington, Kentucky.
Born at Cincinnati, Ohio, August 7, 1919.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

WICK is not a very hard person to find around the campus when he is wanted for two reasons: one, he has the reddest hair in School and two, it is hard to miss his whistling, for Wick is a whistler of no mean note. His ambition, we are told, is to be able to whistle like Benny Goodman plays the clarinet. From what we hear Benny Goodman had better get a move on to keep up with Wick.



Red began the year up the road in George House but it only took one report period for him to earn a room in Upper where he now resides. During the fall term he was a mainstay on the tennis team and is expected to go places this spring in that sport. During the winter term we understand he spent most of his time struggling through physics lab—a harrowing experience we fully agree.

There is a rumor around School that night life in Covington lost some of its blinding luster when Wick came north. And from the pictures in his room we gather that more than one fair damsel will not be sorry when Wick returns this summer for a brief sojourn before entering Princeton.

OLLA PODRIDA

ROBERT SIMPSON KAMPMANN

"Gus" "Roupe"

"Be innocent of knowledge, dearest chuck."

Merion, Pennsylvania.

Born at Philadelphia, Pennsylvania, October 6, 1918.

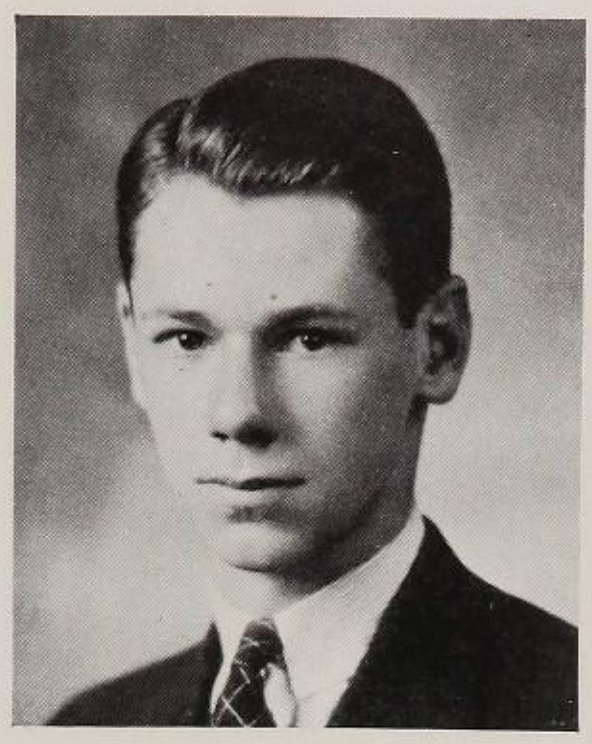
Chairman Pipe Committee; Woodhull House Librarian '34-'35; Periwig; Baseball (minor L), '35-'36; Boxing Championship '34-'35; Scrub Football '35-'36; Baseball Squad '35, '36.

Came to Lawrenceville September, 1933. Former Houses, Woodhull, Hamill. Preparing for B.A. course at Pennsylvania.

HIDDEN away in the sacred precincts of the "Club" is to be found our Uncle Roupe, famed for his agility on many fields and floors, for it was he who escorted our charming Miss Wiggins to the fall prom and it is also he who scampers about Coach Hulit's garden in the spring. Oh, yes, our Gus is indeed an accomplished fellow for not only are his escapades on the varied dance floors of the eastern seaboard famed but also his deeds on the School's athletic fields, for he was captain of the Woodhull's football and baseball teams, and a member of both the scrub football team and baseball squad where he earned his minor L. While still a third former he won the School boxing crown in the 155-pound class. But Gus's activities are not confined to athletic fields entirely, for he is a member in active service of the Periwig Club, his best part being that of Raleigh in the production of *Journey's End*. He is a former circle house librarian and the chairman of the fifth form pipe committee.

In addition to all these formidable accomplishments, Uncle Roupe is famed for his outstanding good humor and willingness to take almost any dare.

OLLA PODRIDA



DAVID CLAIR LAKE

"Dave" "Probo"

"Music hath charms to soothe the savage breast."

21 Avon Road, Binghamton, New York.

Born at Binghamton, New York, December 19, 1918.

Herodotus; Glee Club, Choir '35-'36, '36-'37; Golf (Numerals) '36.

Came to Lawrenceville September, 1935. Former House, Griswold. Preparing for engineering course at Princeton.

After having made a name for himself in Griswold, Probo entered the fifth form with a very commendable record already established. Besides being a member of the house basketball team, varsity fall golf team, and earning his numerals in golf in the spring, Dave boxes in his spare time. For some time now he has served in both the Choir and Glee Club and he can always be heard straining his vocal chords out on the esplanade with the rest of the Farbs.

It is seldom that a person like Dave who participates in almost every form of activity can obtain a safe average scholastically. However, Farb has more than a safe average since he is a second testimonial student.

It seems that all the Farbs are noted for their humor but Dave has a style of his own. His unique voice and facial expressions are amusing enough, to say nothing of his subtle wit and humor. Because of his scholastic ability Dave takes a few week-ends and the stories of his escapades are enough to make anyone envious of his position. Because of his personality, we cannot help but think that Probo will be as successful and popular in college and throughout life as he was here.

OLLA PODRIDA

WILLIAM GEORGE LARSEN

"Bill" "Farb"

"They that govern best make the least noise."

750 West Market St., Lima, Ohio.

Born at New York, New York, September 11, 1918.

President of the School; President, Student Council; Chairman of Prom Committees; President of Woodhull; Ring Committee; Smoking Committee; Publications Committee; Athletic Committee; Yale Aurelian Honor Society Cup; Woodhull All-Round Honor Boy; Raymond Debating Prizes; President, Periwig Club; Bibliophiles Club; Pipe and Quill (President, Fall Term); Business Manager, The Lawrence; Fifth Form Football and Soccer Teams (Numerals); Track Squad; Orchestra; Band; Glee Club; Choir; Fourth and Fifth Form Mantle Speaker; Cheer Leader; Agapá Society; Class Day Committee.

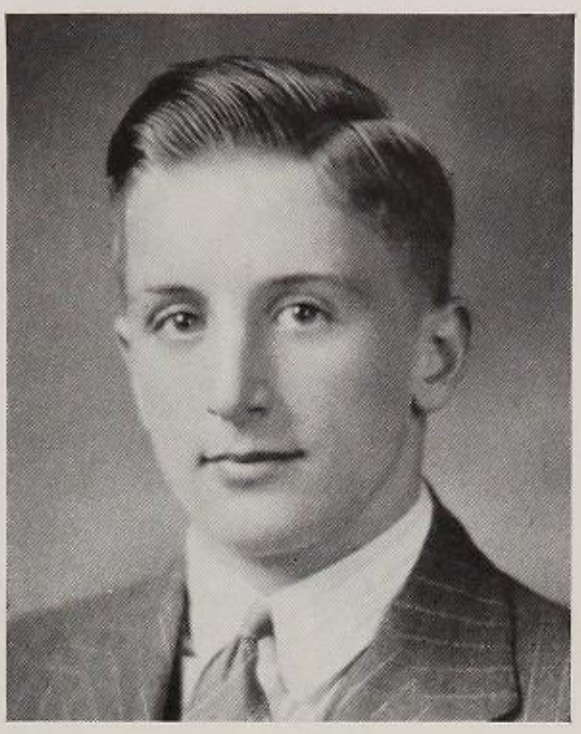
Came to Lawrenceville September, 1934. Former House, Woodhull. Preparing for B.A. course at Princeton.

If a biography were a mere enumeration of honors and accomplishments, Bill's would not be hard to write, for the School, the class and the student council president has achieved much in an eventful three-year sojourn in Lawrenceville.

As an orator the Farb has few equals. A crack debater, this former president of Woodhull "brought home the bacon" two years in succession in the form of the Raymond Debating Prize and in recognition of his speaking ability, the fourth form elected him their mantle orator. In three other fields Bill is outstanding. For two years a member of the Periwig Club, he was elected its president this year. Also on the Lawrence board for some time, he was elected business manager this past year, and he has been a member of the Glee Club, Choir, Orchestra and Band since he entered School.

But enough for achievements. Bill's friendliness, sincerity, and fine sense of humor are even more to be praised. It was not for just achievements, many though they are, that Bill was voted Woodhull's all-around honor boy last year and voted the Yale Aurelian Honor Society Cup this year.

OLLA PODRIDA



HARRY PHILLIP LAWRENCE

"Harry" "Larry"

"I gambled a stamp—and lost."

77 Prospect Hill Ave., Summit, New Jersey.

Born at Summit, New Jersey, November 21, 1918.

Fifth Form Football (Numerals); Davidson, Best Athlete, '33-'34; Baseball Squad '35, '36; Hockey Squad '36, '37; All-House Baseball '36.

Came to Lawrenceville September, 1933. Former Houses, Davidson, Dickinson. Preparing for B.A. course at Princeton.

"You're the king out there! Throw it through!" This call cuts the air on any spring Saturday afternoon as Harry shouts encouragement to his pitcher. Harry was all-house catcher on the Dickinson championship ball team last year and is one of the leading contenders for the varsity this year. He came to Lawrenceville four years ago and began in Lower School to make a name for himself. He was elected the best athlete in Davidson and went on in Dickinson the following two years to prove that he was worthy of this award.

Besides being a very able baseballer, he also plays hockey and was on the varsity squad this year. In the fall he won his class numerals as a quarterback on the fifth form football team. The successful season of the team was due in large part to his generalship, which was excellent.

In addition to being an athlete of no mean ability, Larry never fails to bring down an eligibility or second testimonial average in scholarship. In spare moments he gets most enjoyment working out on the high bar at the gym, and can throw himself about the bar almost as well as he throws the bull.

OLLA PODRIDA

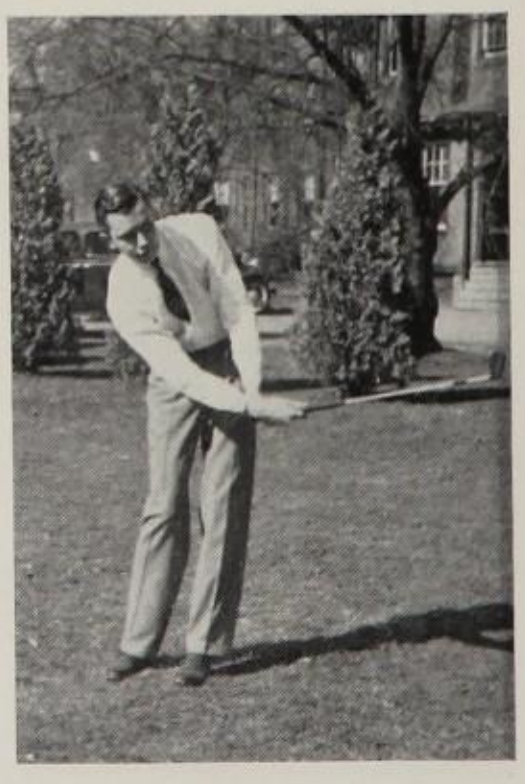
GEORGE FRANCIS LEWIS, JR.

"Pete"

"As good be out of the world as out of fashion."

Essex Fells, New Jersey.
Born at Glen Ridge, New Jersey, April 13, 1919.
Golf Team (minor L) '36.
Came to Lawrenceville September, 1935. Former House, Raymond. Preparing for B.A. course at Princeton.

SINCE George came to Lawrenceville two years ago as a member of the Raymond House he has been outstanding as a golfer. In previous years George won nation-wide recognition as one of the foremost amateur golfers in the East, winning several of the titles and trophies which are coveted by golfers all over the country. Among the most important was his triumph in winning the highly prized New Jersey Junior Championship. During his stay in Lawrenceville, George has been an important member of the varsity golf squad. The team did remarkably well last year and George did his full share. Nor do his abilities terminate on the golf course, for he always is out on top when it comes to studies, although he can usually be found in the common room indulging in a hand of bridge.



George has an amiable disposition and a fine personality radiant with good humor. Since he has a great fondness for a good confab he enjoys sitting around with a circle of friends and talking over rich experiences of the past week-end or Sunday permit. George graduates this year and we wish him luck galore in the future.

OLLA PODRIDA

FRANCIS HENRY LOVE

"Frank"

"A glass is good, and a lass is good, and a pipe to smoke in cold weather."

Monmouth Beach, New Jersey.
Born at Staten Island, New York, May 22, 1919.
Glee Club and Choir '36-'37; Parlons Français '36-'37; Football and Swimming Squads '36-'37.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

FRANK has never yet been seen without his inseparable companion—his pipe. It's a familiar sight to see him out on the esplanade puffing on his faithful corn cob. As a fifth form rhinie this year he quickly achieved prominence by making both the Choir and the Glee Club. In the line of athletics he earned positions on the football and swimming squads. His studies have never given him any cause for worry, and he has been a member of the Parlons Français Club the entire year.

In the one year that we have known Frank we have learned to like and respect him immensely. We couldn't speak about him without reference to his admirable disposition. No matter what the circumstances may be, he has never yet showed the slightest sign of discontent. Frank cheerfully endures every kind of torment always smiling or laughing. During his spare time Frank entertains his classmates by playing on his guitar. His unique and novel cowboy songs are only one phase of his ability.

With the record he has left behind in his one year at Lawrenceville, and with his likeable disposition, we realize that Frank cannot evade future success.

OLLA PODRIDA

HERBERT HALSEY MAASS, JR.

"Herb" "Herby"

"God made him, and therefore let him pass for a man."

888 Park Ave., New York, New York.
Born at New York, New York, March 18, 1919.
Tennis Squad '36, '37.
Came to Lawrenceville September, 1934. Former House, Raymond. Preparing for B.A. course at Princeton.

"Oh Her-bert! Telephone!" With this familiar cry Herb jumps up and trots downstairs to talk to one of his frequent callers. Herb gets more phone calls and letters in a day than the average Upper inhabitant does in a week. And he has more time to take care of them, too. Herb gets a steady eligibility and spends at least fifteen minutes on each subject, plus ten minutes with a Latin trot. The time that isn't used answering the telephone, writing or listening to the music in the common room, Herb spends on the tennis courts. He wields a wicked racket and has an excellent chance of making the team this spring.

Outstanding among Herb's accomplishments is the mastery of the piano. Our own Eddie Duchin can often be seen pounding out Upper's favorite swing tunes on the ivories of a battered piano. Herb also did his bit toward the success of the yearly proms by bringing a certain famed New York belle to Lawrenceville.

Coming from the Raymond House to Upper, Herb has been well liked and has enjoyed his nine-month vacation here. He is destined to go to Princeton and take up law, in which practice we know he will flourish.

OLLA PODRIDA

FRANK JOSEPH MACKEY

"Fran" "F. T." "Mac"

"I'm always right but my masters never think so."

1321 East 56th St., Chicago, Illinois.

Born at Chicago, Illinois, October 10, 1917.

Press Club '36-'37; Photography '35-'36, '36-'37; Cleve House Debating Team '35-'36.

Came to Lawrenceville September, 1935. Former House, Cleve. Preparing for B.A. course at Williams.

THAT the Middle West is the greatest section of the country Frank is positive. This may be explained by the fact that this debonair Laurentian has been a Chicagoan for nineteen years. He has been at Lawrenceville for two years, one in the Cleve House and one in the George. While in the Cleve, Frank, combining his fine personality with a keen sense of humor and a readiness to give as well as to take, won for himself many friends. His accomplishments were unique in that they covered so many fields. They ranged from excellence in athletics—Frank shoots a splendid game of golf—to excellence in oratory. Once, it is rumored, he convinced a certain underformer that, during the winter, trains ran only to Detroit and from that point to Chicago one had to go by dog sled.

This year Frank, now about to graduate, whoops it up as befits one of such status, and is numbered among those whose voices nightly fill the air with soft melodies while out on the esplanade. Frank's goal is Williams. Upon leaving Lawrenceville he will take with him a personality which cannot but be missed. Let us wish him, departing, all the luck in the world.

OLLA PODRIDA

WILLIAM ANDREW MAHLOW

"Bill" "Cap" "Molly"

"Besides, 'tis known he could speak Greek as naturally as pigs squeak."

186 Lawrence Road, Trenton, New Jersey.

Born at Trenton, New Jersey, April 17, 1919.

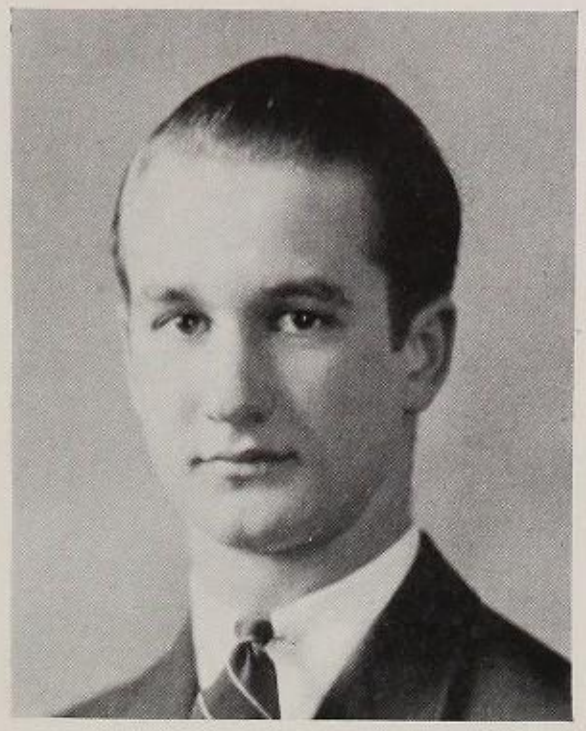
Fourth Form Bible Prize '36; School Band '34-'35, '36-'37; Crew (L) '35, (L) '36, (L) '37; Football (Numerals); Soccer (Numerals); All-House Soccer '35.

Came to Lawrenceville September, 1932. Former Houses, Perry Ross, Hamill. Preparing for B.A. course at Princeton.

BILL has been with us for five years as a day boy, having entered Lawrenceville as a rhinie in September, 1932. His first year he chose the Perry Ross House of the Lower School for his residence. From Lower School, Cap graduated to the circle choosing the Hamill House as his next Alma Mater.

His first year in this worthy abode he became a member of the Band and has held a position in that estimable organization every year since by his successful attempts to toot the trumpet. His next year he netted a major L in crew for himself. Since then he has always been on the first crew, adding two more majors to his collection. His third year in Hamill, Bill earned the nickname of Cap by being elected captain of his house soccer team. He also gained a position as fullback on the all-house team.

In the fifth form he obtained his numerals by being on the varsity football squad and on the first string soccer team. Next year Bill will enter Princeton University where he will try for a B.A. degree, and all of us wish him the best of luck and good times there and thereafter.



WILLIAM WALTER McCARTHY

"Mac" "Walt" "Sleepy Spic"

"Silence is requested for the benefit of those who have retired."

420 Hawthorne Road, Duluth, Minnesota.

Born at Minneapolis, Minnesota, on September 14, 1919.

Herodotus; Science Club; Olla Podrida '36-'37; Basketball Manager (minor L) '36-'37; Permanent Member Cum Laude Society; Championship Kennedy Football and Soccer Teams '35-'36.

Came to Lawrenceville September, 1935. Former House, Kennedy. Preparing for B.S. course at Princeton.

MAC established himself as one of Kennedy's athletes in '35-'36 by earning his place on the championship football and soccer teams and on the second place basketball team. He enjoyed popularity which is seldom attributed to a rhinie and while basking in the light of this favor he confessed that he and Casanova were both endowed with similiar qualities as regards the fairer sex. All the girls in Duluth, according to Mac, combine the best aspects of Venus de Milo and Mona Lisa. When even one little eyebrow is raised in doubt, Mac is more than willing to swear by the truth of his statements.

This year Mac was elected to the OLLA PODRIDA board, the Science and Herodotus Clubs and has been a steady first testimonial man. He also amply filled the traditional shoes of varsity basketball manager. Even though Mac laughs harder at his own jokes than anyone else, we find it easy to forgive him. His infectious good nature and wit will leave a gap in the halls of Caleb Smith that will not be easily filled. We wish this midwestern Duluth boy godspeed and feel certain that he will succeed as well in the world as he has in Duluth and Lawrenceville.

OLLA PODRIDA

JOHN OAKS McCARTY

"Toad" "Mac" "Oaks"

"Great oaks from little acorns grow."

65 East 4th St., Corning, New York.

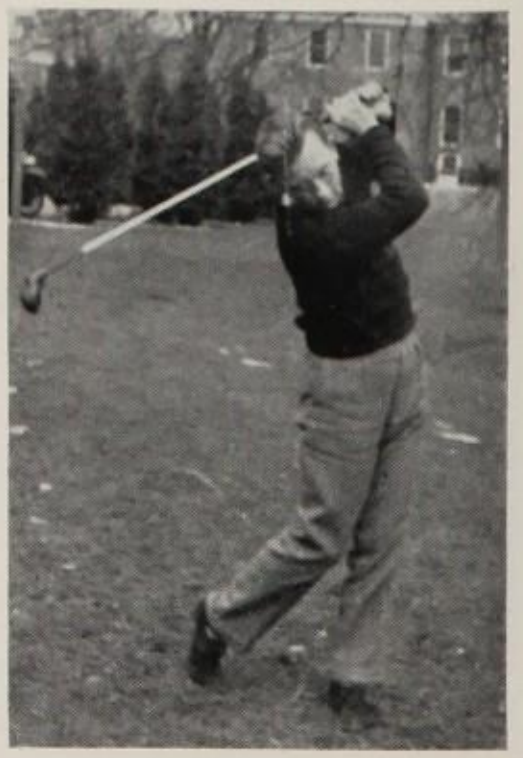
Born at Corning, New York, May 13, 1918.

Captain Championship Griswold Golf Team '36; School Golf Squad '36-'37.

Came to Lawrenceville September, 1935. Former House, Griswold. Preparing for B.A. course at Williams.

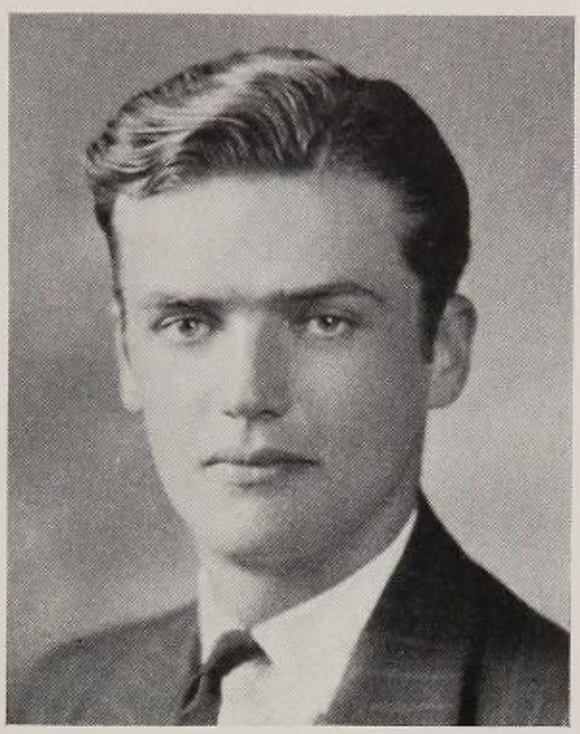
THE mighty Toad has been with us only since last year but in this short time he has made many friends throughout the School. Mac is one of the funniest fellows in Upper and everyone will admit that his humor is unequaled. As for the various games of cards he is also unsurpassed. In fact, he has been formally acknowledged as the champion legal poker player in Upper.

Upon his arrival at Lawrenceville last year Toad set out to make the Periwig Club and took a prominent part in *The Royal Family*. Ignoring his stage career for a while he played on the School golf squad during the spring and then turned to Griswold athletics where he earned his G by captaining the circle house golf champions in the spring. The following year he again returned to the support of the School where he resumed activities on the fall golf squad once more.



Mac appears to be somewhat quiet but this is far from being true as can be seen by his ardent desire to prove his point in any kind of an argument. John is a hard worker and is admired by everyone for the amount of effort he puts on his studies. There's no doubt about it, success will be his.

OLLA PODRIDA



JOSEPH RAMSAY McGREGOR

"Mac" "Pope" "Farb"

"A gentleman, if not a scholar."

31 Afterglow Way, Montclair, New Jersey.

Born at New York, New York, May 8, 1917.

Chairman, House Committee '36-'37; Rhinie Representative, Hamill, '35-'36; Crew Squad '35-'36; Tennis '35, '36, '37.

Came to Lawrenceville September, 1935. Former House, Hamill. Preparing for B.A. course at Princeton.

MAC is another one of the Jerseyites in Lawrenceville and quite proud of the fact. He defends this great state and also Montclair on all occasions and has been known to convert *some* outsiders to his beliefs. But aside from this Mac rarely finds anything he seems to like. He will gripe at anything from prom orchestras to distinguished members of the faculty. However, we who know him well realize that it is not meant in a malicious way; on the contrary, it is all in the spirit of fun and small talk. Also, Mac is one of God's gifts to bull sessions for he knows a lot—and tells more.

This year Mac had the distinction of being chairman of the house committee for the supervision of the common room. From the time of his appointment he has spent his leisure with dustpan and broom performing his task so that other members of the form may enjoy smoking indoors. Soon this will cease, for tennis will occupy Mac's spare time. He is one of Lawrenceville's chief hopes for another undefeated season on the courts.

Mac leaves many friends behind here and we know his sincere and magnetic personality will make many more in years to come.

OLLA PODRIDA

CYRIL McQUILLAN

"Red" "Mac" "Cy"

"Red hair is better than none!"

5 West 63rd St., New York, New York.

Born at Philadelphia, Pennsylvania, February 22, 1919.

Chairman of Lawrenceville School Camp Committee '37; O'Fallon Medal Cross Country Run, Third, '36, Second at State Meet '36 (Medal); Swimming Team '34, '35, '36, (L) '37; Captain Championship Raymond Track Team '36; Track Squad '34, '35, Team '36; Cross Country '33, '34, '35, '36; Swimming Director at Lawrenceville School Camp '35, Head Counsellor '36, Assistant Director '37.

Came to Lawrenceville September, 1933. Former House, Raymond. Preparing for B.A. course at Princeton.

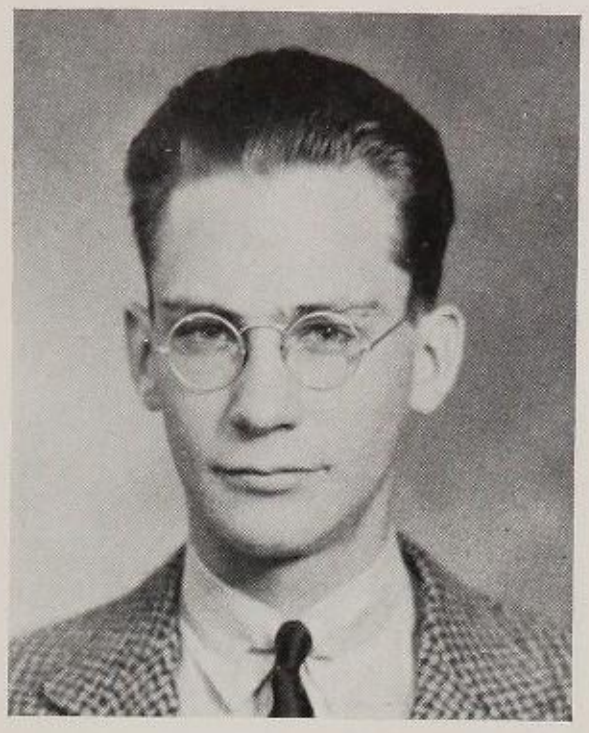
A VETERAN of Lawrenceville since September, 1933, Mac spent his first three years in the Raymond House where he was outstanding in swimming and in track, his favorite sports. As a swimmer he was captain of the Raymond House team in 1936 and was on the School squad from 1934 on, winning his major L and a second place in the state meet. As a track man he spent three years on the School squad, was captain of the championship house team and won a third place in the O'Fallon Cross Country in 1936.

In studies Red is not quite as adept as he is in athletics. His exceptionally heavy schedule necessitates a good deal of hard work. However, Cy keeps all of his grades above the danger line—some of them with very good margins.

Outside of the grounds Cy holds an important position in the School camp. His last four summers have been totally devoted to this cause. He has advanced from swimming director through head counsellor to assistant director and chairman of the camp committee here in School.

Our best wishes go with Mac to Princeton.

OLLA PODRIDA



WALTER MEIGS, JR.

"Meigsie" "Pete" "Cousin"

"I was a ninety-seven-pound weakling. . . ."

19 Durham Road, Bronxville, New York.

Born at New York, New York, September 21, 1918.

Historian, Cromwell, '33-'34; Championship Kennedy Football and Soccer '35-'36.

Came to Lawrenceville September, 1932. Former Houses, Kennedy, Cromwell. Preparing for B.A. course at Princeton.

Cousin Meigs came to Lawrenceville in 1932 and won his nickname because of his frequent references to his cousin in Dickinson. In his second year at Cromwell, Meigsie was elected to the post of house historian and later won his letter in both soccer and football, playing on the Cromwell championship teams.

From Lower Cuz went to Kennedy and in his second year in the house was awarded letters for the identical sports in which he won them in Lower—championship football and soccer aggregations. Cuz won fame in the artistic field doing several drawings for both the Lit and the Lawrence.

This year in Upper muscular Meigsie has been practising and developing his physique on the high bar. He knows a barrel of stunts and will perform them before a gaping crowd at any time. Not contented with this strenuous exercise during the day, we can usually find Cuz at night in the halls of Upper pitting his strength against that of his sidekick, Jack Selby. Here these two wonder-men attempt such difficult feats as prolonged hand stands and giant swings on any available bar, no matter how frail.

OLLA PODRIDA

WILLIAM SANFORD MILLER

"Bill" "Piggy"

"The way to a man's heart is through his stomach."

Ardsley-on-Hudson, New York.

Born at New York, New York, May 28, 1918.

Glee Club '36-'37; Choir '36-'37; Football Squad '36-'37; Hockey Team '37.

Came to Lawrenceville September, 1936. Preparing for B.A. course at Yale.

SINCE last September when Bill came to Lawrenceville he has made quite a name for himself among the athletes. He came back early for football practice and soon earned his nickname of Piggy for his tremendous appetite. Since football season he has been one of the mainstays of the hockey team, having played in every game this season. His activities are not restricted to athletics alone, for he is also in the Choir and in the Glee Club.

Much given to talking, he can be found in one of many George House bull sessions at most any time. Bill, being interested in aeronautics, loves to discuss with anyone this topic about which he has many stories to tell. We have been unable to find out whether these stories are true or whether they are but tales concocted by his nimble mind.

His love of argument can well be seen by visiting any of his classes. He can always find something about which to debate with the teacher.

Piggy is planning to spend his next four years at Yale and with a feeling of regret that we didn't get to know him better we say "good-by and good luck."

OLLA PODRIDA

GEORGE FREDERICK MOHR

"George"

"Efficiency is the thing, boys."

210 Kent Road, Ardmore, Pennsylvania.
Born at Ardmore, Pennsylvania, January 20, 1919.
Varsity Track Manager '36-'37.
Came to Lawrenceville September, 1935. Former House, Cleve. Preparing for B.A. course at Williams.

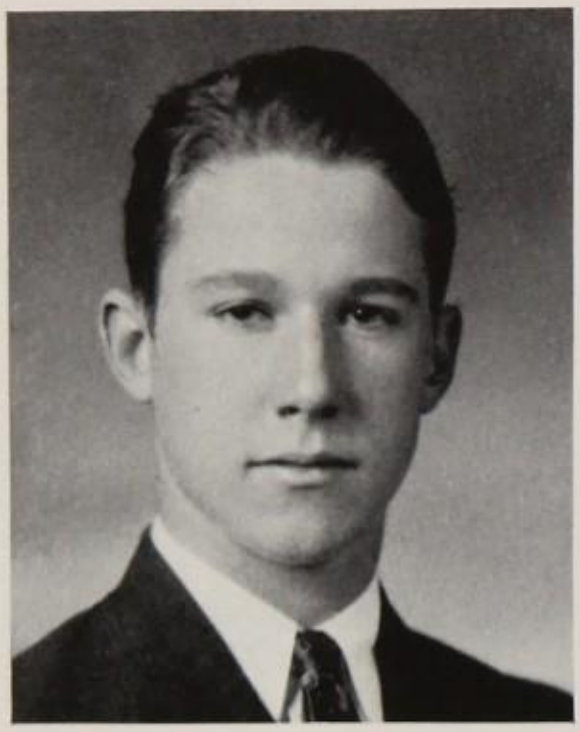
GEORGE set out for the longest and hardest job that school athletics have to offer when he came to Cleve last year, and, through his show of persistent effort, had the position of 1937 track manager in the bag before the spring meets. He has already proved himself to be as much in command of the situation in the arena of Madison Square Garden as in the daily stampede on our track.

Club Kinnan serves as a base for this destroyer of doubt. George's many friends all agree that his well defined and well stated opinions on almost any subject bear no mean weight, and we must admit that his remarks settle arguments quicker than anyone's.

Philadelphia temporarily loses a noble citizen when George journeys north across the Delaware, but he is always planning novel and rather roundabout ways of returning for vacations, none of them seeming to evolve when the time comes to go home.

Perhaps George's most valuable traits are and will be his omnipresent good nature and policy of not crossing too many bridges before he comes to them. We wish him luck in Williams and elsewhere for he is a hard worker with an attractive personality.

OLLA PODRIDA



CRAIG MOORE

"Craig"

"The moore the merrier."

914 Paxinosa Ave., Easton, Pennsylvania.

Born at New York, New York, June 10, 1918.

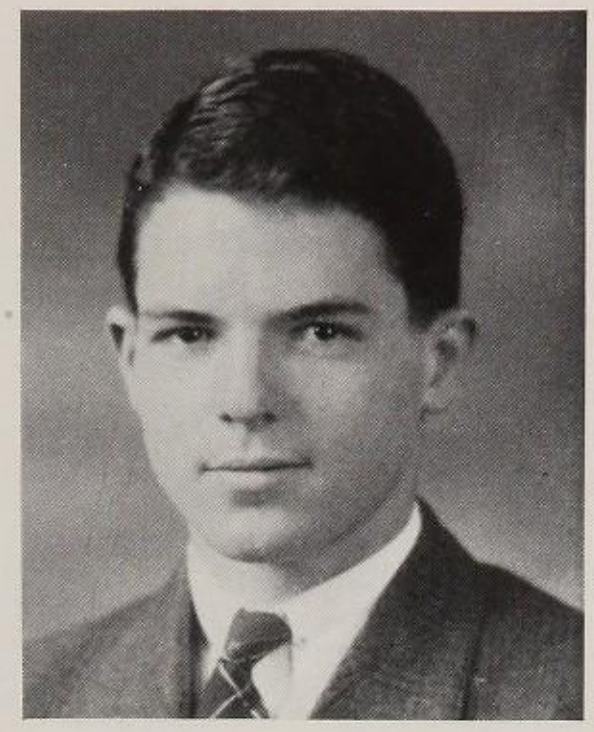
Woodhull House Council; Parlons Français '37; Press Club '36-'37; Swimming Squad '33-'34, Swimming Team '36-'37.

Came to Lawrenceville September, 1932. Former Houses, Thomas, Woodhull. Preparing for B.A. course at Harvard.

His ever-improving record since he arrived in Thomas House five years ago has given Craig an enviable reputation. He started well and has forever improved. In fact Thomas House closed the year he left and hasn't opened since. When he left Thomas he became a member of Woodhull and was elected to the house council. He excelled in athletics for the Brown and White, playing on the football, baseball, soccer, and swimming teams. He was captain of Woodhull's basketball team last year and was the mainstay of the quintet. In previous years he has been a member of the varsity swimming squad and this year helped form the nucleus of the team, his efforts being rewarded by a major L.

Scholastically Craig has worked hard, as hard as anyone in the form, and has finally achieved success. He has held a testimonial average at every report this year and although he likes to bull he can be found nightly slaving over the books. Besides his studies he finds time to work in the Press Club and is a member of Parlons Français. He claims he is a farmer and spends his summers on a farm in Pennsylvania. He hails from Easton and is a staunch supporter of the spot when need for defense arises.

OLLA PODRIDA



GEORGE BISSLAND MOORE

"Biss" "Geeb"

"He who perseveres shall succeed."

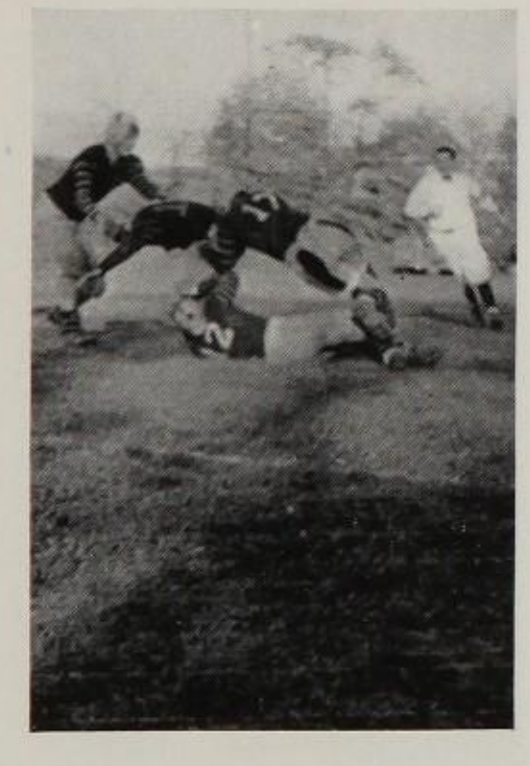
Headquarters, Second Corps Area, Governor's Island, New York.

Born at St. Louis, Missouri, October 6, 1918.

President, Cum Laude Society; First Scholar Fourth Form; Ancient History Prize; Photography Club '35-'36, '36-'37; Pipe and Quill; Herodotus; Track (minor L) '36; Football (L) '36-'37.

Came to Lawrenceville September, 1935. Former House, Hamill. Preparing for West Point.

TAKE the School's leading scholar. Add to this the brainy dependable left halfback of the varsity football team. Dash an ace boxer and a track letterman into this mixture. Then flavor the whole with a winning personality and fine character. After mixing evenly you have 140 pounds of grey matter and muscle, Biss Moore.



It was Hamill House that luckily fostered Biss. Here he made a name for himself as a flashy house back and remarkable student, walking off at the end of the year as the leading scholar of the fourth form. His final year with us started off auspiciously with the winning of his major L in football. Despite his light weight Biss invariably played a fine game making sensational interceptions and thrilling runs. In the meantime he took the position of the best scholar in Lawrenceville. But to look at Biss from another angle we find him not only the gridiron star, boxer, runner, and savant, but also a prominent member of the Pipe and Quill and Herodotus Clubs where his personality appealed to all. Withal, he is a paragon of modesty, quiet, conservative, good humored. It will indeed be a lucky West Point that receives Biss Moore.

OLLA PODRIDA

HUGH MOORE, JR.

"A lark sings loud and high, but not half so loud nor half so high as I."

914 Paxinosa Ave., Easton, Pennsylvania.

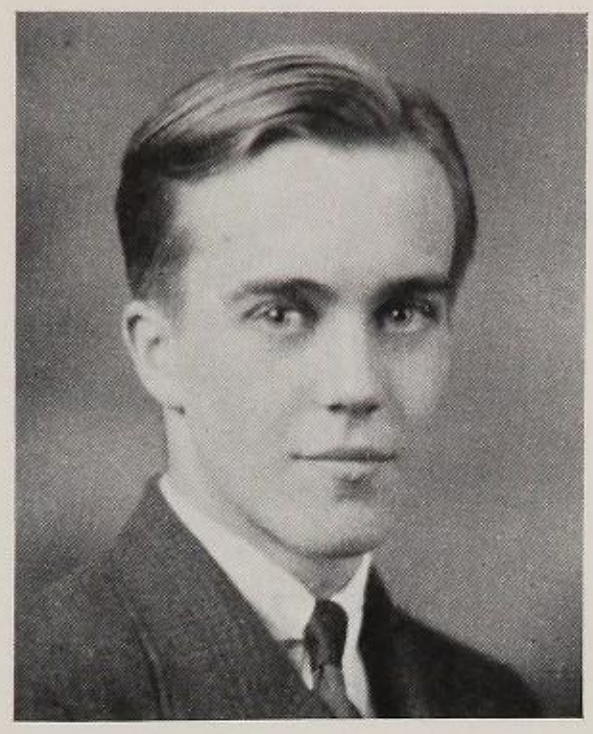
Born at New York, New York, August 11, 1920.

Parlons Français '36-'37; Band '33-'34, '34-'35, '36-'36, '36-'37; Orchestra '35-'36, '36-'37.

Came to Lawrenceville September, 1933. Former Houses, Cromwell, Cleve. Preparing for B.A. course at Harvard.

During his four years' residence in Lawrenceville, Hugh has made himself well known among those more inclined to bull sessions. He can be found most any time using his clever brain and imagination to best advantage in outwitting whosoever will argue with him. Hugh is not known only for his debating powers though, for he has been one of Mr. Keller's mainstays ever since he was in Lower, having been a member of the Band and Orchestra for four years. However, he carries his musical talents even further for frequently—day or night—his voice can be heard ringing through the halls of Upper. Not only is he talented in music but also in art. During the past year his pictures have appeared in the Lit at frequent intervals. He is constantly thinking up new and original pictures to draw, new ideas to express in paintings and sketches. He is always in the first half of his form in spite of the fact that he spends much of his time bulling and exercising his musical talents. We feel certain that no matter what Hugh does when he graduates from Harvard, he will be successful, for his ability in argument, his self-assurance, and his ingenious brain will carry him through.

OLLA PODRIDA



WILLIAM SHEEHAN MORAN

"Bill"

"The play's the thing. . . ."

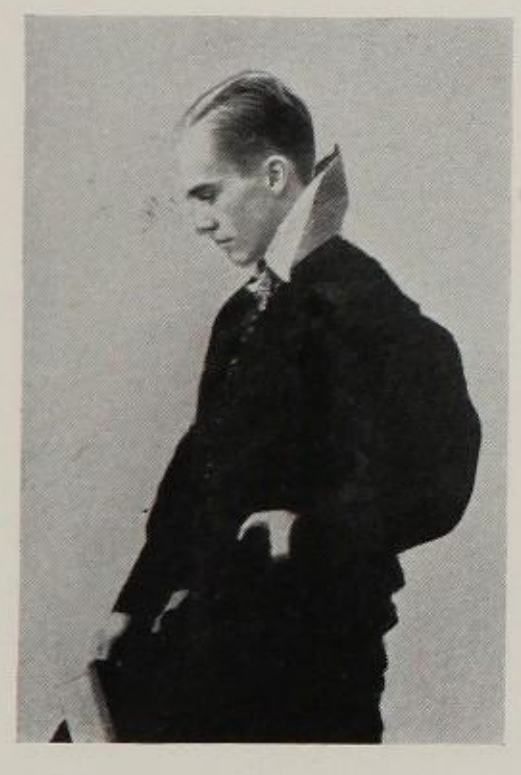
2194 Andrews Ave., New York, New York.

Born at New York, New York, April 11, 1920.

Debate Prize '34; Periwig Club '35-'36, '36-'37; Lower School Recorder '34-'35; Perry Ross Debate Team '33-'34, '34-'35; Griswold Debate Team '35-'36.

Came to Lawrenceville September, 1933. Former Houses, Perry Ross, Griswold. Preparing for B.A. course at Princeton.

BILL has braved, all told, four years of trials and tribulations here at Lawrenceville. He spent his first two years under the careful guidance of Mr. Groff in Perry Ross, where he distinguished himself as a debater on his victorious house team. He then graduated to the Griswold where he grew into maturity under the paternal guidance of Mr. Wells. During his year there he became an active member of the Periwig Club and he still hails you as you walk across the campus to ask you to please hear his script for a new Periwig performance. While in Gris he also furthered his reputation as a debater.



Bill's favorite sport is track. He was on the Griswold track team where he ran the 220-yard dash. He also participated in the cross country races where he showed great ability. Bill's outstanding subject is English. Throughout his school career he has shown a great aptitude for writing. Because of this distinguishing trait, he was chosen as one of the candidates for fifth form historian. Bill is now a member of that austere house, Club Kinnan. His great ambition is to enter the Princeton Triangle Club and we all wish him the very best of luck in attaining his goal.

OLLA PODRIDA

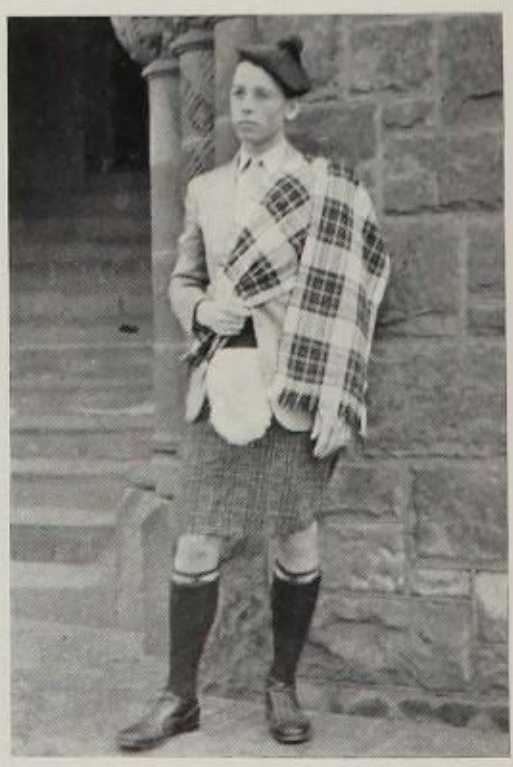
RAYMOND INSLEE MOUNT, JR.

"Ray"

"He who steals my purse steals trash."

36 Edgemont Road, Montclair, New Jersey.
Born at Montclair, New Jersey, September 20, 1918.
Pipe and Quill; Cum Laude Society.
Came to Lawrenceville September, 1934. Former House, Griswold. Preparing for B.A. course at Princeton.

RAY has been in our midst three years and in that time we have come to know him well. He has always commanded our respect and admiration for being able to keep an eighty-five average under control and still enter into the third floor forays with gusto. His interests are varied. He is an enthusiastic sailor as the pictures on the walls of his room will testify. Interested in literature, he is a member of the Pipe and Quill. A good student, he is in the Cum Laude Society.

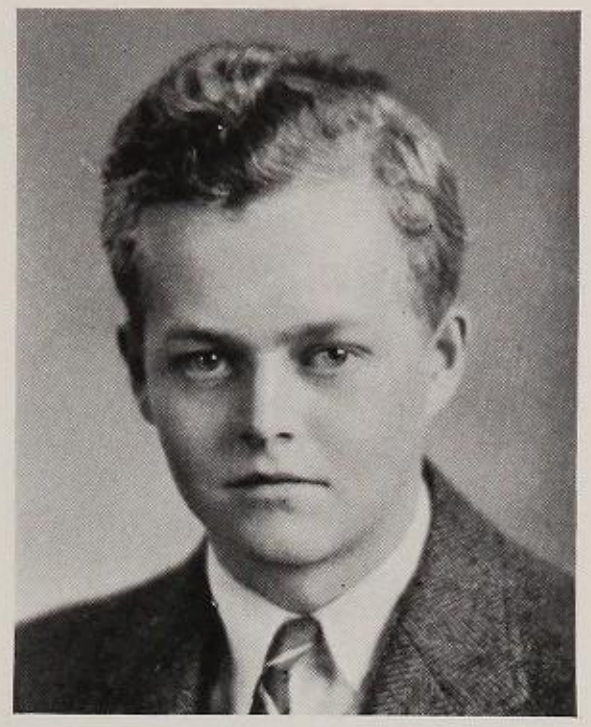


Ray has been an invaluable asset to the numerous top-floor bull sessions. His bits of philosophy and profound thinking have earned him a place in every discussion, while his passion for pranks and other forms of merriment has gained for him quite a reputation in those fields.

He can utilize his time to great advantage at odd moments during the day and still spend most of the evening after ten o'clock indulging in the pleasures of water fighting and bed dumping.

His sincerity, his sense of humor, and his joviality are all qualities which have earned for Ray his many friends.

OLLA PODRIDA



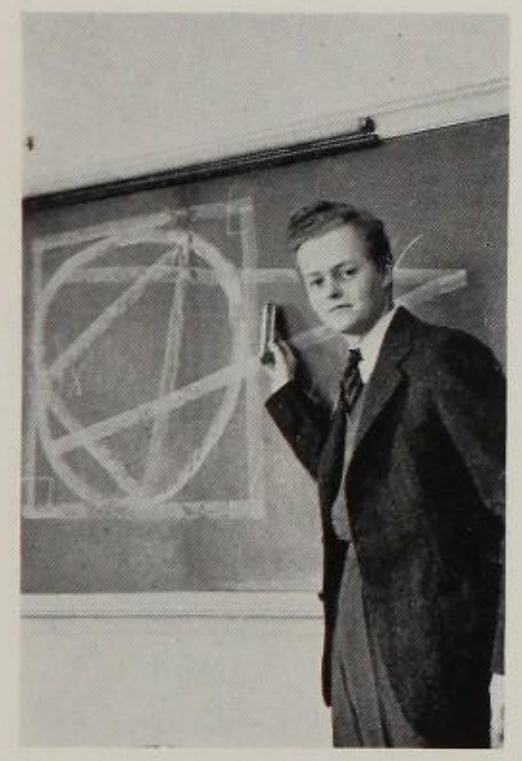
HOWARD MULLER

"Howie"

"The blond beast."

37 Edgehill St., Princeton, New Jersey.
Born at New York, New York, May 24, 1919.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

To take a glance at the informal of this sandy-haired day boy from Princeton, one might be led to believe that his favorite course is mathematics. However, sarcasm is the title to this picture, for it is well known that anything pertaining in any way to *a, b, c,* and *x, y, z,* bring only disgusted oaths from this member of the anti-Archimedes organization. It is also equally well known that Howie's dislike for this subject was so intense that in one of his previous schools he talked his way out of half a year's work. Nevertheless, in languages Howard completely makes up for any deficiency in course of figures. There is no known tongue about which he does not know the fundamentals at least—Greek, Latin, Yiddish, Chinese, all are numbered among the list of his *achievementae linguae.* In all but one language, he has a great interest and that one is English.



Howard's argumentative ability, mentioned already, is also one of his great points of subsistence for if it were not for that he would have many more demerits to his credit than he has now. Hence, if not for his linguistic perfection it is for himself that we are sorry to see him finishing this, his only year in Lawrenceville.

OLLA PODRIDA

LESLIE MILTON MYER

"Les" "Mousey"

"Good nature shines from his face."

11 East First Ave., Johnstown, New York.

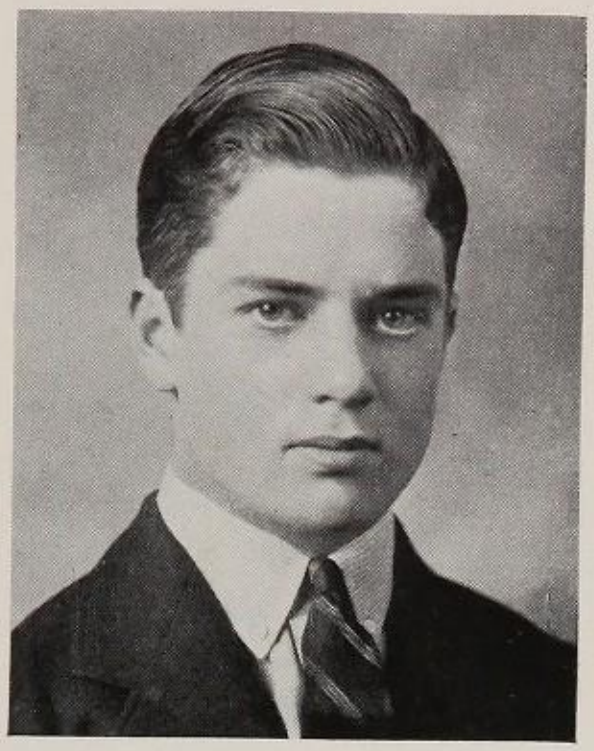
Born at Brooklyn, New York, May 26, 1917.

Chairman, Ring Committee; Vice-President Third Form '35-'36; Vice-President Dawes '34-'35, '35-'36; Vice-President Davidson '32-'33; Football (minor L) '35; Basketball (L) '35-'36, Captain '36-'37; Baseball (L) '35, (L) '36; All-House Basketball Dawes '34.

Came to Lawrenceville September, 1931. Former Houses, Davidson, Dawes, Upper. Preparing for B.S. course at Purdue.

A VETERAN of Lawrenceville, Les has used his several years to good advantage. He has probably earned more varsity letters than any other boy in School. Not to mention house athletics, Les has earned several L's in varsity football, basketball, and baseball. This year he captained the basketball team with great success. He deserves credit for the splendid fight he puts into all his activities. Disregarding a bad knee and ankle, Les continued his athletics throughout the last year with notable success. It might be thought that such an athlete was inferior otherwise. This is, however, contradicted by the fact that he was vice-president of Dawes for two years, vice-president of his form last year and is at present chairman of the Ring Committee. Although he may not be superb scholastically, in the past three years he has obtained many second testimonials, and retained a satisfactory average throughout his fifth form year. Although inclined to be quiet, this easy-going chap needs no urging to get into the center of the nearest argument. With such a commendable impression and record as Les has left at Lawrenceville we know his future will be as successful as his past has been.

OLLA PODRIDA



FRANK ROBERT NOONAN, II

"Bob" "Rooster"

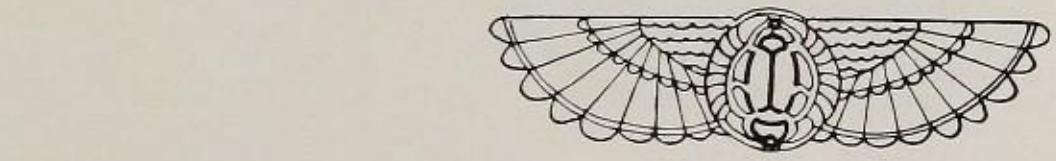
"And the cock crew."

2388 West Lake Isles Boulevard, Minneapolis, Minnesota.

Born at Minneapolis, Minnesota, November 23, 1919.

Olla Podrida '36-'37; Hockey Squad '35-'36; Baseball B Squad '36.

Came to Lawrenceville September, 1935. Former Houses, Dawes, Upper. Preparing for B.A. course at Princeton and M.D. degree at Pennsylvania.



Bob is most noted around school for his biting sarcastic wit. Even the most worldwise, sophisticated fifth formers guard their speech when around him for fear of leaving themselves open to some attack. Even the best of ears glow when Bob gets under way. No one in the form minds this, however, as Bob can take it as well as dish it out. Never in his two years at Lawrenceville has he been known to lose his temper even under the most trying of circumstances.

Last summer he was injured in an automobile accident and even though forced to leave School for many months and to wear an uncomfortable brace he is never heard to complain and is now working all the harder to make up for lost time.

Last year he was constantly on the move athletically and played hockey, football and baseball at various times during the year. He was elected to the Olla Podrida board also and has done some hard work on it both as a candidate and a member. He plans now to take a medical course in Pennsylvania and those who know his fine qualities realize that he need never fear failure, whatever he does.

OLLA PODRIDA

WALTER THOMAS NOONAN, JR.

"Tom" "Rosy Cheeks" "Minnie"

"Northwestern was lucky!"

2388 West Lake Isles Boulevard, Minneapolis, Minnesota.

Born at Minneapolis, Minnesota, October 13, 1917.

Director of Upper '36-'37; President of Dawes '35-'36; Student Council '35-'36, '36-'37; Student Adviser of Davidson '36-'37; Periwig Club '34-'35, Vice-President '35-'36, '36-'37; Lawrence '35-'36, '36-'37; Program '35-'36, '36-'37; Golf (minor L) '35, '36; School Golf Team '35, '36, '37; Member Fall House Golf Championship Team '34; Hockey Squad '35-'36; Cheer Leader '35-'36, Head Cheer Leader '36-'37; Charity Committee '35-'36; Prom Committee '36, '36-'37.

Came to Lawrenceville September, 1934. Former House, Dawes. Preparing for B.A. course at Yale.

TOM hails from the polar regions of Minnesota, the land of super football teams. He can often be heard denouncing some unfortunate classmate who clings to the antiquated idea that there exists anywhere a team better than Minnesota. Minnie's secondary football interest is here at Lawrenceville. As head cheer leader this year he added the "skyrocket" to the students' repertoire of yells. During his two years in Dawes he played in the backfield of the house team. But Tom's athletic interest does not stop with football for he plays a bang-up game of golf, having won his minor L in that sport for the last two years.

Don't get the idea that Rosy Cheeks restricts himself to a display of brawn. He gained a position on the LAWRENCE staff and by his acting ability was made vice-president of the Periwig Club. His leadership ability, too, has been recognized. Last year he was president of Dawes while this year he is a director of the House of Lords and on the Student Council. Being a member of the prom committee, Minnie always helps to make the dance a success by bringing his latest flame.

With Tom to Yale go our best wishes.

WAYNE PALMER

"Weeno"

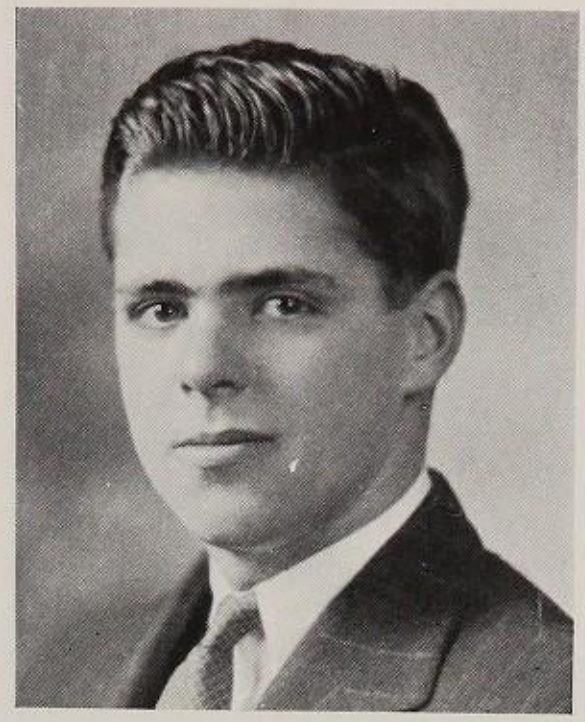
We repeat: *"Though deep, yet clear; though gentle, yet not dull."*

Sunnyside Lane, Irving-on-Hudson, New York.

Born at New York, New York, November 30, 1918.

Secretary-Treasurer Dickinson '34-'35; Banjo Club '32-'33; Glee Club '35-'36; Olla Podrida Board '35-'36; Pipe Committee; Baseball (minor L) '36, J.V.s '35; Football Squad '35-'36; Basketball Squad '34-'35, '35-'36; Wrestling Team '37; All-House Baseball '34, '35; Choir '31-'32.

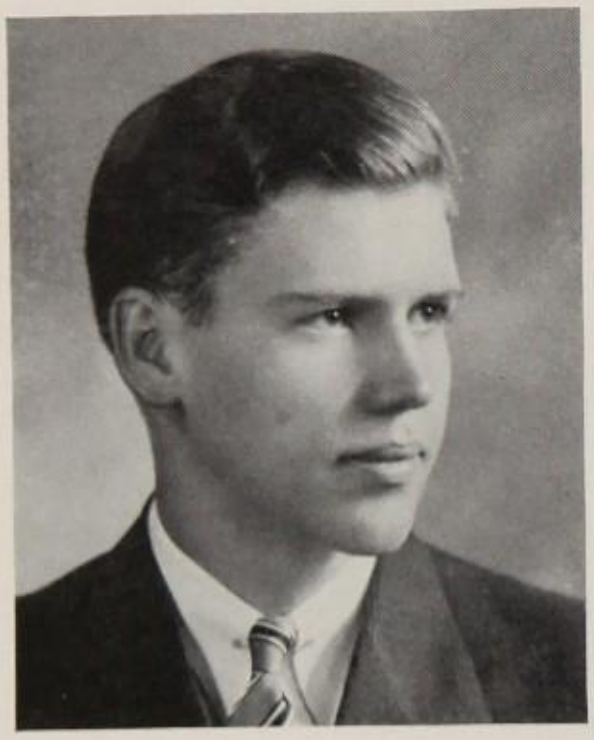
Came to Lawrenceville September, 1931. Former Houses, Thomas, Dickinson. Preparing for B.A. course at Williams.



RETURNING as a post-graduate, Wayne continued to lengthen his long list of accomplishments at Lawrenceville. To say he was twice a member of the football and basketball squads, a member of the Choir, Glee and Banjo Clubs, and OLLA PODRIDA, secretary-treasurer of Dickinson, and a member of the baseball team, would only be mentioning a few of his many accomplishments. This year, for the first time, he tried his hand at wrestling. While yet undefeated he unfortunately broke his hand and was forced to retire from the team. Three times a winner of his D he wasn't satisfied until he made the four major varsity teams.

Wayne probably knows more people than any other person. Every letter, regardless to whom it is written, mentioned something about Weeno. In spite of his personality and popularity, he can't keep out of trouble. Every letter he receives carries along with it the proverbial "bubble." To avoid embarrassment, everyone has learned to keep out of an argument with Wayne. It's no wonder that Kinnan is the victim of continuous rioting with Weeno and his roommate always thinking up some practical joke.

OLLA PODRIDA



EDWARD LAUCK PARKE

"Ned"

"Lord, Lord, methought what pain it was to drown!"

103 West Fornance St., Norristown, Pennsylvania.

Born at Philadelphia, Pennsylvania, May 7, 1918.

Director of Upper '36-'37; President of Cleve '35-'36; Press Club '34-'35, '35-'36, '36-'37; Swimming (minor L) '34-'35, (L) '35-'36, (L) '36-'37; Track (minor L) '36; Prom Committee '36, '36-'37.

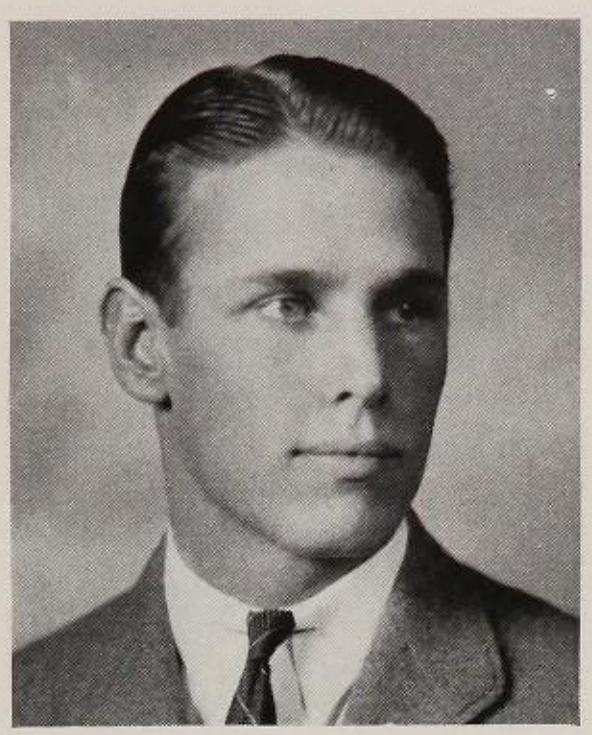
Came to Lawrenceville September, 1932. Former Houses, Thomas, Cleve. Preparing for B.S. course at Princeton.

In the five years that Ned has been in Lawrenceville he has earned a fine reputation as being one of the most well-rounded fellows that Lawrenceville has ever turned out. Beginning with his arrival here in 1932, he has built up an enviable record.

In 1933 he became a member of the swimming team and won his L the following spring. In the next year he was elected captain and led another very successful season in that sport. He was re-elected this year and set the national interscholastic record in the backstroke. Ned also won his letter in track last year.

Besides being a member of the student council Ned has held prominent offices in the Circle in the past. Among the most important was the presidency of Cleve House last year. Last fall Ned was elected to the prom committee. Of the best known traits of Ned's character, his friendliness, his sincerity and his sense of humor are the most outstanding. His splendid personality has won him a host of friends and his good sportsmanship is well known throughout the School. With all these fine assets we know Ned will find that success is not hard to achieve.

OLLA PODRIDA



STANLEY WEBSTER PEARSON, JR.

"Stan"

"I once admitted—to my shame—that football was a brutal game. Because She hates it."

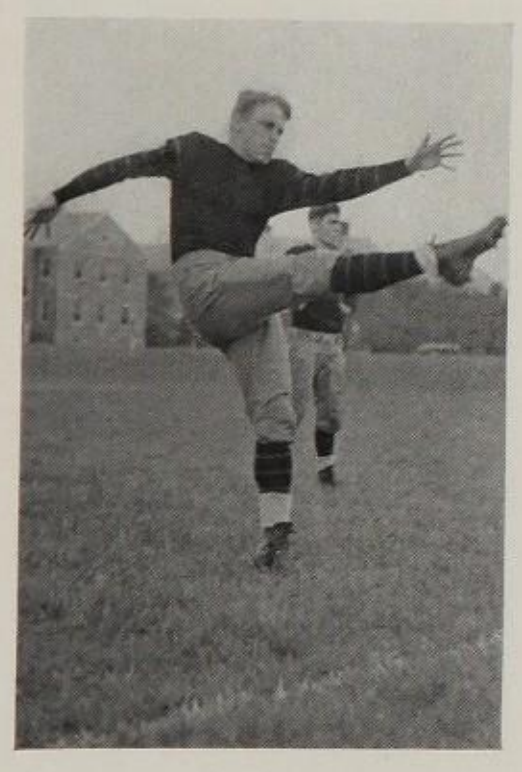
East Gravers Lane, Chestnut Hill, Philadelphia, Pennsylvania.

Born at Germantown, Philadelphia, Pennsylvania, November 27, 1917.

Football (L) '36; Basketball (L) '37.

Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

STAN came from Chestnut Hill this year as a rhinie. Immediately he was recognized as an unusually good athlete and a good all-around fellow. In spite of this being his first year he immediately secured a position on the football team. Although hindered by injuries he was not the least bit slowed up. As the outstanding backfield man he was often seen making long sensational runs placing Lawrenceville on the long end of the score. Football having ended, Stan showed up for basketball. He proved his ability in this sport also by earning one of the few major L's which were issued to the basketball team. We all realize Stan's ability in baseball, also. Unfortunately time won't permit him to enter into more athletics but his ability extends beyond football, basketball, and baseball, since he is outstanding also in track, tennis, and squash.



Besides excelling in athletics Stan is equally successful in his studies. When he's not studying he usually is up to some prank which causes a minor battle in Kinnan. It isn't Stan's athletic ability, however, but his agreeableness and friendliness which have made him so extremely popular throughout School.

OLLA PODRIDA

PRATT DASHIELL PHILLIPS, JR.

"P. D." "Phil" "Farb" "Windy"

"When the winds are raging o'er the Upper."

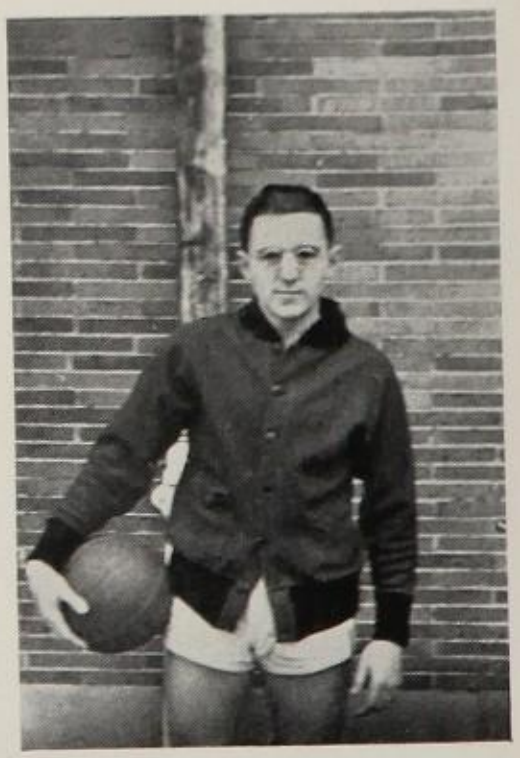
Ivy Court, Salisbury, Maryland.

Born at Salisbury, Maryland, April 17, 1918.

Kennedy All-Around Athlete '34-'35; All-House Basketball and Soccer '34-'35; Baseball (minor L) '34; Basketball (minor L) '35-'36, '36-'37; Track (minor L) '36; Cheer Leader '35-'36, '36-'37; Band Leader '36; Upper House Committee; Pipe Committee.

Came to Lawrenceville September, 1931. Former Houses, Davidson, Kennedy, Kinnan. Preparing for B.A. course at Dartmouth.

In his long stay here at Lawrenceville, Pratt has established himself as an athlete of worthy ability. He started off in Davidson House where he was a member of the Davidson championship football, basketball, and baseball teams. With these early successes tucked under his belt P. D. went on to Kennedy where, in spite of the house's lean athletic years, he won his letter for all-house positions on the basketball and soccer teams. For these outstanding performances Pratt was awarded the Kennedy Best All-Around Athlete Medal in 1934-35.



It was a short jump for Pratt from house to varsity teams. He was awarded four minor L's in three different sports, baseball '35, basketball '35, '36, '37, and track '36. Pratt looked good on the basketball floor this year and whether he selects track or baseball for this spring, he promises to be outstanding in either.

Pratt has made a name for himself outside of athletics by leading the Lawrenceville Band during the football season of '36 and by being a member of the Upper House and Pipe Committees. P. D. hopes to continue his endeavors in Dartmouth where he will doubtless enjoy the same success he has had here.

WILLIAM HAMILTON PHIPPS

"Bill" "Pheeps"

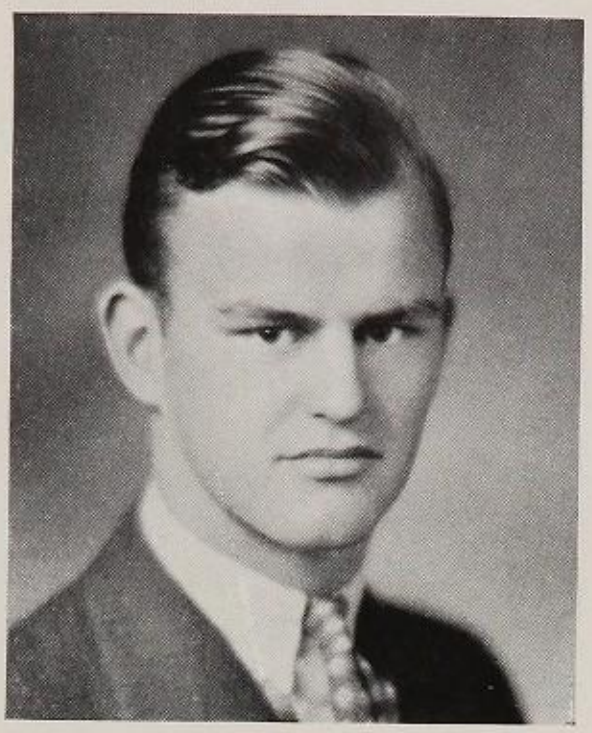
"Yet with these powerful hands I cannot crack a book."

245 Booth Ave., Englewood, New Jersey.

Born at Englewood, New Jersey, September 20, 1917.

Griswold Rhinie Representative '35-'36; Periwig Club '36-'37; Choir '36-'37; Glee Club '36-'37; Band '36-'37; Wrestling Team '36-'37; Crew '36-'37; Swimming Squad '36-'37; Football Squad '35-'36, '36-'37; Fifth Form Football Team.

Came to Lawrenceville September, 1935. Former House, Griswold. Preparing for B.A. course at Princeton.



BILL came to Lawrenceville in 1935 becoming a member of the Circle as a rhinie in Griswold. Soon after his arrival Bill gave evidence of his musical talent as a member of the School Band. He supported his house as a member of its football team and was also a candidate for several School teams. For two years Bill has been a member of the School football and crew squads, and in his fifth form year he showed his versatility as an athlete when he became a member of the School swimming squad and the School wrestling team. As a member of the fifth form football team, Bill won his numerals.

However, Pheeps, as he is sometimes called, has not confined his accomplishments to athletics. Following his start in music as a member of the School Band, Bill became a member of the Choir and Glee Club this year. He also successfully tried his hand at acting and as a result he has recently been made a member of the Periwig Club. A good fellow who works hard and is a good student Bill is the friend of many and the good job he has done here gives promise of future success at Princeton, where he plans to earn the coveted B.A. degree by 1941.

OLLA PODRIDA

KENNETH JACK PLANTS

"Cap'n Jack" "Jack" "Trucky"

"From wine what sudden friendship springs."

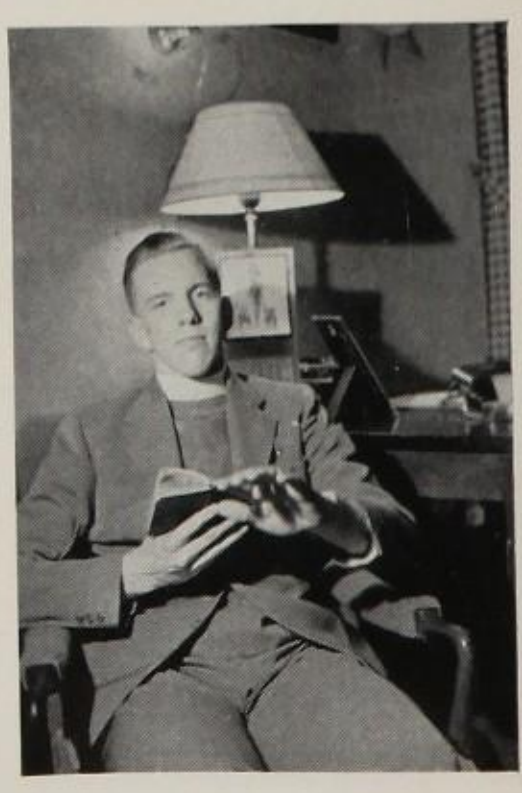
26 Main St., Hornell, New York.

Born at Hornell, New York, January 1, 1919.

Fifth Form House Committee; Orchestra '35, '36, '37; Band '33, '34; Football Squad '34-'35; Golf Squad '35; All-House Basketball '36; Kennedy House Championship Football Team '35.

Came to Lawrenceville September, 1933. Former Houses, Perry Ross, Kennedy. Preparing for B.A. course at Princeton.

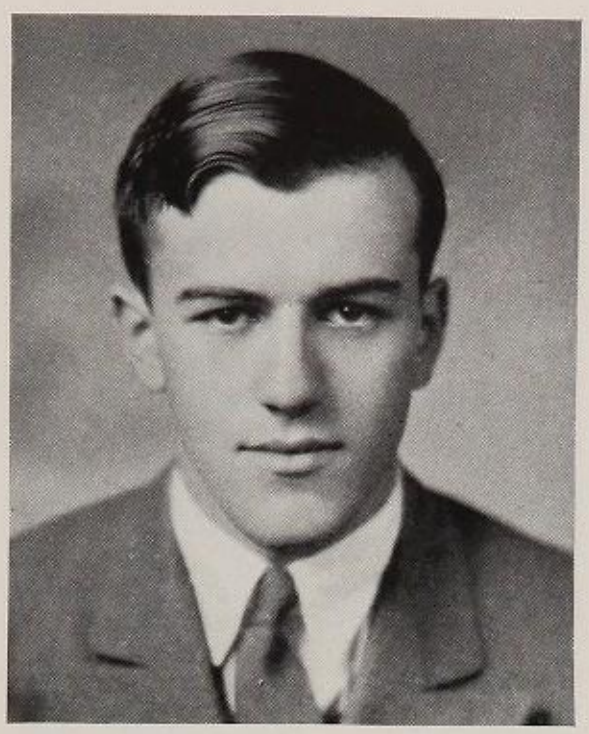
CAP'N JACK came to Lawrenceville in 1933 and entered Perry Ross House where he enjoyed his first athletic success on the house basketball and baseball teams. From Perry Ross, Jack went to the Kennedy and in 1935-1936 he became a member of the championship football team and placed on the all-house basketball team. This year in Upper, Jack played on the basketball team winning his numerals.



Scholarship is by no means Jack's bugaboo. He has done testimonial work since his entrance here and seems to have no difficulty in maintaining his steadily good average. Jack frequently helps himself to the week-ends which his scholarship earns for him and takes many a trip to New York with his friends.

Jack did not stop with scholarship and athletics. He has been a member of the School Orchestra for the past three years and also lent his clarinet to the inspiring School Band. In addition to all this Trucky was on the Upper House Committee this past year. Jack has been an ardent supporter of Princeton University and will spend there the next four years. We feel that Tigertown will welcome Jack just as Lawrenceville has.

OLLA PODRIDA



WALTER NEWMAN PLAUT

"Walt"

"No more on thy Lawrenceville steed wilt thou sweep o'er the plain!"

630 Park Ave., New York, New York.

Born at New York, New York, January 17, 1919.

Bibliophiles; Periwig '33-'34, '34-'35, '35-'36, '36-'37; Polo (minor L) '35, (L) '36; Football (Numerals) '36.

Came to Lawrenceville September, 1932. Former Houses, Cromwell, Griswold. Preparing for B.A. course at Princeton.

WALT, a mainstay of the School polo team for four years, came to Lawrenceville in 1932. He entered the School as a member of the Cromwell House and the next year graduated to the Circle entering Griswold. During his stay there Walt showed himself to be an athlete of assorted accomplishments. He won his house letter in football and was a valuable member of the Griswold soccer and track teams.

Turning from house athletics Walt has been a member of the School football squad for two years. In his second year here he went out for polo and did so well that he won his minor L the following year. The next year he played in the interscholastics and won his major L. In addition to these accomplishments, Walt is property manager of the stage crew of the Periwig. Although he has participated in many sports, he excels in polo.

He reads a great deal and is a member of the Bibliophiles Club. Walt also is well informed about matters concerning the stage.

A very likeable fellow who works hard, Walt is, nevertheless, always ready for a good time and is the good friend of many.

OLLA PODRIDA

ROBERT GARDNER PLUNKETT

"Bob" "Plunk"

"Silence more musical than any song."

66 Boulevard, Pelham, New York.

Born at New York, New York, July 22, 1919.

Lower Floor Representative, Dawes, '36; Herodotus Club; Olla Podrida '36-'37; Wrestling Squad '35-'36, '36-'37.

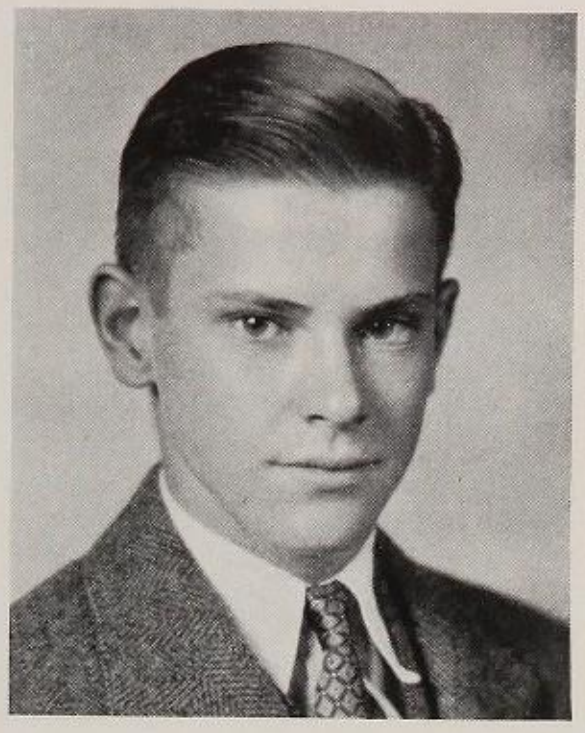
Came to Lawrenceville September, 1935. Former House, Dawes. Preparing for B.A. course at Yale.

Although Bob entered Lawrenceville only in 1935 he has spent his two years in continuous activity. Scholastically, he has managed to hold a regular first testy average; athletically, he has won his laurels on Mr. Churchill's "gas house gang" and figured prominently in house sports; additionally, he has added his tenor voice to the singing clubs besides working hard as a member of the Olla Podrida board and the Herodotus Club.

THIEVES BEWARE
POULTRY & STOCK ARE MARKED & REGISTERED WITH MD. STATE POLICE
MARYLAND STATE POULTRY COUNCIL
POULTRY PRODUCERS COUNCIL
THE NATIONAL TATTOOING REGISTERING ASS'N

Seldom does a night pass that the inmates of the first floor left of Upper do not gasp in ecstatic delight on hearing Plunk's mellow tones begin to circulate while he serenades his roommates. The combination of those delicate vocal chords and his clear-toned uke is irresistible. From his seat in Chapel immediately behind the minister this veteran Dawes-ite, perpetually wearing the most impenetrable of poker faces, would appear to be a sober-minded, quiet individual; but to those who know him, his sagacious wit, and his effervescent humor, he is a wolf in sheep's clothing. His practical jokes on his neighbors will most certainly not be forgotten in a hurry. And so it is with sincere regret that we see him leave Caleb Smith for Yale.

OLLA PODRIDA



FRANCIS CLEMENT POWERS

"Franny" "Peewee"

"Jest and youthful jollity."

205 West 39th St., New York, New York.

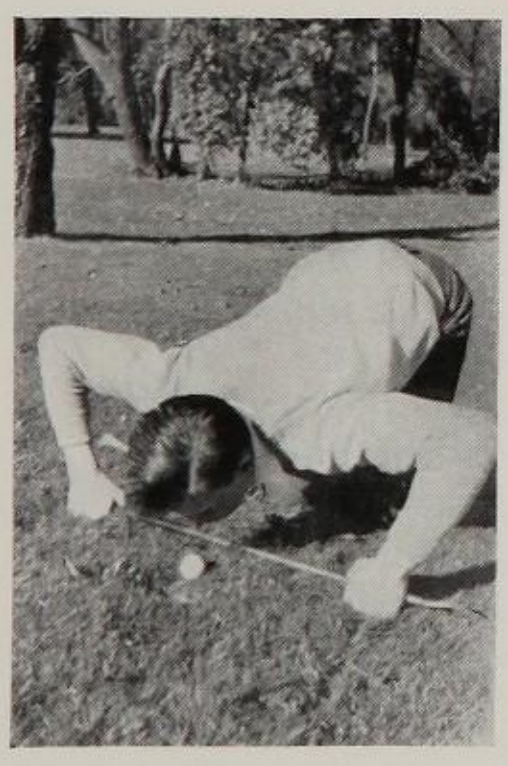
Born at Loch Arbor, New Jersey, July 15, 1919.

Dawes House Council '36; President of Cromwell '34; First Form Short Story Prize '33; Bibliophiles; Publications Committee '37; Olla Podrida '35-'36, Co-Business Manager '37; Swimming Team (L) '36, Manager (minor L) '37; Swimming Squad '35; Golf Squad '36.

Came to Lawrenceville September, 1932. Former Houses, Cromwell, Dawes. Preparing for B.A. course at Harvard.

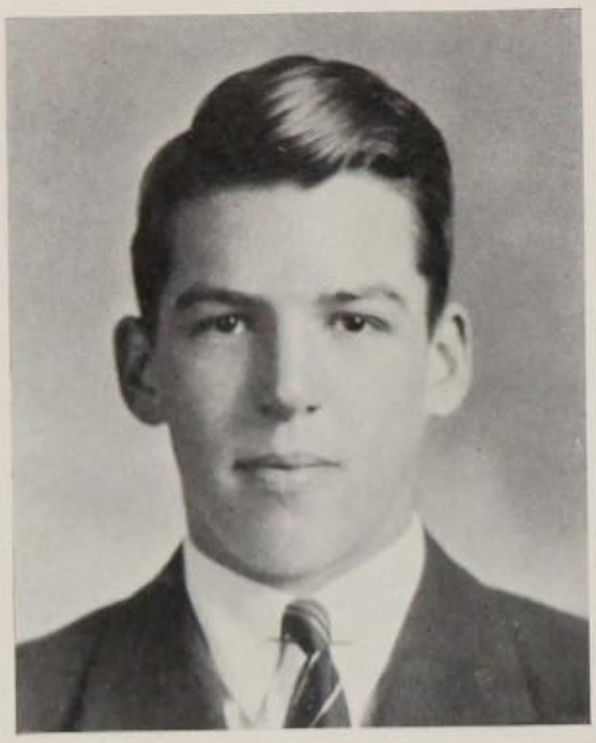
HAVING entered Cromwell five years ago, Francis may well be called one of the old guard. After a couple of years in Lower he progressed to Dawes for a couple of more and now we find him making a racket in Upper.

The most outstanding of Francis' many abilities is in the athletic line. Last year in the circle house swimming meet he broke two records in the same day with the greatest of ease. After that auspicious start in the swimming season he proceeded to get his major L on the varsity even though he could not swim in the last four meets. We were looking forward to seeing him break a couple of School records this year but unfortunately the doctors would not let him swim. Also, Franny is consistently a member of the golf squad.



Lest you think athletics are Peewee's only accomplishment, let me hasten to add that he has been on the OLLA PODRIDA board for three years, being co-business manager this year. And that's not all. As a member of the Bibliophiles Club he hobnobs with the other members of the literati. Francis intends to matriculate at Harvard where we feel he will be among his peers.

OLLA PODRIDA



JOHN CROWTHER PRIZER, JR.

"Jack"

"How happily he works in all his business!"

Llewellyn Park, West Orange, New Jersey.

Born at Groton, Connecticut, July 3, 1919.

Science Club '36-'37; Cum Laude '37; Herodotus; Hockey (minor L) '36-'37.

Came to Lawrenceville September, 1935. Former House, Hamill. Preparing for B.A. course at Williams.

In the two years that Jack has been in Lawrenceville there has never been anything but an air of joviality about him and the fellows with whom he associates. His good humor and his radiant personality have won him many friends everywhere.

Jack is an all-around fellow as may be shown by the fact that he is a member of both the varsity golf and hockey teams as well as a member of the Science and Herodotus Clubs, and also the Cum Laude Society of Lawrenceville. As a hockey player Jack does exceptionally well, and he plays no small part in the games which are always punctuated by spills and thrills galore. Nor can Jack's ability as a golfer be overlooked. He did remarkably well in the tournaments last fall and the prospects of a very successful season are excellent.

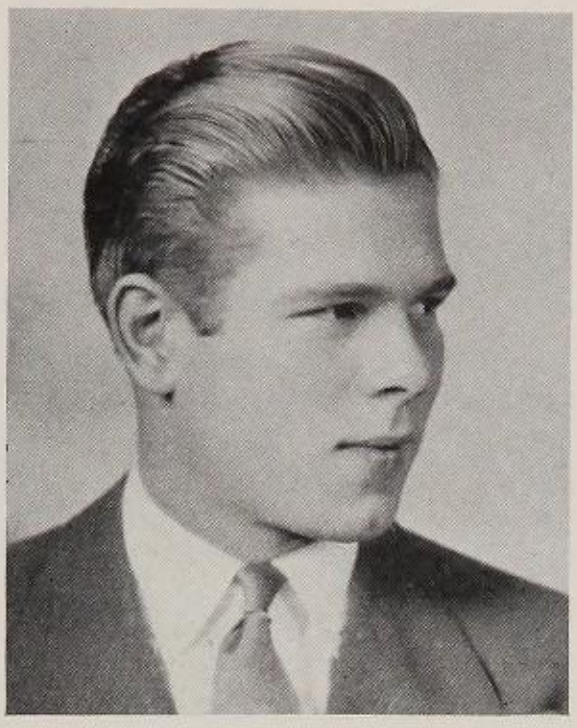
When it comes to studies Jack seems to be always on the top although he never seems to exert himself too strenuously. Because of his scholastic ability he was exempt from exams at the mid-term as well as being made a permanent member of the Cum Laude Society. With all his fine qualities Jack is certain to gain great success in the future.

OLLA PODRIDA

ROBERT MARTIN PROCTOR

"Bob" "Proc" "Farb"

"I don't think I'm sensational, but what's my opinion against fifty thousand others?"



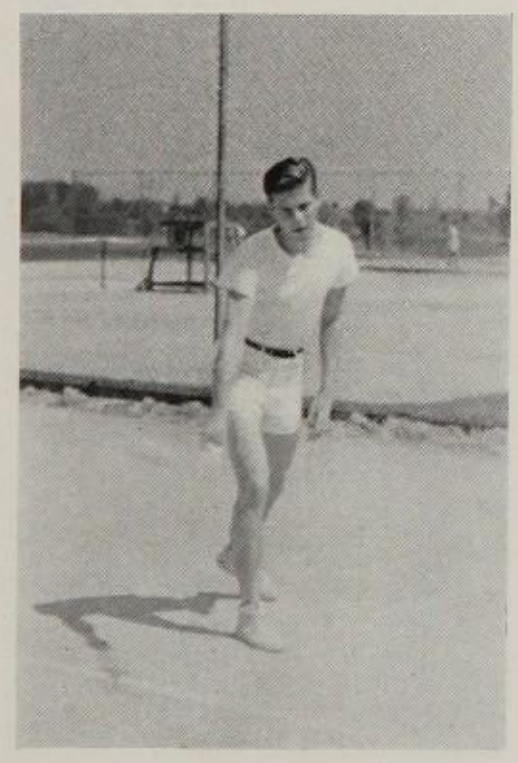
9 Elm Rock Road, Bronxville, New York.

Born at St. Louis, Missouri, February 24, 1919.

Secretary of Cromwell '33-'34; Two School Tennis Championships; Honor Boy, Cromwell, '33-'34; Best Athlete, Cromwell, '33-'34; Tennis Umpires' Association '35-'36, '36-'37; Glee Club '35-'36, '36-'37; Choir '35-'36, '36-'37; Tennis Team (L) '35-'36, Captain (L) '36-'37; Fifth Form Soccer Team and Swimming Squad.

Came to Lawrenceville September, 1933. Former Houses, Cromwell, Dickinson. Preparing for C.E. course at Princeton.

BOB'S first year in Lawrenceville was spent in Cromwell House four years ago. He immediately distinguished himself both in athletics and in scholarship, winning the prizes for honor boy and best athlete of Cromwell House. From Cromwell he moved to Dickinson and spent two years there before coming to Upper. While in Dickinson he played on the tennis, soccer, football and swimming teams. Last year he won his major L for tennis and was elected captain for 1937. He was a member of the swimming squad in 1935 and in his stay in the fifth form he won his numerals in soccer.



One can always find in Bob a willing companion to "poke a butt" and his genial manner makes him desired in many of the bull sessions held throughout Upper. In spite of his popularity, one can usually find Bob at his desk in the evening studying diligently. He is one of the eight aristocrats who sing nightly on the esplanade as well as being a member of the Choir. He has won two School tennis championships and shows great promise of going far in tennis. In fact it may not be many years before we find him playing on the Davis Cup Team.

OLLA PODRIDA

ISAAC THOMAS PRYOR

"Tommy" "Tom"

"Be it ever so humble, there's no place like home."

160 Terrell Road, San Antonio, Texas.

Born at San Antonio, Texas, April 24, 1920.

Football (Numerals) '36; Choir '36-'37; Glee Club '36-'37; Wrestling Squad '36-'37; Science Club.

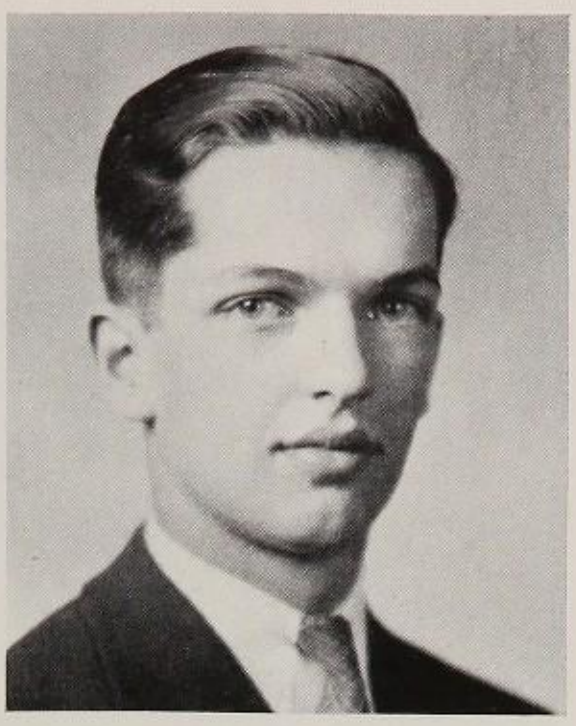
Came to Lawrenceville September, 1936. Preparing for B.S. course at Princeton.

From the rolling hills and barren prairies of the Lone Star State came this jovial little youth to sojourn with us one year before entering the ancient halls of Nassau. Tom came back for early football and was retained on the squad. How such a little fellow could hit so hard was a question which several of the hundred-eighty-pound lineman tried unsuccessfully to answer. From football Tom went straight to wrestling where his prospects were bright. Unfortunately, a sore set of ribs prevented him from continuing in this sport to the end of the season.

But Tom's ability is by no means confined solely to athletics. His scholastic standing in the form is very high and he is a joy to the Science department. His capabilities along this line are remarkable. Yet Tom's good marks do not prevent him from giving much of his time to fellows who are floundering in the depths of despair with physics. His clear and careful explanations have set many a lost soul on the right track.

The reasons for Tom's popularity are numerous. He is thoughtful, considerate, sincere, and possessed of a real sense of humor. With him go our best wishes for success at Princeton.

OLLA PODRIDA



JAMES NESTER RAWLEIGH, JR.

"Jim" "Junior" "South Paw"

"Oh, yes; I've been there."

933 Hill Road, Winnetka, Illinois.

Born at Chicago, Illinois, September 9, 1919.

School Swimming Team '35-'36; Crew '37; Championship House Relay Team '35-'36.

Came to Lawrenceville September, 1934. Former House, Kennedy. Preparing for B.A. course at Yale.

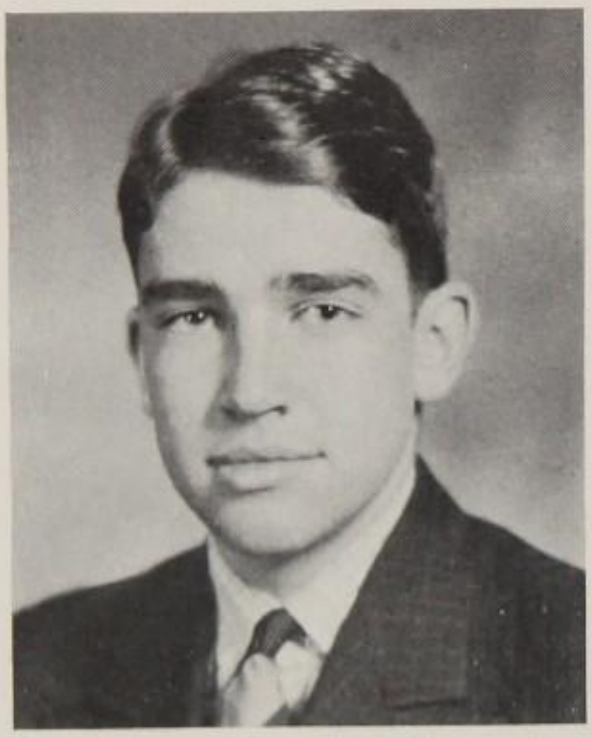
JIM is a familiar figure around Caleb Smith. Although he lives in George House he can often be seen smoking on the esplanade or bulling with his friends about his travels in Europe.

Jim entered Kennedy House in 1934 where he took great interest in athletics. He won his house letter for swimming on the winning relay team. In the spring Fuzzy Craig found Jim to be quite a talented player on the baseball diamond. South Paw held down the initial sack position for his house and often found opportunity to do a little pitching. No small number of opposing batters have flailed the air vainly in an attempt to connect with one of Jim's bewildering curves.

This year Jim returned to School at mid-year after an extensive tour of Europe. According to this traveler, the Continent is quite a place, and he has many hilarious stories proving it. Despite his late return, South Paw has gotten right back into the School routine and now is working hard on Tiiho's hydraulic oars in hope of gaining a place on the crew.

He is headed for Yale and a B.A. degree.

OLLA PODRIDA



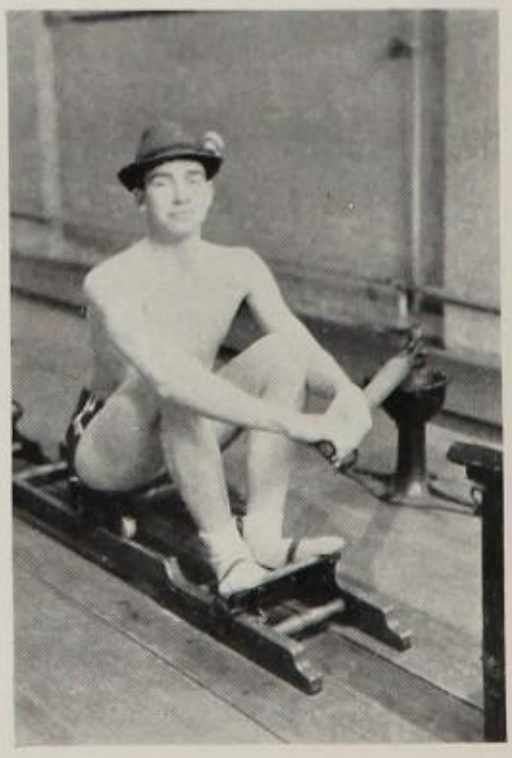
JAMES LAMBERT ROBERTS

"Joe Bean" "Jim"

"This life is just a short space of time between two worlds; here today, gone tomorrow."

1418 Laurel Ave., Knoxville, Tennessee.
Born at Knoxville, Tennessee, July 7, 1918.
Herodotus; Periwig '36-'37.
Came to Lawrenceville September, 1936.

JOE BEAN entered Lawrenceville last fall as a fifth former rhinie and in one short year has entered into a variety of activities. He played Red and Black touch football during the fall striking terror into the hearts of his opponents as he came galloping around end for long gains. Next, Joe Bean turned his hand to acting and gained a major rôle in the Periwig mid-winter production of *Yellow Jack*. He handled his first attempt in the field of drama with the ability of a seasoned trouper.



Jim is an ace history student, an esteemed member of the Herodotus Club, taking great interest in the activities of this organization. But Joe Bean is in his element during the proms. With his inimitable drawl and a well polished line he makes a big hit with the prom trotters. Jim is also quite a fiery politician. During the mud slinging at the recent political mass meetings, this easy-going gentleman of the South often found it necessary to arise and defend his party. On such occasions his warm wit and drawling eloquence brought down the house. This same southern humor and a great capacity for friendliness have endeared Joe Bean to the whole form.

DONALD WORCESTER SALISBURY, II

"Don" "Saul" "Sully"

"An ounce of mirth is worth a pound of sorrow."

52 Green Ave., Madison, New Jersey.

Born at New York, New York, September 11, 1919.

Science Club; Founder of the Radio Club '37; Olla Podrida '36-'37; Hockey (Numerals) '36-'37; Choir '35-'36, '36-'37; Glee Club '35-'36, '36-'37.

Came to Lawrenceville September, 1935. Former House, Woodhull. Preparing for Doctor of Science at Massachusetts Institute of Technology.

Don, or Sully as he is called at the gym because of his surprising strength, has been at Lawrenceville only two years. But these two years have been packed with activity. In athletics Don was captain in the spring of 1936 of the Woodhull House golf team and this year battled successfully at the Baker Rink, Princeton, with the stick and puck.

Saul has many variegated interests in fields excluding studies and athletics. Both of his years he has been a member of the vocal clubs and this last year he has become a member of the Olla Podrida board.

But Don's main interest lies along the scientific path. This year he has become a member of the Science Club and has founded the Radio Club. Most of his spare time he spends in his private radio room where he has made and put up quite a number of sending sets. Rainy days find him in this haven deep in conversation with fellow experimenters, sometimes three or four at a time from all the surrounding states.

Don will prepare for a B.A. at Dartmouth followed by a Doctor of Science at M.I.T., and all of us wish him the best of luck and good times at both institutions.

OLLA PODRIDA

ELMER SCHLESINGER, JR.

"Pete"

"A horse, a horse, my kingdom for a horse!"

98 Mansfield Ave., Darien, Connecticut.
Born at Chicago, Illinois, January 26, 1919.
Polo (minor L) '36; Football (Numerals) '36.
Came to Lawrenceville September, 1935. Former House, Hamill. Preparing for B.S. course at Princeton.

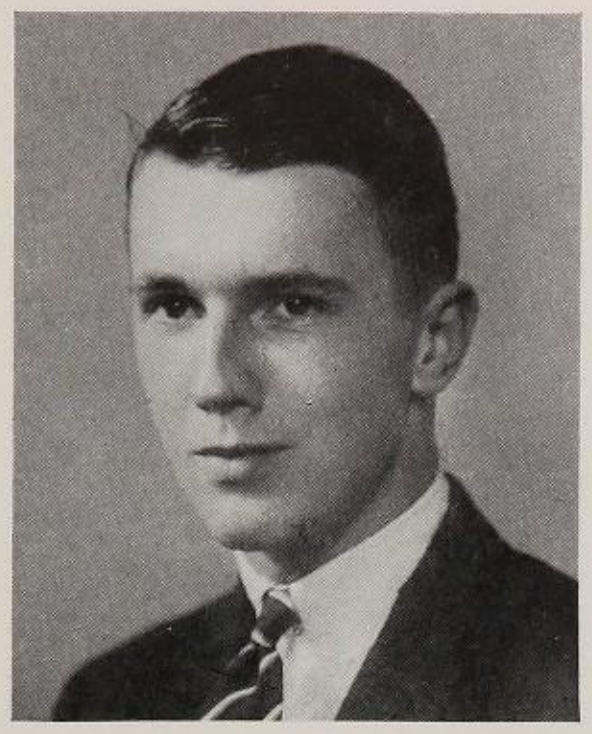
When any one of us wants to gather information concerning the ponies we know just to whom to turn. Pete's interest in the horses goes so deep that he is never without his horseshoe, which he tells us has a formidable history indeed, especially when he is at a critical point in his life, such as exam week.

On the esplanade he is famed for his stories and information concerning the higher, and if you are a special friend, the lower strata of cosmopolitan night life. During vacation you can count on him as a mighty good man to show you the town.

But Pete has a serious side also which although he likes to keep hidden has earned a place in the light. Not many of us know that he is a prolific reader of the French classics and quite an authority on French painting. As for his school books, although they are not his long suit, they are never dusty for he works hard at them.

On the indoor and outdoor polo fields Pete shines, for he is a member in good standing of the School polo team. Finally, Pete's laugh proclaims a good sense of humor which is indeed a saving grace.

OLLA PODRIDA



CHARLES FRANKLIN SCHWEP, JR.

"Charlie" "Schwepie" "Chuck"

"Egad!"

20 Rockview Ave., Plainfield, New Jersey.

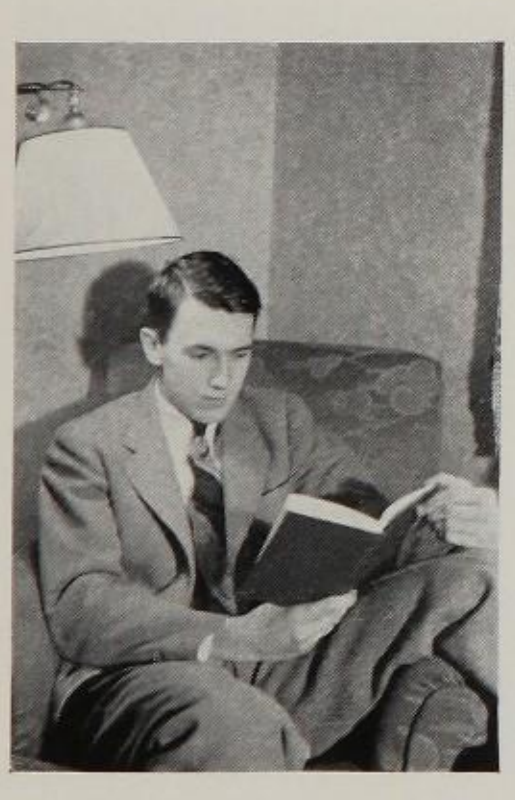
Born at Plainfield, New Jersey, July 7, 1919.

Photography Club '35-'36, Treasurer '36-'37; Choir '37; Glee Club '37; Lit '36-'37; Olla Podrida '36-'37; Tennis Squad '37.

Came to Lawrenceville September, 1935. Former House, Dickinson. Preparing for B.S. course at Princeton.

CHARLIE came to Lawrenceville two years ago and took up his residence in the Dickinson before emigrating to Upper. Schwepie is not the clique-ing type and for that reason is equally well known and well liked by everyone in the form.

Charlie enjoys joining in almost every kind of athletics but his favorite sport, one in which he excels, is tennis. Last year he was captain of the Dickinson tennis team and this year is a member of the School squad. But this is only one phase of Schwepie's school life. Taking advantage of one of his hobbies he joined the Photo Club last year and this year was elected treasurer. His deep bass voice rolls out from the Choir each morning and he is one of Mr. Wood's Glee Clubbers. Not content with these positions he is now industriously engaged in working on the LIT. Charlie, however, does not neglect his work and only when it is well done does he find the time to tell us some of his famous stories about the West.



Schwepie has that admirable quality of being able to find good points in everyone and he will certainly always be able to make many good friends wherever he goes.

OLLA PODRIDA

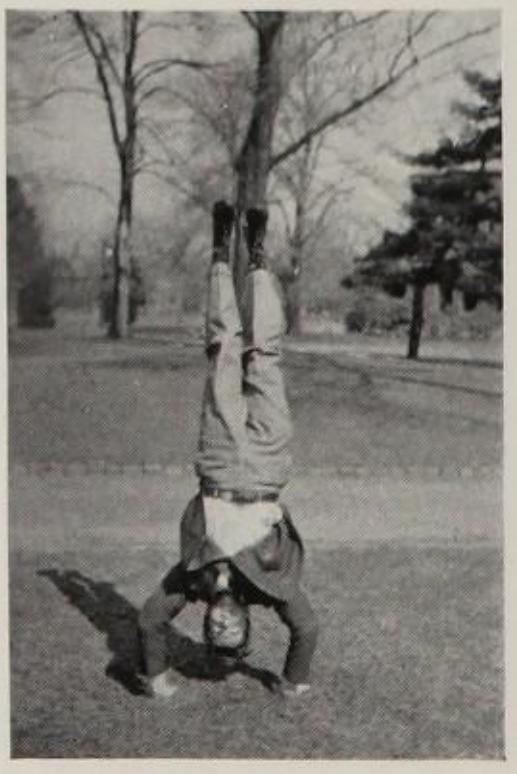
JULIUS HAMILTON SEDLMAYR

"Dooly" "Sedl"

"Innocence, pure and undefiled."

29 North Drive, Great Neck, Long Island, New York.
Born at Chicago, Illinois, September 3, 1920.
Parlons Français '36-'37; Olla Podrida '36-'37.
Came to Lawrenceville September, 1934. Former Houses, Cromwell, Griswold. Preparing for B.A. course at Princeton.

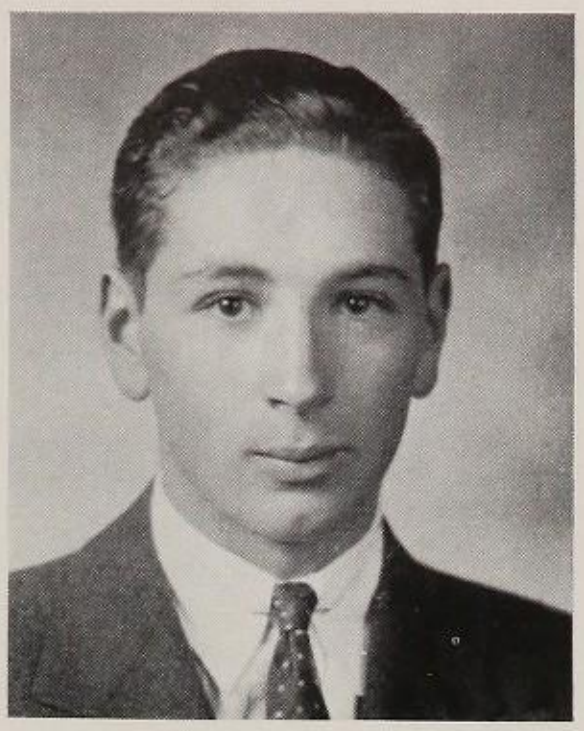
ALTHOUGH Dooly could hardly be called the most studious member of the form he manages to pull down a testimonial average rather consistently and with apparent ease. At the same time he is a familiar figure in any one of the numerous third-floor bull sessions. We never have found out just when he gets his work done, yet it is not to be said of Dooly that he is ever caught napping. One of the most brilliant mathematics students in the School, he was dragged over the coals by certain faculty members for getting an eighty-three in the trig exam.



The Kennedy baseball team has never quite forgiven Dooly for hitting in the winning run when batting for Gris. That day will never be forgotten by either house.

Dooly often carried the brunt of the conversation in the Parlons Français by asking Doctor Coderre some abstract question and nodding wisely, but, strangely enough, saying little as the Doctor replied in rapid French.

A ready sense of humor, affability, sincerity, and generosity have made all who know him realize that in Dooly they have a real friend. We all join in wishing him complete success at Princeton.



JOHN HENDERSON SELBY

"Jack"

"Fair science frowned not on his humble birth."

165 Santa Rosa, Oakland, California.

Born at Oakland, California, August 24, 1919.

Church Usher '36-'37; School Golf Championship '36; Science Club, Secretary; Olla Podrida '36-'37; Varsity Golf (minor L) '35, (L) '36, (L) '37.

Came to Lawrenceville September, 1934. Former House, Dickinson. Preparing for B.S. course at Princeton.

SINCE Jack's arrival in Lawrenceville he has given the form good reason to believe that he must have been born with a golf club in one hand and a test tube in the other. His ability in the former field has been rewarded with a major L and in the latter with an office in the esteemed Science Club.

IF HE'S LUCKY, A MILLION MEN WILL DIE!

Those who were with him in Dickinson will never forget Jack's practical jokes, conceived and executed with remarkable cleverness. Always an ardent enthusiast where electrical contrivances were concerned, he terrorized the entire house with wired beds and chairs. After two weeks the situation became so acute that Jack was obliged to surrender his batteries and coils.

One of Jack's accomplishments which many of us have failed to fathom is his uncanny ability to keep about six experiments ahead of the class in lab. Although seldom with a phenomenally high average, Jack has managed with no apparent difficulty to retain a testimonial very consistently his three years in school.

Jack's generosity has earned him many friends, for he is always quick to do a favor and this quality will, we feel sure, take him far.

OLLA PODRIDA

WILLIAM GUNN SHEPHERD, JR.

"Bill" "Shep"

"Eat, drink, and be merry; for tomorrow we have physics."

Locust, New Jersey.

Born at New York, New York, December 31, 1919.

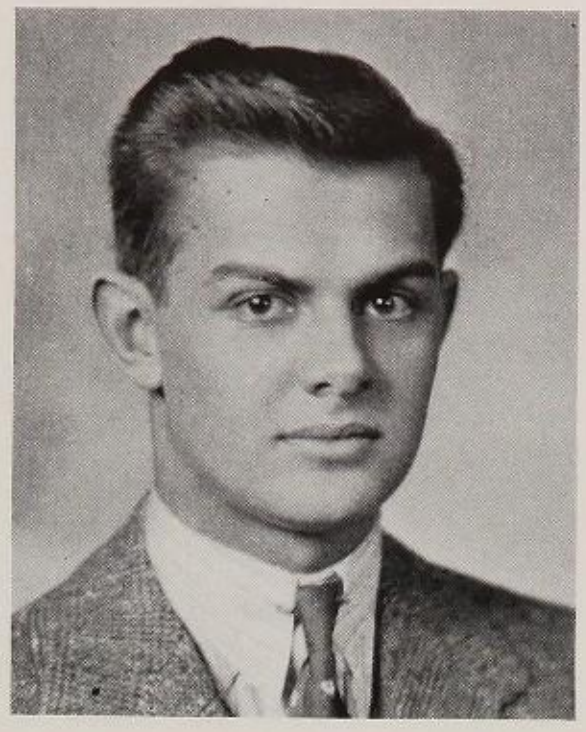
Hamill Council '35-'36, Davidson '33-'34; Periwig Club; Lit '35-'36, '36-'37; Lawrence '36-'37; Fifth Form Football (Numerals); School Camp Committee '36-'37; Crew Squad '34-'35; Track Squad '35-'36.

Came to Lawrenceville September, 1933. Former Houses, Davidson, Hamill. Preparing for B.A. course at Princeton.

FOUR years ago Shep came to Lawrenceville starting his career here in Davidson. There he distinguished himself as a member of the championship football team. He was also elected to the house council. The following year he moved to the Hamill House where he was again elected to the house council. Shep took an active part in house athletics playing on the football, soccer and baseball teams, and he has also been a valuable member of both the School track and crew squads. During his fifth form year Shep earned his class numerals on the form football team.

But this Laurentian has not confined his activities to athletics alone. For four years he has been a hard-working member of the Periwig stage crew. He was also a member of the LIT board and was recently taken on the editorial board of the LAWRENCE. Last summer Shep gave his support to the School camp and was a member of the Camp committee. A frequent member of bull sessions, Shep is seldom at a loss for a good story. But he is also a hard worker scholastically. Always a good fellow and a good sport, Shep has made many fast friends at Lawrenceville.

OLLA PODRIDA



WALTER SEYMOUR SHINGLE

"Seym"

"I'm rough and I'm tough."

Honolulu, Hawaii.
Born at Honolulu, Hawaii, July 22, 1918.
Swimming '37.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

SEYM hails from distant Hawaii, the land of palm trees and guitars. He came to Lawrenceville this year from Honolulu, his birthplace, as a fifth form rhinie. Like many another fifth former Seym is headed for Princeton where he will prepare for his B.A. Seym is a good student, consistently maintaining a fine average. In addition to scholastic achievements, he is also accomplished as an athlete. Coming from a land well known for its swimmers, it is only natural that Seym should feel at home in the water. This winter he was a candidate for the School swimming squad and soon gained a berth on the team.

Those who have lived with Seym in the Lodge this year know him to be a quiet sort of person of few but well chosen words. Because of the fact that he has lived in the Lodge this year he has not had a chance to come in close contact with most of the form, but all those who have known him know that he is a swell fellow.

Seym has made a great success of his too-short stay here in Lawrenceville, and we feel sure that he will be equally successful in Princeton and in later life.

OLLA PODRIDA

LOUIS SMADBECK

"Luigi" "Lou" "Louie"

"The cards are ill-shuffled till I get a good hand."

30 West 54th St., New York, New York.

Born at New York, New York, July 25, 1920.

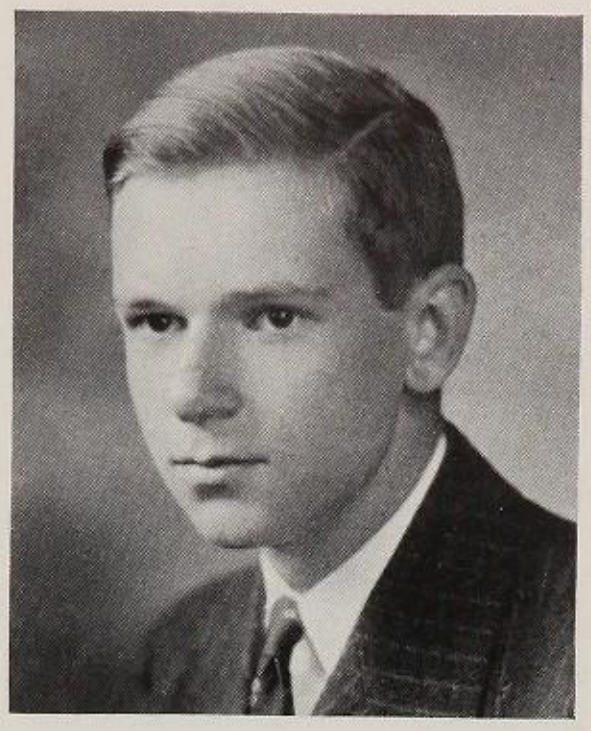
Parlons Français '34-'35, '35-'36, '36-'37; Lawrence '35-'36, Assistant Business Manager, '36-'37; Golf Manager '37.

Came to Lawrenceville September, 1934. Former Houses, Raymond, Kinnan, Lodge. Preparing for B.S. course at Amherst.

Louis is a real cosmopolitan. He has traveled extensively on this continent and abroad, and possesses a complete mastery of the French language as well as an extensive knowledge of Spanish. Because of this fact he has been an outstanding member of the Parlons Français ever since his arrival in Lawrenceville three years ago. Louis often entertains a group of his fellow Laurentians with discourses on his many travels showing them interesting views of these tours. He is also a remarkable connoisseur of the theatrical world and an authority on whose band is good and why.

Scholarship, as it does to so many of us, presents a grave obstacle to this debonair Laurentian. He is one of the great many whose hardest subject seems to be chemistry, but Louis, with unremitting work, will doubtless remain on top. Sometimes he leaves his books to play his favorite game of bridge with the regular Upper foursome.

Louis has done a good bit of work for the LAWRENCE since he has been here and is now an assistant business manager. He goes forth to college and the great beyond with all our best wishes for a successful career.



HARRIS FREDERIC SMITH

"Smitty"

"A man who could make so vile a pun would not scruple to pick a pocket."

38 Kendall Ave., Maplewood, New Jersey.

Born at Newark, New Jersey, September 4, 1919.

Second Prize Fourth Form Term Essay '36; Olla Podrida '35-'36, '36-'37; Tennis Manager '36-'37; Orchestra '35-'36, '36-'37; Band '35-'36, '36-'37.

Came to Lawrenceville September, 1935. Former House, Hamill. Preparing for B.A. course at Princeton.

About the likeliest place of finding Smitty during working hours is in his Kinnan Club dive, struggling leisurely over some minor mishap in a lengthy trig problem, or listening in on a local argument and supplying the necessary comic relief with some pithy pun. Although the fifth form has its exponents of commanding and noisy voices, his seldom-voiced opinion has gained due recognition. Harris's somewhat eccentric style of composition has had a limited vent in School publications, and we hope that his apparently hidden talents will show themselves in Princeton, where Smitty plans to get a B.A. degree.

During Smitty's year in Hamill, he rose from water boy to this year's tennis manager having his fun at the expense of the house council or vice versa. His clarinet and ocarina have been a constant threat to the placidity of the place, but clara seldom gets an airing now with the exception of days that the School Orchestra displays its talent in environing metropolises.

A decidedly talented young man, Harris has accomplished more than his biography would indicate in his two-year stay at Lawrenceville.

OLLA PODRIDA

HOWARD A. SMITH, JR.

"Howie"

"The Smith a mighty man was he."

180 West End Ave., Ridgewood, New Jersey.

Born at Brooklyn, New York, May 14, 1918.

Vice-President of George; Football (L) '36; Polo Squad '36-'37; Track Squad '36-'37.

Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

HOWIE came to Lawrenceville in 1936 as a new member of the fifth form, but in spite of the fact that he has been with us only a short while, Howie's stay has been a fruitful one.

He first came into prominence on the Lawrenceville campus as left guard on the varsity football eleven and his fine performance netted him a position on the all-state prep school team as well as his major L. During the winter months he was a member of the polo squad. He has been very interested in horses and has become a seasoned equestrian.

This spring Howie plans to get his exercise as a member of the track team and the prospects for a successful season are exceptionally good. Besides this, Howie is also a good hand at golf.

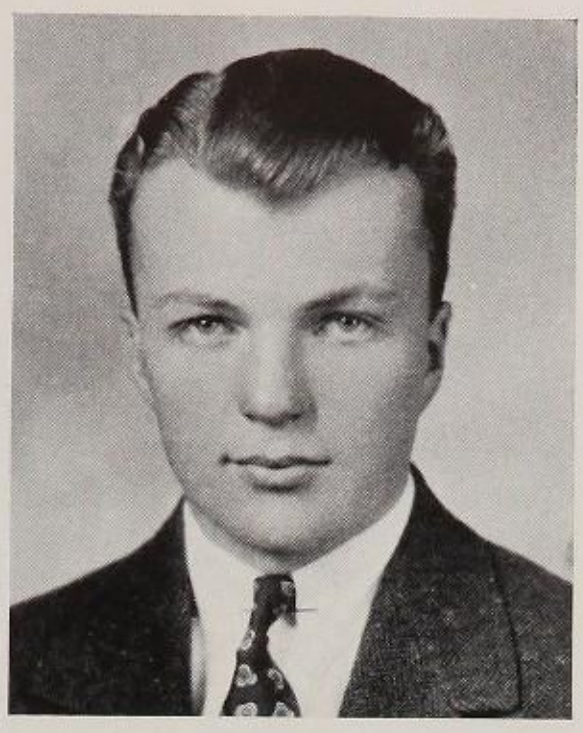
Since he has been in Lawrenceville Howie's fine sense of humor combined with his good sportsmanship have won him many friends. In recognition of his fine traits, he was elected vice-president of George House. We can't help but feel that this quiet-mannered fellow with such an excellent character will be most successful in Princeton.

OLLA PODRIDA

MAX TRUMAN SMITH, JR.

"Red" "T" "Farb" "Fire"

"Veni, vidi, vici."



107 Cedar St., Wallace, Idaho.

Born at Wallace, Idaho, July 4, 1920.

Secretary-Treasurer Fifth Form; Vice-President Fourth Form '35-'36; President of Griswold '35-'36; President of Ross '33-'34; Marcus D. French Cup '33-'34; First Boy of Second Form '33-'34; Pipe and Quill; President Science Club '36-'37; Secretary-Treasurer Cum Laude Society '36-'37; Press Club '35-'36, Co-President '36-'37; Recorder Board '33-'34; Prom Committees; Wrestling Manager '36-'37; Publications Committee '36-'37; Smoking Committee '36-'37; Charity Board '35-'36.

Came to Lawrenceville September, 1933. Former Houses, Griswold, Perry Ross. Preparing for B.S. course at Princeton.

RED came out of the wilds of Idaho four years ago and proceeded to make short work of proving that they grow something besides potatoes out there. His first step was taking over the presidency of Ross in the middle of his rhinie year, to say nothing of playing on practically all of the Ross teams that year. Then he graduated to the Griswold and didn't let anything stop him. For two years he was the mainstay of the football, basketball, and soccer teams and in his spare time managed to be quite successful in leading the house in the capacity of president. Even the mighty fifth form held no terrors for Fire and he became secretary-treasurer of the School and president of the Press Club in short order.

Despite having much of his time taken by outside activities, Fire manages to get along very well scholastically, being a member of the Cum Laude Society.

Besides these activities Red has another for which he seems to have fondest regard. This is his long journey to and from school. He regales the bull sessions with wild, weird tales of these treks. His affable personality has won many friends and we sincerely believe Red has a fine future ahead of him at Princeton.

OLLA PODRIDA

WILLIAM GORDON SPENCE

"Gordy" "Red"

"Meek and lowly, pure and holy."

45 Church St., Montclair, New Jersey.

Born at Montclair, New Jersey, October 27, 1919.

Came to Lawrenceville September, 1932. Former Houses, Davidson, Raymond. Preparing for B.A. course at Princeton.

A most peculiar fellow is Red Spence for while other people fill in their spare time by reading or playing bridge, he spends his leisure hours chuckling and chortling away to anyone he meets. In fact almost every time you walk past Gordy's room you can hear a sort of low, inane cackling within. If you don't hear it, he isn't home. Yet with all his chuckling he finds time for a variety of things. His room is always piled high with ominous thousand-page books on strange subjects such as Voodooism and Russian romance but, unlike many people, Gordy doesn't seem to show any ill effects from such a scholarly pastime as reading these tomes—at least not the usual effect of over-seriousness. Instead he delights in trying to cajole his friends into believing all sorts of bizarre tales. He actually succeeded once in convincing one person that Myrna Loy and Vice-President Garner were having a game of tennis on the School courts just a few minutes after the fellow had left them.

We gather from the multitudinous banners and pictures on his wall that Red is going to Princeton. Naturally we wish him the best of luck for success there and in later life.

PHILIP HENRY STECKLER, JR.

"Ace" "Steck" "Phil" "Little Ace"

"Little man, what now?"

791 Park Ave., New York, New York.

Born at New York, New York, September 6, 1918.

Sudlow Simmons Trophy '34; Fall Tennis Championship; Championship Kennedy Soccer and Football Teams '35-'36; Tennis Squad '33-'34, '34-'35, (L) '35-'36.

Came to Lawrenceville September, 1933. Former House, Kennedy. Preparing for B.A. course at Yale.

LITTLE Ace Steckler is a familiar little sight when he zooms over another service ace. For don't be deceived by Steck's size—he is an athlete of no mean ability. In 1934 Steck was awarded the Sudlow Simmons Prize for tennis and he followed up his victory by winning his major L last year. In Kennedy, Steck was a mainstay on the championship football team and a flashy halfback in soccer. For his successful effort, Ace was awarded Kennedy's best all-around athlete prize in a year of Kennedy athletes. Nor does Steck confine himself to athletics. The glory of a testimonial has not been unknown to him, and steady eligibility with a minimum amount of work has been Steck's gift. This year in Upper Ace has already played on the fifth form soccer team and is looking forward to the tennis season when he can again win matches for the Red and Black.

Steck is well known and liked and his wit, good nature, and cheerful grin have become almost a fifth form tradition. He has chosen Yale to take the place of Lawrenceville next year and we can wish him no greater success than that which he has enjoyed in Lawrenceville.

OLLA PODRIDA

RICHARD WAYNE STICKEL

"R. Wayne" "Judge" "Stick" "Richie"

"What's so strenuous about crew; a two-mile race doesn't even faze me."

183 Ballantine Parkway, Newark, New Jersey.

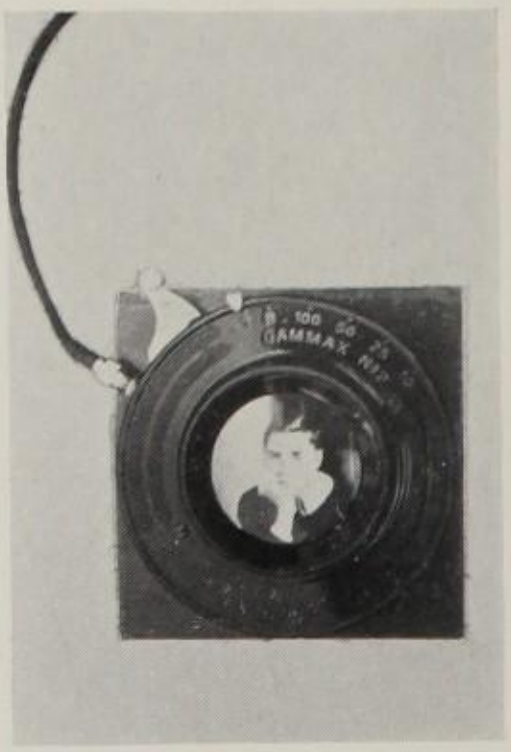
Born at Newark, New Jersey, April 18, 1919.

Secretary-Treasurer of Davidson '33-'34; Herodotus; Photography Club '34-'35, '35-'36, Vice-President '36-'37; Lawrence '35, Circulation Manager '36-'37; Photographic Editor Olla Podrida '36-'37; Press Club '36-'37; Lit '36-'37; Choir '33-'34; Flag Lieutenant '34-'35, '35-'36; Crew Squad '35, '36, '37.

Came to Lawrenceville September, 1933. Former Houses, Davidson, Woodhull. Preparing for pre-law at Williams or Princeton.

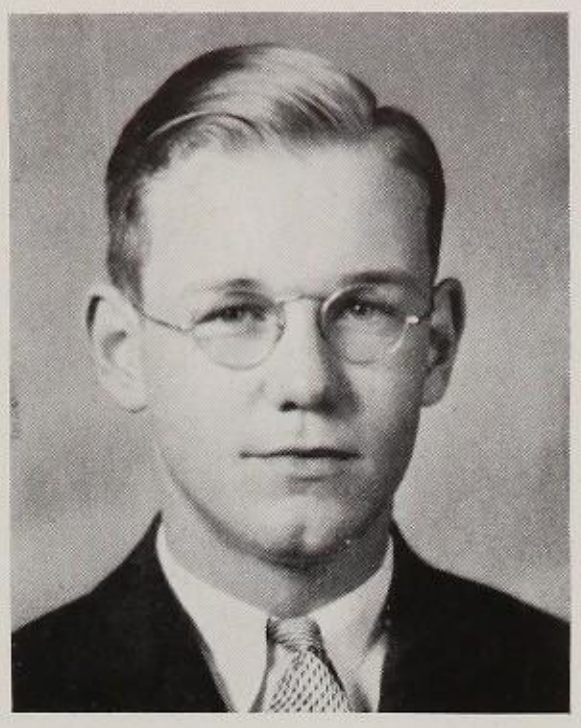
JUDGE first came to Lawrenceville four years ago, entered the Davidson House and was elected secretary-treasurer. The next two years he spent in Woodhull, playing on the baseball team the first year but devoting his time to coxing the crew the next. It was while here that Stick made the OLLA PODRIDA and LAWRENCE.

This year R. Wayne became photographic editor of the OLLA POD and with that his troubles began. All during the fall and winter terms fifth formers became achingly familiar with his unfailing salutation,"Had your informal taken yet?" Not content with being photographic editor of the OLLA POD and circulation manager of the LAWRENCE, Stick is also on the LIT and a member of the Press Club. In his spare time he goes to Herodotus and Photographic Club meetings and struggles to maintain an honor average.



Judge is remarkably wealthy in nicknames. He answers equally well to Judge, Stick, Dick or Richie and last year, just to be different he changed his signature from Richard W. to R. Wayne. Judge is undecided whether he will go to Williams or Princeton but at either one he will be a hard conscientious worker.

OLLA PODRIDA



HUGH LAMAR STONE

"Stoney" "Rocky" "Hugh"

"There's brains in the little critter!"

3 Koenighelm St., San Angelo, Texas.

Born at Houston, Texas, May 30, 1919.

Fourth Form Latin Prize '36; Cp3 Spanish Prize '36; Pipe and Quill; Bibliophiles; Herodotus; Lit '36-'37; Lawrence '36-'37; Olla Podrida '36-'37; All-House Baseball '36; Alternate, Woodhull Debating Team, '35-'36; Vice-President, Cum Laude Society.

Came to Lawrenceville September, 1935. Former House, Woodhull. Preparing for B.A. course at Princeton.

"Where's Stoney? Haven't seen him for a week." Of course the answer is Stoney's on a week-end, one of those week-ends that only two or three people ever have taken, a first-testy-with-high week-end. For Hugh is one of those fellows who knocks down an average in the nineties, nine times out of nine. He bulls the same as anyone, has a multiplicity of extra-curricular activities, gets to bed before tomorrow but is always prepared and prepared completely. Rocky is a member of the Lit, Lawrence, and Olla Podrida boards, which is quite a load in itself. However, his likeable personality and remarkable grey-matter have made him an important member of the Pipe and Quill, Herodotus and Bibliophiles. In the Pipe and Quill he is known as Vergil which is very fitting in view of the fact that he won the fourth form Latin prize and can well-nigh speak the tongue. He is vice-president of the Cum Laude Society, too.

Stoney is renowned for something besides a brain and a personality, also, for he is a pitcher of merit. As Woodhull's all-house twirler he gave indications of what he might do for the varsity in his senior year. And so it goes. Stoney has never failed—never will.

FERDINAND MELLY THIERIOT

"Pete" "Prince Pete"

"A man renowned for repartee."

Burlingame Club, Burlingame, California.

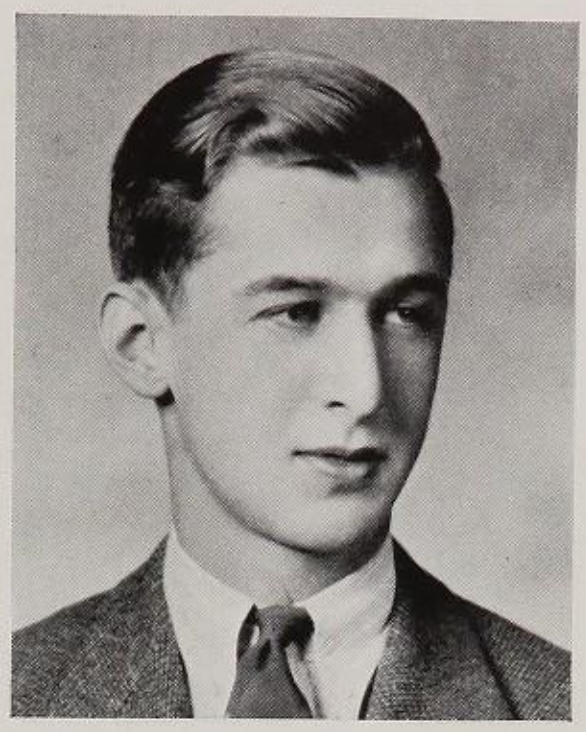
Born at San Francisco, California, October 5, 1920.

Cum Laude Society; Photography '35-'36, '36-'37; Parlons Français '35-'36, '36-'37; Olla Podrida Board '36-'37; Hamill Debating Team '35-'36.

Came to Lawrenceville January, 1935. Former Houses, Hamill and Perry Ross. Preparing for B.S. course at Princeton.

SOLE representative of authorized French nobility in the class of '37 is none other than Prince Pete, master of the spontaneous laugh and fluky physics question. Though wondering whether a waterbug breaks the surface tension when it takes a drink, Pete still attains envied grades in physics. In fact not one of his curricular activities has given him extra worries. Pete always manages to scrape together enough points for a remarkably high average.

The noise of the Prince's cowboy boots, as he strides through the corridors of Kinnan, hardly drowns out his lusty remarks to the club inmates. If his course were not as stiff as his French-grown beard, we could understand why Pete waits until the second round of the night watchman to settle down at his desk for a snack of concentrated study. But at no matter what hour you come across this gentleman from the far west, you find yourself in the presence of one to be respected and admired. Pete's school record proves his ability in scholarship beyond a shadow of doubt, but it is evident that he has better displayed his athletic talents behind a Swiss coxswain than in the slough of a Jersey grid-iron.



JOSEPH THEODORE TOBISH

"Joe"

"What a man thy tailor hath made thee."

2 Cadwallader Boulevard, Hiltonia, Trenton, New Jersey.
Born at Trenton, New Jersey, August 22, 1919.
Golf Squad '35-'36; Hockey Manager (minor L).
Came to Lawrenceville September, 1933. Former Houses, Cromwell, Raymond. Preparing for B.S. course at Princeton.

JOE is the suave unruffled champion of the Trenton aristocracy. For four years, during which his trail has led from the cradle in Lower School to the halls of the Upper, his natty figure and his quick mature wit have been battling to overcome the prejudices against his fair city. His numerous friends among the great men of the form speak for his success.

Winner of a minor L as hockey manager this winter, Joe is no mean hand with a golf club, as those who have faced him in the School tournaments will ruefully testify.

Nightly a dominant figure at coffee in his alma mater, the Raymond House, Joe enjoys a wide reputation for his instant flashes of humor and his ability at defending any side of an argument.

The same traits which unmistakably stamp him as an aristocrat make him a terror to the form at proms. With a pair of tails Joe could become president in two weeks on the feminine vote.

Joe has made a large circle of worthwhile friends at Lawrenceville. His personality and his wit will make him many more.

OLLA PODRIDA

ROBERT CHASE TOWNSEND

"Towny" "Bob" "R. C." "Rishky"

"He plays such fantastic tricks before high heaven, as make the angels weep."

Shore Drive, Great Neck, Long Island, New York.

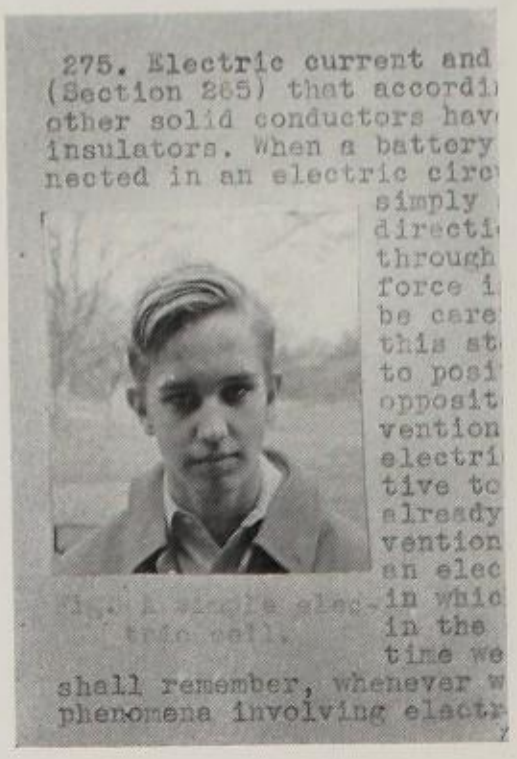
Born at Washington, D.C., July 31, 1920.

Parlons Français '36-'37; Fifth Form Soccer (Numerals) '36.

Came to Lawrenceville September, 1934. Preparing for B.A. course at Princeton.

With the end of June Towny completes a three-year sojourn in this ivy-clad institution. Though he has had a joyous existence during these years he still has an intense yearning—and a creditable one it is—to move five miles up the road to that goal of so many of his colleagues, Princeton.

Towny started out a denizen of Perry Ross, distinguishing himself by being a member of his house football team. The next year found him among "Unc" Corlies' boys in the Hamill. Here he continued to manifest his athletic ability, capably holding down positions on the football, soccer, and baseball teams. He also proved that he was acquainted with the inner leaves of his text-books as well as with the covers, garnering testimonial averages regularly. Now a worldly-wise fifth former he is maintaining his customarily high standards not only in athletics but also scholastically, for his is an average at which many gaze wistfully. And a prom would hardly be complete without his presence.



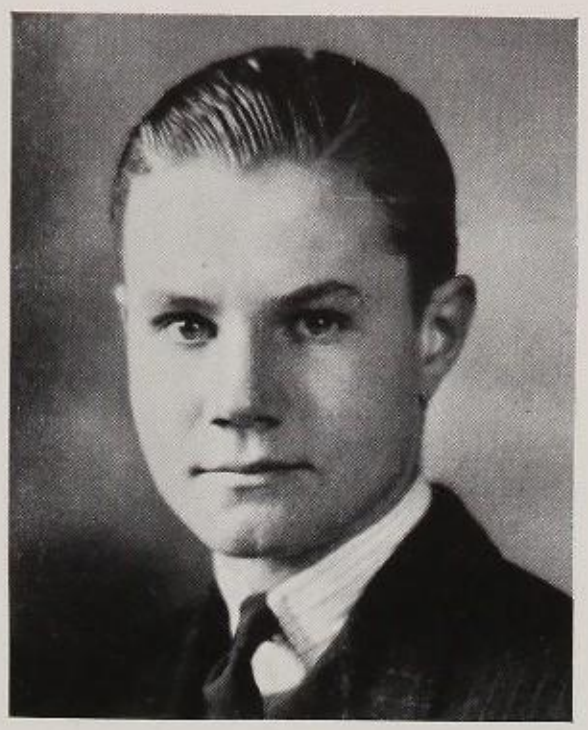
The absence of Towny's blonde locks from the campus will bring regret; but we shall realize that he is not on the heights, but climbing.

OLLA PODRIDA

ROBERT FREDERICK WALLACE

"Wally"

"Of all those arts in which the wise excel, Nature's chief masterpiece is writing well."



45 Prospect Place, New York, New York.

Born at New York, New York, December 20, 1919.

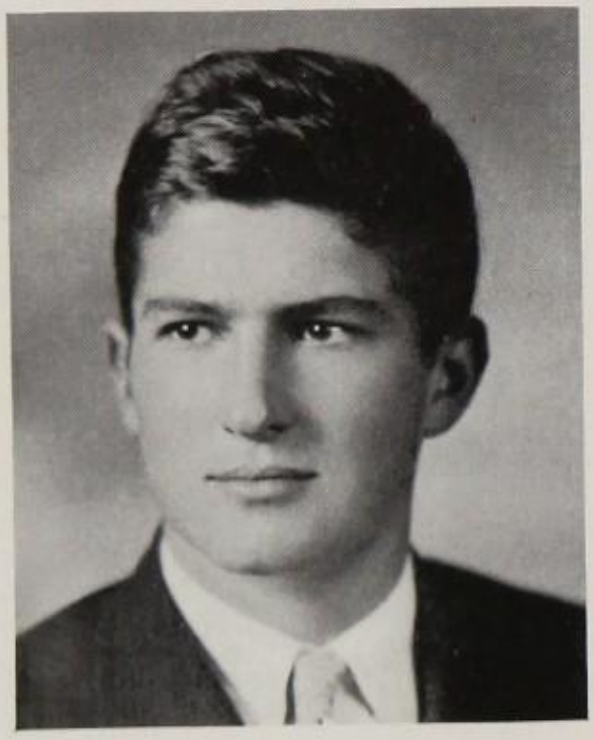
Secretary-Treasurer Raymond; Vice-President Cromwell; Third Form Poetry Prize '35; Pipe and Quill Secretary (Fall Term); Bibliophiles; Lawrence '34-'35, '35-'36, Editor-in-Chief '36-'37; Lit; Press Club '34-'35, Vice-President '35-'36, Co-President '36-'37; Editor-in-Chief Lower School Recorder; Lawrentian Board; Fifth Form Soccer (Numerals); All-House Baseball '36; Fifth Form Historian; Fifth Form Poet.

Came to Lawrenceville September, 1933. Former Houses, Cromwell, Raymond. Preparing for B.A. course at Princeton.

WALLY is really remarkable. He is as commonplace as snow in Panama, as ordinary as an earthquake in New York. In short, he has talents that make him stand above the mob. And perhaps his greatest ability is his ability to write. Wally writes simply, concretely, and with a subtle humor that makes his work inimitable. His pen and a likeable personality have made him editor-in-chief of the LAWRENCE, the Lower School RECORDER, editor and founder of the RAYMOND RAG, fifth form historian, co-president of the Press Club, LAWRENTIAN board member, winner of the third form poetry prize in 1935, secretary of the Pipe and Quill, and member of the Bibliophiles. Whew! Some list! We all used to wonder how he had time to write so profusely and the answer is that he writes easily, smoothly. It's a gift.

Wally was on the house councils of both Cromwell and Raymond and these positions together with the aforementioned club memberships testify to the host of friends he has. Athletically, Wally was all-house fielder and on the fifth form soccer team. Briefly, Wally has made his mark at Lawrenceville. He will throughout his life.

OLLA PODRIDA



ROBERT LAWRENCE WALSH

"Steamer" "Farb" "Dampfer"

"Sport, that wrinkled care derides, and Laughter, holding both his sides."

4220 Kissena Boulevard, Flushing, Long Island, New York.

Born at Jersey City, New Jersey, May 30, 1917.

Periwig Club '36-'37; Choir '36-'37; Glee Club '36-'37; Photography Club '35.

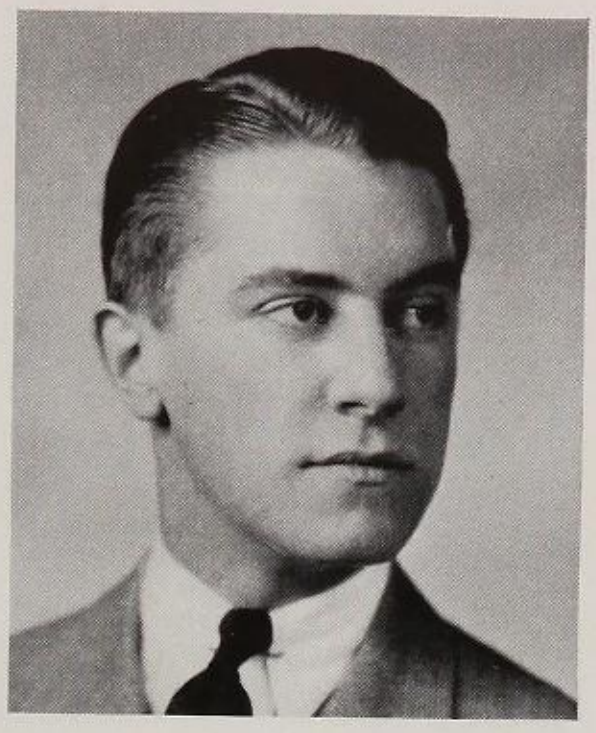
Came to Lawrenceville September, 1933. Former House, Dawes. Preparing for B.S. course at Dartmouth.

You would never think to look at Steamer that he had a worry in the world, as he is never seen with anything but a broad smile. If anyone ever feels down in the dumps just a few minutes with Steamer listening to his ever-ready wit are guaranteed to cheer him up.

Farb has been very active in School activities. In past years he has been in the cast of many of the Periwig's one-act plays and this year was chosen to take one of the leading parts in the successful play, *The Devil's Disciple*. He has been a member of the Glee Club and the Choir for two years and his fine voice is frequently heard on the esplanade contributing a much-needed tenor to the evening chorus out there.

Steamer is also athletically inclined. He was on the Dawes baseball and soccer teams for two years and has played football regularly every fall. His hobby is photography and at times his end of the house seems one enormous blaze of flashlight bulbs. Steamer has the fine quality of giving everything he does all he has, and this coupled with his unquenchable good humor will stand him in good stead in the future.

OLLA PODRIDA



JACK BOYD WARD

"Jack"

"Dark and handsome, though not too tall."

Quaker Ridge Road, New Rochelle, New York.
Born at Buffalo, New York, April 19, 1917.
Glee Club '36-'37; Polo Squad '37.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Princeton.

JACK hails from nearby New Rochelle, New York. He came to Lawrenceville this year entering the fifth form as a member of the George House. He is a horseman of several years' experience and has taken up polo this year. Like the rest of the School squad, he gets great enjoyment out of the game and is an enthusiastic rooter when he is not playing himself.

In addition to his abilities as a horseman Jack also has a good voice. In fact Mr. Wood thought it was so good that it was not long after Jack had had his try-outs that he was made a member of the Choir and the School Glee Club. And as a member of the latter he has taken several trips to the various girls' schools where the Glee Club has exhibited its choral abilities. And in all the dances that followed these concerts Jack has been found to be quite a success with the feminine element.

Although he is quiet and might appear to be reserved, Jack is a very good friend to those who are privileged to know him. We wish him all possible success in Princeton where he is going to prepare for his B.A. degree.

MILO JOSEPH WARNER, JR.

"Joe"

"Good-humor always brings success."

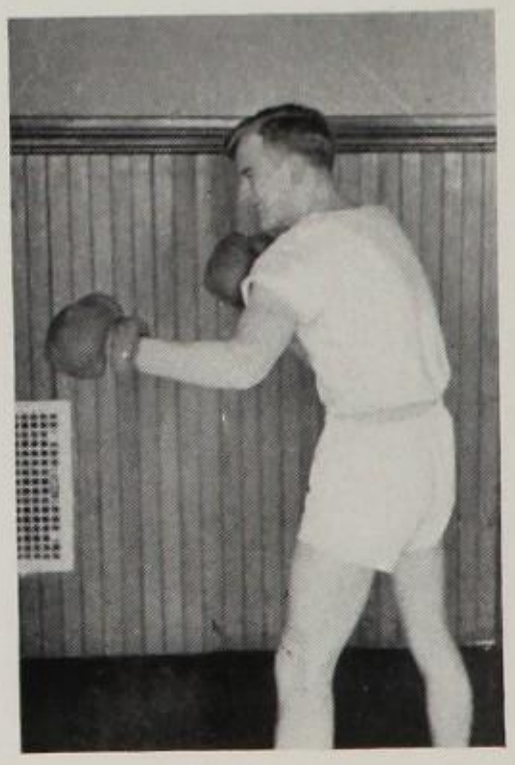
3443 Darlington Road, Toledo, Ohio.

Born at El Paso, Texas, August 15, 1918.

Chairman Pipe Committee '36-'37; Periwig '34-'35, '35-'36, '36-'37; Dawes House Council '35-'36.

Came to Lawrenceville September, 1934. Former House, Dawes. Preparing for B.A. course at Purdue.

From the flooded state of Ohio, Joe came to the Dawes House three years ago. He immediately distinguished himself in house athletics as an outstanding figure in football, basketball, soccer and baseball. In spite of these many athletic activities he retained a second testimonial average in his studies for quite some time. As a member of the Dawes House council, Joe helped to keep the house well up to the top in the all-around standings.



During his fifth form year he has been regarded as one of the best-liked fellows in School. In spite of a permanent knee injury, Joe remains one of the best boxers in Lawrenceville, both in the gym and in Upper. His subtle humor and frequent outbursts make him the center of any gathering. A frequent visitor to New York, Joe can easily pick out the high spots and show his colleagues a very enjoyable time. His willingness to oblige is something few people possess.

A westerner at heart, Joe spends his vacation bumming around Texas and such ranch countries as he may chance to visit. He has also been an outstanding actor in the Periwig, which has brought out his ability to be a great actor with a great personality.

OLLA PODRIDA

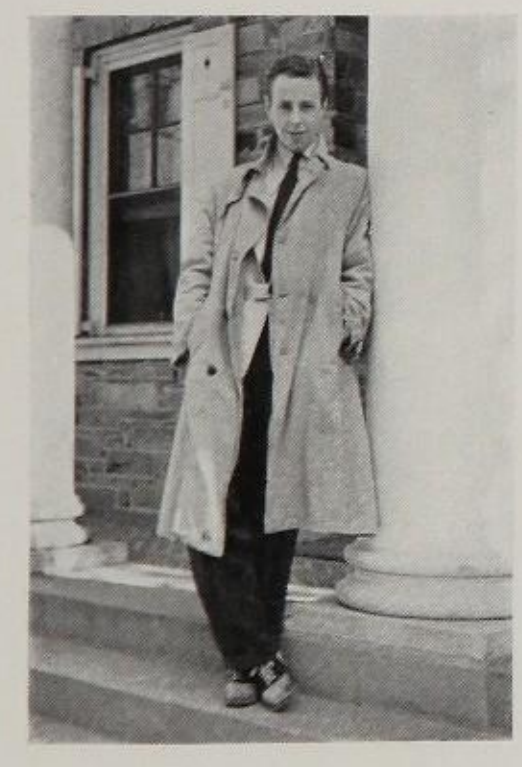
WILLIAM DAVID WIGGINS, JR.

"Wig" "Bill"

"A wig's a useful thing!"

701 Hazelhurst Road, Merion, Pennsylvania.
Born at Pittsburgh, Pennsylvania, May 6, 1918.
Swimming Squad '34-'35; Swimming (minor L) '35-'36, '36-'37; Golf Squad '35, '36; Chapel Usher '37.
Came to Lawrenceville September, 1934. Former House, Hamill. Preparing for B.S. course at Yale.

BILL came to Lawrenceville three years ago, entering the Hamill House. In his second year there he was elected captain of the Hamill House golf team. He was also a member of the School golf squad during his two years' stay in the Circle. Bill has not confined his athletic activities to golf alone. He is also quite an accomplished swimmer. His first year here Wig tried out for the School swimming team and succeeded in gaining a berth on the squad. The following year he won his minor L as a member of the 1936 swimming team and this year he has continued to lengthen his accomplishments as a tank man.



In addition to his athletic activities Bill is a member of the School church for which he has done his part as an usher. Although Bill has his serious moments he is, nevertheless, quite a witty fellow. This year as well as in the past he has contributed much to enliven the classes of which he was a member, especially his English class. Bill leaves Lawrenceville this year for Yale where he will prepare for his B.S. degree. He has made many friends in Lawrenceville and as one of them we wish him all possible success.

OLLA PODRIDA

JOHN ARTHUR WILL, JR.

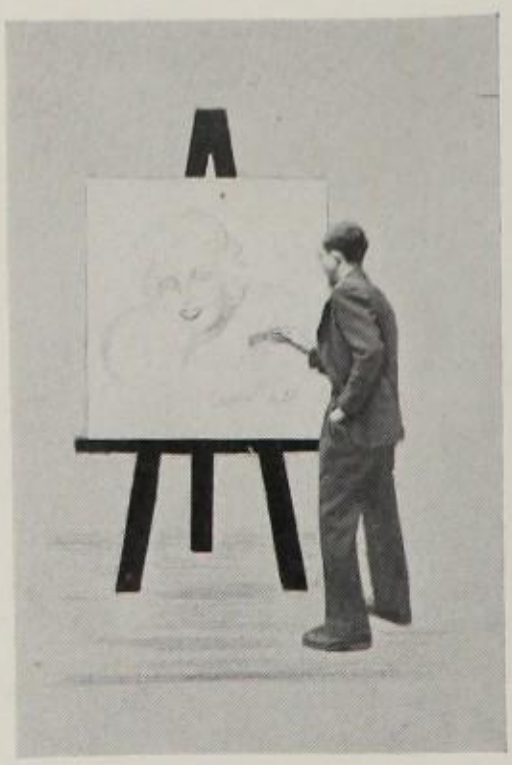
"Jack" "Spider" "Willie"

"Neither a borrower nor a lender be."

329 Ridgewood Ave., Glen Ridge, New Jersey.
Born at St. Louis, Missouri, July 30, 1915.
Dawes Award for Sportsmanship; Lit '35-'36, '36-'37.
Came to Lawrenceville September, 1933. Preparing to study at Art Students' League.

"And I demand ten per cent interest and double money for each day overdue!" The inhabitants of Dawes would recognize this voice as belonging to Jack Will who has been called the worst nickel-nurser. This miserly attitude, however, is only an outside veneer; those who know him well will testify that he really is generous.

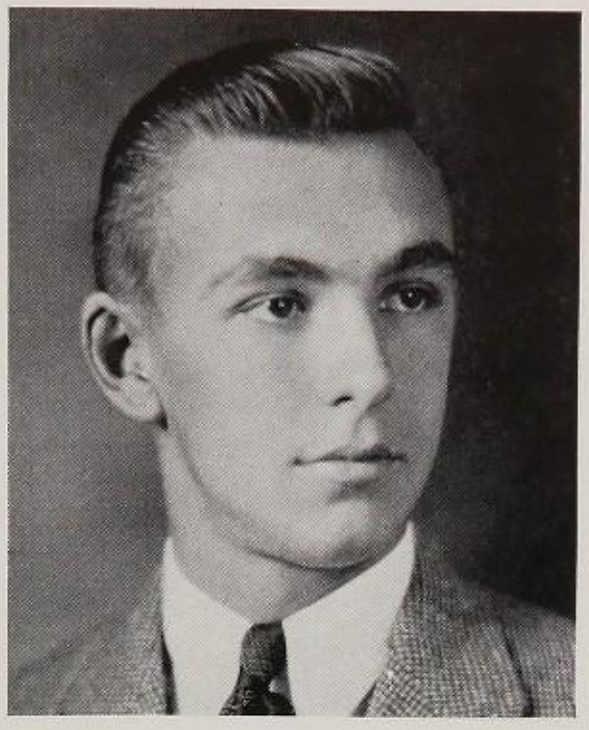
Johnny was dubbed Spider soon after he entered Dawes four years ago. Although he has been kidded about his stature and build he has more than made up for his size by his spirit and he has played on many Dawes teams. Spider's favorite game is golf which he endeavors to practise the entire year.



Spider has two important worries: first, trying to pass English and second, trying to regulate his alarm clock so that it will ring before Chapel. His favorite pastime is sleeping, and he has picked up several marks for doing this through classes.

Jack is very proficient with pen and pencil as is attested by his pictures of girls adorning the walls of his room and he has filled a place on the Lit board earned through his drawings. Altogether he has made a fine record at Lawrenceville.

OLLA PODRIDA



RICHARD POWHATAN WILLIAMS

"Dick" "R. P."

"None but the brave deserve the fair."

197-05 104th Ave., Hollis, New York.

Born at Flatbush, New York, January 9, 1918.

Director of Upper; Prom Committee '36-'37; Captain, Raymond Basketball Champs; Baseball (L) '36, Captain '37; Basketball '35-'36, (L) '36-'37; Glee Club '35-'36, '36-'37; Choir '36-'37.

Came to Lawrenceville September, 1935. Former House, Raymond. Preparing for B.A. course at Princeton.

Dick came to Lawrenceville in 1935 and in two short years has made a record which is worthy of his steel. At Raymond, although a rhinie, he was elected captain of the championship basketball team. In the spring he went on to star on the varsity baseball team and became captain for 1937. In Upper this year Dick further proved his athletic ability by coming up from last year's scrubs to a mainstay on the basketball five. After the basketball season, Dick is already looking toward the diamond, with dreams of circling the bases at breakneck speed. Dick was elected a director of Upper in '37 and is on the prom committee, which positions mirror his popularity. Now, to all these accomplishments, Dick adds another—the voice which blends so melodiously with both the Glee Club and the Choir. Sunday, Chapel time, he stalks slowly up the aisle in his white smock giving voice to notes like a nightingale's.

The subject of scholarship having been tactfully passed over, let us add that Dick has enjoyed many friendships here at Lawrenceville, has proved himself an accomplished athlete and, above all, a typical good fellow.

OLLA PODRIDA

ROGER WILLIAMS, JR.

"Rog"

"It's a great life if you don't weaken, but who wants to be strong."

2202 Delaware Ave., Wilmington, Delaware.

Born at Wilmington, Delaware, February 19, 1920.

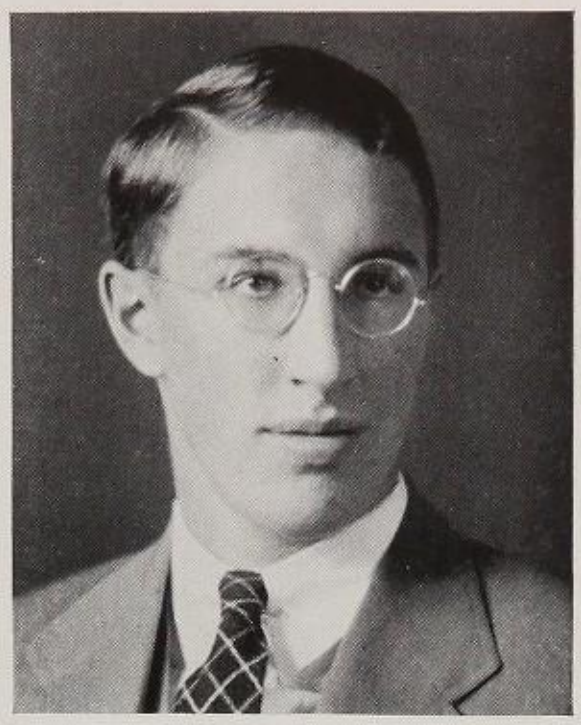
Secretary-Treasurer Perry Ross '33-'34; Photography Club '34-'35, '35-'36, President '36-'37; Business Manager Recorder '34; Lawrence '34-'35, Exchange Editor '35-'36, Sports Editor '36-'37; Press Club '35-'36, Treasurer '36-'37; Fifth Form Basketball Team; House Debating Team '35-'36.

Came to Lawrenceville September, 1933. Former Houses, Perry Ross, Cleve. Preparing for B.A. course at Amherst.

SINCE he came to Lawrenceville in 1933 Roger has earned renown for his excellence in a variety of activities. Roge was in school but a few weeks when he was elected secretary-treasurer of his first abode, Perry Ross House. During his first year he had another distinction, that of being selected as one of the two Lower School candidates for the LAWRENCE. After leaving the halls of Lower for Cleve, Roger went out for extra-curricular activities with a vengeance. He was made exchange editor of the LAWRENCE and was elected to the Press Club. Besides these outside activities Roge was on many of the house teams. He held a steady position on the basketball team and was a consistently good hitter on the Cleve nine. But he was not only good in athletics but was also an excellent debater. Now, a fifth former, Roger has taken up another activity to divert his mind from his studies which he keeps in the high seventies with seemingly little trouble. He has become one of the many bridge experts in Upper.

We certainly wish Roger good luck at Amherst and feel that if he's as active in college as he has been here, we need have no doubts but that he will succeed.

OLLA PODRIDA



FREDERICK BEASLEY WILLIAMSON, III

"Beas" "Fred"

"I am a politician, but my other habits are good."

35 Aberdeen Road, Elizabeth, New Jersey.

Born at Baltimore, Maryland, June 21, 1918.

Tennis Squad '34-'35, '35-'36, '36-'37; Fifth Form Basketball.

Came to Lawrenceville September, 1934. Former House, Griswold. Preparing for B.S. course at Princeton.

BEAS is an avid New Dealist for at the very mention of Roosevelt or anything pertaining to the present governmental régime he is right up at your throat trying to convince you that dear old F. D. R. is about the most perfect president that ever sat in the White House. Fortunately, those of us who have known Fred during his three years at Lawrenceville have learned to take his ejaculations with the well known grain of salt and thus live a peaceful life in his presence.

Three seasons ago Beas entered as a rhinie in the Griswold House, where, in his two years' residence, he played football, soccer, basketball, and especially tennis. In fact, tennis has proved to be his forte because every year he has been on the School tennis squad.

Now, in his senior year, he has returned to his second love, basketball, and has played in all of the fifth form games.

From all present indications Fred is headed toward chemical engineering at Princeton and we are sure he will go far and do well in such lines, as he has shown a definite interest in both chemistry and physics while he has been at Lawrenceville.

OLLA PODRIDA

JOHN DENNISTON WILSON, JR.

"Willie" "Johnnie"

"The Lark at Heaven's Gate Sings."

29 Lake Ave., Montrose, Pennsylvania.

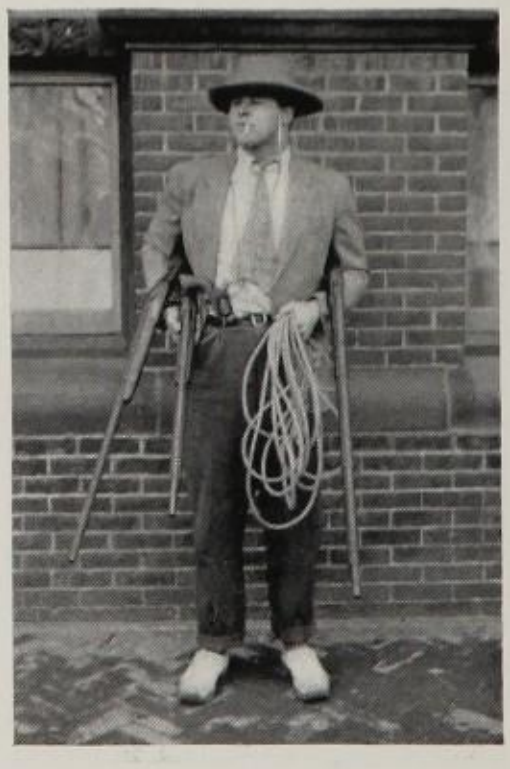
Born at Scranton, Pennsylvania, November 9, 1917.

Blazer Committee; Vice-President Second Form '34; Kennedy House Historian '34-'35, '35-'36; Glee Club; Choir; Periwig; Swimming (minor L) '35, (L) '36; Track (L) '36; Kennedy Football '36; Kennedy Swimming '34.

Came to Lawrenceville September, 1934. Former House, Kennedy. Preparing for B.A. course at Williams.

WHENEVER a group of songbirds gather together out on the esplanade to render a little close harmony, iron-lunged Willie is sure to be among them for he has one of the best voices in School. Because of his excellent vocal chords, Willie has been a mainstay of both the Glee Club and the Choir for the last few years.

As an athlete Johnny has been outstanding. He won his minor athletic award as a dash man on the swimming team and last year received a major L for his ability in that sport. Last year Wee Willie put all his brawn behind the twelve-pound shot to gain his major letter in track. He also played football on the Kennedy House championship team of 1936.

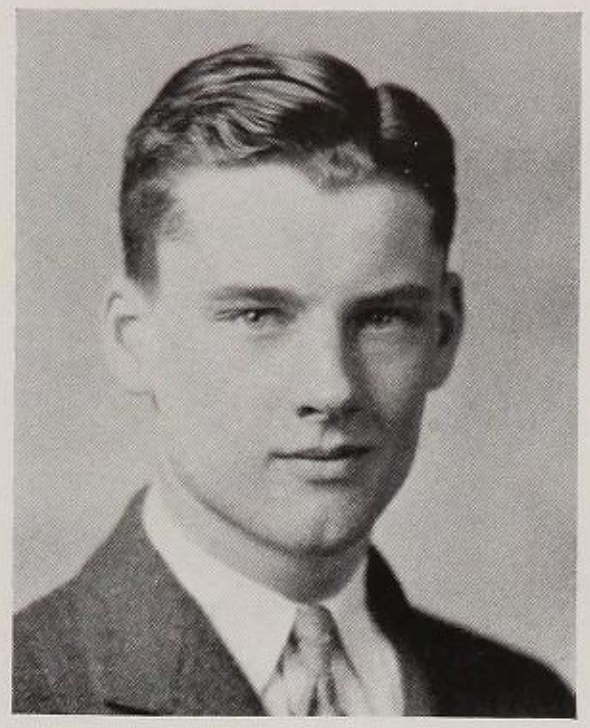


This year as a fifth former Johnny was a member of the blazer committee. He became interested in dramatics and was given a rôle in the Periwig production which was put on in Bermuda during spring vacation.

But Willie is in his element at the proms for he is a social-light at heart. He can always be counted on to bring a popular girl, and he keeps her well contented with his polished line and subtle wit.

To Willie at Williams, "Good luck."

OLLA PODRIDA



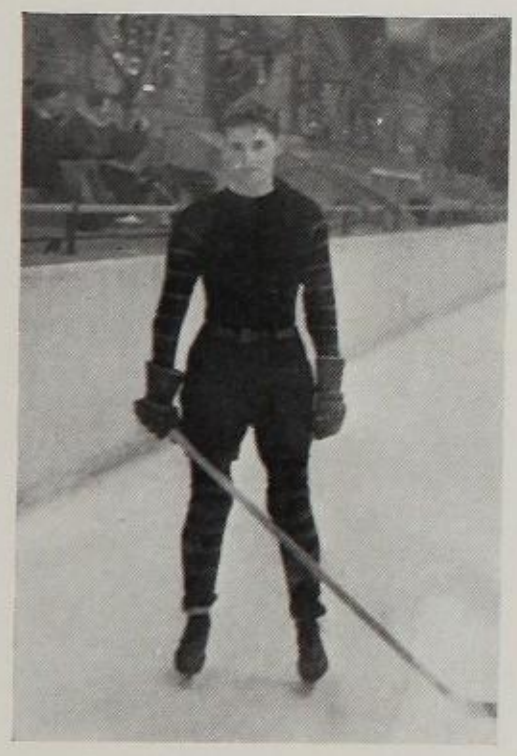
SIDNEY SHEPARD WILSON

"Shep"

"A good skate."

259 South Mountain Ave., Montclair, New Jersey.
Born at San Marcos, Texas, October 11, 1918.
Hockey (L) '36-'37.
Came to Lawrenceville September, 1936. Preparing for B.A. course at Yale.

SHEP entered Lawrenceville last September and took up his abode among the Rover boys in the gardens of the "Deeper." Every morning he may be seen straggling down from the George, books in hand, for his breakfast at the Lodge. Shep, quiet and unassuming, has constantly maintained an average in the seventies. He has made himself well known among the hockey enthusiasts being one of the mainstays of Mr. Vaughan's sextet. He was on the first line and earned his major L for his excellent playing throughout the season.



Shep is very studious and abstains almost entirely from indulging in the many bull sessions that go on in the George in spite of the "Deeper's" watchful eye. He in his silent way, though, has made many friends in the George.

Shep is unique in that he is one of the few who is not following the crowd in his choice of college. He is planning to be one of those fellows who either because of their dislike for regimentation or because of some other good reason are going to Yale next fall. We are sorry that we didn't get to know Shep better and we take this opportunity to wish him good luck at Yale.

OLLA PODRIDA

TALMADGE GARTLEY WILSON

"Gart" "Gartface"

"The world's great men have not necessarily been great scholars."

Drake Hotel, Philadelphia, Pennsylvania.

Born at Hampton Roads, Virginia, January 5, 1919.

Pipe and Quill; Bibliophiles Secretary (Winter Term); Press Club '35-'36, '36-'37; Lawrence '35-'36, Assignment Editor '36-'37.

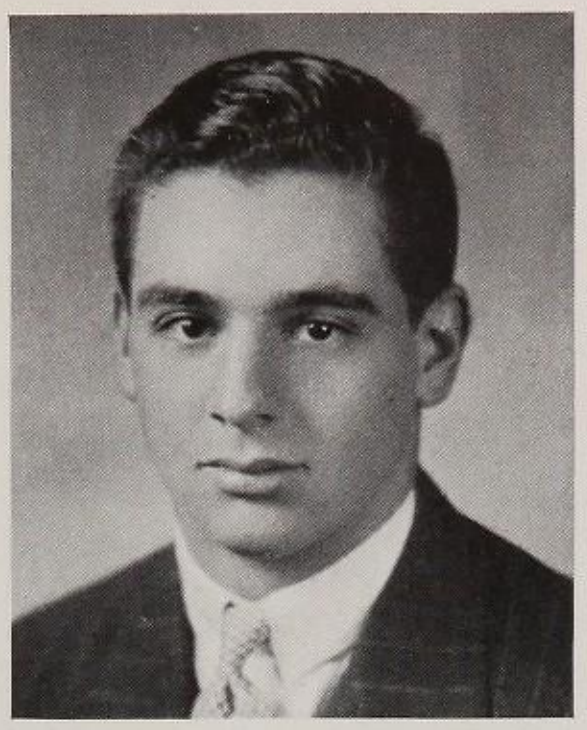
Came to Lawrenceville September, 1934. Former House, Griswold. Preparing for B.A. course at Stanford.

THREE short years ago there came to Griswold House a boy from the far Hawaiian Islands, Gart Wilson. He was serious-minded and worked diligently proving himself an ace on the gridiron as well as in the classroom. For two years he was one of the outstanding backs in Circle house football and this year probably the only thing between him and varsity fame was a broken arm. He also excelled on the soccer team both in the fifth form and in Griswold as a halfback. Nor is he any slouch on the golf course.

Three years ago Gart went out for the Press Club and was elected immediately and his fine write-ups appear frequently in the metropolitan newspapers. He has become assignment editor of the LAWRENCE and no one works harder over the paper than he does. He is secretary of the Bibliophiles Association also, and yet, in spite of all this extra-curricular work he always manages to keep his head above water scholastically. Gart deserves a lot of praise for his fine work, and diligent perseverance in all these many varied activities.

If present achievements are any forerunner of the future, Gart will sure be "settin' pretty."

OLLA PODRIDA



JACQUES DAVID WIMPFHEIMER

"Wimpy" "Jack" "Wimp"

"On with the dance!"

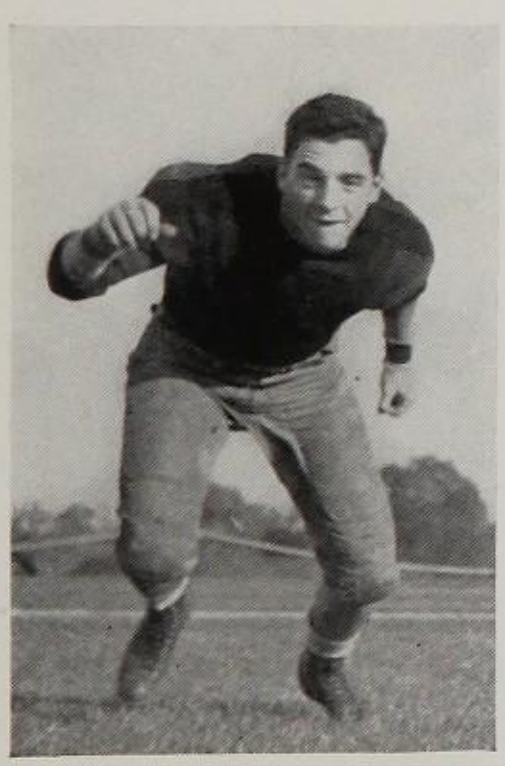
22 East 88th St., New York, New York.

Born at New York, New York, September 27, 1918.

Dickinson Championship Relay Team '36; All-House End, Football '35; Football Team (minor L), '36; Scrub Football Team '34; B Squad Football '35; Track Squad '36, '37.

Came to Lawrenceville September, 1934. Former House, Dickinson. Preparing for B.A. course at Princeton.

WIMPY is decidedly the well rounded man. A thespian of no small moment, a football and track man, a good scholar, an accomplished writer and, lastly, a Casanova with the weaker sex. When in Dickinson, Wimpy made all-house end, and was a prominent member of the basketball, track, and soccer teams. Spare time found him reading (for he is an indefatigable reader), acting, or bulling in the better bull sessions. All rhinies in Dickinson remember Wimp as one who never bossed them around, but, rather, accepted them as human beings.



In the fall of his senior year Wimpy was a valuable member of the football squad and earned a minor L for his service at the end position. Track is his winter and spring sport and in this field he is an excellent quarter-miler. But Wimpy's secret forte is his ability to write. He dotes on short stories and the work that comes from his quill is, as Mr. Hancox can testify, well written. His friends can testify to his charm with the fair sex and he is an adept dancer as well. It's a treat to see him careen through his paces during promenades. Finally, Wimpy has that saving grace of a sense of humor.

DAVID WOLCOTT

"Dave" "Big Dave" "Cap"

"Over the hill to the poorhouse I'm truckin' my weary way."

122 Riverside Ave., Red Bank, New Jersey.

Born at New York, New York, June 19, 1917.

School Vice-President '36-'37; Raymond Librarian '35-'36; Secretary, Fourth Form, '35-'36; Fall and Winter Prom Committees '36-'37; Council Cup '34-'35; All-Around Cup '35-'36; Bibliophiles; Lawrence '34-'35, Exchange Editor '35-'36, '36-'37; Football (L) '34-'35, Captain '36; Track (minor L) '35, (L) '36; Basketball Squad '35-'36; All-House Basketball '35-'36; Flag Lieutenant '35-'36, '36-'37; Flag Bearer '35-'36, '36-'37.

Came to Lawrenceville September, 1934. Former House, Raymond. Preparing for B.A. course at Princeton.

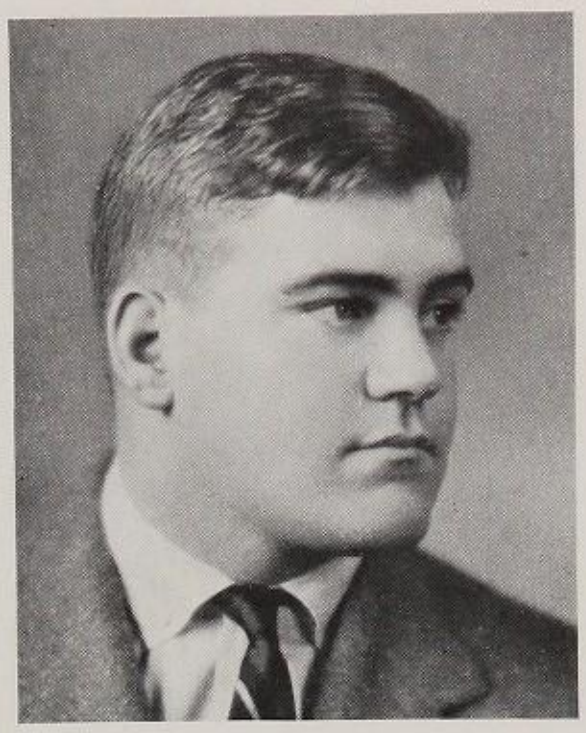
THERE are few fellows who are as well liked in Lawrenceville as Dave. He has always been known for his good sportsmanship and his fine character, and during Dave's three-year stay here he has made an admirable record.

For the past three seasons Dave has been one of the mainstays of the School's powerful football team, each year winning his major L in that sport. This season Captain Wolcott led the team through another series of spectacular games in Lawrenceville's most popular sport. He also won his letter in track twice during the past two years.

Nor do Dave's accomplishments terminate on the athletic field. In 1935 he was elected librarian of the Raymond House and in 1936-1937 he became the vice-president of the School. In 1935 he won the council cup in the Raymond House and in 1936 he carried away the coveted all-around cup.

Dave is on the LAWRENCE where he has been exchange editor for the past two years. He is also a member of the Bibliophiles Club. In all Dave is a fine well-rounded fellow and with all his splendid traits of character we know that he has a fine future ahead of him.

OLLA PODRIDA



WILLIAM NEAL WOLFE

"Willy" "Thor" "Wolfy"

"The tocsin of my soul—the dinner bell."

345 Linwood Ave., Buffalo, New York.
Born at Buffalo, New York, June 11, 1918.
Periwig '36-'37; Football Squad '35; Track Squad '36.
Came to Lawrenceville September, 1935. Former Houses, Dawes, Kinnan. Preparing for Yale.

For two years now Willie has been astounding his associates first in Dawes, then in Kinnan, and then in Upper with his unusual abilities. A well worn topic of conversation has been, since he came to Lawrenceville, the amazing ease and rapidity with which he can consume his daily meals. To see him rapaciously devour, long after everyone's appetite has been satiated, all the food at his table and then turn with a plaintive, drawn face to the other tables around him asking for more, is something truly enlightening. But Wolfy's time is not all spent eating. He is quite a sculptor as evidenced by the statues adorning his room.

Oh, yes, Thor has many more than one side to his nature. He can submit ideas really worth listening to on almost any conceivable subject and he can move his 235 pounds around with an ability disastrous to anyone opposing him in the boxing ring.

He is a capable member of the Periwig and Camera Clubs, and of the track squad, where he throws the hammer with much gusto. Willie has a keen mind and a strong body which two things will stand him in good stead in the years to come.

ARTHUR WILLIAM WRIEDEN

"Art" "Flabby"

"O, that this too, too solid flesh should melt."

129 DeWitt St., Syracuse, New York.

Born at St. Louis, Missouri, December 5, 1919.

Cleve Rhinie Representative '35-'36; Bibliophiles; Photography Club '36-'37; Science Club; Football and Basketball Squads '35-'36.

Came to Lawrenceville September, 1935. Former House, Cleve. Preparing for B.A. course at Yale.

ART came to the Cleve in '35 and distinguished himself by being elected to the position of rhinie rep, the highest honor attributed to any new boy. Art made the Cleve football and baseball teams and was a member of the School basketball squad. This past year, Art became a member of the School football squad and was awarded his class numerals. He distinguished himself scholastically, being a steady first testy man and a member of both the Bibliophiles and Science Clubs. He also joined up with the Photography Club early in the year.

Art, however, is certainly not conducive to peace and quiet. He himself gets away with a minimum amount of work and believes heartily that everyone else should share his views. At almost any time during evening "study" the door might burst open and Art storm in, give vent to his uproarious laugh and completely upset the evening routine. The horrible part of it is that no one seems to mind and Art goes on laughing.

Because of his infectious good humor and perpetual wit, Art is assured of popularity in all his future endeavors. Because he has made such an admirable record here, Lawrenceville expects much of Art.

FALL PROM, 1936

A WHITE truck careened through the stately gateway of the Lawrenceville campus. It made two revolutions of the Circle, either for orientation or exhibition, for on its side was painted "Tommy Dorsey and his Orchestra—featuring Edythe Wright—N.B.C.—over WJZ every Monday Night." Then it shot off in the direction of the waiting Gym. This was on December 5—marked in 120 engagement books as the day of the Fall Promenade at Lawrenceville.

The tea dance "slid" into action at four o'clock. It was enlivened by well made acquaintances and numerous novelty arrangements by the orchestra. The Gym, transformed into a ballroom, was decked in orange and white trimmings, with a touch of the Orient in its curving canopies and palms.

The evening dance, which began at nine o'clock, had been excellently arranged by the Prom Committee, from the quiet seclusion of the "Princeton Room" to the timeliness of the refreshments. The center of attraction shifted continually during the evening, although the young ladies received most of the attention. Tommy Dorsey's clever orchestra played requests and specialties with equal ease, surmounted by an occasional song from charming Edythe Wright.

All were amused by the early appearance of a dynamic dame dressed in red, and known as "Cynthia Wiggins" to "her" companions. "She" danced boys and masters off their feet. During the intermission at eleven-thirty, the Eight Aristocrats entertained with several old favorites.

After another hour of dancing, the guests were returned regretfully to their quarters.

Though it "poured" all Sunday, the rain did not dampen a week-end long to be remembered for its fun.

OLLA PODRIDA

Mid-Winter Prom, Featuring Hal Kemp

WINTER PROM, 1936

THE success of the Lawrenceville promenade held on the 12th of February was largely because of its novelty. The prom committee created a pleasant innovation by confining the activities to twelve titillating hours, beginning Friday afternoon. The Periwig Club played its ace at the McCarter Theatre in Princeton after dinner. Then a grand dance was held in the Gym until long after the moon had set. Later the same morning, after several hasty hours of sleep, escorts took six score girls to breakfast, or simply showed them the campus by daylight. Many lucky fellows accompanied their guests all the way home by taking a regular permitted week-end.

The Gym presented a greater variety of color than usual. The wooded rafters and folding benches were artistically concealed with billows of bunting, and the lights were dimmed by Japanese lanterns.

Yellow Jack, Sidney Howard's recent Broadway success, was the brilliant Periwig performance, and an enthusiastic audience was conveyed to and from the theater by special buses.

Howard Gale and his orchestra assumed the responsibility of swinging the couples into action at about eleven. Dancing continued until midnight when supper was served. By then, Hal Kemp had been able to leave a New York microphone, and rush his talented musicians under the river and across the Garden State just in time to maintain the lilting tempo of the "prom-trotters." For his first number he molded *Marching for Lawrence* into a modern melody with more than a touch of "swing." A dance floor crowded until four-thirty indicated that the prom was a dazzling success.

CLEVE HOUSE HISTORY

THE fall term of 1936 found the Cleve starting off hopeful of gaining a good rank athletically, and scholastically in the Circle. This was a difficult task to do, because most of Cleve's good material left with the closing of last year's spring term. However, under the guiding influence of Jock Sutherland, house president, we have constantly been in the top flight the year long.

The football team, considered to be better than average, did not fare as well as we hoped. We dropped our first game, tied our second, and defeated Dickinson, who played in the finals, in our third encounter.

The soccer team under the leadership of Paul Williams had a mediocre season, losing 3, winning 3, and tying 1. The team, however, was justly proud of its captain and John Buckley who at all times spurred us on.

The basketball team, piloted by Jock Sutherland, has started off at a blazing rate. Whether they will have won the championship or not by the time this goes to press, no one can say.

Gradually the Cleve has been gaining back her losses in the field of scholarship. Starting off the fall term at the first report we led, and were fourth at the mid-year report.

The house was well represented throughout the school year in many activities. On the LAWRENCE there were: Corby, Matthews, and Muir. Eisner, Gardner, Matthews, and Rogers were represented in the Periwig. In the Band and Orchestra we had Alexander, Lord, and Rogers. On the football squad we were represented by Sutherland and Davis, and Brown was a member of the hockey squad. Sutherland, and Yeiser represented us on the basketball squad; Alexander and Sutherland both were members of the winter and spring track team. In wrestling the Cleve was represented by Heilprin and Klopman.

In expressing the thoughts of us all, I wish to thank Mr. and Mrs. Raymond for their kind and generous aid in making this year a happy one for the Cleve. To Dr. Hitchcock goes our worthiest praise for helping each and every one of us in our sports and in our studies. To them and all those who have been connected with the house we extend our best wishes for good luck.

OLLA PODRIDA

DAWES HOUSE HISTORY

UNDER the friendly guidance of Pete Fortune, as our exemplary president, and a council composed of Kiesewetter, Johnson, Carmichael, Luke, and Best, the Dawes House has had a good year.

Last spring the Dawes baseball team, captained by Newt Jackson, had a good season. It gained third place. T. Johnson and Jackson made all-house in baseball.

This fall's football team had rather an erratic season. Captained by Art Miller and coached by Mr. Estey and Mr. Page, the team won a game, lost a game and tied a game. However, it was to the team's credit that they tied the winning house.

In extra-curricular activities Dawes made its best showing. In the Periwig Club we had more members than any other house. Hugh Johnson was stage manager, while Bill Waters was assistant stage manager. Other Dawes members of the club were Benson, Fortune, Swenson, Miller, Shackter, Brakeley, Chambers, Ebright, Erlanger, and Scherm. On the LAWRENCE board we were represented by Kiesewetter and Jones. Best was editor of the LIT, while on the board we had Carmichael, Benson, Swenson, and Erlanger. Ebright and Kiesewetter were both on the Press Club. For our contribution to the OLLA PODRIDA board we had Fortune, Carmichael, and Benson. Benson was also in the Choir and Glee Club. Clough and Clarke were in the Orchestra. Best was on the Publications Committee.

In the line of varsity sports Dawes was quite well represented. Doug Luke, state high jump record holder, was one of the star men on the track team. Jim Vieregg was a regular end on the football team. Art Miller was one of the mainstays on the hockey team. Pete Priester was a varsity diver, while Dick Harris swam the back stroke for the School team.

Dawes had a mediocre soccer season, but Hugh Johnson, captain, earned a well deserved place on the all-house team.

For a swimming season Dawes' record was excellent. The team again gained first place, third time in four years. Chambers was the captain, while the other swimmers were D. Harris, Brown, Kiesewetter, and Waters. The relay team broke the Circle house record.

The debating team, composed of Carmichael, Benson, and Hampton, had an excellent year. At the time of this writing they were preparing for the semi-final round, and it looked as though they would do well.

Also at the time of writing, the basketball team was doing excellently. Captained by George Cunningham, a new boy within the last few weeks, and coached by Mr. Shea, Newton Jackson, and Les Myer, the team ought to do well.

The year has been a good one and the spirit of the house has been fine.

Mr. Estey and his wife have been of inestimable value to us. At all times they are the interested and guiding spirits of the house. As one who is constantly giving valuable advice to us and aiding us with his jovial spirit, we thank Mr. Towers. To our "Rhinie," Mr. Page, we also owe a great deal. In the course of one year he has made himself extremely popular, and everyone has enjoyed his presence. As always, we feel that a great deal of credit is due to the help of Mr. Shea, our former housemaster.

OLLA PODRIDA

DICKINSON HOUSE HISTORY

UNDER the leadership of Mr. Keller and Mr. Martin, our new assistant housemaster, Dickinson up to the present time has had a rather successful year. Charlie Paxson, our house president, helped Mr. Keller pull the house through our eventful season. The other officers on our council were Stew Lare, vice-president; Frank Pyle, secretary-treasurer; and Robert Orchard. During the fall term the rhinies elected Dick Dale as their representative.

Last spring our track team placed fourth, but our relay team earned a second place. Griffing, Wimpfheimer, Chase, and Colpitts were members of the School squad, the last two winning their major letters. Our baseball team followed in the footsteps of our two previous baseball teams by winning the championship. Four of our experienced players were elected to the all-house team. They were Lawrence, Gardner, Lare, and Blackwell. Tom Doyle was a member of the varsity squad, and was awarded a minor L at the close of their season. Our tennis team, sorry to say, was unsuccessful, but two members of our house, Proctor and Townsend were awarded major letters for varsity tennis. Proctor at the close of the season was elected captain of this year's varsity. Burton was a member of the School golf squad, while Selby, also a member, won his major letter. Suhl earned a minor L in crew.

Then, after the duration of our summer vacation, we all came back to be greeted by a new assistant housemaster, Mr. Martin. The Red and White football team did a great job, thanks to Mr. Heyniger, and placed second with Woods, Burton, Paxson, and Lare making all-house selections. Two members of our house were on the varsity squad, Blackwell and Griffing, Blackwell receiving a major L and Griffing earning his numerals.

Our swimming team was unsuccessful, but four members of the house, Paxson, Woods, Burton, and Wainwright made the School squad. Burton received a major letter. The Red and White soccer team also was unsuccessful, but three members of our team, McLean, Townsend, and Orchard, were selected to be members of the all-house team. Dale proved his worth as a grappler and earned a major letter.

In the field of outside activities we were well represented. Lare, Suhl, Seely, Winters, and Orchard were in the Band, while Lare, Seely, Paxson, and Griffing were members of the Orchestra. Orchard was also a member of the Glee Club and Choir. Seven members of our house, Ashley, Burton, Haff, Ed. Hutzler, Luke, Paxson, and Dorman, were elected to the Periwig Club. Pyle and McLean represented our house in the literary world. Pyle was circulation manager of the LIT, art editor of OLLA PODRIDA, and a member of the PROGRAM. McLean also was a member of the OLLA PODRIDA board.

Whitney, McLean, Pyle, Suhl, Townsend, and Debry are flag lieutenants.

Going back to last spring at commencement time we were awarded, for the second time in succession, the All-Around trophy. We also received the Scholarship cup for the second time, and second place in the Foresman trophy. At the end of the first term this year we won the scholarship trophy permanently.

Finally we wish to thank Mr. Keller and Mr. Martin for their much-needed and willing help throughout the year.

OLLA PODRIDA

GRISWOLD HOUSE HISTORY

UPON arriving in Lawrenceville and the "Gris," the rhinies were met by efficient councilmen, headed by Bud Rose. Supporting this imposing Sovereign were Vice-President Lee Offen and Council members Bill Worrilow, Bill Paul, and Rathbun Mather. Under the leadership of these officials, Griswold has had a successful year in both scholarship and athletics.

Last spring our success in athletics was divided. The tennis team was defeated early in the competition; but, on the other hand, the golf team proved itself superior to the opposing array of "fairway splitters" and emerged with the silver cup in its possession. Griswold was represented on School teams by Bill Worrilow and Louis Valentine, in tennis and Bud Rose in track.

In the fall of the year, Griswold proved itself a constant threat on the gridiron even though third place was the best she could gain. We lost one game, being defeated by Kennedy in a thrilling battle. In the play-off for third place the Griswoldites defeated a powerful Raymond eleven by 7-0. The Griswold natators placed third in house swimming and our soccer team ended the season in the same place. Worrilow, the Griswold soccer captain received all-house honors.

The School squads are well populated this year with Blue and Red athletes. Long Ellis was a regular on the basketball team while Bill Tiernan and Ruud Brill represented us on the hockey squad. The football spectators saw Bud Rose in action every Saturday. He is also captain of the polo team and captain-elect of the football team. Eddie Powers was on the wrestling team and proved himself worthy of the praises of the house.

Extra-curricular activities have always been an important factor in a Lawrenceville boy's life, and the boys of the Griswold are no exception. On the LAWRENCE board we find Herbert Cole, Omar Simonds, and Lincoln Stevenson. The Photography Club is represented by George Schreiner, while the Choir acquired two of our outstanding members, Long Ellis and Norman dePlanque.

The coveted scholarship trophy, although won by Dickinson last spring was bid strongly for by the Griswold. We were second to the winners by only a thin margin. This fall scholarship efforts seemed to be lacking, but we fought our way to second place at mid-year, once again trailing Dickinson and this time by only seven-tenths of a point.

In a final note of appreciation we wish to take this opportunity to express our deep and sincere gratitude to Mr. Wells, and Mr. Easterline for their helpful suggestions and encouraging efforts on our own behalf throughout the year, and to Mrs. Wells for her loyal and inspiring support of the house on all occasions.

HAMILL HOUSE HISTORY

HAMILL, under the capable leadership of Jules "Tiger" Romfh, with the assistance of his co-officers, Dewey Bartlett, Bill Vaughan, George Clarke, Clint Meserole, and Art Maynard, and with the willing cooperation of a swell group of rhinies, has had a very pleasant year. Hamill has been fairly successful in Circle house competition and is upheld creditably in varsity sports.

During the football season, Coach Roberts developed a fast, fighting team despite the evident deficiency of weight. The team lost three well played games but performed creditably throughout the season. In swimming, Charles "Cappy" Hansel led the Hamill team to second place in the Circle house meet, with Bob Rosenzweig the outstanding performer. Our basketball team is at present fighting near the top of the league. Our soccer team, despite the fact that it failed to place in the Circle house league, put two players, Captain Jack Edwards and Tony Benitoa, on the all-house team. The predominating trait of Hamill teams has been their fight and spirit.

In varsity sports Hamill has been represented quite well. George Clarke earned his letter in football and hockey, while Meserole was also on the hockey team. Dewey Bartlett, a consistent scorer, is a letterman in basketball, while Maynard and Priester are on the scrubs. Bill Vaughan, who swims the 220-yard free style, won his letter in swimming, while Tom Backes earned his letter in wrestling. "Tiger" Romfh is one of the mainstays of the crack Lawrenceville polo team, and Tom Adams is a member of the track team. Rosenzweig and Smoot are on the swimming squad. Hamill is very well represented in the Glee Club and Choir by Warden, Kent, Parker, Edwards, and Hansel, while Coleman and Adams are in the Band. In the other extra-curricular activities, Hamill has also shown up fairly well. Clarke and Mustard are members of the Periwig Club while Dewey Bartlett is on the Press Club board and Art Maynard on the LAWRENCE board.

In closing we wish to express our thanks to "Unc" and Mr. Roberts for the companionship, help, and guidance they have shown us throughout the year.

OLLA PODRIDA

KENNEDY HOUSE HISTORY

THE Kennedy House, under the capable leadership of President Bill Purnell and an efficient council consisting of Frank Beacham, Morgan Whiteley, Charles Jones, and Frank Norfleet, began the year in an excellent fashion. The house was very fortunate in having a well balanced group of fellows who, besides giving an outstanding performance in athletics, have done very well in scholarship.

For the second year in a row Kennedy won the Circle house football championship. Though the squad did not look so promising at the beginning of the season with so few of last year's championship team back, after steady work under the direction of Coach Craig a team was produced that won all of its games except the first which it tied. The final game with Dickinson was a close, hard-fought battle which ended 6-0 in favor of the Blue and Grey. We had three men on the all-house team, Captain Bill Purnell, Frank Norfleet, and Frank Beacham. The soccer team lived up to last year's standards and came through with another championship. Kennedy is the first house in the history of the School to ever win both football and soccer two years in succession. Bill Purnell, Frank Beacham, Rich Carnrick, and Darwin Heath received all-house awards in this sport. With Champ Howell and Bill Tracy on the varsity basketball squad we should have a strong house team.

We think that actions speak louder than words and lost the first round of the Circle house debate to Dickinson. Furthermore, it is a good thing that we didn't have a flood in New Jersey, for most of the Kennedy boys would have drowned. We have so few swimmers that the house meet left us in last place.

By virtue of the two championships that we have already won and with more victories in the offing we have high hopes of keeping the Foresman trophy which we won last year for the first time in our history.

The Kennedy owes much of its success to the untiring efforts of its housemaster, Mr. Heath, and the assistant housemaster, Mr. Craig. And to them all the Kennedy boys express very grateful and sincere appreciation.

OLLA PODRIDA

RAYMOND HOUSE HISTORY

THE Raymond House, with an enrollment slightly less than that of last year, started this year with a council consisting of Burtis Horner, president; Douglas Bournique, vice-president; James Foard, secretary-treasurer; Richard Hurd, historian; and Alexander Heid, librarian.

In the fall and winter Circle house athletics Raymond's hopes for winning the Foresman trophy were not realized. Placing fourth in football, she was somewhat more successful in swimming, gaining third. The house was more fortunate in soccer, being nosed out of first place by Kennedy alone. Osvaldo Ros and Burt were given places on the all-house soccer team. Failing to duplicate its last year's performance of winning the championship in basketball, Raymond lost to Dawes and Woodhull in the early part of the season.

However, as in previous years, Raymond has been very well represented on the different varsity squads. Dave George and Dick Hurd got their letters awarded in football, and Ed Bigler was on the squad. Captain Foard and Tom Tenney did very well in wrestling. In hockey, Doug Bournique, Dave George, and Captain Hurd were quite successful. Fred Whitney was the house's only representative on the polo squad this year, while Linton Murdock and Jim Alling were on the swimming team. Bill Kerr, as a member of the indoor track team, was prominent in the winter competition. Bob Lee, a rhinie, won first place in the annual O'Fallon run.

The house contributed many boys to extra-curricular activities. Art Adams, Bud Heid, and Jim Foard are members of the LAWRENCE board. In the various musical clubs the house was represented by Burt Horner, Osvaldo Ros, Dick Hurd, Art Adams, Syd Davidson, and Jim Foard. Tom Tenney, Linton Murdock, and Neil Moses were flag lieutenants, and Fred Whitney along with Syd Davidson was in the Periwig. Raymond also has several members on the Photographic Club, as well as the French Club.

To Mr. and Mrs. Tiihonen, Mr. Hall and Mr. Rosner, Raymond House owes a debt of gratitude for their whole-hearted efforts in its behalf.

OLLA PODRIDA

WOODHULL HOUSE HISTORY

UNDER the competent leadership of President Hugo Oswald, with Cameron Peake as vice-president, Jim Schullinger secretary-treasurer, John Pilling as historian, and David Starrett as librarian, the Woodhull House had a highly successful year.

Dr. Harwood and Mr. Taylor, a new member of the art department who took the place left by Mr. Gwinn, met ten new boys last fall who have done a great deal to make this a successful year both athletically and scholastically. Among the new boys was Paul Hess, a young German, who spent the first term with us.

The Woodhull finished last year rather well. The debating team which was composed of Bill Larsen, Bill Powers, and Hugh Stone defeated the Dawes House team in the finals and won the Charles Henry Raymond cup. This was the fifth time we had won the cup, and as a result kept it permanently. Our baseball team, captained by David Starrett, was just nosed out of the championship by the Dickinson team. We did not do so well in track, taking only one first. We were well represented in varsity sports last spring. Gerry Colmore, who was to be this year's crew captain, and Melchior Beltzhoover won their major L's in crew, Jay Mayerberg, and Bob deGive in track and David Starrett a minor L in baseball.

At the beginning of this year Woodhull had two honors bestowed upon it. Hugo Stone was second to the head boy of the fourth form; and Bill Larsen who was last year's house president, was elected president of the School.

The football team with Bob Shepherd as captain began the season very well by beating Cleve. However, we lost the other two games. We had three members on the varsity football squad, namely, Oswald, Mayerberg, and Bausher.

In house soccer, we had a little more success, winning three games, tying one, and losing three. Captain Bob Shepherd was elected all-house. Our basketball team, led by Hugo Oswald, after a four-way tie won the championship, beating Hamill in the final game, 20-17.

On the swimming squad we were represented by Kline, Easton, Hatch, and Pilling, who won his minor L. In basketball Hurd represented the house on the School squad. Bob Osmun was also on the polo team.

We have done very well in scholarship this year. At the beginning of the year we were second among the Circle houses, and at mid-year we were third.

We have been very well represented on the publications and clubs. Cam Peake and Charlie Kline are on the Glee Club; Hugo Oswald, Cam Peake, Bill Powers, John Pilling, and Frank Masters are on the LAWRENCE; Warren Dixon and Charlie Kline are on the Periwig Club; Hugo Oswald is on the OLLA PODRIDA; Jim Behr, Hugo Oswald, and Frank Masters are members of the Tennis Umpires' Association; David Rogers and John Fawcett are on the PROGRAM; Jim Behr, David Starrett, and Frank Masters are members of the Press Club; and Bob Wise is a member of the Photography Club.

In closing, we of the Woodhull House would like to express our thanks to Dr. and Mrs. Harwood, Mr. Taylor, and Mr. Cass for the help and consideration they have given us during the year. Their kindness and aid have done a great deal to make this such a successful year for us.

OLLA PODRIDA

SPRING SPORTS

BASEBALL

LED by Captain Dick Williams, capable shortstop, the baseball team is looking forward to a highly successful season. Besides six returning lettermen, there are many promising rookies on the squad. The pitching staff is led by Davis, J., and Bournique, both having had two years' experience on the team, and several excellent possibilities have shown up among the candidates. First baseman Myer, second baseman Fleming, and Captain Williams, guard the infield, while Hurd is the sole returning outfield letterman. Palmer, Starrett, Backes, and Doyle are shaping up well among the members of last year's squad. Games with fourteen schools have been arranged, among them Tome, Peddie, Choate, and two games with The Hill.

TRACK

With eleven returning lettermen and four minor lettermen from last year's team, the track team hopes to hold the New Jersey State Championship for the sixth consecutive year. The nucleus is composed of Captain Ill, a fine miler; Lee, R., excellent half-miler; Rose in the hurdles; Luke, the state high-jump champion; and Bartlett in the pole-vault. The rest of the team will be built up from last year's squad and some promising rhinies. A highly successful season is expected.

TENNIS

Despite the loss of Frank Parker and Lauck, the prospects for the 1937 tennis team are bright. Coach Beasley is building up a team composed of five lettermen, Captain Proctor, Worrilow, Valentine, Steckler, and Townsend. There are some likely men from last year's squad, MacGregor, Fleming, Jones, W., and Maass, and it seems that quite a strong team will be developed, although not quite as powerful as the 1936 aggregation.

GOLF

The golf team is expecting a successful year with three lettermen, Lewis, Selby, and Noonan, T., and two insignia holders from last year's squad returning. The schedule is practically the same as last year, and includes matches with Choate, Taft, Hill, the Pennsylvania and Princeton Freshmen, and the Interscholastics in June.

CREW

Although the crew suffered a crushing blow by the loss of Captain Colmore and Beltzhoover during the year, Coach Tiihonen is looking forward to a successful season. Mahlow and Jones are the only returning L winners, but several of last year's second boat, including coxswain Stickel, namely Phipps, Carnill, and Suhl, and a number of rhinies, Harper, Dow, and Rogers, D., seem to indicate that the crew will be fairly powerful.

POLO

Having won the national indoor title for the fourth consecutive year, the outdoor polo team of Captain Rose, Plaut, Romfh, and Hayward should have a great season this spring. There are some outstanding rhinies, Osmun and Smith, H., who have shown up well in indoor polo, and who should be great assets to the team.

Top row (*left to right*): Hurd, Vieregg, George, Blackwell, Rose, Smith, J., Smith, H. *Bottom row:* Moore, G. B., Chase, E., Wolcott, Beltzhoover, Pearson.

OLLA PODRIDA

FOOTBALL SEASON, 1936

Capt. Wolcott

WITH David Wolcott as its captain, the Lawrenceville football team went through the season with three wins and three defeats. However, the season was a successful one—successful in that the School's traditional rival, Hill, was decisively beaten and in that the team's progress from the start of the season to the end was singular. Getting off to a slow start by bowing to powerful Penn Charter and Tome teams, the Red and Black finally came into its own in its third encounter by overwhelming the Princeton Freshmen 2nds. From then on it displayed a high caliber of play which enabled it to beat a scrappy Franklin and Marshall eleven, and a young but fighting Hill aggregation, and to play a fine game against the Choate outfit, victors in a 13-12 battle.

Five lettermen—Rose, Beltzhoover, Blackwell, Wolcott, and Chase—returned to play on the team. Rhinies, All-House grid stars, and 1935 squad members aptly filled the gaps, thanks to Coach Tiihonen's and his assistants' untiring efforts. The team was fairly heavy, experienced, and, to quote Coach Tiihonen, "quick to learn."

To Stan Pearson, a new boy, much praise is due. An outstanding quarterback, excellent runner, passer, and defense man, he starred throughout the season and was a vital factor in the Laurentians' win over Hill. In the forward wall Captain Wolcott, Bill Blackwell, and a rhinie, Howard Smith, were exceptional. Little Biss Moore, 138-pound fullback, merits praise, too, for time and again some remarkable feat of Moore's kept Lawrenceville in the running.

In a game hard-fought from start to finish, the Red and Black eleven went down to a 7-2 defeat at the hands of a heavier and more experienced Penn Charter outfit in their opening game of the season. Lawrenceville made its 2 points early in the first period when Beltzhoover blocked a kick which rolled over the end-zone line for an automatic safety. It was in the third quarter that a Penn Charter back cut loose from the Laurentians and raced 86 yards for a touchdown. The remainder of the game was marked by unsuccessful aerial attacks by both teams. In losing the game the Lawrenceville team gave the impression that it could not quite get started. Both offensively and defensively the team failed "to click." However, it should be mentioned that the Penn Charter team turned out to be one of the best school teams in the East, as its record testifies, and it was definitely not the proverbial first-game "push-over."

The following Saturday saw Lawrenceville lose again. Tome defeated the home team, 12-6, scoring both touchdowns in the second quarter, the first after a long drive, the last on a well-executed forward pass. The whole first half found Tome completely outplaying the Lawrenceville team. However, in the second half Lawrenceville gradually emerged from its early-season slump. The team scored its first touchdown of the year in the third quarter, with Captain-elect Rose plunging over for the 6 points. For the first time the team revealed its latent abilities which were to enable it to beat Hill.

Beginning the third encounter of the season with an 80-yard march at the opening kick-off terminating in a touchdown,

Coach Tiihonen

and ending the game with two more touchdowns in rapid-fire succession in the final stages, the Laurentians held the Princeton Freshmen 2nds in complete check throughout the four periods. Whiteley made the first score when he plunged over from the ½-yard line early in the first quarter. It was in this game that diminutive Biss Moore starred for the Red and Black, making two touchdowns in the final period through passes he intercepted.

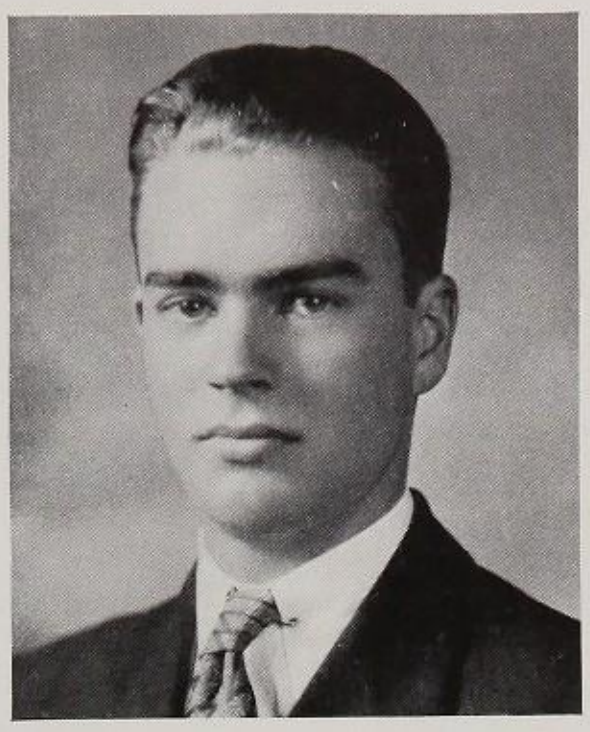
It was the Franklin and Marshall game that saw the Red and Black come into its own for the first time. In a bitterly hard-fought contest the Laurentians turned back their scrappy adversaries to the tune of 13-0. Pearson scored both touchdowns in the first half and was the outstanding star of the game. His first score was the result of a run of half the field, and his second was made by a line plunge of 2 yards. The entire team functioned smoothly and was now in the good form which is essential in beating an aggregation of Hill's or Choate's caliber.

On October 31, at Pottstown, Lawrenceville defeated Hill for the first time in five years, 16-7. Both school's student bodies were present in full force, each cheering with equal ardor for its team. As always, in this traditional battle, the play was hard, fast, and spirited. Pearson was the outstanding player of the game, scoring both of Lawrenceville's touchdowns, the first in the second quarter; the last, in the fourth quarter. Making a beautiful place-kick at the start of the second period, Red George started the Lawrenceville eleven on the way. With Moore and Pearson handling the ball, the Red and Black outfit soon was in scoring position, and Pearson culminated the sustained march with a 1-yard lunge for the first touchdown. The start of the last half saw Hill come back strong but shortly they were repulsed and the Laurentians again held the upper hand. In the last period a Blue and Gray punt was blocked on Hill's 7-yard line, and, directly after, Stan Pearson made his second tally. With Lawrenceville leading, 16-0, thanks to Red George's place-kick and successful try for the extra point after the first touchdown, and to Pearson's two scores, Coach Tiihonen sent the entire second team into the game.

Coaching Staff

Thereupon King, a Hill substitute, raced half the field to make Hill's lone touchdown. Soon after, the final whistle blew with Lawrenceville the victor, 16-7.

The last game of the season, a thrilling seesaw encounter with Lawrenceville's keen rival, Choate, ended in a 13-12 triumph for the Blue and Gold. For excellence of play, and for fierce competition no other game surpassed this. The team itself was a composite star. Lawrenceville's alert fullback, Biss Moore, made the game's first score when he snatched a fumbled Choate ball from the air and crossed the visitors' goal-line, the first time it had been crossed that season. Meehan, Choate's outstanding back, broke through to block Red George's kick for the extra point, a point that would have enabled the Red and Black to tie Choate. The end of the first period saw Meehan make a beautiful run to the Lawrenceville 6-yard line, where a cleverly-executed trip by Hurd brought him down on the verge of a touchdown. The penalty that ensued put the ball on the 1-yard line and Meehan tallied at last with a short plunge. As the extra point was made, Choate now took the lead, 7-6. However, Lawrenceville again forged ahead in the second quarter when Pearson plunged for a goal from the 2-yard line. George's kick for the extra point hit the upright. The score then stood: Lawrenceville 12, Choate 7. But the last seconds of the first half revealed that the game was still not definitely won, for Choate, displaying remarkable offensive power, marched to the Laurentians' 2-yard line. Here, the inspired Red and Black eleven made a successful stand till the whistle blew for the half. It was in the final half that the finest playing of the day was displayed.



Manager Gorman

Choate fought its way down to Lawrenceville's 1-foot line, where they were held, and Pearson kicked the ball out of danger. However, Spryor, of the Blue and Gold, with perfect blocking, ran it back to the 8-yard line. Lawrenceville held. But on fourth down a perfect deception play resulted in a Choate tally, making the score 13-12. The closing minutes of the game saw the spectators on their feet as Lawrenceville made one last desperate effort to score by long sleeper passes that took the ball to Choate's 20-yard line, where an unsuccessful try for a field goal ended the Red and Black hopes.

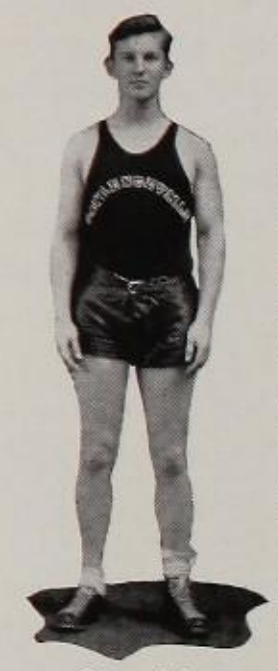
OLLA PODRIDA

BASKETBALL SEASON, 1936-1937



Capt. Myer

THE 1936-1937 basketball season came to a close with the best record in many years. Of the seventeen games played, the team gained ten victories, culminated by a hard-fought win over our traditional rival, Hill. With three lettermen returning, and some excellent rhinie material, Coach Gartner turned out a fighting combination that played heady aggressive basketball with a great deal of splendid teamwork.

The team was led by Captain Les Myer, last year letterman. Always a scoring threat with his speedy dribbling and quick cuts, Les played top-notch ball at forward position throughout the season. Other returning lettermen included Garland Barr, lanky center, who often scored with his accurate short shots, and Dewey Bartlett, expert guard whose fast breaks netted him many points on passes from teammates. Long Ellis, a rhinie, led the team in scoring with 107 points, most of which were the result of long shots from near mid-floor. Next in the scoring column came Frank Browne, another rhinie, with 104 counters. He scored repeatedly on fast breaks and was a dead-eye from the foul line. Stan Pearson and Dick Williams, playing guard and forward respectively, were able ball-handlers and accounted for a good number of points. Excellent reserve material was found in Phillips, Smith, L., Hartman, Tracy, and Sutherland.

In the first game of the season Lawrenceville had an easy time with Germantown, winning 36-21. Pearson as acting captain was high scorer with thirteen points, closely followed by Ellis with twelve counters.

The Lawrenceville squad met its first defeat at the hands of Haverford, 26-22, a team undefeated in sixteen games. Lacking coordination the team played poorly at first, but started a spurt in the last quarter which fell short of its goal by only a few points.

Next week the varsity ran wild against Boys' Latin of Baltimore to the tune of 48-20. The entire team scored, with Frank Browne piling up seventeen points. In the first game away, the Lawrenceville basketeers bowed to the Princeton Frosh 29-17. Handicapped by the large size floor, Lawrenceville got off to a slow start, but in the last quarter outscored the Tigers by one point. Les Myer and Frank Browne shared scoring honors for Lawrenceville.

The first game after the Christmas vacation resulted in the third victory for the Red and Black. Paced by Dewey Bartlett, who rang up twelve counters, the team won over a rangy Chestnut Hill outfit 24-19.

Peddie, undefeated all season, champions of the Interscholastic league, next handed the varsity five a 34-30 defeat. The victors piled up a substantial lead early in the game while our quintet had trouble becoming accustomed to the exceptionally small floor. With the score 17-1 at the middle of the second quarter, Lawrenceville snapped into action and started a scoring spree that indicated that the team would take the lead. They were stopped by the final whistle only four points from their opponents. Browne and Bartlett accounted for twenty-three points.

On the following Saturday the team traveled to Choate only to be defeated by the Blue and Gold by a 26-14 score. Captain Myer was out of the play because

of a sprained ankle and Pearson in the infirmary. Both teams exhibited an awkward brand of ball-handling with the Choate players getting frequent personal fouls because of roughing.

In its third consecutive game away, the Red and Black got back into form by trouncing George School 38-19. Ahead by only five points at the half, Lawrenceville widened its lead greatly by virtue of Long Ellis's deadly set shots, and Colonel Barr's short shots from under the basket.

Lawrenceville gained its next victory in what was probably the best game of the season played on the home floor, by taking the Yale Freshmen into camp 39-29. With Dewey Bartlett as acting captain, the team took an early lead by dint of fast breaking and good teamwork, a lead which they never relinquished. In the second half Dick Williams and Giff Barr dropped in three baskets apiece. Frank Browne was high scorer with eleven markers.

The following week the Red and Black was handed its fifth defeat of the season by a rangy, experienced Rutgers' Prep quintet, group II champions. Les Myer returned to the squad after almost a month's inactivity and exhibited his old form, making three buckets on sparkling dribbles into the basket for close shots. Rutgers pulled away to a seven-point margin in the first quarter. Colonel Barr then popped in three shots to reduce the opponent's lead to a single point at the half. Rutgers' captain scored often in the fourth stanza to widen the lead. Dick Williams scored on a pass from Captain Myer as the game ended with Lawrenceville behind 39-28.

Over the week-end of the mid-winter prom the squad traveled to Port Deposit, Maryland, to encounter Tome in a night game. Lawrenceville came out on the long end of a 25-20 score in a very close game. The Blue and White team played a fast, aggressive game which frequently threatened to overtake our quintet. Going into the last quarter with only a two-point edge, Les Myer scored twice to give the Red and Black a safe advantage. Long Ellis led in scoring with ten points.

In Baltimore the next evening Lawrenceville encountered a Gilman squad much improved over the Gilman teams of former years. The first half resulted in a see-saw affair ending with the Gray team leading 12-11. In the second half Frank Browne was the only Red and Black player to penetrate the strong Gilman defense, while Brown of Gilman scored on short shots and Cook converted on long "swishers" to bag the game by a 24-17 score.

Lawrenceville received its last defeat of the season by bowing to the flashy Trenton five, 29-19. The game was marked by Ernie Young's remarkable handling of the center position. His lightning-like feints and accurate short shots netted him fifteen points. Les Myer and Long Ellis shared in the Lawrenceville scoring honors, each with six markers.

In Brooklyn, the next week, the Red and Black quintet had an easy time with a slow-moving, erratic Poly Prep team, winning 26-12. The scoring by Lawrenceville was divided between Browne, Ellis, and Bartlett.

Next Newman was swamped by a 43-17 score. The varsity got off to a fast start and was never threatened at any time, showing effective defensive tactics.

The same week Lawrenceville also took Horace Mann, 28-21. Gaining a wide margin in the first half allowed Coach Gartner to send in the second team which permitted Horace Mann to score only a little more frequently. Dewey Bartlett had a field day scoring ten points.

In the final game of the season Lawrenceville defeated its traditional rivals, Hill, 17-14. Our quintet shot to the front

OLLA PODRIDA

early in the game and created a 10-2 lead at the quarter, which was increased to 14-5 at the half. A rejuvenated Hill squad completely stopped the Red and Black in the third frame, scoring three points itself. Lawrenceville scored three counters in the last period on Frank Browne's long shot and a gift shot by Giff Barr. Hill then commenced a rapid bombardment of wild shots at the basket, almost overhauling Lawrenceville by tallying six points. With the final whistle Lawrenceville won its tenth game—culminating a very successful basketball season.

Myer, Browne, F., Barr, Bartlett, Ellis, Williams, R. P., and Pearson were awarded major letters, while Hartman, J., Phillips, and McCarthy, W. (manager), gained minor awards.

OLLA PODRIDA

SWIMMING SEASON, 1937

Capt. Parke

WHEN the first call for candidates was given, there were many lettermen in the ranks for the swimming team. With the backing of five major letter winners and four minor lettermen, the team had a very successful season winning six out of ten of its encounters. However, the Lawrenceville natators placed only second in the State Meet, due to the extremely keen competition.

Captain Ned Parke, a veteran of three years on the team, was again outstanding among the group. He broke the national interscholastic record twice and did likewise to the School record. He was selected third in the 100-yard breast stroke on the All-American prep school swimming team. He defeated Metcalf of Andover who was listed as the first selection. Although he did not win his event in the State Meet he triumphed in the Rutgers Interscholastics.

Tom Doyle was also a great asset to the team. He was a consistent point winner in his events, the 100 and 50-yard free styles. He reached the finals in his event in both the State Meet and the Rutgers Interscholastics. Gil Burton, captain-elect of next year's team, has improved much in the last year gaining many helpful points for the team. McQuillan, swimming the 100-yard breast stroke, also won several times. Pete Priester, a rhinie, was victorious more than once in the dive. His teammate, Warren Ackerman, also gained many needed points in this event.

The first meet of the season with the Haverford School was one of the closest in Lawrenceville swimming history. Taking only two first places in the dive and the 100-yard back stroke, the team won by a margin of one point. The score was 38-37, but a decision was not reached till the final relay was over. Ackerman and Harris won the two first places for Lawrenceville while Captain Parke, Doyle, McQuillan, and Craig Moore took seconds in their events. Both the medley relay and the 200-yard free style relay races were won by Lawrenceville.

The team went to New Haven for its second engagement, encountering the Andover and Yale Freshman teams in a triangular meet. Although the Yale natators triumphed over their opponents, Lawrenceville, taking second place, nosed out the Andover team 30-20. Captain Parke's victory over Metcalf of Andover in the 100-yard breast stroke was the outstanding event of the meet. Parke's time was 1:09. Doyle also took a first for Lawrenceville by winning the 50-yard free style in the remarkable time of 0:34 4-5 seconds. The School medley team again outshone its opponents when it captured this event, breaking the School record. Although Yale defeated the team by seven points, Coach Estey was very well pleased with the showing the team made.

The natators had no difficulty in defeating Erasmus Hall in its next meet. The Lawrenceville outfit taking three first places and three seconds triumphed 38-29 in the home pool. Parke, Doyle, Bauer, and Ackerman took first places in the 100-yard breast stroke, 50-yard free style, 100-yard back stroke and the dive respectively, while the 150-yard medley relay was also won by Lawrenceville. Openberg was outstanding for the visitors taking first place in both the 220-yard and the 100-yard free styles.

Losing for the first time in the season the team was defeated by the Tome

Coach Estes

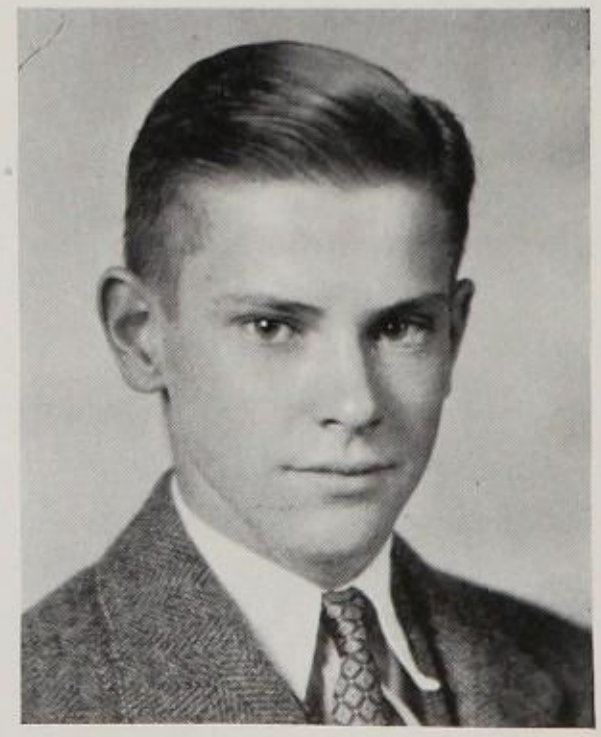
swimmers in the winner's pool 40-24. Captain Parke made the team's only first place in the 100-yard breast stroke. The opponent's team was far superior to that of Lawrenceville and found no difficulty in defeating the latter.

Just four days after their first defeat at the hands of Tome, the winning team again lost to a superior Trenton High School team 39-27. Captain Parke in setting the new national interscholastic record in this meet also broke the old School record in the 100-yard distance. Although the Lawrenceville team won only Parke's event and the two relays it made many other places in every race, thus amassing twenty-seven points. O'Mara, who won the 100-yard back stroke event, was outstanding for the winners.

The following week the swimming team came out of its momentary slump and defeated the Peddie natators by the same score that they were beaten the previous week, 39-27. The entire team, save Parke and Craig Moore who did not swim, showed renewed vigor as they won five out of eight first places. Burton won the 50-yard free style; Vaughan won the 220-yard free style; Doyle triumphed in the 100-yard free style; the dive was won by Priester and the 220-yard relay team triumphed.

The team's next encounter was with the Princeton Freshmen. The meet was very close but the home team came through with a 35-31 victory. Ned Parke, again true to form, covered the 100-yard breast stroke in the fast time of 1:67.1, which is just one-tenth of a second over his interscholastic record set in the Tome meet. The Laurentians took four first places in this meet which was held in the opponents' pool.

Victory smiled on the swimming team in their next meet. The team defeated Rutgers Prep by the heavy score of 51-15, amassing seven first places out of a possible eight. Parke broke both his interscholastic and School records in the 100-yard breast stroke while Doyle also broke the School record in the 100-yard free style. The opponent's only victory was won by



Manager Powers

Captain Lundgren in the 100-yard back stroke.

Although Parke set a new Rutgers interscholastic record in winning the breast stroke, the team placed only fifth. The competition was probably more keen than any other meet in the season. Doyle reached the 50-yard free style finals but did not place. The free style relay team was barely nosed out by the Massanuten Military Academy team, the winners of the meet.

In the final meet of the season the swimming team took second, Blair winning. It was the State Meet held at the Newark Athletic Club pool. Blair captured six of the possible eight first places. Parke was beaten by Williams of Blair in the non-record breaking time of 1:06.8. Ackerman and Priester of Lawrenceville took first and second respectively in the dive, the only event won by Lawrenceville.

Top row (*left to right*): Miller, A., Miller, W., Bournique, Wilson, S., Bill, Tobish (mgr.). *Bottom row:* George, Clarke, Hurd, Clarkson, Tiernan.

OLLA PODRIDA

ICE HOCKEY SEASON, 1937

Capt. Hurd

UNDER the able leadership of Captain Dick Hurd, and with the excellent coaching of Mr. Vaughan, the ice hockey team finished a mediocre season with a record of three victories, four defeats, and one tie. The Red and Black vanquished Carteret, Morristown, and Peddie, while it fell victim to Hun, Princeton Freshmen, Choate, and Northwood. The deadlock was with the Nichols School from Buffalo, New York.

The sport, in only its fourth season after several years lapse, attracted a large group when the call for candidates was first sent out. From almost sixty, the squad was gradually cut down to the final team which was comprised of a first line of Bill, Wilson, and George, with Tiernan, Bournique, and W. Miller as second line, while Hurd, Clarke, and A. Miller alternated as defense for Dick Clarkson in the cage. Prizer, Kiesewetter, Carter, and Meserole, Brill, and T. Brown were spares. During most of the season Bill was right wing, Wilson was center, George was left wing, and W. Miller, Bournique, and Tiernan held corresponding positions on the second line. However, after the defeat by Choate, Tiernan was moved to right wing on the first line, Bill shifted to center, Wilson went to second line center, and Bournique filled Tiernan's former place. W. Miller was also displaced at right wing by Prizer.

Bill, Clarkson, and Captain Hurd were the outstanding performers for the sextet during the year. Bill was the tireless leader of the attack, Hurd a very reliable defensive player, and Clarkson an able net defender. The second line also deserved credit since they finished the season with an all-around record very nearly equal to that of the first line.

The team opened its season December 18 against the Hun School. It was in the nature of a practice game since both teams had only been on the ice a week at the time it was played. Hun was the final victor in a very close game, 3 to 2. Hun scored the opening goal a few minutes after the game had started, but Art Miller immediately retaliated by sinking a shot from the blue line. In the second period Hun again took the lead when they netted the puck after a beautiful pass play but toward the end of the period Bournique tied the count when he shot the puck out from behind the enemy cage to sink it. Hun, however, managed to tally in the last period clinching the victory at 3 to 2.

In the second game of the season, the team was trounced 10 to 0 by a very strong Princeton Freshman six. The cubs tallied twice in the first frame, three times in the second, and thoroughly smashed the Red and Black with five goals in the last period. Wyer of Princeton was the star of the game with three goals and two assists to his credit. Wally Tiernan, ex-Laurentian star and right wing for the Tigers, scored once, while Wicks, captain of the L '36 sextet, was given an assist. Lack of practice probably figured greatly in this trouncing. The losers had only one scoring opportunity when George narrowly missed a shot. The other goals were scored by Fuller (3), Turner (2) and Bordley.

Morristown was the first team of the

season to fall before the Laurentian attack, losing 2 to 0. Although the score was low, the victors were greatly the superiors. The first period passed scorelessly with Billings, the Morristown goalie, making many beautiful saves. Both scores came in the second period. Bill tallied the first with assists given to both George and Wilson. The second count was made on a double pass from W. Miller to Bournique, and then to Tiernan who netted it with a backhand shot. The third period passed without a score. In this period Morristown attempted a rally but were so outclassed by the Red and Black that often it was all they could do to prevent further Laurentian tallies.

The next team to fall before the Red and Black was Carteret. Carteret scored the first goal but they were destined to lose the game 4-1. A few minutes after the start of the game Gay of the losers found a free puck in a scramble in front of the cage, and managed to slip it past Clarkson for the Maroon and White's only point. George evened the score on a solo dash before the period had ended. Only half a minute of the second stanza had passed when Dave George again scored on a very fast shot. Tiernan tallied on a pass from Bournique a few minutes later to give the Red and Black skaters a larger lead. The final point was made in the last period when Bournique circled the enemy cage, passed to Miller who in turn passed to Tiernan for the score. Tiernan and George, with two goals apiece, starred for Lawrenceville while Brennen excelled for the losers.

The following week the skaters took their only trip, going to New Haven to play against Choate in the most important game of the season. However, the Blue and Gold won for the second year with a 4-1 score. Camfort, the Choate right wing, led the scoring with three goals, sinking one in each period. Ayer's solo dash in the second period accounted for the other Choate score. Harry Bill netted the only Lawrenceville goal when he took a free puck in the neutral zone, passed to George who passed it back, and went on to make the score. After the first Choate tally, Lawrenceville used a continuous power play. Because of this, the Blue and Gold was able to get an occasional jump at which times they did their scoring. Unfortunately the team was hindered in several ways. The ice was rather soft, the lighting was different from that of the Baker Rink, the trip was rather tiring, and the continual power play was an extra unexpected drain of strength. The game was played in the Yale arena because of lack of ice at Wallingford.

After a week lay-off for examinations the team continued the season by defeating the Peddie sextet 1-0. The game was full of thrills and spills but was very poorly played. The Blue and White sextet was very weak but due to Lawrenceville's carelessness and the beautiful playing of Jolley, the Peddie goalie, the score was kept very low. The only score came in the second period when Bournique seized a loose puck and flipped it into the nets. Lack of teamwork was largely the cause of the Red and Black's failure to score more often. In this game, Prizer played right wing on the second line.

The following week the skaters showed very much more teamwork in fighting a very strong Nichols sextet to a 1-1 deadlock. Lawrenceville took a lead in the first period when Bill Tiernan poke-checked the puck away from Sheu, dashed up the ice and passed to Bill who netted it. Nichols, however, tied the score when their Canadian star, Croucher, made a solo sprint up the ice in the last period.

OLLA PODRIDA

At the end of the first two-and-one-half-minute overtime periods, Croucher again scored but the goal was nullified because the bell had rung for the end of the period a second before the shot. The second overtime period saw no score and the game was declared a 1-1 tie. Croucher was by far the most outstanding player on the ice, being in the game constantly as either a forward or defense.

In the final game of the season the sextet lost to a very fast and experienced Northwood team 4-2. Wright of Northwood accounted for the only score of the first period unassisted. Wilson retaliated in the second frame when he took a pass from Bournique and tallied, but scores by Groff and Dickson gave the visitors from Lake Placid an edge which they never relinquished. In the last period Wright scored the victors' last goal. With but a few minutes to play, Harry Bill fought his way alone to the visitors' cage but was forced to drop the puck there when he was ridden off by the opponents' defense. Tiernan, however, was trailing the play and pounced on the free puck for the final goal of the year. The game ended 4 to 2 in favor of Northwood.

An attempt was made to procure another game with the Hun sextet but due to their full schedule this was not possible. A second team made up of the scrubs was victorious in all four of the games they played against the Princeton Country Day School.

Many of this year's team were seniors and so played their last hockey for Lawrenceville in the fray with Northwood. They were as follows: Harry Bill, right wing; Shep Wilson, center; Bill Miller, right wing; Dick Clarkson, goal; and Jack Prizer, right wing.

The season record:

Law.		*Opp.*
2	Hun	3
0	Princeton Freshmen	10
2	Morristown	0
4	Carteret	1
1	Choate	4
1	Peddie	0
1	Nichols	1
2	Northwood	4
13		23

OLLA PODRIDA

INDOOR POLO

Capt. Rose

CAPTAINED for the second year in succession by Bud Rose, the Lawrenceville indoor polo team is again sweeping through to a successful season. The entire last year's team of Rose, Romfh, and Hayward, National Interscholastic Champions, is back again this year with Plaut, number four man on the outdoor team, serving as a more than capable substitute. Other valuable members of the squad are: Osmun, Smith, Mather, and Schlesinger.

Unfortunately Hayward injured his shoulder in the first week of practice and was unable to play until half of the season was over. Therefore, before the Christmas holidays, the team consisted of Smith, Rose, and Romfh.

The Laurentians started off in championship style, by defeating the Pennsylvania Military College by the decisive score of 12½-5. Captain Rose led the scoring with six goals. Romfh as usual played a good game and Osmun and Smith, two rhinies, acquitted themselves well.

The next Saturday two teams played. One consisting of Mather, Osmun, and Romfh, came out on the losing end of a 12-11 score against Culver at Culver. Rose, Plaut, Smith, Shaffer, Bowles, and Ward alternated to make up the other team which trounced the Princeton Freshmen 14½-5. The team next decisively defeated first the Princeton Junior Varsity and then the Wilkes-Barre "Whips."

Returning from the Christmas vacation, the Laurentians again beat Princeton's Freshmen without any intervening practice, this time by a 23-1½ score.

The next game was with Squadron A of New York and is generally considered to have been the best game of the season. Leading the team's opponents was Mike Phipps, one of the best players in the game, whose indoor ranking is of eight goals. Led by Captain Rose, the Laurentians dominated the game until the last period when Phipps scored, putting his team in the lead. Romfh quickly retaliated and tied up the score again. With each team trying frantically for a score, a foul was called on Lawrenceville which proved to be the deciding point of the game as no more goals were made. The final score was Squadron A 12½, Lawrenceville 12.

The next week the Laurentians suffered their last defeat of the season when they dropped a hard-fought game to the Princeton Varsity, by the score of 15-7. The team made a last-minute rally but were unable to overcome the big lead piled up by the Princeton men in the early part of the game.

From then on the team has administered sound defeats to all its opponents. The Princeton Junior Varsity was easily vanquished, the Wilkes-Barre "Whips" were again trounced, the Essex Troop was defeated in a close yet decisive victory, and the Pennsylvania Military College was once more downed to the tune of 22½-4.

Hayward's shoulder having finally mended, he was able to join the team again, and his accurate shooting proved a great asset to the team.

The next week the team split up again, Mather, Rose, and Osmun journeying to Avon Old Farms to win by a score of 12-6½, and Romfh, Plaut, and Hayward

OLLA PODRIDA

Left to right: Hayward, Rose (Capt.), Romfh, Plaut

staying at home to defeat Princeton 14-5½. The West Point Plebes also fell in defeat before the Laurentians in one of the most crushing victories of the year, 24-1. Then after having defeated the Yale Freshmen, the team avenged their former defeat at the hands of the Princeton Varsity by beating them by a score of 16-10½. The last game at the time of this writing was the game with the Yale Junior Varsity, which we won 21½-6½.

The team plays again on March 20 with the 157th Field Artillery before defending their championship in New York on April 3.

The success of any polo team depends largely on the quality of the mounts, and Lawrenceville's record is certainly proof of its good fortune in that respect. The 112th Field Artillery Armory has been a fine place to practise, the team having received every courtesy there. Coach McGowan's fine work also deserves much praise. The time he has spent with the team and the care he has given them is an enormous asset.

Last, but not least, let us speak of the squad. Few people realize how much the success of a team depends on the cooperation of those fellows whose names do not reach the headlines. This year's squad of Bowles, Clarke, Picoli, Schooley, Shaffer, Ward, and Whitney has left nothing to be desired, and it deserves all our praise.

WRESTLING SEASON, 1937

Capt. Foard

PROSPECTS were exceptionally bright for the 1937 wrestling team. Although there was only one returning letterman, Captain Foard, nevertheless there were four members of last year's squad who had an excellent chance to make the team, namely Conneen, Plunkett, Powers, and Gardner. To this material was added the greatest number of candidates for the sport that the School has ever seen. Almost a month and a half was spent in learning the rudiments of wrestling before the Red and Black matmen met their first opponents, the Solebury School, in an informal match. It was an easy victory for Lawrenceville, as only one match was dropped to the opposition, and two of the remaining five were won by falls in less than half a minute's time. The School's first official match of the season was fought with the George School. The Laurentians easily emerged victorious with a score of 20-3, Conneen losing by a time advantage. The only fall of the day was obtained by Tenney. Having commenced the season thus auspiciously, the Red and Black continued their winning streak with a smashing victory over St. Andrews, crushing them 26-0. Conneen was the only Laurentian to pin his man, and he did this in the good time of 4:27. The rest of the team won with decisions by the referee. Now in top form, the varsity matmen downed the Princeton Freshman Seconds without much difficulty. The score was 21-8. Captain Foard turned in the most outstanding performance, throwing his stronger but less agile opponent in 3:56. Powers and Backes also distinguished themselves by securing falls. The climax of the season was reached when the School grapplers met a strong Choate outfit. Unfortunately, the Laurentians went down to defeat, amassing only thirteen points as against Choate's twenty-one. Foard and Tenney pinned their men, Backes won with a time advantage, and the rest of the team was vanquished. Recovering quickly from this defeat the Red and Black thoroughly trounced a definitely inferior Peddie aggregation with the overwhelming score of 32½ to 1½. Captain Foard, Backes, Gardner, Tenney, and Dale won by falls, Conneen and Phipps by time advantages, and Powers earned a draw. The most exciting match of the whole season was held on the Wednesday after the Peddie encounter with the Princeton Frosh. It was a real upset when the Laurentians eked out a victory of 18-16. Foard, Conneen, and Tenney secured falls, and Dale overcame his strong opponent with a decision by the referee.

The season was successfully completed when for the second time the George School was badly beaten by the Red and Black. Foard, Powers, and Tenney threw their opponents and the rest of the team won by time advantages, except for a default in the 105-pound class. The final score of the match was 21-5, a slight improvement over the previous score.

Out of eight matches, seven of which were official, the Laurentians won seven, losing only to an unusually powerful Choate team. It is interesting to note that the Princeton Freshmen suffered defeat at the hands of an agile Red and Black outfit when they were heavily favored to win. The team showed a remarkable ability to pull through in the pinches. A great deal of valuable experience was obtained by the members of the squad

OLLA PODRIDA

Top row (left to right): Dale, Tenney, Phipps, Powers, E. *Bottom row:* Heilprin, Gardner, Foard, Conneen, Smith, T.

when they were taken to see the Penn State-Princeton match, the Lehigh-Princeton match and the Intercollegiate Championships.

The season's success was in large measure effected by the careful coaching of Mr. Churchill, and the able assistance of Charles Powers, who is now the intercollegiate champion in the 155-pound class. The squad is very much indebted to Mr. Churchill and to Charles Powers for their patient guidance and excellent instruction. Since Mr. Churchill will not be in School next year, the Athletic Association is looking for a new coach to replace him but as yet their choice has not been announced. It will be difficult to find a more willing or capable coach than Mr. Churchill. Those members of the team who received major L's are as follows: Captain James Foard, Gardner, Tenney, Dale, Backes, Conneen. The following earned minor L's: Powers, E., Heilprin, Palmer, Phipps, and Manager T. Smith.

Top row (*left to right*): Shedden, R., Myer, Young, Bournique, Goheen, Kiehle. *Bottom row:* Hurd, R., Williams, R. P., Tate, Wickham, W., Fleming.

OLLA PODRIDA

BASEBALL SEASON, 1936

Capt. Tate

THE School baseball team enjoyed a good season, turning in the best record a Lawrenceville team has made in recent years. Made up chiefly of veterans, and led by heavy-hitting Captain Tate at third and Dick Williams at shortstop, the team chalked up eight wins out of fourteen encounters. Tate helped the team considerably with a good batting average. He was the big gun in the Lawrenceville attack. Williams was close on his heels in both hitting and fielding. Davis and Bournique performed well on the mound, Davis twice shutting out opposing nines. The Red and Black defeated Choate but dropped two close games to a powerful Hill team.

Although Lawrenceville outhit its opponents, the team lost its first game to Chestnut Hill, 9-5. Errors by an erratic Lawrenceville infield lost a close-fought game in the first half of the last inning on Captain Tate's long double to left field with two on base. Tate scored a moment later, but the visitors overcame this advantage two innings later when a walk, a fielder's choice, and two singles accounted for two runs and enough to win. Pearson, Laurentian this year, was outstanding for Chestnut Hill, while Myer, Davis, and Tate turned in good performances for the home team.

The team gained its first victory of the year by downing Tome School, 7-6, in a tight and hotly-contested ball game. The winning run crossed the plate in the last inning, when Doyle, pinch-hitting for Kiehle, hit a slow roller down the third-base line with two men on base. The Tome pitcher threw wild and the game was over. Lawrenceville went into an early lead which was slowly cut down until the Southerners tied it up in the sixth inning, 6-6. Young had started, but was supplanted by Davis in the fifth, Myer catching. Tome tallied on an outfield error in the sixth, and one inning later Doyle's slow roller broke up the ball game. Hurd, Wickham, and Myer garnered two hits apiece, and the entire team turned in a good performance. The visitors' errors proved costly.

Princeton Freshmen were the next Red and Black opponents, and they put an end to the short-lived winning streak, swamping us, 18-5. The Tiger Cubs rapped out 15 hits off of five Lawrenceville pitchers, while Day's slants held Lawrence to 8 scattered blows. The Frosh scored 5 runs in the first and 4 in the eighth, and their early lead was never threatened. Williams was the outstanding star, knocking out 2 singles, a double and making 12 put-outs in the field. Hill, the Freshman clean-up man, thrilled the small group of spectators by hitting a long home run down the third-base line to Lower Field. Myer caught errorless ball and gathered 2 hits out of four trips to the plate, sharing honors with Williams and Tate.

Poly Prep next visited the Laurentian lair and was defeated, 9-1. Bournique set the visitors down with 3 scattered hits, and fanned 9 men. Dick Williams hit a long homer to left in the second inning with the bases clear, scoring the first Red and Black run. Tate hit for three bases to center field in the third, scoring Wickham. Goheen, center fielder, turned in a stellar performance by collecting 4 hits out of five times at bat, scoring twice.

OLLA PODRIDA

Coach Hulit's team garnered 15 hits and enjoyed a good day after a slight shake-up in the line-up.

The team dropped its third decision to Princeton Prep, 7-2. Perina, Princeton pitcher, held Lawrenceville to 6 scattered hits and struck out 19 men. Bournique pitched well but did not receive the support that he might have expected. Tate gathered 3 out of Lawrenceville's 6 hits in three trips to the plate.

John Davis shut out Plainfield in the next game, 1-0. The team made only 3 hits, two of which came when Tate singled, advanced to second, and scored on Williams' hit. Davis held Plainfield to 6 hits, no two coming in the same inning. Kiehle's defensive play was outstanding for Lawrenceville.

The team continued its winning streak by taking its second successive game by a one-run margin, this one from George School, 4-3. Bournique held the Georgians to 3 runs, and hit a long triple with two on base in the ninth to win his own ball game. Tate scored Goheen earlier in the game with a three-bagger to right center field. The rally which won the game was started by Davis' pinch hit, while batting for Starrett in the last inning.

Lawrenceville made it three in a row against Haverford when Davis pitched his second shut-out of the year, winning, 6-0. Bob Goheen started a six-run rally in the sixth inning by cracking a homer to Lower Field. Davis held the opponents to 2 hits, both by Crowell, Haverford third baseman. Tate and Goheen each collected 2 hits.

Scoring 4 runs in a fifth-inning attack, the Red and Black defeated Rutgers Prep, 7-4. Bournique limited Rutgers to 6 hits, while Myer led the Lawrenceville attack with 2 bingles. The team won with only 5 hits, aided greatly by 12 Rutgers errors. Hurd and Williams scored twice, Davis and Tate once. Rutgers was held to 1 run until the ninth, when they scored 3 times. The first Hill game proved a bitter one for Lawrenceville, as the strong Hill team defeated us, 7-1. The contest was not quite as one-sided as the score indicates, however, since we were outhit only 8-10. But our hits were scattered, and Wickham, who scored the single Laurentian run, was the only Lawrenceville player to pass second base. He scored on Hurd's single to center field.

Germantown caught Lawrenceville on the rebound and was crushed, 9-1, in the Red and Black's seventh victory of the year. Dick Williams and Les Myer led the attack. Williams hit a homer to left center field in the first inning, and Myer procured 3 hits out of four times at bat. Bournique was also outstanding, batting 1.000 and holding Germantown to a lone tally. The whole team played errorless ball.

The return Hill game at Lawrenceville went eleven innings before Hill defeated us, 7-6. Williams and Tate starred for the Red and Black, each getting 2 hits. Davis pitched for ten innings, was taken out with men on first and second, and Coleman of Hill hit Bournique's first pitched ball for a single, scoring the winning run. Lawrenceville's nine fought hard all the way and it took an experienced and powerful Hill team to defeat them. The game was a thriller throughout, played before a large crowd of alumni.

Lawrenceville lost again to a strong Peddie nine, 8-1. Wolcott held the Red and Black to 2 hits. Dick Williams scored the only run on an error by the Peddie shortstop. Malius of Peddie hit a homer in the eighth inning.

In the final encounter of the year, Lawrenceville defeated Choate, 4-1. Williams and Tate finished their excellent seasons

by turning in superlative ball, while Bournique limited Choate to 6 hits. Choate brought a previously undefeated team to Lawrenceville, but it had not the power to stand up against Bournique's slants and the team's timely hitting.

The record:

Law.		*Opp.*
5	Chestnut Hill	9
7	Tome School	6
5	Princeton Frosh	18
9	Poly Prep	1
2	Princeton Prep	7
1	Plainfield	0
4	George School	3
6	Haverford	0
7	Rutgers Prep	4
1	Hill School (first game)	7
9	Germantown	1
6	Hill School (second game)	7
1	Peddie	8
4	Choate	1

OLLA PODRIDA

TRACK SEASON, 1936

Capt. Herring

THOUGH the season could hardly be termed as outstanding, the team meeting defeat at the hands of both Hill and the Princeton Freshmen, Lawrenceville's trackmen wound up with an overwhelming victory in the State Championship, a championship held by the Red and Black for the last five years. Peddie was vanquished to the tune of 74-43, and a creditable Laurentian squad scored seventh place in the Princeton Interscholastics. A select team of five men took a close third place in the State Meet at Newark with Douglas Luke breaking the record at 6 ft. ⅛ in. in the high jump. As one of the Lawrenceville runners fell in the Penn Relays, the team failed to score.

The Lawrenceville squad was strong in the discus, shotput, mile run, javelin throw, and high jump. Captain Herring eclipsed the School discus record with an inspired heave of 133 ft. 8½ in. while Burton set a new distance of 174 ft. 4¼ in. in the javelin. Fischer did well in the shotput, and Schott and Wilson always were threats in this event. The high jump was powerful with remarkable Doug Luke, School record-breaker, and such capable jumpers as Sutherland and G. Burton. Ted Ill's consistently good performances in the half-mile and mile greatly aided the team. Perhaps the team could not be termed strong in the 440, yet Cumbler and Wiedeman, particularly the former, turned in some fine performances. The hurdlers, headed by Rose and Morton Landsberg, won many points. The sprints, hammer throw, pole vault, and broad jump were the team's weaker events, though it should be mentioned that Doug Luke proved himself an excellent broad jumper at the end of the season, capturing a first place at Hill and a second place in the State Meet.

Track for the year 1936 commenced with the New Jersey State Indoor Track Meet at Newark. The five Lawrenceville entrants performed creditably for the School, netting third place, with Peddie nosing them out of second by one-half of a point. Doug Luke smashed his own record in the high jump, thus retaining the State Preparatory School record. His height was 6 ft. ⅛ in. Sutherland, with a leap of 5 ft. 7 in., took third. In the 880-yard run, Ted Ill placed second, running a fine race.

On Friday, April 24, a relay team composed of King, Wiedeman, F. Davis, and Ill was sent to the National Preparatory School Relay Championship. Unfortunately, King stumbled and the team failed to place.

In the first dual meet of the season, Princeton Freshmen trounced the Laurentians, 97-29, Lawrenceville winning but three firsts. Captain Herring, Ill, and Bud Rose captured the only first-places for the School, by taking the discus, mile run, and 120-yard high hurdles, respectively. Despite an outdoor School high-jumping record leap of 6 ft., Luke had to be satisfied with a second-place tie with Wise of Princeton, Robinson of Princeton winning the event at 6 ft. 1 in., a remarkable jump. As Luke's indoor mark is one-eighth of an inch higher than six feet, his outdoor performance was not counted as a record. Landsberg ran second in the 220-yard low hurdles. Rose was the Red and Black high-scorer with a total of 6

points, as he won the 120-yard high hurdles and took third in 220 low hurdles.

Amassing 74 points to Peddie's 43, the team easily won their second dual meet. Thirty-six of these points were collected by winning all three places in the discus, javelin, shotput, and pole vault. Ill alone of the Lawrenceville aggregation took a first place in the running events, winning the 880 in 2:07 min. Though Lawrenceville failed to take first in any other running event, seconds were taken in the others in every case. Kerr placed second in both the century and 220-yard sprint, and Luke and Fischer both achieved firsts and seconds in their respective specialties.

The next meet, the Princeton Interscholastics, saw Lawrenceville in seventh place behind victorious Mercersburg and Hill, who placed second. Captain Don Herring broke the School discus record (which he was later to eclipse again in the State Meet) by a toss of 130 ft. ¾ in., but this gave him only second place. Doug Luke tied for second in the high jump at 5 ft. 11 in. Burton's fourth in the javelin and deGive's fifth in the hammer throw accounted for 3 more points, bringing Lawrenceville's total to 10.

On Saturday, May 23, Lawrenceville, traveling to Pottstown, met a decisive defeat at the hands of their traditional rival, The Hill, 79½-46½. The Red and Black squad won six of the fourteen events, with Hill gaining complete shut-outs in four of the eight events they won. Hill jumped into an early lead when it made a clean sweep of the 100-yard dash, Hughes winning in 10.1 sec. The first event won by the Laurentians was the mile captured by Ted Ill, with Adams third. His time was 4 min. 56.4 sec. Soon after, Ill courageously came back to take second place in the 880-yard run under a blistering Pennsylvania sun. In perhaps the most exciting race of the day, Lawrenceville's Cumbler nosed out O'Boyle of Hill in the quarter-mile run. He clinched his victory only in the last fifty yards. The next event saw Hill make another of their devastating clean sweeps in the shotput which was won at the excellent distance of 49 ft. 11½ in. Lawrenceville then managed to take a second in the 220-yard low hurdles, represented by M. Landsberg. The fourth shut-out of the afternoon was next registered by Hill in the hammer throw headed by Wicks of the Blue and White, interscholastic champion. The 220-yard dash that followed saw Davis snatch second place for the visitors. In winning the javelin, Burton smashed the School record with a superb heave of 171 ft. 2 in. Luke of Lawrenceville and Barr of Hill tied for first place at 5 ft. 11½ in. in the high jump, while Jack Sutherland took third. The one shut-out of the day accorded to the losers was in the discus. Here Captain Herring won with a throw of 121 ft. 6½ in., Wolcott taking second and Fischer third. Lastly, Doug Luke, high-point scorer for Lawrenceville with 9 points, won the broad jump with a leap of 21 ft. 4½ in.

The season's concluding and climaxing event was the winning of the New Jersey State Outdoor Track Meet held at Lawrenceville. The team amassed 92 points with St. Benedicts a distant second with 51 points. Both Herring and Burton shattered their own School records in the discus and javelin, respectively, Herring achieving a distance of 133 ft. 8½ in. and Burton 174 ft. 4¼ in. In the day's premier event, Frank Davis placed third in the 100-yard dash. Cumbler, in a fast, thrilling 440-yard run, was nosed out of first place by Matzenbecker of St. Benedicts in the good time of 52.4. Ill then took third in the 880-yard run. The

mile saw Adams and Colpitts capture second and third place behind St. Benedicts' famed miler, Braun. Rose turned in Lawrenceville's first victory in a running event by winning the 120-yard high hurdles in 16.3. Landsberg then matched this with a win in the 220-yard low hurdles. However, it was the field events in which the Red and Black scored heavily. Fischer won his specialty, the shotput, and Wilson placed third. Doug Luke, tying with Fischer as high-point scorer, won the high jump and placed second in the broad jump. Sutherland placed third in the high jump as did Chase in the broad jump. Fischer was second and Wolcott third in the discus.

Thus ended a successful though not outstanding season. Of the three dual meets, Lawrenceville won one. However, this was offset by its win in the State Outdoor Meet and its close third in the State Indoor Meet. Also, its position of seventh place in the Interscholastics at Princeton, though not exceptional, should not detract from the team's standing. Again, the relay squad's failure at the Penn Relays, due as it was to the chance stumbling of one man, should have no bearing on the final reckoning of the team's worth. In the election held at the Spring Sports Banquet, Ted Ill, the Laurentian miler and half-miler, was elected captain for 1937.

The following received letters: Captain Herring, Landsberg, J. G. Burton, Rose, Ill, D. Luke, Fischer, Wolcott, F. Davis, Cumbler, deGive, Mayerberg, Sutherland, T. Adams, Chase, J. Wilson, Colpitts, Wiedeman, Bartlett; minor L: St. Clair (manager), Schott, Phillips, Parke, Friesell, A. Miller, B. Moore; numerals: Van de Voort.

Manager Mohr

TENNIS SEASON, 1936

Capt. Parker

THE 1936 tennis team was one of the most outstanding in Lawrenceville history. Under the captaincy of Frank Parker, then seventh ranking player in the country (now number two), the Red and Black completed a schedule of nine matches undefeated. Led by Parker and his brilliant teammate, Peter Lauck, the other members of the team, who were, in some cases, exceptionally young, and as a whole comparatively inexperienced, did an excellent job in defeating players reputedly far superior to themselves.

Prospects for the 1936 team were extremely good, though not quite so remarkable as for the two preceding years. In spite of the fact that the only returning lettermen were Parker and Lauck, many members of the squad showed a great deal of promise. The hopes for the remainder of the team rested chiefly on Proctor, Bovie, Townsend, Steckler, Worrilow, Valentine, Carrington, and Pollock.

Throughout the fall, much time was spent in eliminating faults which were present in the various players. In the early part of the spring term, informal matches with the Princeton Freshmen gave the Laurentians valuable experience.

During the Easter vacation, both Parker and Lauck played in the Bermuda championship. Parker, completely out of practice, bowed in the semi-finals to the young Canadian ace, Robert Murray, who was then at the peak of his form. Lauck played very well, but partly because of lack of experience, and partly because of the caliber of player who opposed him, he was defeated in the early rounds of the tournament.

The first match of the season, played with Penn Charter, resulted in a victory for the Red and Black netmen. They defeated the highly-rated Pennsylvanians to the tune of 6-3.

Two weeks later, a decidedly inferior Trenton High School aggregation was trounced, 9-0. By this time the home team had shown immense improvement since the beginning of the season. On April 29 the Red and Black journeyed to Peddie where they easily vanquished their weak opponents, 9-0.

After four days of rigorous practice, the varsity took over the Yale Freshmen in what was the season's most startling upset. Captain Parker, by careful rearrangement of the Lawrenceville netmen, was instrumental in procuring a victory of 7-2. The following week the Lansdowne High School, offering little or no competition, was badly beaten, 9-0.

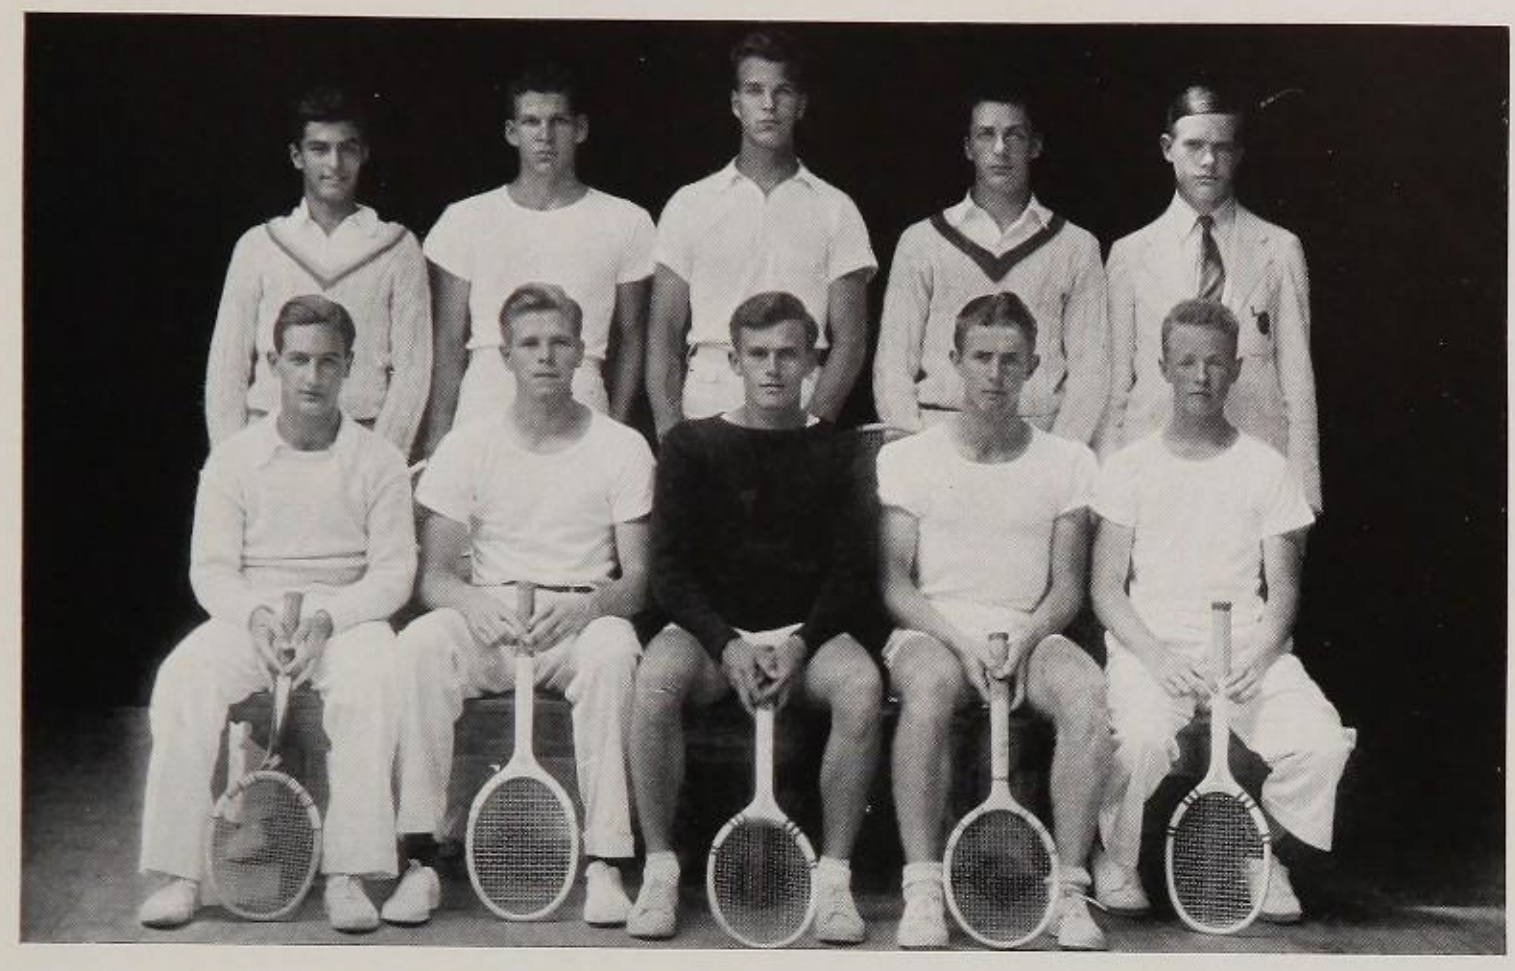
The team's hardest match was played with Hill on May 16. The Laurentians, although much improved, had considerable trouble before finally downing the Blue and White, 6-3.

The same week, the Red and Black overcame Choate, 6-3, in a splendid match. On May 27 a return match was played with Hill, and this time the Blue and White was swamped, 8-1.

To bring the season to a climax, Andover bowed to Lawrenceville in a severe defeat, 7-2. The Andover match closed the season for the triumphant Laurentians, who were untied and undefeated.

Soaring to even greater heights, the team, behind Lauck, Proctor, and Bovie, won the Princeton Interscholastics. Proctor, playing extremely well, was elimi-

OLLA PODRIDA



Top row (left to right): Valentine, Carrington, Pollock, Bovie, Heyl. *Bottom row:* Steckler, Proctor, Parker, F., Lauck, Townsend, J.

nated in the semi-finals by Lauck, who defeated Mattman of the Trinity High School to carry off the coveted Individual Trophy. The Team Trophy was also awarded to Lawrenceville's Proctor, Lauck, and Bovie, who secured a victory with 13 points over Scarborough, their nearest competitor.

For such a remarkable season, the Laurentians were awarded the State Championship.

Without the able assistance of coaches Mercer Beasley and Jack Hendricks, it is not likely that the team would have been as successful as it was. Mr. Beasley, a coach of international reputation, made a real team out of the inexperienced material with which he was presented.

Out of the season's nine matches, there were three complete shutouts, and no opponent succeeded in winning over three individual matches in any one team match. This fact, together with the winning of the Princeton Interscholastics and the State Championship, goes to show what a remarkable team it was.

Robert Proctor, who distinguished himself at Princeton and in several other matches, was elected captain for 1937. For 1936 the following were awarded their major "L's": Parker, Lauck, Proctor, Steckler, Worrilow, Bovie, Townsend, Carrington, Pollock, and Valentine. Their individual records are below:

	SETS PLAYED	GAMES WON	GAMES LOST	AVERAGE
Parker	18	108	13	.893
Lauck	18	109	34	.762
Proctor	20	114	72	.631
Townsend	20	109	53	.673
Worrilow	16	84	65	.564
Valentine	2	4	12	.250
Bovie	22	119	63	.654
Steckler	4	25	13	.635

GOLF SEASON, 1936

Capt. Munger

LAST spring the School golf team had a comparatively successful season, winning six of its ten scheduled matches. The team was defeated in its college matches by the University of Pennsylvania Freshmen and by the Princeton Freshmen, and lost its two prep-school matches to The Hill. After the first match the team suffered the loss of its captain, Harold Munger, because of illness. However, in spite of his forced absence, they went on to win against Tome and Choate, tying the match with Taft, and later defeating Peddie and Andover.

The team began the season with an easy victory over the Franklin and Marshall forces, winning handily by the score of 15-0. The match was played on the Longacres Country Club course on April 18. The team was comprised of Munger, Piper, Noonan, Selby, and Lewis. A few days after this match, Captain Munger was stricken with appendicitis which prevented him from seeing action on the links for the next three weeks. Though the team lacked their No. 1 man, they carried on to defeat Tome, 6-0.

In the following match, Lawrenceville was host to the Pennsylvania Freshmen. In this match the Red and Black suffered its first defeat of the season, being nosed out, 5-4, by the visitors. Piper, Robinson, and Stearns were the victors in individual matches.

The next contest was played against the Princeton Freshmen at the Springdale Country Club. The Freshmen, recent victors over the Princeton varsity, defeated the Red and Black, 6½-2½. The best score was made by Lawrenceville, 3-2, giving them 2 points. Noonan's birdie on the eighteenth hole in the first foresome tied the match, adding the final half-point. The team next played Taft and won easily, 8-1.

Lawrenceville then met The Hill on their own course in Pottstown, Pa. The Blue and White, one of the best prep-school teams of the year, overwhelmed the Laurentians, 8½-½. Haverstick, No. 1 man on The Hill team, who scored a par total of 72, led the attack against Lawrenceville. Munger, playing his first match after his forced absence, played No. 1 man for the Red and Black. Jack Selby gained the Laurentians' single half-point by splitting his match.

On the following Saturday a return contest with The Hill was played at Lawrenceville on the Longacres course. This also proved to be unsuccessful for the home team who went down to defeat again before The Hill team, this time by a score of 6-3. Munger lost, 2-1, but paired with Piper, who had won, to capture the foursome, one up.

Following the two defeats at the hands of The Hill, the Red and Black made a comeback, easily defeating the Peddie golf team, 8-1. Munger, having got back in his stride, starred for Lawrenceville, shooting a 73. In the other matches Robinson, Selby, Lewis, and Stearns were the winners.

The final match against Andover closed the golf season with a victory for Lawrenceville. The match was played here on the Longacres course. The Red and Black won with ease over the visitors, 7-2, bringing one of the most successful Lawrenceville golf seasons in years to a victorious close.

OLLA PODRIDA

Top row (left to right): Noonan, T., Robinson, Selby, Covertson, Sterns. *Bottom row:* Piper, Munger, Lewis.

In the Interscholastic tournament held at Greenwich, Conn., at the Greenwich Country Club in the latter part of June, the Lawrenceville team, composed of Munger, Piper, Stearns, and Lewis, placed fourth. The Hill team won the tournament with the score of 627, breaking the all-time record of 636 by 9 strokes. Munger, Selby, and Robinson qualified in the first flight of the match play, while Piper, Lewis, Stearns, Beacham, and Presbery qualified in the second flight which Lewis won. Lake, also a member of the Red and Black golf squad, won the third flight.

The season's record:

Law.		*Opp.*
15	Franklin and Marshall	0
6	Tome	0
4	Pennsylvania Freshmen	5
2½	Princeton Freshmen	6½
8	Taft	1
5½	Choate	3½
½	Hill	8½
3	Hill	6
8	Peddie	1
7	Andover	2
59½	TOTALS	33½

OLLA PODRIDA

CREW SEASON, 1936

Capt. Mahlow

LAST spring the crew, under the tutelage of Coach Tiihonen, enjoyed a fairly successful season. Out of three official races they took fourth in the first, first in the second, and placed second in their heat in the last. The team was greatly handicapped during the practice months by many severe illnesses. At times there were as many as six vacant seats in the first boat. Another setback and great disappointment was the new shell bought last year, the *Mather A. Abbott*. While she was laid up in the Princeton crew house last winter, the bottom of the boat split the whole length, leaving an open seam about two inches wide. Coach Tiihonen was forced to press the old *Flying Dutchman* into use again. The second crew used an eight-oared gig, borrowed from Princeton.

In its first race the crew was fourth, headed by Hun, Asheville, and the Princeton Freshmen. The oarsmen captured their second meet by defeating the Columbia Freshmen first and second lightweight boats in the best race of the season. At Philadelphia the crew rowed its last meet, placing second in their heat. This entitled them to another try at the cup, but the medical department would not permit them to row another race. The crew also won most of their pre-season encounters against the Princeton 150-pound shell.

In its initial encounter, the Lawrenceville crew, in the turbulent waters of Lake Carnegie, took fourth and last place. They got off to a slow start, and soon after found themselves boxed by two of their opponents, whose wash retarded the Laurentians' boat so much that it came almost to a complete standstill after each stroke. This series of unfortunate breaks cost the home team a possible victory, since the time made by the winning boat was fifteen seconds more than that which the Lawrenceville eight had been averaging in previous practices.

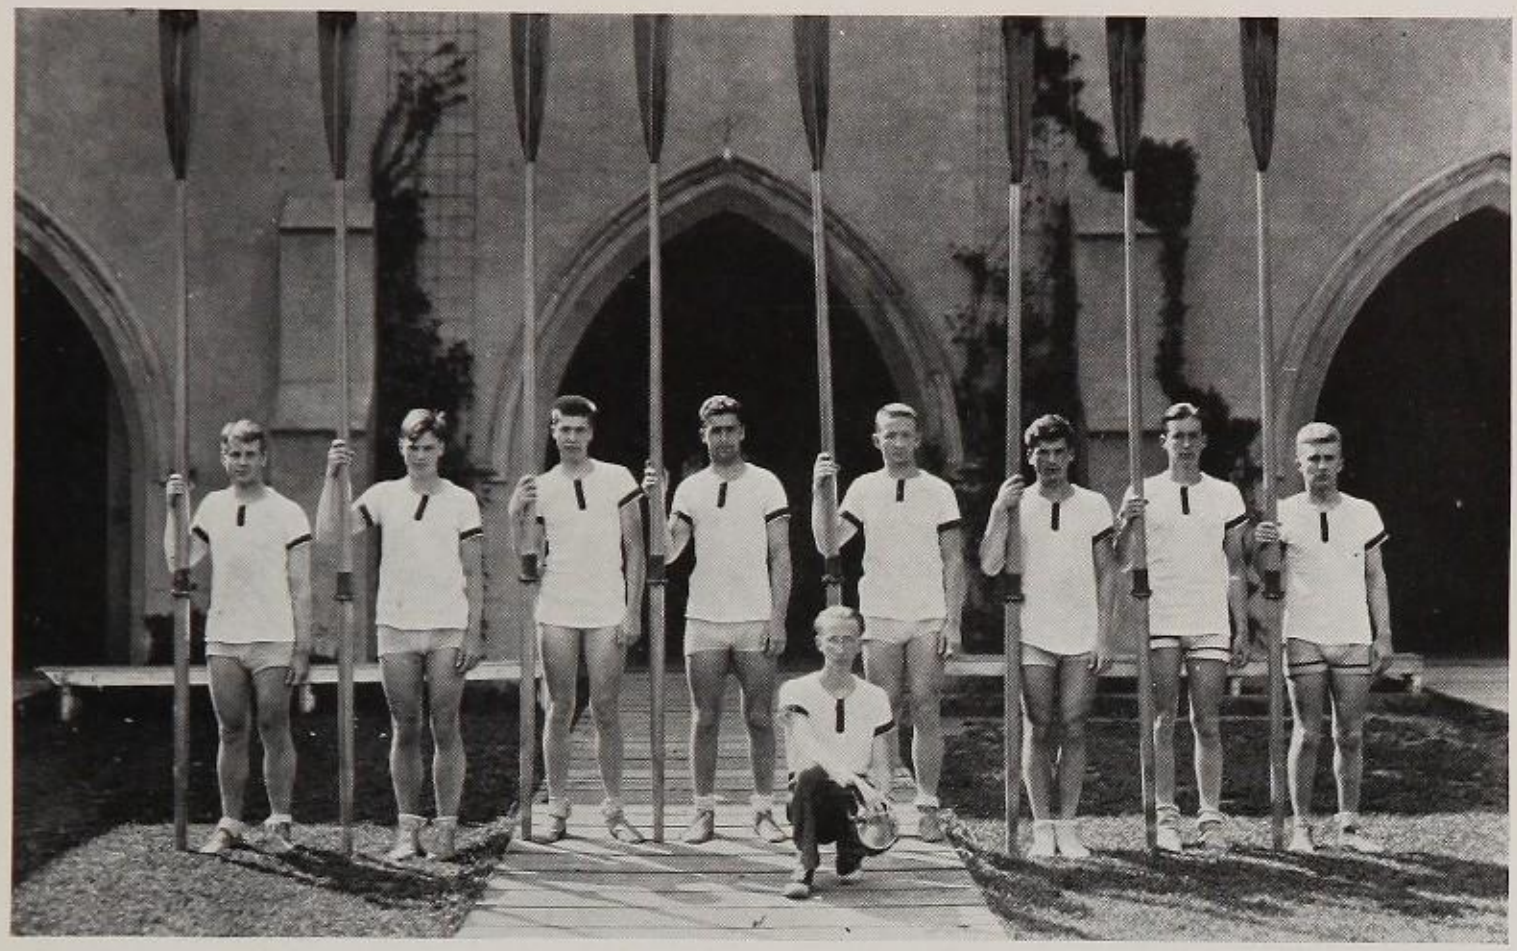
Their next and best showing of the season was made against the Columbia Freshmen first and second crews, held on the Harlem River, New York. Very soon after the starting gun, the Red and Black gained the lead which they kept till the finish. The Freshmen sprinted when they were not far from the mile marker, but lost the very close and exciting race by less than half a length. The crew rowed this race in the extraordinarily good time of 4 min. 24 sec., breaking their previous record for the mile, 5 min. 15 sec., by almost a minute.

In their third encounter at Philadelphia for the Franklin Challenge Cup, the oarsmen placed second in their heat. This also was an exceptionally well-fought race, with Gerry Colmore setting a fast pace at stroke position. This entitled the team to enter the finals, and make another try for the trophy. However, they were prevented from doing so by the medical department, which would permit only a single race in one day.

There was also one semi-official pre-season contest with the Princeton 150-pound crew, which the Laurentians won by a length and a half. Besides these major races there were many half-mile sprints with the Princeton eights. The Red and Black shell generally set the pace in these minor encounters.

There was keen competition among the members of the squad to gain positions in the first boat. Those who won out were

OLLA PODRIDA



Standing (left to right): Stark, Jones, R., Katzenbach, Van Syckle, Beltzhoover, Mahlow, Kramer, Colmore. *Kneeling:* Kafer.

the following: bow, Stark; No. 2, R. Jones; No. 3, Katzenbach; No. 4, Van Syckle; No. 5, Beltzhoover; No. 6, Mahlow; No. 7, Kramer; stroke, Colmore; coxswain, Kafer. Only the following two of these major L winners will be back for the '37 season: R. Jones and Mahlow. Also Suhl and Carnill, minor L men. The captain for the '37 season is Gerry Colmore, who earned the honor by dint of his hard work as stroke, duPont will be manager again, filling his second year in this capacity.

The second team crew participated in several races, the most important one against the Princeton third lightweight varsity and the Freshmen second lightweight. After a poor start the crew fought its way up to second place and was nearing the first boat when one member "caught a crab." This slowed the boat down a great deal, and the chance for first place was lost. Until this defeat, the second team had kept an untarnished record of victories since the beginning of the season. Later on in the year the crew avenged this defeat by conquering the Hun second crew in a mile race by a lead of four lengths after the Laurentians had taken an early lead which was never threatened. The line-up for these races was as follows: bow, Penny; No. 2, Offen; No. 3, Laffey; No. 4, George; No. 5, Phipps; No. 6, Waterman; No. 7, Suhl; stroke, Carnill; coxswain, Stickel and Clarkson, alternating.

OLLA PODRIDA

OUTDOOR POLO SEASON, 1936

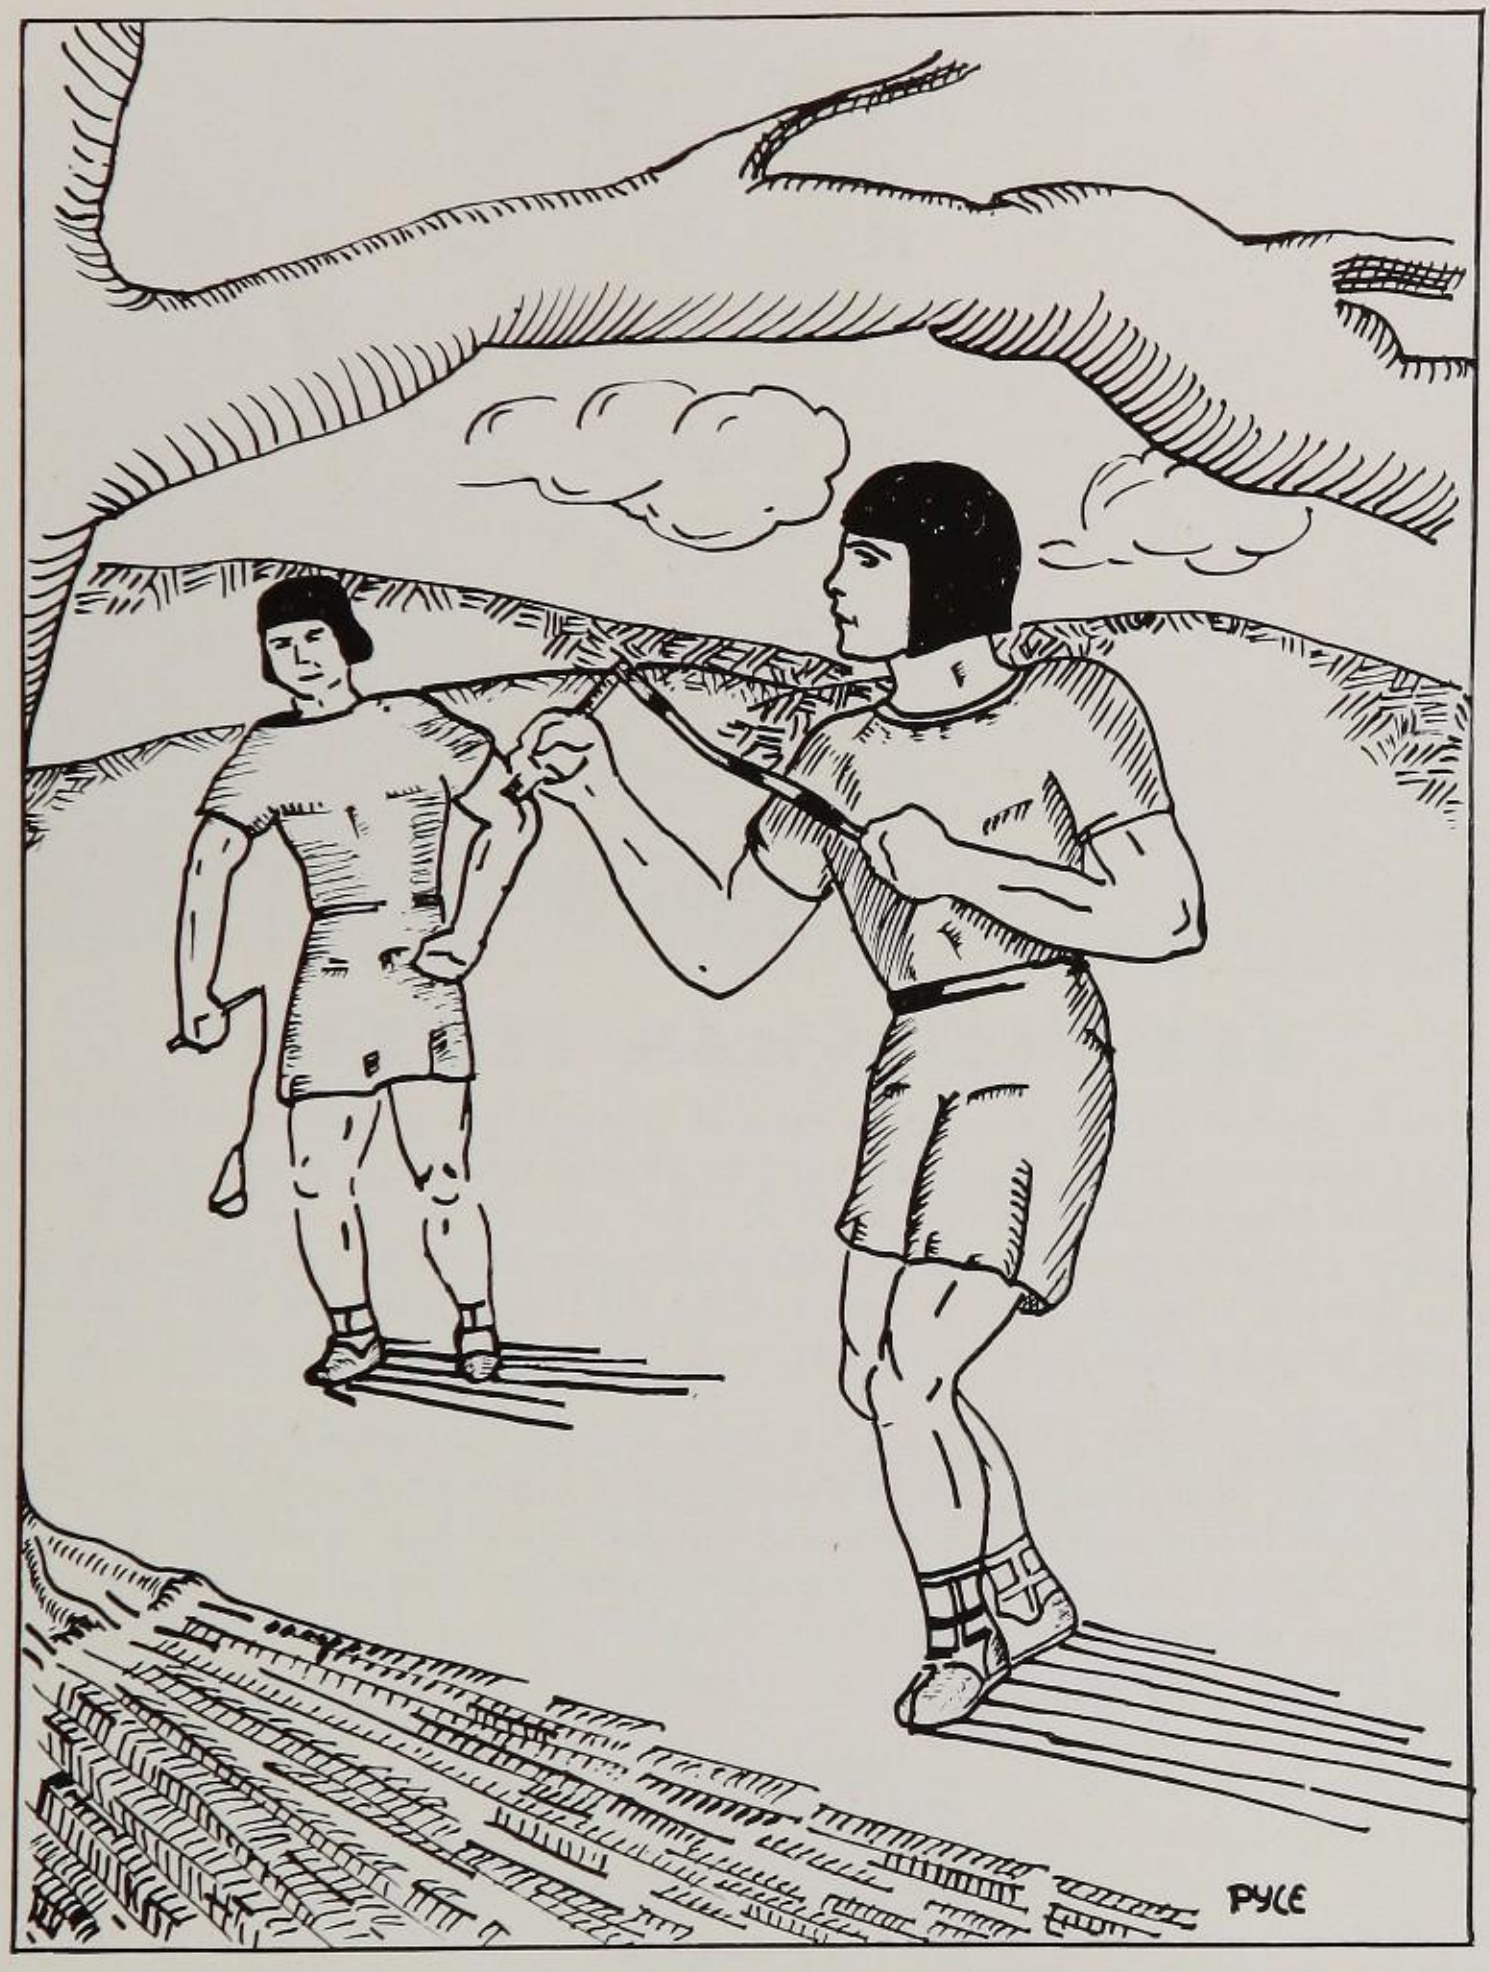
LAWRENCEVILLE'S outdoor polo season of 1936 was a very successful one; the Red and Black team, led by Captain Rose, made a clean sweep of the four games played. Lawrenceville, in winning, rolled up a total of 37 points, as compared with 24 for their opponents. A five-game schedule had originally been arranged—two encounters with the Princeton Freshmen, and one each with the Princeton Varsity, the Yale Freshmen, and the West Point Plebes. The game with the Princeton Varsity, scheduled to take place on May 13, was canceled because of rain.

The polo team began its undefeated season on May 6, with a game with the Princeton Freshmen, at home. The final score was 8-4. The line-up for the game saw Schlesinger playing the No. 1 position, Hayward at No. 2, Captain Rose at No. 3, and Plaut as back.

Three days later, on May 9, a return game was played with the Freshmen at Princeton, the game going to Lawrenceville by a 9-to-6 score. The line-up for this game was the same as for the preceding one. In both of these first games the playing of the Red and Black team, while good enough to win, was only fair.

The Yale Freshmen were the next to fall before the Laurentians. The game, played at home on May 15, was Lawrenceville's, 11-7. In this game Romfh relieved Plaut at back in the third and sixth periods.

Because of the poor playing exhibited in the Yale game, the Red and Black team underwent a slight shake-up for its final game of the season May 20 at West Point. The effect merited the shake-up. The Laurentians won, 9-7, a hard, close game in which was shown the best Red and Black form of the season.



• CIRCLE HOUSE ATHLETICS

OLLA PODRIDA

THE FORESMAN TROPHY

The Foresman Trophy, a cup in memory of Edwin Clyde Foresman, is given each year to that Circle house which has won the greatest number of points in athletics during the school year.

Edwin Clyde Foresman was a member of the Lawrenceville faculty for fourteen years, seven of which he spent as master of the old Davis House. He was a devoted follower of sports in all forms and always took a keen interest in the activities of his house.

The trophy, given by a friend after his death, was put into competition in 1928. Its purposes were to encourage the houses to carry on a sustained effort in athletics until the very end of the year, and to present a cup that would stay in circulation longer than the prizes given for each individual sport. In late years the competition has been both intense and close.

Following is a list of the winners:

1928-1929—Dawes
1929-1930—Dawes
1930-1931—Dawes
1931-1932—Raymond
1932-1933—Griswold
1933-1934—Dickinson
1934-1935—Dickinson
1935-1936—Kennedy

OLLA PODRIDA

CIRCLE HOUSE FOOTBALL, 1936

FOR the second year in a row a strong Kennedy eleven annexed the Circle House Football Championship, this time with a record of three wins and one tie. The Blue and Gray defeated a light but scrappy Dickinson team, 6-0, in the final game. This battle was a thriller and closely fought all the way. The only score in the game came late in the second period, when Kennedy climaxed a sustained march down the field by scoring from the 2-yard line. Griswold defeated Raymond in the play-off for third place, also by a one-touchdown margin.

In the Black League, Dickinson was supreme by virtue of two victories against a single setback. The Red and White defeated both Raymond and Woodhull, and was upset in the last league game by a surprising Cleve team.

In the first round Kennedy was held to a scoreless tie by Dawes, unable to penetrate Dawes's inspired defense. The heavy Maroon and Gold eleven stopped Kennedy's offense at every turn. Griswold beat Hamill in the opener, 14-6. Hamill was too light to stave off Griswold's power plays, despite their traditional fight. In the other loop, Woodhull defeated Cleve, 6-0, through a last-minute lateral which led to the game's only score. Dickinson defeated Raymond, 12-0, in a hard-fought victory. The Red and White had the edge over their opponents throughout the game, showing power and deception.

OLLA PODRIDA

In the next round, Kennedy found itself by beating Griswold, 12-0. Kennedy's deception and speed proved too much for their opponents, but the Red and Blue battled furiously and several times Purnell's long punts set them back after they had penetrated deep into Kennedy territory. An intercepted pass, which led to one of Kennedy's touchdowns, was the highlight of the game. Dawes, playing well, defeated Hamill, 14-0. The Blue and White was outplayed in all departments of the game.

Dickinson won its second game from Woodhull, 6-0. The first three quarters found Dickinson prevailing. In the last few minutes the Red and White managed to stave off Woodhull's attack. Cleve and Raymond battled to a 0-0 tie in one of the most evenly contested games of the year.

Kennedy clinched the Red Loop championship by conquering Hamill, 20-6. Again Kennedy's speedy backfield, well equipped, scored on a smooth-running attack. Griswold upset Dawes and completely overwhelmed them, 25-0, in one of the major upsets of the year.

Cleve defeated Dickinson in another upset, 6-0. Dickinson won in the Black League despite this defeat, which may be partly attributed to overconfidence. In the final round a heavy Raymond team trounced Woodhull, 16-7.

In the Griswold-Raymond play-off, the Red and Blue triumphed, 6-0, to take third place. The game was a close one, bitterly contested from start to finish. Jordan and Ellis were outstanding for the victors, while Bournique turned in a good performance for Raymond.

The final game between Kennedy and Dickinson found the Blue and Gray on the long end of the score, 6-0. Purnell and Norfleet were the spearheads of the Kennedy attack. The battle, although close, had a definite Blue and Gray tinge. McLean and Paxson showed up well for the Red and White. Norfleet's score in the second period gave Kennedy the football championship.

Kennedy	*Position*	*All-House*

CIRCLE HOUSE BASKETBALL, 1937

IN perhaps the most exciting season on record, which featured five equally balanced quintets, Woodhull won the Circle House Basketball Championship of 1937 by virtue of its conquering a fighting Hamill five in a post-season play-off. It was necessary, however, for four teams, Cleve, Dawes, Hamill, and Woodhull to play in another post-season round. These four teams were so evenly matched that no one was able to predict the victor until the final game. Dawes and Cleve split third place honors.

The victors lost two out of nine games, and the runners-up three, while Dawes and Cleve each dropped three. Possibly Woodhull's greatest strength lay in its teamwork and passing. They worked well together and seemed to possess the required coolness to win.

Hamill had individual stars in Maynard and Priester, but at times they were too erratic. Cleve had Sutherland, but he did not have quite enough support for his team to reach the top. Dawes had a well-rounded team with such individual stars as Cunningham, Vieregg, and Dunne, but they also proved too erratic to win. Fifth position went undisputed to Kennedy with Tracy the leading individual star. That team started out poorly but gained momentum as the season progressed to place themselves as a serious threat to the title. Raymond, '35-'36 champions, had lost three of last year's players but they made a good showing to capture sixth position. Griswold was weak but managed to beat Dickinson out of the cellar position by winning one game.

OLLA PODRIDA

The season started with Cleve barely triumphing over Hamill in a bitterly contested game 22-20; Woodhull swamped Griswold 23-11, while Raymond dashed Kennedy's hopes with a victory 27-17, with Moses starring for the winners. Dawes had no difficulty with Dickinson, 17-6.

In the second round Hamill beat Woodhull in a very exciting set-to, 21-19. The individual stars were Maynard scoring 9 points and Schullinger 12. Cleve defeated Griswold 23-14. Cunningham's 10 tallies led Dawes to an easy victory over Raymond, 25-15. In the same round Kennedy found the weak Dickinson five to be little harder than they thought, but Kennedy finally won in an overtime, 24-22.

Raymond next won from Griswold in an uninteresting tilt 13-7. Woodhull swamped Kennedy 28-12, Hamill found Dickinson an easy victim 24-13, and Cleve won a hard-fought game from Dawes 21-15, to place them in undisputed first place.

Kennedy beat Griswold 19-13, and the champions, Woodhull, took Raymond 20-17. Cleve trounced Dickinson 38-16 while Dawes beat Hamill 22-12 by virtue of a second-half rally.

In the fifth round, Raymond won from Dickinson 25-18. Hamill kept in the running with a victory over Griswold 35-17. Kennedy trounced a highly touted Dawes five 28-11, and Woodhull routed Cleve from first position 25-10.

The next to last round was the most important because it was featured with two upsets which consequently put the league in a five-way tie for first place. Hamill just eked out a triumph over Raymond 19-18. Griswold placed Dickinson in the cellar 28-13. Then, in perhaps one of the most exciting contests of the season, Dawes eked out a 24-22 victory to pull Woodhull from first position. A smooth fighting Kennedy outfit ruined Cleve's hopes 28-20. This round placed Cleve, Dawes, Hamill, Kennedy, and Woodhull in a five-way tie for first honors.

In the final round the only team eliminated in a thrilling encounter was Kennedy whose last-half rally couldn't overcome the Hamill lead. The score was 14-13. Dawes and Woodhull won their games very easily from Griswold and Dickinson respectively. Cleve, led by Sutherland, won over Raymond 19-15.

In an exciting post-season round, Woodhull, with Marquardt and Oswald leading in the scoring, again had little difficulty with Cleve 27-12. Dawes bowed to Hamill in an exciting match 20-16. This gave Hamill and Woodhull the right to meet each other in the championship tilt.

The battle for the championship was fast and well played. Each team forged ahead after a spurt but Woodhull's teamwork was a little better than Hamill's. At the half Woodhull led 12-8 but Hamill retaliated to tie and then forced themselves into the lead. Woodhull then had a rally which resulted in its winning 20-17.

The standings of the teams follow:

	Won	*Lost*
Woodhull	7	2
Hamill	6	3
Dawes	5	3
Cleve	5	3
Kennedy	4	3
Raymond	3	4
Griswold	1	6
Dickinson	0	7

OLLA PODRIDA

CIRCLE HOUSE SOCCER

ON Tuesday, December 8, the referee's whistle opened the 1936 soccer season. On February 4 the season closed to find Kennedy, last year's champions, again triumphant. Although defeated by Raymond, Kennedy was able, by constant improvement throughout the season, to win her last six games and become the Circle champions.

Kennedy started the season poorly, losing her first-round game to Raymond, 2-1. In a fast game, somewhat sloppily played due to the inexperience and lack of practice of the opposing sides, Raymond scored on a penalty kick; then Kennedy indirectly from one. This tie score made overtimes necessary. Raymond was able to put one more through and won the contest.

Dawes and Hamill played the only tie game in this round, the result being 1-1. Griswold, on Bruce Swenson's two goals, downed Cleve, 2-0. Dickinson showed great promise by defeating a weak Woodhull eleven to the tune of 8-0. At the conclusion of this round, Raymond and Dickinson were favored.

In the second round, Kennedy began to assert itself, defeating 1-0 the undefeated Griswold team. Dickinson went under 3-1 to a greatly improved Hamill eleven, brilliantly paced by Benitoa, and Cleve realized her first victory, a 3-0 shutout of Dawes. Raymond starred in the round by defeating Woodhull 5-0 and remaining undefeated. In the last quarter of this game, Raymond, shooting two goals, showed form that seemed of championship calibre.

In the third round, Kennedy continued

OLLA PODRIDA

its march toward the trophy with a victory over a strong, fighting Dickinson team. Raymond, though, kept out in front by defeating Cleve. Griswold, too, showed up well in a triumph over Hamill. Woodhull, however, surprised everyone in this round by completely routing the Dawes eleven, 4-0. Although the round left Raymond in the lead, Kennedy could be seen as a contender.

The fourth round was postponed, due to very inclement weather. The fifth round, therefore, was the next to be played. In this round, Kennedy triumphed over Woodhull, 3-0. Cleve narrowly defeated Hamill, 1-0. Raymond, scoring in a second overtime period, tied Dickinson, 2-2. Dawes and Griswold fought out the most exciting game in the round. Playing to a 1-1 tie in four periods, Dawes was barely able to squeeze a goal past the Griswold defence. The game ended 2-1.

In the sixth round, Hamill fought desperately to stay the Kennedy advance, but were downed 4-1. Cleve and Woodhull fought to a scoreless deadlock. Raymond suffered a check from Griswold, 2-1, putting Kennedy in first place by a half a game. The most exciting and interesting game of the round was Dickinson's defeat of Dawes in a game which lasted through four overtime periods. It was not until the end of the last overtime that Dickinson was able to penetrate Dawes' excellent defence for the winning point, and victory at 3-2.

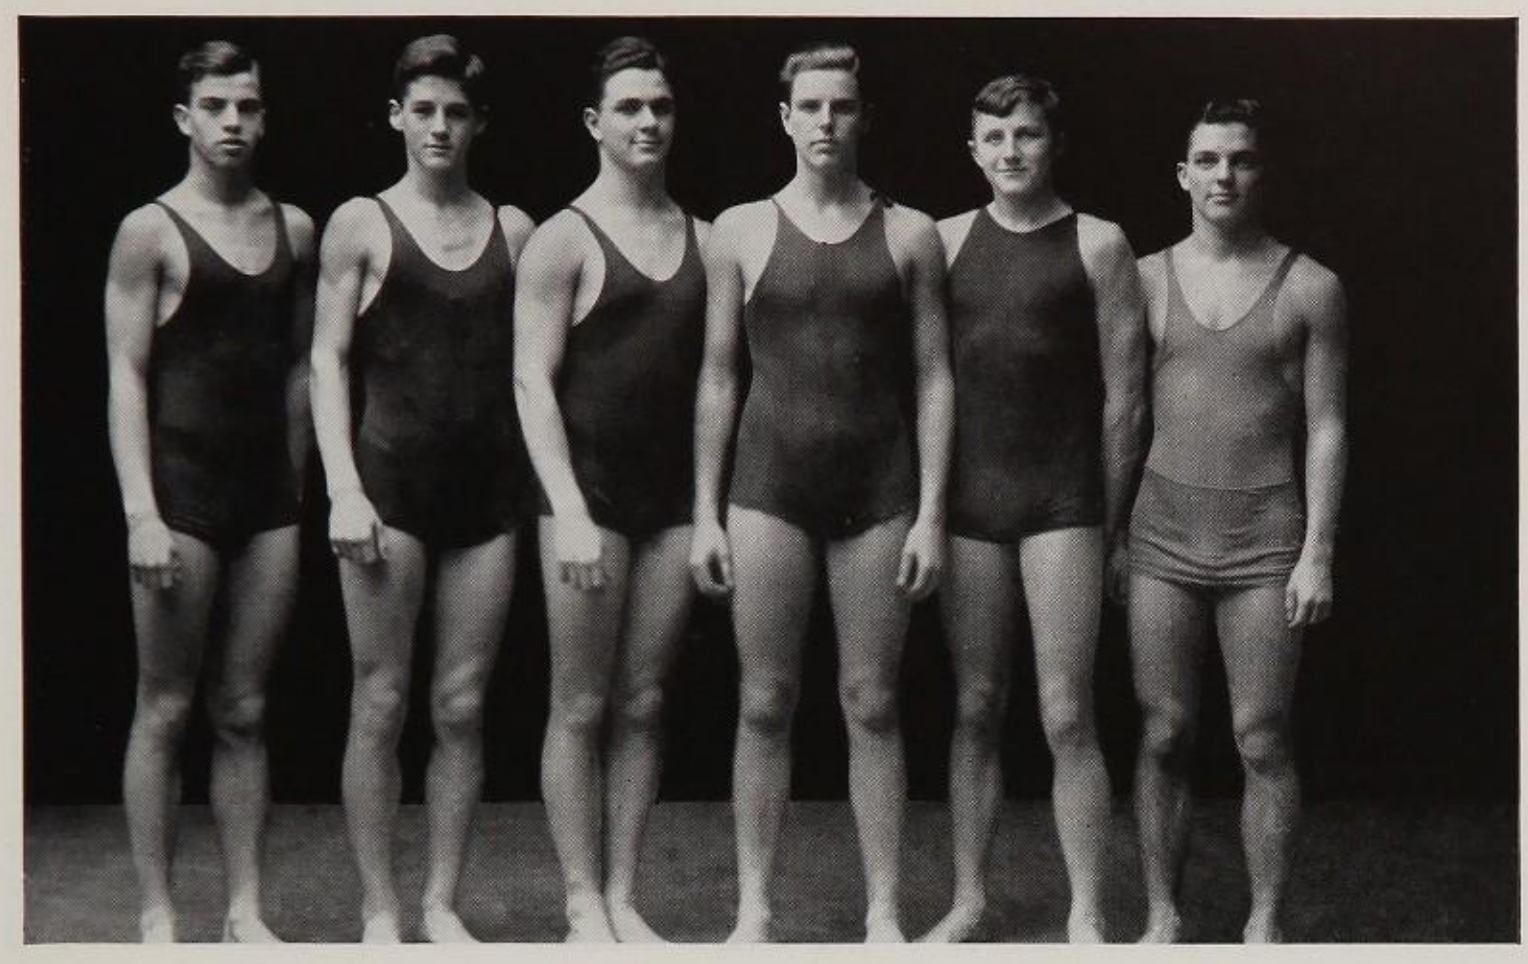
Kennedy, scoring within three minutes of the opening of the game, conquered Cleve 1-0 to retain her lead during the playing of the seventh round. Raymond also retained her second place position by triumphing over a weak Dawes eleven. Scoring three times in quick succession at the beginning of the game, Raymond finally came out on the long end of a 4-0 score. On a sloppy, mud-soaked field, Griswold was able to defeat Dickinson, 3-1. Hamill lost to Woodhull, 2-1.

The only round still to be played was the postponed fourth round. Kennedy was in the lead with Raymond but a half a game behind as the whistles blew opening the various games. Cleve was able to edge out Dickinson; and Woodhull subdued Griswold in a surprising game, 3-1. In the upper brackets, Raymond was able to defend her position in her game with Hamill, just winning 1-0. Deadlocked during the entire regular game, Raymond needed an extra two periods to pound through her only score.

Kennedy, playing her last game, was in fine form. With the exception of one goal, scored in a wind from the head of a Kennedy player, Kennedy was master of the situation, scoring four goals. Although the Dawes team fought hard and at times rallied well, there was but little doubt in the minds of the spectators which was the superior team.

Lead by Captain Whiteley and coached by "Fuzzy" Craig, the Kennedy team played brilliantly throughout the season. Although other teams excelled in either teamwork, defensive, or offensive play, Kennedy was successfully able to combine a good portion of the three to come out on top for the second time in as many years.

OLLA PODRIDA



Left to right: Harris, R., Kiesewetter, Brown, A., Chambers, Priester, P., Waters.

CIRCLE HOUSE SWIMMING MEET

ON Tuesday, December first, the Dawes House relay team, swimming beautifully under the able captaincy of Doug Chambers, won easily. Kiesewetter, Chambers, Waters, and Harris, swimming in that order, turned in a great performance; and, because of a foul during the race, they were allowed to swim again later for a record, a feat which they accomplished with a time of 1:50. Hamill took second, while Raymond barely took third from Griswold.

On Wednesday, Dawes, following up her previous victory of last year, compiled thirty-two and a half points to win the entire meet. Hamill annexed second place with seventeen. Raymond and Griswold, as in the relay, staged a close fight for third and ended in a "dead-heat." The relay, it turned out, was an excellent forecast of the entire meet.

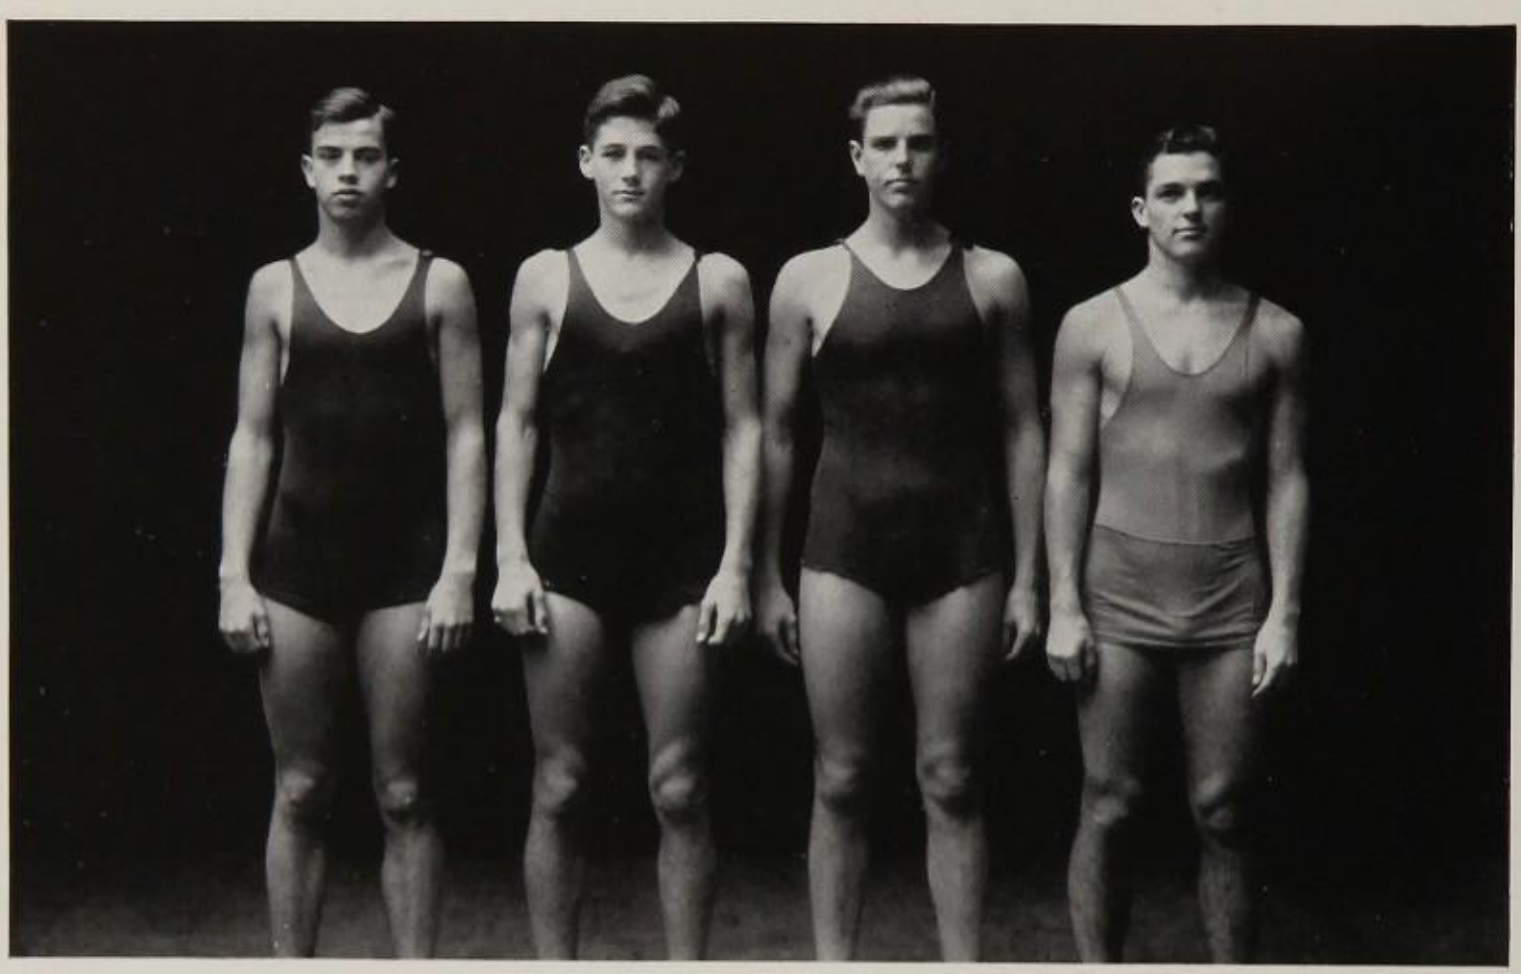
The swimming events themselves were run in two heats, winners being determined by their times.

The first event was the 50-yard free style. Waters, swimming it in 28 seconds, captured Dawes' first individual first place. Woods of Dickinson, Lee of Raymond, and Bausher of Woodhull came in in that order.

The swimmers next lined up for the 50-yard breast stroke. Swimming it in 32 seconds, Murdock of Raymond gained his team's only first place. Stevenson of Cleve came in second, while Hutzler of Dickinson and Brown of Dawes gained third and fourth respectively.

The next event was the junior 25-yard dash. Griswold, represented by Powers, E., attained their only first place with a time of 12.2 seconds. Second and third went to Rosenzweig of Hamill and Bauer

OLLA PODRIDA



Left to right: Harris, R., Kiesewetter, Chambers, Waters.

of Cleve. Kiesewetter and Wainwright tied for fourth place and were awarded one-half a point apiece.

Dawes now came back strong, winning three first places in a row. The first of this series was Chambers' great victory in the 200-yard free style race. Beacham of Kennedy got his team's only points by coming in second.

In the next race, the 50-yard back stroke, Dawes again finished in the lead. This time it was Harris who won for Dawes in 32.6 seconds. Powers of Griswold again scored for his team by capturing a second place here.

The Dawes team now annexed their third consecutive first place by Priester's victory in the dive. He was the only one to attain a six-point rating in the back dive. Easton took second place for Woodhull and Sircom and Alling, came in third and fourth.

The last event was the 100-yard free style. Rosenzweig of Hamill cinched second place for his team with a win in 1:03.8 seconds.

Although the Dawes team won the meet, Hamill produced the high scorer of the day in Rosenzweig. He captured eight points with a second and a first place. Harris of Dawes and Power, E., of Woodhull tied for second highest individual rankers with seven markers apiece.

Dawes, ably coached by Mr. Estey, turned in an excellent performance. They attained almost double the amount of points won by the team in second place.

CIRCLE HOUSE BASEBALL, 1936

FOR the third time in as many years, the Dickinson team won the Circle House Baseball Championship. The Red and White, firmly entrenched by Lare's pitching, bowled over opponent after opponent, to finish the season with not only the championship but a perfect record.

Dickinson's success can be charged mainly to two accounts: the hitting of Gardner and Blackwell (who led the Circle Houses in batting), and the battery, with Lare doing the pitching and Lawrence the catching.

The first round of the season saw wins for Cleve, Kennedy, Woodhull, and Dickinson. In the second, however, Cleve was beaten by Kennedy, who itself was vanquished in the third, leaving Dickinson and Woodhull as the only undefeated teams. The third-round contest with Griswold was Dickinson's most exciting game of the season. At the end of the seventh inning the score was tied at 11-all. The two teams went into the eighth; neither was able to score. In the ninth, however, with two men out, Auger of Dickinson smashed a long home run to wind up the ball game after two extra innings, as Griswold had been first at bat.

The fourth round was postponed because of rain; therefore, when Woodhull and Dickinson met in the fifth, each was still unconquered. Stone, the Woodhull pitcher, held the future champions in check for the first three innings while his teammates were pounding out a three-run lead with the aid of two Dickinson errors. In the innings that followed, however, the Red and White combined their hits, including a home run by Blackwell, with

four walks and several Woodhull errors to seize the long end of the score. Lare, meanwhile, so effectively muzzled the enemy's guns that the game, which afterward turned out to be the crucial contest of the season, went to Dickinson, 10-7. The victors now had the undisputed lead in the Circle House Championship, with Woodhull in second place, one game behind the leaders.

In the sixth and seventh rounds Dickinson defeated Griswold, 12-11, and Raymond, 8-6, to retain their lead, and then in the play-off of the postponed fourth-round game conclusively won the championship when they overcame Kennedy, 8-1.

Woodhull, meanwhile, had defeated Kennedy and Cleve in its sixth- and seventh-round games, but the fourth-round play-off produced what was perhaps the season's most exciting game when the Brown and White encountered spirited opposition from the Griswold team. Woodhull was leading, 13-10, when the Griswold came to bat for the first of the seventh. In a short time the bases were filled with two out. Earnshaw, the Red and Blue pitcher, then came up to bat and found Stone for his second home run of the day, giving his team a one-run lead. In the Woodhull half of the seventh, Masters, the Woodhull first baseman, almost duplicated Earnshaw's feat when he singled with the bases loaded and two out to drive in two runs and end the game.

In looking over the season, the best two teams were placed in their rightful order: Dickinson first and Woodhull second. Dickinson possessed something no other team had: both hitting and pitching power. Woodhull had good pitching, but its hitting was only fair and its fielding sloppy. Dawes, the third-place team, did not find itself until the third game of the season, but from then on dropped only one game. Hamill, tied with Cleve for fourth place, had a first-class battery in Maynard and Sircom as pitchers and Clarke as catcher, but had no hitters to speak of outside of Catcher Clarke and Backes at shortstop. Cleve had one good hitter in R. Davis, and Raymond had the only other good battery.

The final standing:

	W.	L.	PERC.
Dickinson	7	0	1.000
Woodhull	6	1	.857
Dawes	4	3	.571
Hamill	3	4	.429
Cleve	2	5	.286
Griswold	2	5	.286
Kennedy	2	5	.286
Raymond	2	5	.286

The season's records for the first two teams follow:

Dickinson				*Woodhull*	
12	Hamill	1	6	Dawes	5
7	Dawes	4	12	Hamill	8
10	Cleve	8	7	Raymond	5
10	Woodhull	8	8	Dickinson	10
12	Griswold	11	10	Kennedy	2
8	Raymond	6	5	Cleve	2
8	Kennedy	1	14	Griswold	13

CIRCLE HOUSE TRACK, 1936

RAYMOND won the annual Circle House track meet in a closely-fought contest which was a battle right up to the last event. Raymond finished with 34 points; Cleve, 30 points; Hamill, 22 points; Dickinson, 19 points; Griswold, 12 5/6 points; Woodhull, 10 5/6 points; Dawes, 4 1/3 points; and Kennedy, 2 points.

The mile relay, with each man doing a quarter-mile, was run off early. Wrieden, Cumbler, Idema, and Parke of Cleve took first place in the fast time of 3 min. 44 sec., coming within one second of the Circle House record. Dickinson finished second and Raymond took third place.

Hartman of Raymond won the high jump after a hard fight with Sutherland of Cleve by leaping 5 ft. 2½ in. Sutherland took second and Griffing of Dickinson, Moore of Woodhull, and Gartley Wilson of Griswold tied for third place.

In the 220-yard low hurdles, Bud Rose of Griswold captured first place, clocked at 27.2. Tenney of Raymond and McLean of Dickinson finished second and third, respectively. Rose took the lead at the start and was never headed.

Tenney of Raymond won the junior 100-yard dash in 11.5 sec., followed by Fawcett of Woodhull and Smith of Raymond.

The javelin throw was won by Tom Yancey of Hamill with a cast of 146 ft. 6 in. Parke of Cleve and Jones of Kennedy finished in the place and show positions.

The mile was the most exciting battle of the meet. Cyril McQuillan of Raymond and Tom Adams of Hamill fought it out for four long laps. Adams led until they

OLLA PODRIDA

Left to right: Wrieden, Idema, Cumbler, Parke.

went into the home stretch. Then McQuillan lengthened his stride and pounded around the last turn with Adams at his heels. They battled up the straightaway with Adams slowly gaining. McQuillan gave a final burst of speed and broke the tape by inches in 5 min. 11 sec. Dixon of Cleve took third place.

In the 220, Kerr of Raymond and Cumbler of Cleve ran to a dead heat in 23.4 sec. Wimpfheimer took third place for Dickinson.

The hammer throw was captured by deGive of Woodhull with a toss of 112 ft. Yancey, Hamill, and Bob Cutler, Dawes, finished second and third.

Kerr nosed out Cumbler by a scant margin to take the 100-yard dash in 10.6, Hayward of Dawes easily taking third place.

In the half-mile, Griffing of Dickinson snapped the tape in 2 min. 18½ sec. Ross of Hamill ran second and Graham of Cleve third.

Chase of Dickinson won the broad jump with a leap of 18 ft. 4¾ in. Hartman of Raymond was second and Ackerman of Dawes third.

Ky Idema of Cleve took first place in the discus, hurling the platter 107.2 ft., followed by Clarke of Hamill second, and Griffing of Dickinson third.

In the 120-yard high hurdles Bud Rose set a new house record, traversing the distance in the time of 16 sec. flat. He considerably bettered the previous high hurdles mark, and his spectacular dash proved a fitting climax to the meet.

OLLA PODRIDA

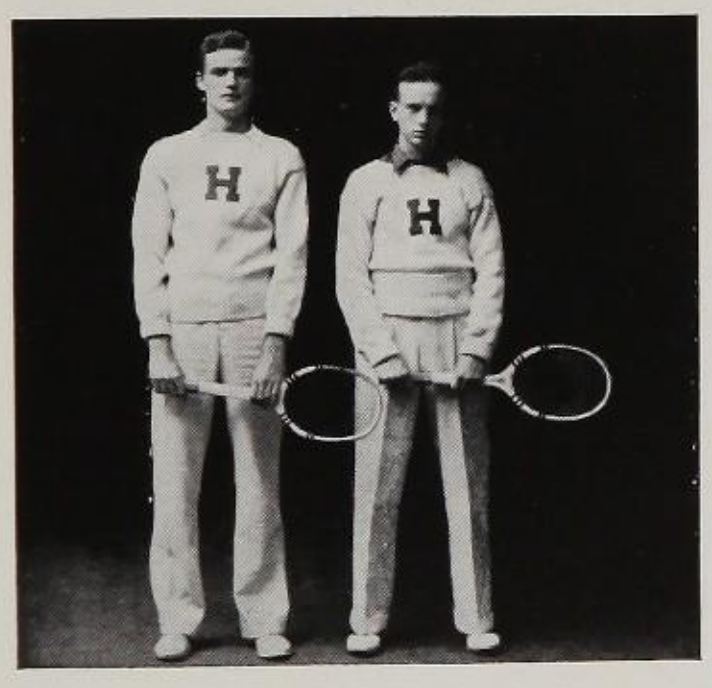
CIRCLE HOUSE TENNIS

SPRING SEASON

THE Circle House Tennis Tournament last spring was won by Hamill, with Kennedy the losing finalist team. The Hamill combination of Sircom and McGregor met determined opposition from Norfleet and Costello, Kennedy's players, but managed to win by the close score of three matches to two.

In the first-round matches, Dickinson was defeated by Hamill, Cleve by Raymond, Griswold by Kennedy, and Dawes by Woodhull. The second-round found Hamill matched with Raymond and Kennedy with Woodhull. Hamill and Kennedy were again victorious, Kennedy by the narrow margin of three matches to two, and so became the finalists. In the matches between the two houses, Kennedy took the doubles and the Norfleet-Sircom singles, but Hamill swept the other three singles matches, albeit by close scores, and in so doing won the Circle House Tournament.

Of the individual players, McGregor of Hamill was probably the best. Williamson of Griswold and Ellis of Woodhull also showed up well, although their houses got no further than the first and second rounds, respectively. Kennedy produced the best doubles team in the Circle with Costello and Norfleet winning all their matches easily.



Left to right: McGregor, Sircom.

CIRCLE HOUSE GOLF

SPRING SEASON

FOR the first time in several years Griswold won the Spring Circle House golf championship. In the finals, the powerful Griswold team composed of McCarty, J., Sawyer, and Wilson, T., defeated the Raymond trio of Tobish, Horner, and McKisson.

The Blue and Red reached the final bracket by a default from Woodhull, and a 3-0 win over Kennedy. Raymond downed Hamill and Dickinson easily by 3-0 scores to enter the finals.

Griswold eked out a 2-1 victory over the Raymond team to win the golf cup only after three hotly-contested matches. The winners were heavy favorites, but the Maroon and Grey gave them unexpected competition. McCarty, J., Griswold captain, in the hardest fought match of the series, was defeated by Tobish of Raymond, 1 up. With all even after a nip and tuck tour of the course, Tobish finally forged ahead on the twenty-second hole to win. In another tense, exciting battle, Sawyer of Griswold came out victorious over Raymond's number two man, Horner, one up on the eighteenth. Wilson, T., clinched the championship for Griswold by defeating McKisson of Raymond on the nineteenth hole. Despite the cold, and the strong wind, the players of both teams displayed an exceptionally fine brand of golf.

The final statistics show Griswold first, Raymond second, Kennedy third, and Dickinson fourth.

THE OLLA PODRIDA

THIS, the fifty-third OLLA PODRIDA, is in numerous ways the finest fifth form annual yet printed. Thanks to the ceaseless work of editor-in-chief Malcolm Forbes, the great aid of Dr. Lincoln, the faculty adviser, and a conscientious board, a number of fine innovations and needful changes were effected. Certainly this edition ranks high among the better preparatory school year-books of the nation.

Perhaps the most outstanding feature of the 1937 book is the changing of the inside cover from a map of the School to a scroll on which are written the names of all those in the graduating class. This undoubtedly makes the book more personal and valuable to the graduating senior than the usual maps.

The cover of the book also merits praise. The Egyptian theme, attractive designing, and striking color scheme together with the interesting dividers combine to make this OLLA PODRIDA excellent in appearance. Improvements in the book's aspect such as these do much to make one's first impression of the book, always so important, favorable.

It should be noted too that this year a new "Features" section has been introduced containing important articles of interest to all. This includes such articles as Mr. Heely's message and a survey of the newly initiated Conference Plan. Amply illustrated, this section should prove to be very popular.

An innovation that definitely enhances the book's worth is a page containing

pictures of all boys who won honorary elections, a page noticeably lacking in former Olla Podridas. Still another innovation along this line is a bleed page with an air view of the campus, beautifully colored. Also new this year is a "Favorite Views" section with sixteen photographs making up a typical Lawrenceville day. In this section there are also several campus and esplanade scenes. And still a further innovation is the insertion of a list of the class's choice of their favorite magazine, sport, etc., something which has been missing in recent Olla Pods. Lastly, all the articles are a great deal more profusely illustrated. In a word, the 1937 year-book has a multiplicity of excellent additions and changes which stamp it as an outstanding publication.

Malcolm S. Forbes with his excellent judgment was this year's editor-in-chief; Francis Powers and Jack Barker were co-business managers; R. Wayne Stickel, photographic editor; Frank Pyle, art editor, and Arnold Grandage assistant photographic editor. The other board members were: Beck, Benson, Bowles, Campbell, Carmichael, Chase, E., Cist, Cobb, du Pont, Gorman, Graham, Guzzardi, Johnson, T., Matthews, McCarthy, Noonan, R., Plunkett, Salisbury, Selby, Thieriot, Wrieden, Stone, Harris Smith, Couch, Ferguson, Kiesewetter, Sedlmayr, McLean, Oswald, Peake, Adams, T., Schwep, and Woods, T.

THE LAWRENCE

LAST spring, when the old 1935-36 LAWRENCE board yielded up its duties to the 1937 board, headed by Robert Wallace, editor-in-chief; Horace Graham, managing editor; Gartley Wilson, assignment editor; and William Larsen, business manager, several improvements and changes were promised the School. Consequently, when the first few issues appeared this fall, the student body was not so much surprised as pleased with the new arrangements of the paper. The LAWRENCE began the 1937 school year first by changing its press and paper, and then by cutting the editorial page from five columns down to three. Of these three, the first column, of course, was devoted to editorials. The other two were occupied at various times by "The Saunterer," written by Robert Wallace, "Esplanade and Circle," by Horace Graham, "Merry-go-round," by William Matthews, and by a "Communications" column. It was partly on account of these improvements that the standing of the LAWRENCE in the monthly *Daily Princetonian* ratings jumped to about fourth position as compared with an average of fifteenth position for the last year.

The deeds of the 1936-37 LAWRENCE board can be described in no way but as ambitious. With the aid of the many ads garnered by the business board, under William Larsen, the usual six-page issue was dispensed with many times during the year, yielding its place to issues of eight and even—during Promenades and other such occasions—of twelve pages.

OLLA PODRIDA

The Saturday of the Hill football game played at Hill last November, the LAWRENCE board repeated a feat remarkable for a school newspaper. When the student body tumbled out of the buses on their return from Pottstown on Saturday evening they found awaiting them a two-page "extra" edition of the LAWRENCE with a play-by-play description of the afternoon's game. The account had been taken down at the game itself, and between halves and after the game telephoned in to the presses at Princeton. This feat has been a feature of the LAWRENCE fairly regularly for the past few years.

Last fall, during the general election year fervor, the LAWRENCE board conducted a straw vote throughout the School and faculty. The returns of this vote were to be checked against the results obtained in a formal election held on November 3. Moreover, during the weeks preceding Election Day, the LAWRENCE ran alternately articles by Malcolm Forbes and David Campbell, heads of the School's Republican and Democratic committees, respectively.

About the middle of the year the LAWRENCE board began a series of editorials whose purpose was as commendable as their frankness. The series was intended to present each week "a clearer conception to the faculty of the attitude held by some students in regard to the present curriculum of studies offered at Lawrenceville, and to present constructive criticism in such a way that it will be found useful."

Perhaps the best single set of articles which appeared in this year's LAWRENCE was "The Saunterer" column, written by Editor-in-Chief Robert Wallace. "The Saunterer" column appeared in most of the year's issues, and set forth in most amusing style, odd or little-known facts and stories of the School, and especially queer tales of certain departments in the School. Altogether, in editorials, columns, and general features, the LAWRENCE showed a pronounced improvement over former years.

THE LIT

TO say in the conventional way that THE LIT has made many noteworthy innovations would not be to do it justice. This year has been phenomenal where THE LIT is concerned. The new magazine doesn't resemble last year's in size, color, and, in some respects, even content. Last year the covers were red; this year the front cover is decorated with a handsome sports picture by the well known artist, W. B. Ricketts, and on the back cover there is a full-page ad in color. Last year the magazine's dimensions were 9¾x6½ inches; this year the dimensions are 11x18½ inches. Last year the editorials concerned only School events, and the vast majority of articles that were printed on its pages were short stories; this year, however, the editorials concern various world problems, and many essays, book reviews, and play reviews, as well as short stories have gone into its making.

As a result of this drastic change, THE LIT has become a very popular publication whose next issue is an event to be looked forward to instead of being just an event.

Each issue has some outstanding feature. For instance in the first issue there was a page of cartoons, in the second a full-page color drawing and a comparison of the country's most popular reading matter as compared to that of Lawrenceville, in the April issue some drawings by the eminent artist, Paul Brown, who contributed also to last year's LIT, and in the commencement issue all

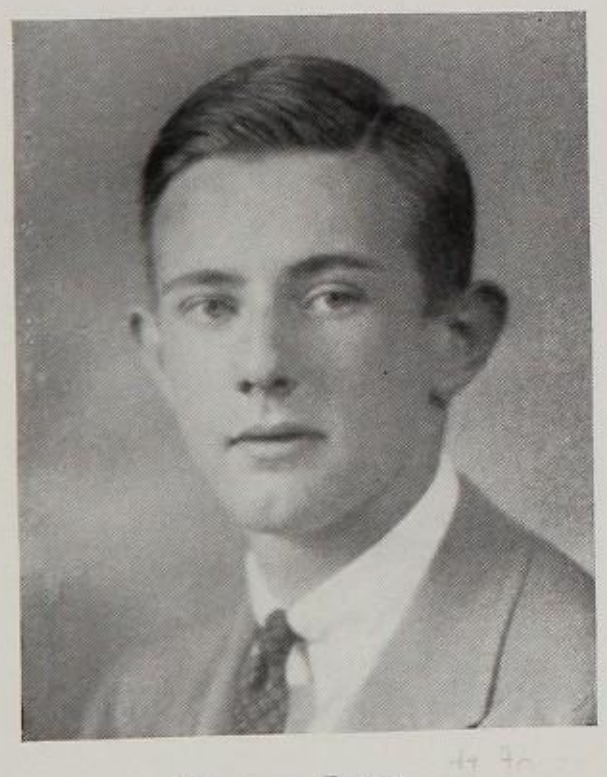
the prize-winning essays and stories are to be published. As a result, The Lit, besides its broad field of contents, has had something to suit everybody's taste as well as special features each issue.

Also throughout the year The Lit has had the good fortune to be able to reprint on its pages the finest pictures from *Spur,* a privilege which it has greatly appreciated.

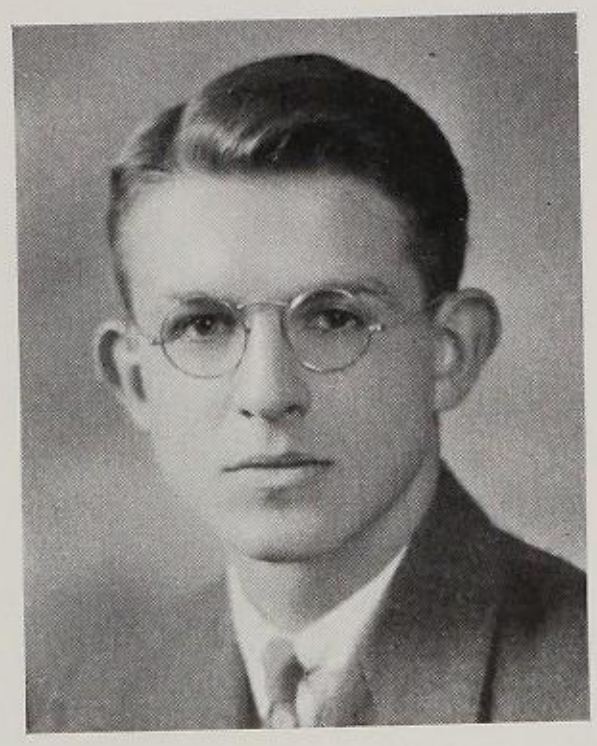
In spite of the material change, however, The Lit and its ideals have changed little. It still cleaves to its traditional policies as founded by Owen Johnson years ago. The occasional use of professional services, such as the drawings by Paul Brown and pictures from *Spur,* was, of course, criticized by a few. The reason for their use was that they might serve as a goal for Lawrenceville boys to aim at as well as their individual distinction.

At the bottom of this phenomenal change is William Best, editor-in-chief. Because of his excellent leadership and initiative The Lit has succeeded in becoming one of the best prep school magazines of its type. He conceived the new magazine in its entirety, he obtained the fine water color sports pictures for the cover, he drew up the new dimensions. This and future Lits owe a great deal to him. Aiding him in the capacity of business manager, DeCou has brought The Lit successfully through a very difficult year. The Lit board also had the aid of Mr. Hugh Wright. It needed a very broad-minded and tolerant faculty adviser this year, and it was extremely successful in having Mr. Wright in this position. Pyle, as circulation manager, and Goodkind, Will, Stone, Shepherd, Barker, Benson, Carmichael, Stickel, Swenson, Erlanger, Beck, Forbes, M. Luke, R. McCracken, and Schwep as associate editors have all aided in preparing this year's Lit.

This year has held little but success for The Lit. "Good, The Lit's here," has replaced, "Here's that Lit again." May this continue.



Editor Best



Business Manager DeCou

OLLA PODRIDA

Top row (left to right): Stevenson, Gorman, Noonan, T., Sircom, Campbell. *Bottom row:* Adams, T., Pyle, Mr. Churchill, DeCou, Eisner, G., Rogers, S.

THE PROGRAM

IT may be safely said of the PROGRAM that it has had a very successful season. There are two reasons for this. The first is that Mr. Jordan Churchill, faculty supervisor, has sacrificed a great deal of time and effort in seeing to it that a high standard was maintained. The second is that Dick DeCou, chairman of the board, has directed the management so well that as a result the general tone of the publication has been improved. While there have been no startling innovations over last year's PROGRAM, and the same general pattern set by the 1936 board has been preserved, both issues which have been published to date have received favorable comment for their general interest to the reader.

One thing is certain. Never before, since the first issue of the PROGRAM was published, has the photography been so good. It is true, there is still room for improvement before anything approaching perfection is obtained, but nevertheless, there is a marked distinction between the pictures in this year's issues and those of previous years. A pleasing informality has replaced the obviously posed rigidity of even the 1936 PROGRAM.

The first issue to appear was the fall number published for the Choate game. Several action pictures of previous games were inserted, as well as the usual photographs of the two teams, their captains and coaches. A small innovation was instituted in the inclusion of all the scores of the collegiate games both eastern and western. There were two lengthy articles, one dealing with the relations between Choate and Lawrenceville, and the other with football in the preparatory schools.

OLLA PODRIDA

Following a novel precedent permanently and successfully established last year, the mid-winter PROGRAM, issued on the occasion of the prom, was devoted solely to the Periwig performance, *Yellow Jack*. A striking cover, emphasizing the better phases of modern printing and modern contrast in color, at once caught the eye of a casual reader. This unusual cover aroused a great deal of favorable comment among impartial critics. As in last winter's issue, there were pictures of the main actors with brief biographies beneath summarizing what the actor in question had done in the way of extra-curricular activities during his stay in School. Then, too, there were two articles of reasonable length, one of which treated humorously with familiar features of School life, and the other, in a more serious vein, with Broadway productions. All in all, the mid-winter PROGRAM was a splendid success, and proved conclusively the precedent set last year of devoting that issue of the PROGRAM entirely to the Periwig performance was a good one well worth preserving.

At the very outset of each year there appears a pamphlet entitled THE HANDBOOK. In it is contained all the knowledge which a new boy needs to know. It changes little from year to year, only being altered as some new rule is put into effect or an old one discarded. This publication is also a product of the PROGRAM Committee, and is compiled afresh each year, to bring it absolutely up to date. New songs and cheers are added as they are composed and originated. Last year's HANDBOOK was no different from any other, only it was slightly larger owing to the alteration of requirements for an L in several sports.

In closing, it must be mentioned that Mr. Churchill, to whom the PROGRAM is immensely indebted for his untiring and faithful service, is going abroad and hence will be unable to continue in his official capacity as faculty adviser. We wish to extend our thanks to him and our heartiest good wishes for success in the future.

The members of this year's committee were: DeCou, chairman; Goodkind, business manager; Campbell, Adams, T., Pyle, Eisner, G., and Noonan, T.

CHAIRMAN DECOU

OLLA PODRIDA

Top row (left to right): Starrett, Ebright, Bartlett, Ill. *Second row:* Behr, Wilson, T., Mackey, Kiesewetter, Masters, Stickel. *Bottom row:* Moore, C., Graham, Wallace, Smith, T., Williams, R., Parke.

THE PRESS CLUB

THE Press Club has completed a successful season under the leadership of its co-presidents, Truman Smith and Robert Wallace. Under the supervision of Mr. Jameson the club acts as the agent for sending to the most widely read eastern newspapers reports of athletic encounters and other news of the School that is of interest to outsiders.

The board of fifteen, unlike the boards of other publications, must acquire skill in writing newspaper reports with rapidity; for the articles must be written up and wired to the newspapers immediately after an athletic contest. Through doing this the members of the club gain the ability to write stories with speed and accuracy, an asset which should be invaluable to them in college and in later life.

As last year the fifth formers have been put in charge of a sport and the underformers have been assigned as helpers to the older board members. This system has proved very satisfactory and has done away with the unnecessary confusion in the writing room after the games. Also under the supervision of the older board members the quality of articles has improved and the underformers have been given added training in writing.

The officers of the club were Robert Wallace and Truman Smith, co-presidents; Horace Graham, secretary; and Roger Williams, treasurer. The other members of the club included Frank Mackey, Starrett, Wilson, T., Parke, Bartlett, Moore, C., Kiesewetter, Ebright, Behr, Masters, and Ill.

THE PERIWIG CLUB

STARTLING innovations have marked the current season. For the first time have girls taken the female rôles in a Periwig production; a professional stage was used for all of the club's big plays, and, more than that, the forthcoming Bermuda expedition will take the troupers farther afield than ever before. Under Mr. Towers's able direction, helped by the cooperation of Bill Larsen as president and Tom Noonan as vice-president, this year has been one of notable changes and successful accomplishments in all lines.

Last spring the Faculty amused and thrilled all and sundry with their annual play, in this case *The Ghost Train*, a "mystery-comedy." It was both thrilling and comical, and, as this particular presentation always has, it furnished an evening of first-class entertainment.

Wednesday afternoon, May 13, saw the opening of the newly completed Little Theatre. The first bill to be presented in this miniature "house," contained a group of five short plays adapted from the works of H. H. Munro (Saki), and directed by Messrs. Hall and Gwinn. The first playlet, starring John Pilling as Major Dumbarton and William Moran as Mrs. Carew, set forth the plight of these two, widower and widow respectively, when they attempt to enter the bonds of holy matrimony burdened, each of them, with five or six children from a

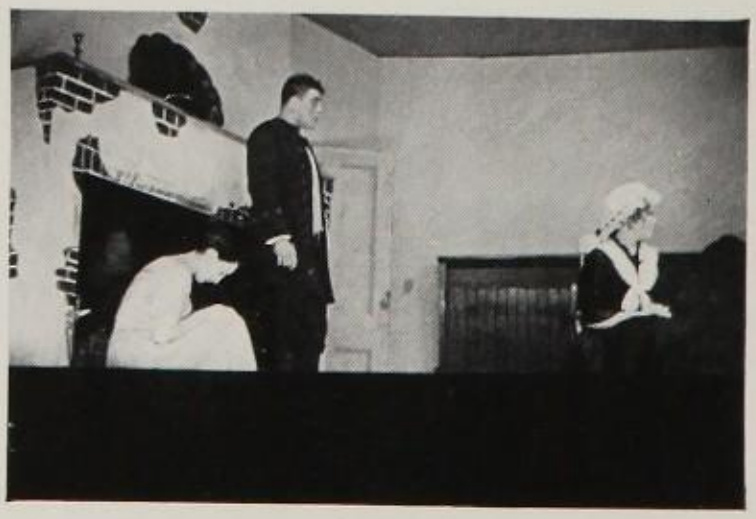
OLLA PODRIDA

President Larsen

former marriage. Next came *The Reticence of Lady Anne*. The aforementioned "reticence" was duly explained when it was discovered that Lady Anne was deceased. Robert Walsh, in the rôle of Egbert, did a creditable job. Following this Fred Whitney, Robert deGive and Cameron Peake, along with several others, made the *Taling-Out of Tarrington* an interesting and entertaining bit. Neil Moses and William Murphy as two young girls in the compartment of a European railway carriage presented *The Story Teller,* last of the "Saki" series, *The Hounds of Fate.*

The Minuet deserves special mention. Acted by Mrs. Estey, Mr. Towers, and Sylvan Barnet, it was a realistic portrayal of a scene in a French Prison during the "Terror," wherein a Marquis and a Marchioness, unaware that each is destined for the guillotine, play the aristocrat to the end, under the watchful eye of the gaoler, played by Mr. Towers.

Opening this year's activities with the presentation of *The Devil's Disciple* at McCarter Theatre, Princeton, on the 21st of November, the club marked another milestone in its history. Collaborating with the actresses of Miss Fine's School in Princeton, the Periwig made an undoubted success out of this first venture into co-ed dramatics. With Mr. Towers directing along with Miss Elizabeth Congleton, a large cast took part in this production. John Cumbler, as "The Devil's Disciple," Dick Dudgeon, rose from the clutches of Satan almost to the gates of Heaven, helped on the way by the Reverend and Mrs. Anthony Anderson, well acted by Robert Walsh and Miss Joan Taylor. Other Dudgeons, none of whom approved of this sinful relation of theirs, included Mr. and Mrs. William Dudgeon with William Wolfe and Margaret Greenland in the respective rôles, and Mr. and Mrs. Titus Dudgeon played by Thomas Hustead and Jeanne Ashley. Katherine Eisenhart took that thankless part of Mrs. Dudgeon in her stride, venting the ill humor of the character on Christy (Robert deGive) and Essie, portrayed by Lily Buchanan. James Hanan gave an amusing performance as Lawyer Hawkins, while Jordan Barlow portrayed Major Swindon, a British Army officer, with rugged color. General Burgoyne, or "Gentleman Johnny" to his closer friends, was made a real character by Gerald Colmore; his was perhaps the best piece of acting in the play. Others in the cast included William Phipps as Chaplain Brudenell, Jack

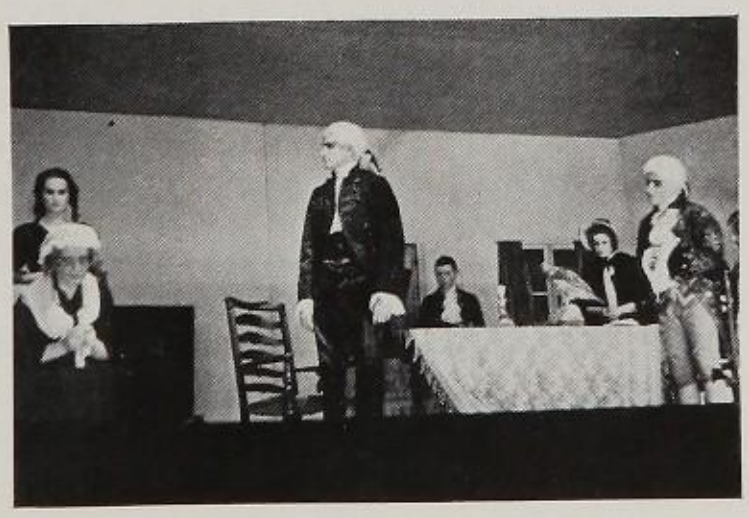


Director Towers

Wimpfheimer as the Executioner, and Brooks Beck, Melchior Beltzhoover, Theodore Haff, Edwin Hutzler, and William Wiggins as Officers; also Charles Schwep, Robert Fortune, Darwin Heath, Richard Harris, William Ashley, William Waters, Gartley Wilson—British soldiers. The townspeople: Kenneth Benson, George Clarke, Robert Clarke, Harmon Ashley, Jack Ferguson, Samuel Gardner, Horace Graham, Ramsay McGregor, John Wilson, Fred Whitney, Barbara Wallace, Ann Wood, Alice Northrop, Carol Furman, Doris Sinclair, Therise Critchlow, Sally Wright, Helen Crosby, Phyllis Vandewater, Margaret Anderson, Frances Chynoweth, and Betty Gorman. Special mention should be given to the stage crew, who did the necessary scenery changes in a minimum of time. The set itself, designed by Chave McCracken, was built by the stage crew under the direction of Hugh Johnson. It was beautifully conceived with an odd touch of authenticity by the use of real antique furnishings. Also would we call attention to the Orchestra under the direction of Mr. Keller. With but two weeks to rehearse in, they supplied a high grade of music between the acts.

Close on the heels of *The Devil's Disciple* came a group of three playlets enacted in the Little Theatre. *The Still Alarm,* under the direction of Mr. Woods, gave Fred Whitney, William Wiggins, George Clarke, and Robert deGive an opportunity to portray the plight of firemen who try to rescue highly blasé individuals from a burning hotel. *The Valiant* starred William Matthews as a convicted prisoner visited during his last hours by a sister who attempts to bring to light his real name in spite of the fact that it will ruin the family. William Moran, Samuel Gardner, and Darwin Heath took supporting rôles. Neil Moses was outstanding in the last of the series, *The Ransom of Red Chief.*

Yellow Jack, played before a large audience at the McCarter Theatre, February 12, was the outstanding play of the year. Technically complicated, calling for a huge cast, requiring a stage built in two levels and with all scenery changes done while the action is going on—the production was a difficult piece of work well done. Quoting the reviewer: "Not since the days of *Journey's End* . . . has the Periwig done anything more important." First praise should perhaps go to the stage crew under Hugh Johnson's able direction. Adapted from the original



OLLA PODRIDA

setting by Jo Mielziner, the large set was a credit to its builders. The lighting, in charge of Tris Johnson was another difficult job, and he handled it expertly. The play itself told the story of Walter Reed's epoch-making search for the cure to Yellow Fever. With Brooks Beck as Walter Reed, Theodore Haff playing the hot-headed Lazear, Edwin Hutzler cast as Aristides Agramone, Robert Allen in the rôle of Major Gorgas and George Harper playing Carroll, the Yellow Fever Commission was one of contrasting characters and colorful portrayals. Thomas Carmichael gave the part of Colonel Tory an apt characterization, while Gillette Burton and William Moran did able jobs in the parts of Doctor Ames and Miss Blake respectively.

As the four soldiers experimented on, Busch (Robert Wallace), O'Hara (Mr. Towers), McClealand (James Roberts), and Brinkerhof (William Matthews), made a realistic quartet of army "boys." They supplied both humor and tragedy in the storm of the fight against "Yellow Jack."

Without a doubt the most complicated thing that the club has yet attempted, *Yellow Jack* was yet another proof that the Periwig is able to produce successfully first-class shows.

The Periwig Banquet, held per usual at the Gladimere Crest Inn, was and again we must say "per usual" a riot of a minor sort. Steaks, speeches and songs occupied the attention of those present during the first part of the evening. The steaks spoke for themselves, the speaker also, though less eloquently, and songs were interspersed throughout the proceedings. A burlesque on *Yellow Jack* was presented by several members of the cast, and George Harper was presented with the Periwig Prize for his fine acting as James Carroll in *Yellow Jack*.

In closing we wish to thank Mr. Towers, Mrs. Keller, Mrs. Crowell, Mr. Woods, Mr. Harris and all those others who, through their interest and enthusiasm have helped to make the Periwig one of the School's most worth-while organizations, and have made this year one of its most successful. The members of this year's club are: Allen, Ashley, W., Beck, Benson, Brakeley, Burton, Chambers, Clarke, G., Cumbler, Dixon, W., Dorman, duPont, Ebright, Eisner, G., Erlanger, Fortune, Gardner, S., Graham, Haff, Hanan, Heath, D., Hustead, Hutzler, E., Johnson, H., Johnson, T., Kampmann, Kline, C., Larsen, Luke, R., Matthews, McCracken, Miller, A., Moran, Mustard, Noonan, T., Norfleet, Paxson, Plaut, Roberts, Rogers, H., Scherm, Shepherd, W., Shackter, Swenson, Wallace, Warner, Waters, Whitney, F., Wolfe, Walsh.

THE PIPE AND QUILL CLUB

PERHAPS no fifth form club enjoyed a more successful year than the Pipe and Quill Club, that hallowed clan that meets at the stroke of eight each Thursday night in the Foundation House, there to meditate, read, and carry on their mysterious rites which must not be revealed. Originated fifteen years ago by Mr. Shea, primarily for boys interested in the literary arts, the club has grown steadily in popularity. Writers are discussed and read, literary questions are argued, and much original work is done by the members. This year the quality of the writing was pleasingly high, thanks to the membership of a number of talented young men. Though some of the club's doings are not for the public to know, it is permitted to state that during the year the club writes a story, each member contributing a chapter, and the boys are allowed to smoke. One of the club's truly popular proceedings is the consumption, along with the works of famous writers, of delicious refreshments made by Mrs. Heely's gifted chef. The members, either boys or masters, are elected by the unanimous vote of the club.

The members are as follows: Mr. Shea, Mr. Heely, Mr. Raymond, Mr. McPherson, Mr. Hall, Mr. Hancox, Mr. Curtis, Mr. Wright, Mr. Estey, Larsen (president, fall term), Wallace (secretary, fall term), Beck (president, winter term), Chase, E. (secretary, winter term), Campbell, Smith, T., DeCou, Wilson, T., Forbes, M., Ashley, Barker, Stone, Graham, Mount, and Moore, B.

Top row (left to right): Barker, Powers, Plaut, Chase, Wolcott, Wrieden, Cumbler, Forbes, Larsen, Wallace. *Bottom row:* Beck, Graham, Campbell, Wilson, T., Mr. McPherson.

THE BIBLIOPHILES CLUB

THE Bibliophiles Club has just completed its eighth successful year. It was organized in 1928 with a twofold purpose: the main purpose of the club is to help in the running of the library and to represent the students by submitting suggestions for the improvement of the library as a whole.

About once a month the members of the club assemble at Mr. McPherson's house for a meeting at which Mr. McPherson and various members of the club read and discuss books and subjects of interest to all. After these enjoyable informal gatherings Mrs. McPherson serves the club refreshments.

In an attempt to stimulate student interest in the library, the club, for the past three years, has conducted a Christmas book sale. The sale was arranged through the courtesy of Traver's in Trenton and, as in past years, was very successful.

To Mr. and Mrs. McPherson, Miss Abbott, and Mrs. Kafer belongs most of the credit for the success of the club.

The members of the club were: Beck, president during the first half year; Graham, secretary for first half year; Campbell, president second half year; Wilson, T., secretary second half year; Forbes, M., Chase, Wallace, Plaut, Cumbler, Wrieden, Stone, Powers, Barker, Larsen, Wolcott, Ashley, H., Guzzardi, Johnson, T., Wimpfheimer, Wolfe, Mount, and Pryor.

HERODOTUS CLUB

DURING the past years the Herodotus Club has enjoyed its active seasons under the guidance of "Unc" Corlies. In 1928, the history department saw the need for a club which would concern itself chiefly with the important political problems of the day. Since then, the organization has gained a coveted position among the other fifth form clubs. Only twenty-five seniors are admitted on a basis of their class grades and their interest in the subject.

This year, the club met at the Hamill House every other Monday evening. As president, Ned Chase presided over the meetings and introduced the guest speakers who discussed various political and governmental issues of the day. Mr. Gallagher, of Lawrenceville, spoke on the Spanish Civil War; Rev. Paul D. Newell, of Trenton, discussed the General Motors Strike; and Professor Carpenter, of the Princeton Political Science Department, gave a very interesting lecture on the Supreme Court proposal of the President. The spring term was devoted primarily to taking short trips to some of the nearby points of historical significance.

The club was composed of the following members: Chase (president), Forbes, M. (vice-president), Brown, M. (secretary-treasurer), Barker, Beck, Bowles, Campbell, Cobb, Cumbler, Forbes, J., Glenney, Graham, Guzzardi, Harper, Lake, Larsen (honorary), McCarthy, Moore, B., Plunkett, Prizer, Stickle, and Stone.

Top row (left to right): Wrieden, Ferris. *Second row:* McCarthy, W., Grandage, Salisbury, Betz, Cist. *Bottom row:* Pryor, Selby, Smith, Prizer, Forbes.

THE SCIENCE CLUB

FOUNDED twelve years ago by Mr. Heath, the head of the Science Department, the Science Club has just completed one of the most successful years in its history. Under the able leadership of President Truman Smith, the members of the club have been able to enjoy several interesting trips this year. Among the places visited were the Walker-Gordon rotolactor, the extensive laboratories of Princeton University, and the American Telephone & Telegraph's foreign radio transmitting station, situated here in Lawrenceville.

The Science Club is open exclusively to those boys who have attained a high scholastic standing and have shown genuine interest and ability in the sciences.

During the course of the year, the club was fortunate in securing several of the country's foremost scientists who gave many interesting lectures on the latest developments in their particular fields of scientific research. Among the most prominent were Mr. Turkovitch, who spoke on the subject of catalysis and its applications, and Professor Jepsen, who gave a very interesting account of the theory of evolution. Mr. Hall also lectured on Biology.

The members of the club were: Truman Smith, president; Jack Selby, secretary; Mr. Heath, Dr. Hitchcock, Mr. Wells, Mr. Rosner, Mr. Fagan, Mr. Rich, Mr. Mitchell, Mr. Mikesh, Mr. Williams, Mr. Smith, Grandage, Prizer, Betz, Forbes, J., Wrieden, McCarthy, W., Ferris, Pryor, Salisbury, D., DeCou, and Cist.

THE PARLONS FRANCAIS

AGAIN the Parlons Français Club has completed a successful year under the direction of Doctor Coderre. Unlike most of the other clubs which admit only fifth formers, membership in the Parlons Français Club is open to underformers who have a general understanding of the French language and who are willing to cooperate toward the general welfare of the club. As before, it was organized for the boys who were interested in French literature and culture and who wished to have an opportunity of speaking French.

The bi-weekly sessions were held in the faculty room on Friday evenings. After the minutes of the previous conference had been read, the regular meeting began. The policy of writing a novel to which each member added a chapter was abandoned this year and instead, the members were asked to prepare speeches on articles on assigned topics. These covered a variety of subjects, such as: The Government of France, the French schools as compared to American schools, and debates on the governmental problems of today. Some of these prepared discussions turned into regular debates, which was very gratifying as it showed that the members were taking a genuine interest in the club. These discussions were supplemented by lectures by members of the French Department.

The members were: Mendez, president; Gorman, secretary; A. Adams, T. Adams, Campbell, G. Eisner, Harbach, Horner, F. Love, J. Love, C. Moore, H. Moore, Sedlmayr, Smadbeck, Stutesman, Thieriot, Townsend, and Wainwright.

THE PHOTOGRAPHY CLUB

LAST fall the Photography Club entered its fifth year of existence under the leadership of Mr. Roberts. The club's aim is to afford boys who have a genuine interest in cameras and picture-taking the opportunity for advancing their knowledge in that field.

Mr. Roberts, with the assistance of the club's officers headed by President Roger Williams, usually arranged to have an outside speaker lecture on some particular phase of photography at each meeting. A number of most interesting men addressed the club. Mr. Eckenberg from the *Times* Wide-World Photos was especially enjoyed. The club made an excursion to the *New York Times* offices which also proved very enjoyable. A traveling exhibit made up from the best work of the members was displayed at the Hill and other schools. In each place that it was shown the pictures were judged and the results of these judgments tabulated. This year as in the preceding ones the club has taken pictures for use in the various School publications.

The officers of the club were: Williams, R., president; Stickel, vice-president; Campbell, secretary; Schwep, treasurer; Ward, historian. The other members were: Adams, T., Adams, A., Bauer, R., Haff, Goodkind, Thieriot, Biow, Mackey, Schreiner, Mustard, Wrieden, Benitoa, A., Benson, Buckley, Burch, E., Calvin, Clark, H., Clarke, G., Dale, Douglas, Evans, H., Harris, Hemphill, Hendrickson, Hilton, Klopman, Lanahan, J., Lee, McVitty, Orth, Priester, H., Rosenzweig, Schmitz, Shackter, Sterling, Stoll, Wise, Woods, H., Wolfe, Yerkes.

TENNIS UMPIRES' ASSOCIATION

ALTHOUGH the Tennis Umpires' Association is a comparatively new organization in the School, it is a popular one. The members of the Association not only umpire School tennis matches but are very often linesmen or umpires at outstanding professional and amateur tournaments at Rye, Sea Bright, Spring Lake, and Forest Hills. The purpose of the club is to promote interest in tennis in the School and also to give the members an opportunity to see several major matches free.

The association was founded four years ago by Mercer Beasley, the head coach of tennis, and Jack Hendrick. There are seventy-two graduate members of the group scattered throughout the country, although it has not yet had its fifth birthday. A boy is admitted to the group as a member after he has favorably passed a written test and has umpired or been linesman at at least four tennis matches between Lawrenceville and an opponent.

Once a member, the boy receives a membership card which grants him free admission to the major tournaments in the country, on condition that he will, if he is asked, accept the duties of an umpire or a linesman. Every year this card is renewed and sent to the graduate members, as well as to the members of the group in the School.

The president of the organization is James Behr, who has umpired at several major tournaments. Kenneth Stephenson is the vice-president, and Hugo Oswald is the secretary. The total membership in School this year was slightly over twenty.

THE LAWRENCEVILLE SCHOOL CAMP

LAST summer the Lawrenceville School Camp completed its eighth year of activity at its delightful location among the Pohatcong Mountains near Washington, N.J.

The aim of the camp is to provide 125 handicapped children from the East Side of New York with a two-weeks vacation in the country. The boys get plenty of wholesome food and supervised outdoor exercise privileges which they otherwise wouldn't be able to enjoy. The New York Mission for Underprivileged Children aids the School Camp in selecting thirty deserving boys every two weeks who are sent to the Camp, where they spend a much-looked-forward-to fortnight enjoying the pleasures of outdoor life.

This organization would be totally impossible without the liberal financial cooperation of the student body. The School responded wholeheartedly to the canvass of the preceding year and $1,200 was appropriated for the maintenance and improvement of the Camp. Generous Chapel collections and miscellaneous contributions have also aided greatly in the upkeep of the organization.

The Camp is under the direction of Mr. Charles H. Craig, to whom the School is greatly indebted for his efforts in making the Camp's summer a success.

The following were counsellors from the Lawrenceville School this last season: Backes, Murdock, F. Masters, W. Masters, Richards, Meserole, Mustard, Orgain, Schwartz, McQuillan, Shepherd, and Macmillan.

OLLA PODRIDA

MUSICAL CLUBS

AS another school year comes to a close, the musical clubs, under the vocal instruction of Mr. Wood and the technical tutelage of Mr. Keller, have concluded another well rounded and praiseworthy year of effort—a year which saw the clubs give performances in three girls' schools, and journey to New York for the Fathers' Banquet. The Glee Club and Choir, which were combined this year, the Field Band, the Orchestra, and a newly organized group, the Swing Trio, turned in outstanding performances all along the line, and certainly not only upheld but increased the reputation of Lawrenceville Musical Clubs by their work this year.

This year, for the first time, Mr. Wood presented the Glee Club and Choir, combined, and the results obtained lent approval to the change. The club, having for its president James Hanan, undertook its twofold duties with a will. Singing every day in the Chapel, the Choir set an excellent example for the singing of the School, and was a splendid accompaniment. It added to its laurels by presenting from time to time in Sunday Chapel Services renditions of many well known and difficult pieces, two notable examples of which are the beautiful "Hallelujah Chorus" and the hymn, "Thanks Be to God."

The 1936-37 Choir was, in keeping with former years, a great addition to the Christmas Service, aiding in the singing of the many favorite hymns and Christmas Carols. For the first time in several years, Good Friday and Easter Sunday came during the School's Spring Vacation; consequently, the Choir did not give as in other years, a special musicale on those two days. Those who gave the most frequent solo performances on Sundays were Hanan, Ahlers, and Mr. Heyniger. Mr. Heyniger was especially well received; perhaps the best remembered of his solos is "Ave Maria."

Under the able direction of Mr. Keller, who also found time to give Sunday Vespers Organ Recitals throughout the year, the Field Band continued its traditional work of accompanying and morally aiding the Lawrenceville football team at all games, both at home and away. It had some excellent marches in its repertoire, and also led the School's singing during the games. At the annual game with Hill, played this year at Pottstown, the Band went through its maneuvers and letter-forming very efficiently, in spite of the fact that there had been little real practice. At the Hill baseball game, in the spring, the band repeated its tactics of the football season with equally good results.

This year there was created a unique but very good combination known as the "Swing Trio," composed of Lare at the drums, Cushing, saxophone, and Horner playing the piano. The trio was a huge success whenever it gave a performance. It had perfect rhythm, and its members were certainly expert exponents of "swing" music. Everyone hearing the trio commented upon its excellence, and expressed great pleasure over the fact that, since all three members of the trio were underformers, the combination would return unchanged for the 1937-38 school year.

The 1936-37 Orchestra, led by Jack Forbes, was one of the best the School has ever had. Its greatest defect was its lack of really good soloists. With the Orchestra Mr. Keller did an even better job than he did with the Field Band, and

deserves the appreciative thanks of the whole student body.

Because it had not had time enough for sufficient practice, the Orchestra did not accompany the Glee Club on its first trip of the season, to Miss Hartridge's School in Plainfield; however, it made the remaining trips with the Glee Club, and always gave a very good account of itself. As it has for the past few years, the Orchestra performed at the Commencement exercises.

The initial musical trip was taken on December 11, to Miss Hartridge's School, a trip which the Glee Club alone enjoyed. Andrew Imbrie gave a piano recital consisting of three pieces, in addition to the regular program of the club, which included such favorites as "Ole Man Noah," "Aura Lea," and "The Ole Ark's A'moving"; the last a tenor solo by Kent, and a bass solo by Ahlers. This was the first appearance of the Lawrenceville Glee Club at Miss Hartridge's in two years, for last year the engagement was canceled because of measles epidemic at the girls' school.

The musical clubs, in toto this time, took their next journey on January 30, when they gave a concert at the Baldwin School for Girls in Bryn Mawr. The Glee Club and the Orchestra both performed, and Imbrie again rendered two selections, notably, "Rondo Capriccioso," by Mendelssohn, and "Valse Brilliante," by Chopin. The outstanding numbers of the Glee Club were "Liza Lady" and "Awake, Awake," and by the Orchestra, "Hungarian Dances," by Brahms, and "Sullivan's Operatic Gems," arranged by Seredy.

This year for the first time the musical clubs went to the Shipley School in Bryn Mawr where they again gave a concert and were entertained at a dance. The program was in general the same as for the two preceding concerts except for two notable innovations: the introduction of the Swing Trio and an original composition of Andrew Imbrie. To quote the LAWRENCE, "The pleasant surprise of the evening was the Swing Trio. Horner, Lare, and Cushing really 'swung' the 'Japanese Sandman,' 'Dina Lee,' and 'I Can't Give You Anything But Love.' Imbrie's original composition was titled 'Scherzo,' and was the result of two months of work on the part of the author."

The School Concert was given on March 13. In one respect it was different from its predecessors; two faculty members, Mr. Heyniger and Mr. Harris, took part. The high spots of the concert were tunes of the Swing Trio, "Reflections in the Water," by Imbrie, "Toreador Song from Carmen," sung by Mr. Heyniger and the Glee Club, and "Musical Inventions," by Mr. Harris. By all odds, the School Concert was the high spot of a very successful year for the musical clubs.

CROMWELL HOUSE HISTORY

LAST spring, after clinching golf, tennis, and track, Cromwell House was awarded the All-Round Trophy, amassing a total of 486½ points. This autumn Junior Football Awards were received by: Shedden, Schultheis, Morgenthau, Landsberg, and Hearn, the team manager.

Then in a hard-fought soccer season the Blue and Gold won second place, and during the winter term captured the basketball championship.

On the junior swimming team we have four representatives, while Charlie Haaren and Shep Shedden are on the junior basketball squad. In extra-curricular activities we have twelve boys out for the plays, three on the RECORDER, and one on the Reading Committee. In the field of scholarship Cromwell has not so far been able to obtain so high a ranking as we should like, but we are gradually improving.

Under the helpful leadership of Mr. Gallagher and Mr. Goeller, the year up to the present time has been a very happy one, even though the eight old boys were outnumbered by sixteen rhinies. Shep Shedden, our president, has done a fine job, and has been supported by Jack Landsberg, vice-president; Ed Baird, treasurer; and Craig Morton, rhinie representative.

On behalf of the whole house, the writer would like to thank all who have rendered help and encouragement to us throughout the year.

OLLA PODRIDA

DAVIDSON HOUSE HISTORY

IN September, Davidson began the school year of 1936-37 with ten old boys and fourteen rhinies. At the end of a few weeks the following house officers were elected: Charlie Lyons, president; Joe Lee, vice-president; Jack Galbraith, secretary-treasurer; Henry Breneman, day boy and rhinie representative; and Fred Githler, historian.

Last year in the spring session Davidson won the baseball championship by a large margin, and eleven boys and a manager got letters. The house got off to a good start this year by winning the football championship, and fourteen boys received "D's" as a result. The debating team was composed of Joe Lee, Charlie Lyons, Irving Fellner, and Fred Githler. The team weathered the preliminary debates and will be in the finals against Perry Ross in the spring.

Davidson was represented in extra-curricular activities by the following boys: Jack Galbraith, Joe Lee, Howard McVitty, Charlie Lyons, and Irving Fellner were on the RECORDER board. Phil Sterling and Howard McVitty belonged to the Photography Club, and Joe Lee was elected a flag lieutenant. Irving Fellner, Charlie Lyons, Joe Lee, Mac Averill, Jack Galbraith, Rolly Peacock, Howard McVitty, and Fred Githler did much to make the Lower School plays successful.

We owe a debt of gratitude to Mr. Jameson, Mr. Kimball, Tom Noonan, our fifth form representative, and all others who have in any way helped the house to have a pleasant and successful year.

OLLA PODRIDA

PERRY ROSS HOUSE HISTORY

UNDER the able and understanding leadership of Mr. Herrick, spending his first year as housemaster of Perry Ross House, the term of 1936-37 has so far been exceptionally successful. Soon after the opening of school in September, Mac Lovell was elected president, Jeff Wiedeman, vice-president, Jack Heath, treasurer, Jack Moment, secretary, and Ted Beacham, historian. Christy Wilson was chosen to represent the house with the other officers on the Lower School council, an innovation in Lower this year. However, Mac Lovell transferred to Circle after the Christmas recess, so the other officers were each moved up to fill the vacancy, Jeff Wiedeman becoming president. Phil Drake was then elected to the Lower School council.

The house was well represented on the junior football team, with such stalwarts as Bob Wilson, Mac Lovell, Jack Heath, Ted Beacham, Alex Morse, and Charlie Rees. The house team started out strong in football, but owing to a little hard luck lost the championship to Davidson after a close battle.

We redeemed ourselves in soccer, beating Cromwell twice, 5-2 and 1-0, and Davidson twice, 2-1 and 2-0, thus clinching the championship without losing a game. Captain Bob Wilson and Jack Heath were mainstays on the team.

Our swimming team kept up our record by winning another championship, scoring 26 points to Davidson's 18 and Cromwell's 12. Charlie Rees, Jack Heath, and Ted Beacham won firsts in their events, and the former two, paired with Jeff Wiedeman and Christy Wilson, won the relay.

Bob Wilson, Bob McClave, Jeff Wiedeman, and Jack Heath are on the junior basketball squad. In this sport the house has a good team, having already beaten Davidson twice. Although they have lost one game to Cromwell, they still have a good chance for the championship.

From this summary one would gather that the house is entirely athletic, but this is not so. Ross has more boys on the Dramatic Club than either Davidson or Cromwell, is well represented on the RECORDER board, and most important of all, we led Lower in scholarship for the first term, also having the head boy of both the first and second forms. Another accomplishment of note is that we led Lower on the All-Round Trophy ratings for the first term.

We, the members of the Ross House, wish to express our sincere gratitude to Mr. Herrick and Mr. Groff for the excellent way in which they handled the house this year, and hope we have made Mr. Herrick's first year as master of Perry Ross House a good one.

J. CHRISTY WILSON, *Historian*

LOWER SCHOOL RECORDER

MAINTAINING the high standard which it set last year, the ALUMNI WAR MEMORIAL RECORDER has put out six well done issues this year under the excellent editorship of Charlton Lyons. The primary objective of the RECORDER is to cover every phase of the War Memorial activities, and to give those boys interested in journalism a chance to try that type of work. This year there are thirteen members on the RECORDER board.

Because of two generous gifts of a typewriter and a mimeograph, the paper had a somewhat different set-up from that of last year. All the articles were typewritten and then mimeographed. This gave the boys a chance to put their paper out entirely by themselves. The sports write-ups gave accurate play-by-play descriptions of the inter-house encounters, while the news items showed that the reporters were alert. There were also many other features such as stories, poems, and cartoons.

The editors of the paper were rotated during the year to allow as many as possible to assume responsibility, and to reward accomplishment and excellence in the different phases of work.

From every aspect the RECORDER has been a successful undertaking. It described the activities of the Lower School in a very interesting manner, fulfilling the functions which the LAWRENCE failed to do. The paper had originality; the articles were extremely well done; and the interest aroused has made it very valuable to Lower School.

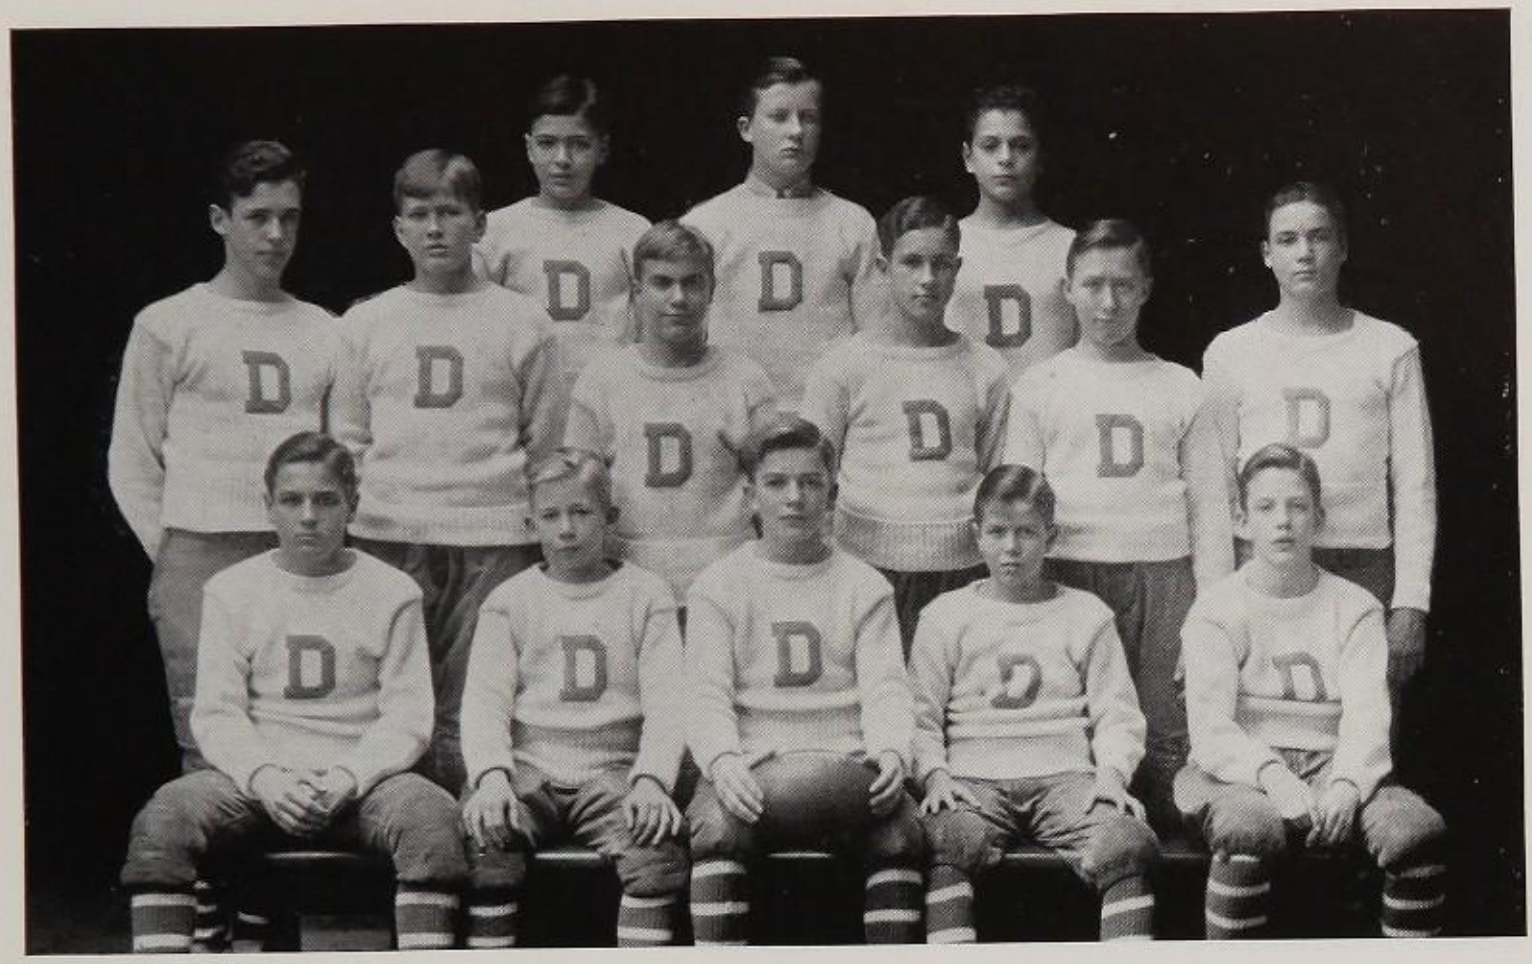
ALUMNI WAR MEMORIAL FOOTBALL, 1936

IN ITS most successful season since its organization, the Junior Varsity came through a stiff schedule with three wins and one loss. Mr. Nicholson and Mr. Mitchell, coaches, organized a well-balanced fighting team which overwhelmed all its opponents except an experienced Trenton outfit.

The J.V. team showed its strength in the opening game by setting back a heavy Montclair eleven, 13-0, scoring first late in the opening quarter. The two teams then fought evenly with neither goal being threatened until early in the third quarter when Lawrenceville scored by virtue of a line buck by Lovell. The extra point was made on a pass, Wilson to Heath. Montclair then unleashed a powerful aerial attack which threatened to score until Wilson intercepted a pass as the game ended.

On November 4 the J.V.'s routed the Newman School, 33-0. A few plays after the kick-off Lawrenceville recovered a Newman fumble and after two brilliant runs by Lovell the ball was put in position for Wilson to buck through the line to tally. The try for extra point failed. Soon after, Lovell made 19 yards around end; Wilson faded back, rifled a pass to Heath who raced 25 yards for the second score. This same pass combination accounted for the extra point. Hard and sure blocking by the backs paved the way for Wilson's second score of the game, made on a 65-yard run. In the second half after

OLLA PODRIDA



Top row (left to right): Borrow, Fawcett, Sterling. *Second row:* McConnell, McVitty, Jackson, W., Fellner, Graves, Tailer. *Bottom row:* Averill, Winters, Lee, Rees, F., Burch, E.

recovering a fumble, Lawrenceville again scored on an end sweep by Wilson. His accurate toe accounted for the extra point. The last touchdown of the game was scored by Heath a few minutes before the game ended. Again Wilson's drop-kick was good, making the final score 33-0.

The team met its first defeat at the hands of a heavy Trenton team, 7-6. In a second-quarter drive, starting on their own 4-yard line, the Junior Varsity marched down the field to a touchdown using a deceptive mixture of passes and line bucks. After a see-saw battle in the last quarter, Trenton managed to score from the 2-yard line, and made the extra point which proved to be the deciding factor.

In the last game of the season the Red and Black Juniors avenged the pre-season tie with the Lawrenceville town team by trouncing them, 13-0. Culminating a long march, Heath gathered in a pass from Wilson and ran 30 yards to a touchdown. The final score came in the third quarter when McGibbon blocked the town team's punt. He then made 15 yards through the line, and Lovell plunged over the goal. A pass to Heath scored the extra point. A late rally by the town team was successfully squelched and the game ended with the ball in the J.V.'s hands.

Outstanding performances in attack were turned in by Heath, Wilson, and Lovell, while McGibbon excelled on the defense.

By virtue of three wins and a tie, Davidson annexed the Lower School football championship. They defeated Perry Ross in the play-off by a 20-13 score. Lee turned in a brilliant performance for Davidson as did Strasenburgh for Perry Ross. An excellent brand of football was displayed by the players of both teams.

Left to right: Nuber, Hearn, Landsberg, Morgenthau, Evans.

ALUMNI WAR MEMORIAL BASKETBALL, 1937

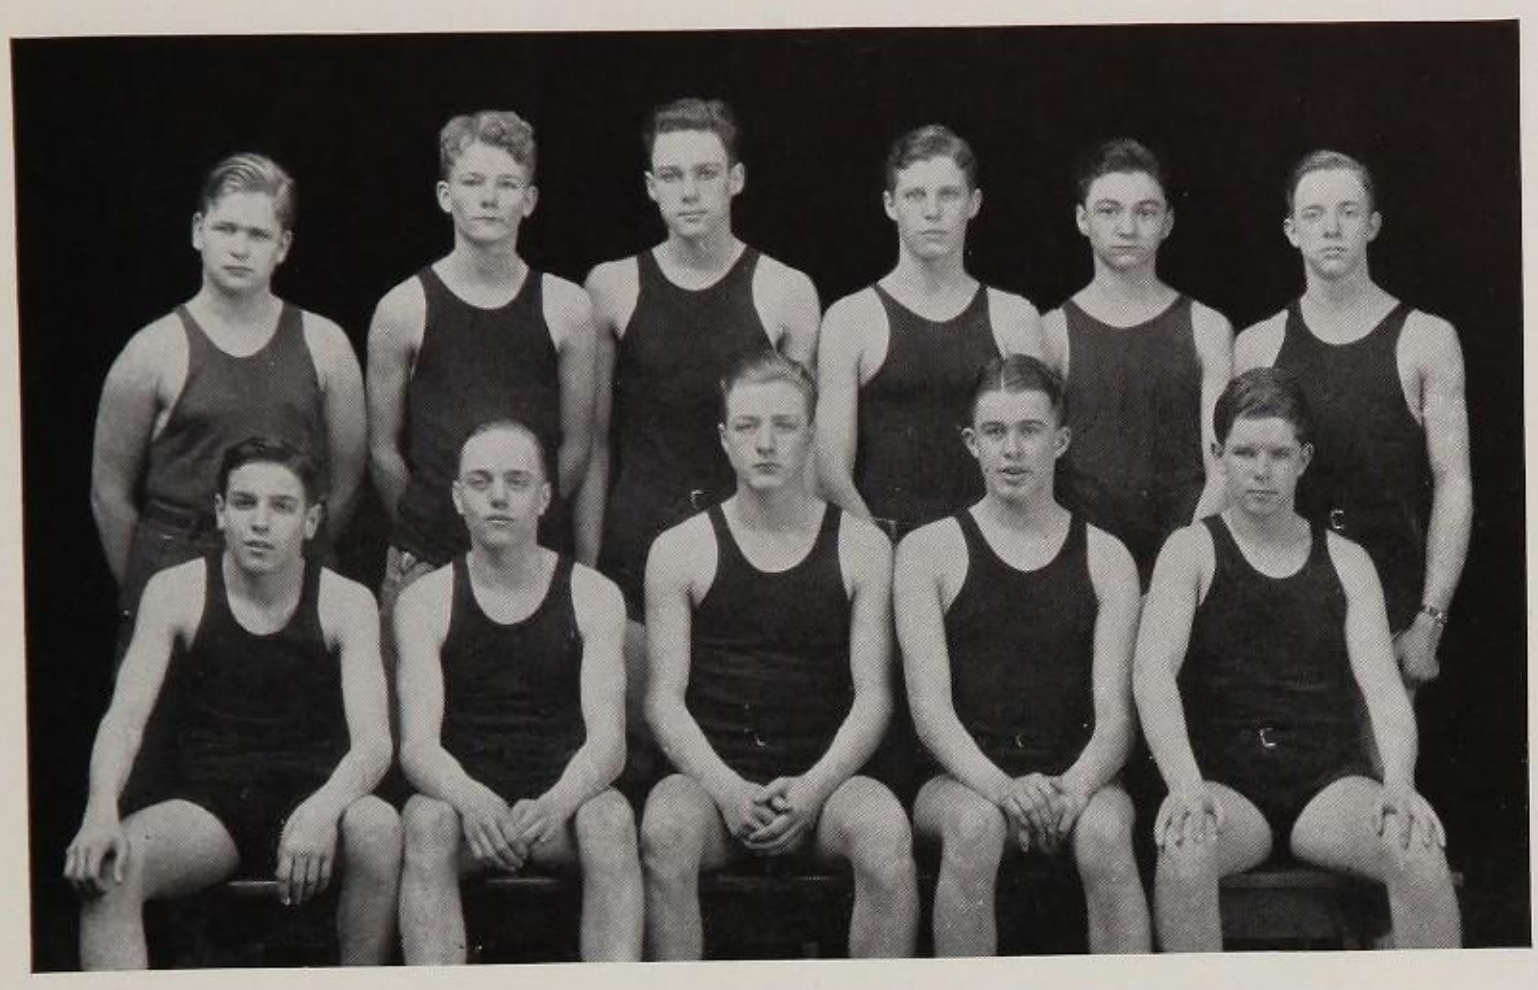
THE Cromwell House easily captured the Lower School basketball trophy for 1937, winning all of its four games. Perry Ross House broke even with two won and two lost to annex second place honors, and Davidson House lost all four contests. Only in one game were the champions hard-pressed, a game which had to be decided in an overtime period. This was with Ross, but they emerged victorious by the close margin of 14-13.

The opening game of the season between Ross and Davidson was won handily by the former, 12-4. The contest was marred considerably with numerous faults, which were eliminated to some extent as the season progressed. In the second round, Cromwell beat Davidson in a hard-fought but sloppy game, 7-3.

The third game of the season was the most exciting. Cromwell just eked out a victory over Ross by virtue of an overtime foul shot, 14-13. The next contest was another thriller in which Ross won from Davidson by a 12-11 margin. In the next to last round, Davidson dropped its fourth game to a much superior Cromwell quintet, 20-5. The final game saw the invincible Blue and Gold five cinch the championship cup by defeating Ross in a tight struggle, 10-6.

The winning outfit, composed of Hearn, Nuber, Landsberg, Evans, and Morgenthau, worked together as a team very well, and seemed to possess the coolness to win though hard-pressed.

OLLA PODRIDA



Top row (left to right): Peacock, Lyons, McClave, Shedden, Kirkpatrick, R., Wiedeman. *Bottom row:* Averill, Haaren, Wilson, R., Heath, J., McGibbon.

THE Junior Varsity basketball team enjoyed a very mediocre season, winning three games and losing five, two of which were lost by one point. Wilson, the team captain, set the pace throughout the season, leading the Laurentians' scoring in every game.

In the first game the inexperienced Juniors were taken over by the Hun School, 24-11. After being swamped in the first half, the Juniors came back to hold their own, showing great promise for the future.

In their next game the Juniors ran wild, trouncing a weak Solebury team to the tune of 42-4. Even the substitutes were able to score at will in this game. Riding on the crest of this victory, the Lower Schoolers coasted over the Newman Juniors, 16-8. Captain Wilson captured scoring honors, sinking ten points.

The quintet next traveled to Trenton where they were defeated in a close game, 15-16. The game was sloppily played and passing of both teams was very poor. The team recovered its stride at the Montclair Academy where they defeated the Montclair Juniors, 20-7. Although playing on a strange court, the J.V.'s had no difficulty outpointing the weak Montclair offensive.

The Junior Varsity finished its season at home, suffering three consecutive defeats. A speedy little Princeton High School freshman team subdued the Juniors, 20-12, far outplaying the less experienced Laurentians. The best-played game of the year was the return game with the Hun Juniors who finally won, 12-11. Finally, a far superior Trenton High Sophomore team routed the Lawrenceville Juniors by the score of 27-10.

OLLA PODRIDA

Top row (left to right): Kline, H., Shriner, Stuart, Lyons, Greene, Fellner, Rogers. *Bottom row:* Pitcairn, Galbraith, Lee, Griffin, Haff.

ALUMNI WAR MEMORIAL BASEBALL, 1936

THE Junior Varsity baseball nine came through a stiff season very well, winning five out of eight games.

First they took the Lawrenceville Pioneers into camp, 14-11, but were then defeated by the same team, 9-7. The next series, with the Country Day School, was also split, the J.V.'s winning the first game, 9-1, and dropping the second, 4-1. Against a spunky Hun Jr. team, Lawrenceville fought hard to win two games, 10-9 and 6-1, but an experienced Trenton High team then conquered them, 12-2. They finished up by routing the Newman School, 8-0, D. Heath allowing only 1 hit. Besides being an able hurler, Captain Heath led his teammates in hitting, with .448 batting average.

After one of the most exciting baseball seasons ever seen in Lower School, climaxed by a hard-fought play-off game, Davidson defeated Ross to win the Alumni War Memorial Championship.

Ross took both its games from Cromwell by wide margins. Davidson had more difficulty in downing the Blue and Gold, eking out victories by 13-11 and 13-12 scores. Ross beat Davidson, 18-10, but Davidson retaliated in the second game to win, 18-12. This tied the two teams for the championship.

The play-off game was a tight one until late in the contest when Davidson knocked in 5 runs to win, 18-11.

OLLA PODRIDA

Left to right: Dunne, Uhl, Shedden, Richards, Heath, D., Hurd, R.

ALUMNI WAR MEMORIAL TRACK, 1936

FOR the first time since 1931 Cromwell earned 34 points to gain a 7-point victory in Lower School track. Davidson, the nearest rival, had 27 points, and Perry Ross was third with 20.

Because of a strong headwind, no records were eclipsed, although several tracksters turned in impressive performances. Carnrick of Ross tied Hurd of Cromwell in the pole vault at 7 ft. 6 in. and Pitcairn of Davidson took third place by vaulting 7 ft.

The running events opened with Posner of Cromwell barely nosing out Tiernan of Davidson to win the 100-yard dash in 11.8 sec., Lovell of Ross placing third. Tiernan then won the 70-yard hurdles in 11.2, Heath of Cromwell and Adams of Ross taking second and third places. Benitoa of Davidson won easily the 220-yard dash in 26.8 sec. Finally the Cromwell relay combination, consisting of Dunne, Uhl, S. Shedden, and Posner won in the time of 54.8 sec., Davidson and Ross following, respectively.

In the field events Hurd of Cromwell turned in a splendid performance, high-jumping his way to victory with a leap of 4 ft. 7 in. to nose out Rosenzweig of Cromwell and Toms of Ross. Githler won the broad jump for Cromwell by leaping 15 ft. 9 in., with Toms of Ross a close second. Richards hurled the discus 88 ft. 7 in., to take first place for Cromwell, with Haff of Davidson and Mahler of Ross placing second and third. Finally, Mahler and Huffman, both of Ross, took, respectively, first and second in the shot.

OLLA PODRIDA

Top row (left to right): Montgomery, Morse, Beacham, B., Wiedeman, McClave, Rees, C., Schmitz.
Bottom row: Wilson, C., Salisbury, F., Wilson, R., Heath, J., Strasenburgh.

LOWER SCHOOL SOCCER CHAMPIONSHIP

THE Perry Ross House annexed the War Memorial soccer championship after a close, snappy season. Although Ross won every game they played, they barely captured two games, and the other two matches were not easily won. By winning from Davidson in the second section, Cromwell took second place. All three teams were very evenly matched, and the games were well played on the whole. The spirit of the teams was excellent, and it was a splendid season.

Ross won their first victory from Cromwell by the score of 5-2. The second game, between Davidson and Ross, was also won by Ross. The score of 2-1 indicates the close struggle. Cromwell and Davidson, striving to erase the smudges of their defeat at the hands of the Ross House, battled to a scoreless tie. Neither team took advantage of their opportunities, but the play was fast. Ross barely came through with a victory over Cromwell in the second round by a score of 1-0. Owing to a muddy field, the play was not very fast. In the Ross House's last match a fighting Davidson team was defeated in a brilliant game. The final count was 2-0. The concluding game of the season was won by Cromwell over Davidson, the tally being 1-0. Heath and Wilson were outstanding for the champions, while Shedden of Cromwell and Fawcett of Davidson shone for the losing teams.

OLLA PODRIDA

Left to right: Wiedeman, Heath, J., Beacham, B., Rees, C., Wilson, C.

LOWER SCHOOL SWIMMING CHAMPIONSHIP

THIS year the Ross House seized the War Memorial swimming title, nosing out a fighting Davidson team. The Red and Blue took an early lead, winning the first two events: the back stroke and the 25-yard free style, won by Heath and Rees respectively. Cromwell took second place in each, and Davidson the thirds. Davidson retaliated by winning the breast stroke and the 50-yard free style, Lyons turning in the fast time of 17.1 in the breast stroke and Kirkpatrick winning the free style. Ross took second in this event. This brought the score to: Ross 16, Davidson 12, Cromwell 8.

The diving followed, Beacham taking first place for Ross, and Galbraith second for Davidson. This clinched the title for the Ross House, in spite of the fact that the relay was still to be run. However, Ross took first place in this, with their team of Rees, Wilson, Heath, and Wiedeman, in the time of 55.2. The final count was: Ross 26, Davidson 18, Cromwell 10. Although no new records were set or equalled the Ross House had a crack team, and the losers could not quite keep up the Red and Blue's pace.

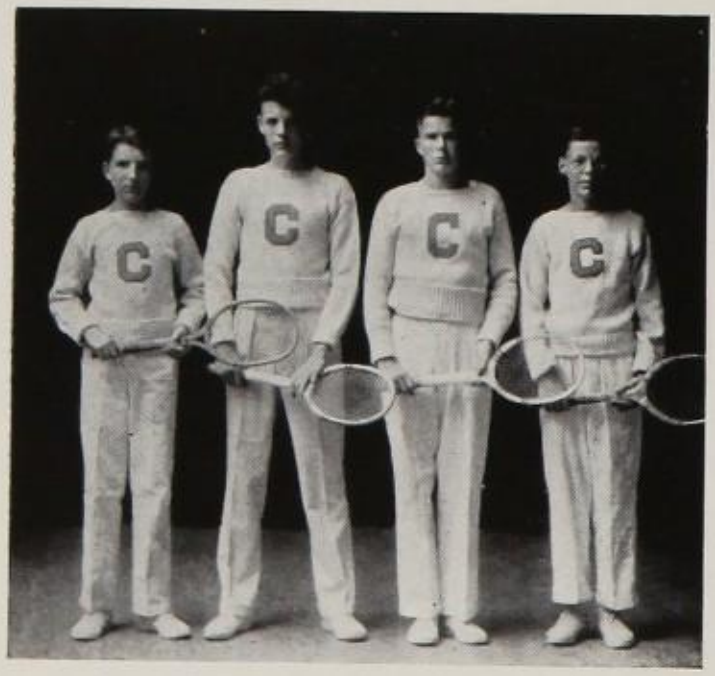
OLLA PODRIDA

WAR MEMORIAL TENNIS, 1936

BY DEFEATING both Ross and Davidson in hard-fought matches, Cromwell gained the Lower School tennis championship for the third straight season.

Cromwell first turned back Ross by a 2-1 score. Heath, Cromwell's No. 1 man, won handily over Smoot of Ross, 6-3, 6-1. In the next match between Priester of Cromwell and Toms of Ross, Priester won the first set, 6-1, but dropped the next two to Toms, 6-4, 6-3. This tied the team score at one match each. The victory was decided by the Cromwell doubles combination of Debry and Buckley who vanquished the Ross team composed of Smoot and Miller, 6-4, 7-5, in a well-played battle.

Cromwell clinched the championship by defeating Davidson two out of three matches. Heath again won his match, this time from Benitoa of Davidson. In the other singles match, Priester of Cromwell, rallying after the first set, defeated Pitcairn, 5-7, 6-3, 6-2. The final match of the series was won by the Davidson doubles team, Benitoa and McGibbon. They triumphed over the Cromwell combination of Debry and Buckley, 6-4, 6-2.



Left to right: Debry, Priester, Heath, Buckley.

WAR MEMORIAL GOLF, 1936

CROMWELL climaxed a very successful athletic season by gaining the Lower School golf championship. They defeated both Ross and Davidson without the loss of a single match.

The Blue and Gold first defeated Ross, 3-0. Richards, playing a steady game of golf, beat Carnrick easily, 9 and 8, while Hurd downed Hunter without much trouble, 4 up and 3 to go. Uhl won by a 7 and 6 score over Heilprin, giving Cromwell the right to meet Davidson to decide the championship.

In the closest and most exciting match of the series, Richards defeated Lee of Davidson, 2 and 1. Richards was 2 down to the Purple and White representative, but he applied the pressure and evened the match on the fifteenth hole, forged ahead to win the next two holes and the match. In another tight battle, Uhl, No. 2 man for Cromwell, downed Lyons, 2 and 1. Playing steady golf, the Cromwellian led his opponent all the way. The final match found Hurd gaining a decisive victory over Kirkpatrick of Davidson, 8 and 7, to clinch the cup for Cromwell.

Left to right: Uhl, Richards, Hurd.

Addressograph—Multigraph

Promotes Better Business Methods

Whatever you do—manufacture, sell, publish, distribute, handle money, rent property, render a service, operate an organization, raise trees or animals, educate or preach—there will always be forms and communications, advertising and sales literature necessary to properly conduct your business. And there will always be names you write over and over . . . facts that you repeat again and again . . . information that you use time after time.

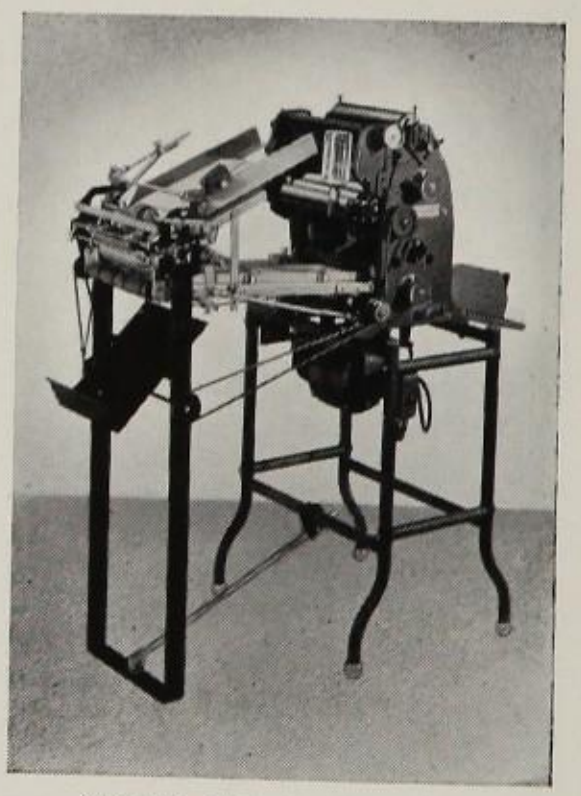
Addressograph-Multigraph perform these necessary tasks of producing forms and literature . . . of transcribing repetitive names and data for thousands of concerns because they have proven to be most ACCURATE and most ECONOMICAL.

Multigraph produces letters, forms, bulletins and similar work. And the new method, Multilith, is the low cost way to produce charts, maps, drawings, ruled forms and photographs . . . with or without text.

Addressograph writes names and data quickly, legibly, always with 100% accuracy . . . on forms of all kinds . . . for office, store and factory . . . wherever names, figures and facts must be repeatedly put on paper.

Inquire for further information concerning any of these modern business methods and machines through your local Addressograph or Multigraph Sales Agency—or, if you prefer, write direct.

CLASS 900 ADDRESSOGRAPH
The lowest priced electric model. Quiet, simple, versatile, fast. Universally used in offices, government divisions, business departments.



CLASS 1000 MULTILITH
Motor driven. For low cost reproduction of typewriting, drawings, photographs, etc. Quality duplicating produced at high speed.
